GLOSSARY OF EDUCATIONAL TERMS AND ACRONYMS

The following terms and acronyms are used in the Academy policy and Administrative Guidelines and in communications with parents, students, and the public.

ASSESSMENT

The comparison made between what should have been accomplished and what has been actually accomplished. Concerning student learning, assessments make comparisons between what has been learned and what should have been learned.

ATTITUDE

One (1) of the five (5) major types of learning contained in courses of study, along with facts, concepts, principles, and skills. For example, students develop attitudes toward "doing quality work," "maintaining a clean environment," "participating in civic affairs," "not using drugs," etc.

CONCEPT

One (1) of the five (5) major types of learning involved in a course of study, along with attitudes, facts, principles, and skills. Students form an abstract idea by understanding the characteristics that are generally true of it. For example, *triangle* is the name for the concept of any plane, closed, geometric figure that has three (3) sides that form three (3) internal angles.

CONTENT

The name used to refer to all of the facts, concepts, principles, attitudes, and skills students are expected to learn in any course of study.

COURSE OF STUDY

An organized sequence of learning activities designed for students to acquire a body of knowledge, attitudes, and skills associated with a particular academic or vocational field. Course of Study activities may be scheduled over a semester, a school year, or several school years. Examples are a K-6 math program, 11th grade American History, or High School Science.

CRITERION (CRITERIA)

A feature or characteristic by which something or someone is measured or judged. For example, in judging a student's writing ability, some criteria that might be used are "organization," "originality of thought," "clarity of expression," "grammar," etc.

CURRICULUM

All the planned activities - formal and informal, individual and group, in and outside of the classroom – necessary to accomplish the educational goals of the Academy. (See Policy 2210)

DIAGNOSIS

A determination of the causes for a particular condition, usually based on an assessment or evaluation. Diagnosis deals with the question "What are the reasons for?" For example, a diagnosis might deal with the reasons students are or are not meeting expected learning goals.

EDUCATIONAL SERVICE PROVIDER

A Provider that manages or operates an Academy or provides administrative, managerial or instructional staff to the Academy.

EMPLOYEE

A direct employee of the Academy or of a third-party Educational Service Provider, as the case may be.

EVALUATION

A value judgment made about an assessment. For example, if an assessment shows a student has satisfactorily achieved 90% of the objectives of a course, the evaluation (judgment) might be that the student's achievement is "excellent" or "better-than-average" or "superior."

LEADERSHIP

A five-step process of working with people, using certain knowledge, skills, and attitudes, combined with risk-taking, 1.) to envision a desired or needed outcome; 2.) to communicate to

others so they participate willingly in the necessary tasks; 3.) to monitor progress toward the outcome; 4.) to reinforce and/or remediate actions; 5.) to evaluate the results.

MANAGEMENT

The process of organizing and maintaining needed resources (people, things, time, and money) and ensuring they are utilized appropriately for their intended purpose.

MEASUREMENT

A determination of the quantity and/or quality of something. In education, measurement is usually a determination (often by testing) of how much has been learned and/or how well it has been learned. Measurement is the necessary first step of an assessment and evaluation.

MISSION

The stated purpose or intent of a school or school system. A mission statement provides reasons for the school's existence.

MODEL

A program or project designed to demonstrate unique educational activities, structures, and/or organizations.

NORMS

A set of achievement levels attained by a given number or percentage of students from representative populations or areas of a state or the nation.

OBJECTIVE

An intended action or result in the process of achieving a goal. For students, learning objectives are usually the initial level of accomplishment toward the Academy's Educational Goals for Students. The next level is the achievement of Course of Study objectives, followed by the accomplishment of additional Courses of Study objectives, ultimately leading to the accomplishment of one (1) or more of the Academy's Educational Goals for Students.

OUTCOME

The situation that exists when one (1) or more goals have been achieved. In instructional plans, outcomes are usually stated in terms of expected accomplishment, while goals are usually stated in terms of intended actions. Both emanate from the Mission Statement.

A skill is acquired through repeated practice, interspersed with clear, concise feedback on what to change and what to maintain in order to improve the result.

STANDARDIZED TEST

A test containing questions and/or problems designed by educators outside of the district rather than by the students' teachers. A standardized test has State or national norms by which to judge the level of each student's achievement.

0131.1 **Charter Contract Bylaws and Board Operating Policies**

The Board of Directors shall adopt bylaws and policies for the organization and operation of this Board and the Academy and shall be bound to follow such bylaws and policies.

Policies that are not dictated by statute or rules of the Michigan Department of Education, ordered by the State Board of Education, or directed by the Superintendent of Public Instruction or a court of competent authority may be adopted, amended, repealed, or suspended at any meeting of the Board.

The adoption, modification, repeal, or suspension of an Academy's policy shall be recorded in the minutes of the Board meeting. All policies shall be printed in the Board Policy manual. Any policy or part of a policy that is superseded by a term in the Charter Contract shall no longer be in force or effect as a policy.

Board policies that are neither dictated by the statutes or rules of the State of Michigan nor ordered by either the Charter Contract of the authorizing institution or a court of competent authority may be adopted, amended, and repealed at any meeting of the Board.

Bylaws and policies shall be adopted, amended, repealed or suspended by a majority vote of the Board.

Periodically, it may be deemed necessary to make technical corrections to policies that have already been adopted through normal procedures. These technical corrections may include statutory references, scrivener's errors, renumbering that does not change the order of the sections or subsections, grammatical corrections or additions including punctuation or typographical errors, as well as alterations and omissions not affecting the construction or meaning of any sections, subsections, chapters, titles, or policies as a whole. Technical corrections may also include the updating of the named individuals in these policies where the originally named individual no longer works for the Academy or no longer works in the applicable position. Should the Board choose to make such technical corrections, it may be accomplished by resolution without going through the normal policy adoption procedures.

The Board may adopt, amend, or repeal rules of order for its own operation by simple resolution of the Board passed by a majority of those present and voting.

MCL 450.2223, 450.2231

0132 **Executive**

The Board of Directors shall exercise its executive power, in part, by contracting with an Educational Service Provider, who shall enforce the

statutes of the State of Michigan, the rules of the State Department of Education, the terms of the Charter Contract, and the policies of this Board, in accordance with the agreement between the Board and the Educational Service Provider.

0132.2 Administrative Guidelines

The Board shall delegate to the Educational Service Provider the responsibility to specify required actions and design the detailed arrangements under which the Academy will operate. These detailed arrangements shall constitute the Administrative Guidelines governing the Academy and shall be consistent with State of Michigan statutes or regulations of the State Department of Education, the policies of this Board, the provisions of the Charter Contract, and the contractual agreement with the Educational Service Provider.

When issued and approved, such Administrative Guidelines shall be binding on the staff and the students of this Academy.

The Board shall delegate authority to the Educational Service Provider to take necessary action in circumstances not provided for in Board policy or Administrative Guidelines, provided such action, if material, shall be reported to the Board at the next meeting following such action.

0133 Judicial

The Board of Directors may delegate jurisdiction to the Educational Service Provider over any dispute or controversy arising within the Academy and concerning any matter in which authority has been vested in the Board, by statute, rule, contract, or policy of this Board, except where such delegation is prohibited by law. However, the Board reserves its right to legal redress in any and all matters concerning this Academy.

The preparation of each Board member for the performance of Board duties is essential to the effective functioning of the Board. The Board shall encourage each new Board member to understand the functions of the Board, acquire knowledge of matters related to the operation of the Academy, and learn Board procedures. Accordingly, in conjunction with the Authorizer and the Educational Service Provider, the Board shall give copies of the following items to new Board members no later than their first regular meeting as Board members for their use and possession during their term on the Board:

- ☐ the Charter Contract;

Each new Board member shall be invited to meet with the Board President, Educational Service Provider representative, and School Leader to discuss Board functions, policies, procedures, and provisions of the Charter Contract.

The Board shall encourage the attendance of each new Board member at orientation and training meetings.

0143 **Authority**
MCL 15.261 et seq.

Individual members of the Board do not possess the powers that reside in the Board of Directors. The Board speaks through approval of actions reflected in its minutes, not through its individual members. An act of the Board shall not be valid unless approved by majority vote of the Directors present at a meeting at which a quorum is present. (See Charter Contract Bylaws.)

No member of the Board shall be denied documents or information to which he/she is legally entitled and that are required in the performance of his/her duties as a Board member.

0143.1 **Public Expression of Board Members**

The Board President functions as the official spokesperson for the Board. Occasionally, however, individual Board members will make public statements on Academy matters.

If such statements imply, or if the readers (listeners) could infer that the opinions expressed or statements made are the official positions of the Board, the Board members shall, when writing or speaking on Academy matters make it clear that their views do not necessarily reflect the views of the Board or those of their colleagues on the Board.

This policy shall apply to all statements and/or writings by individual Board members that are not explicitly sanctioned by a majority of its members, except as follows:

- A. correspondence, such as legislative proposals, when the Board member has received official guidance from the Board on the matters discussed in the letter;
- B. routine "thank you" letters of the Board;
- C. statements by Board members on non-school matters (providing the statements do not identify the author as a member of the Board); or

- D. personal statements not intended for publication.
- E. A Board member's personal or private use of social media may have unintended, negative consequences to the Board member and/or the Academy, including possible violations of the Open Meetings Act and issues relating to creation of a public record. Postings to social media should be done in a manner sensitive to the Board member's responsibilities, applicable Academy policies, and legal obligations.

0144 **Operations**

0144.1 **Compensation**

Board members shall not receive annual compensation for service as a Board Member.

0144.11 **Reimbursement of Expenses**

Reference: MCL 380.1254; MCL 388.1764b

If permitted by its Bylaws, the Board shall pay or cause to be paid the actual and necessary expenses of its members in the discharge of official duties or in the performance of functions authorized by the Board. The expenditure shall be a public record and shall be made available to a person upon request.

The Board shall approve payment of an expense incurred by a Board member only if either (1) the Board, by a majority vote of its members at an open meeting, approved reimbursement of the specific expense before the expense was incurred, or (2) the expense is consistent with the following policy, and the Board approves the reimbursement before it is actually paid.

The following categories of expenses shall be reimbursable:

- Mileage for Board-related activities and meetings, not to exceed the then-current rate established by the Internal Revenue Service;
- Expenses of attending a Board-approved conference, including fees, parking, mileage, meals and housing;
- Expenses related to purchase of printed or other materials relating to Board membership; and
- Expenses of attending a community or Academy-related event, if the individual attends as the designated representative of the Board.

The following categories of expenses shall not be reimbursable:

- Expenses of attending a community or Academy-related event, if the individual attends as a private citizen;
- Entertainment expenses; and
- The purchase of alcoholic beverages.

A voucher detailing the amount and nature of each expense must be submitted to the Academy Board for approval at a Board meeting prior to reimbursement.

0144.2 **Board Member Ethics**

Reference: Board of Directors, National School Boards Association

Members of the Board of Directors will strive to improve public education. To that end, Board members will do the following:

- A. attend all regularly scheduled and special Board meetings, insofar as possible, and stay informed concerning the issues to be considered at those meetings;
- B. endeavor to make policy decisions only after full discussion at publicly held Board meetings;
- C. render all decisions based on the available facts and independent judgment, refusing to surrender that judgment to individuals or special interest groups;
- D. encourage the free expression of opinion by all Board members and seek systematic communications among the Board and students, staff, and all elements of the community;
- E. work with the other Board members to establish effective Board policies and delegate authority for the administration of the Academy;
- F. communicate to other Board members and the Educational Service Provider expressions of public reaction to Board policies and Academy programs;
- G. inform themselves concerning current educational issues through individual study and participation in programs which provide relevant information;
- H. support the employment of persons best qualified to serve as staff, and insist on regular and impartial evaluations of all staff;
- I. avoid conflict of interest and refrain from using their Board positions for personal or partisan gain;
- J. take no private action that may compromise the Board or administration and respect the confidentiality of information that is privileged under applicable law;
- K. remember that their first and greatest concern must be for the educational welfare of the students attending the Academy.
- L. observe all applicable statutory limitations and duties regarding conflicts of interest.

0144.3 **Conflict of Interest**

MCL 15.323; 380.1203, 450.2545a

Board members shall perform their official duties free from any conflict of interest. To this end, no Board member shall use his/her position as a Board

member to benefit either himself/herself or any other individual or agency, apart from the total interest of the Academy.

When a member of the Board suspects the possibility of a personal interest conflict, he/she should disclose his/her interest (such disclosure shall become a matter of record in the minutes of the Board) and thereafter abstain from any participation in both the discussion of the matter and the vote thereon.

If a Board member's financial interest pertains to a proposed contract with the Academy, the following requirements must be met:

- A. The Board member shall disclose the financial interest in the contract to the Board with such disclosure made a part of the official Board minutes. If his/her direct financial interest amounts to \$250 or more, or five percent (5%) or more of the contract cost to the Academy, the Board member shall make the disclosure in one of two (2) ways:
 - 1. In writing, to the Board President (or, if the member is the Board President, to the Board Secretary) at least seven (7) days prior to the meeting at which the vote on the contract will be taken. The disclosure shall be made public in the same manner as the Board's notices of its public meetings. (See Board Operating Policy 0165.)
 - 2. By verbal announcement at a meeting at least seven (7) days prior to the meeting at which a vote on the contract is to be taken. The Board member must use this method of disclosure if his/her financial interest amounts to \$5,000 or more.
- B. Any contract in which there is a conflict of interest, as defined by this Policy and the related statute (MCL 15.321 et seq.), must be approved by a vote of not less than two-thirds (2/3) of the full Board (excluding the vote of any Board member with a financial interest).

However, if a majority of the members of the Board are required to abstain from voting on a contract or other financial transaction due to a financial interest, then for the purposes of that contract or other financial transaction, the members who are not required to abstain constitute a quorum of the board and only a majority of those members eligible to vote is required for approval of the contract or financial transaction.

- C. A member of the Board is presumed to have a conflict of interest if the member or his/her family member has a financial interest, or a competing financial interest, in the contract or other financial transaction or is an employee of or at the Academy.

Having a child in the Academy does not alone constitute a conflict of interest or financial interest in a contract or other financial transaction of the Academy.

"Family member" means a person's spouse or spouse's sibling or child; a person's sibling or sibling's spouse or child; a person's child or child's

spouse; or a person's parent or parent's spouse, and includes these relationships as created by adoption or marriage.

A Board member is not considered to have a financial interest in any of the following instances:

1. A contract or other financial transaction between the Academy and any of the following:
 - a. A corporation in which the individual is a stockholder owning 1% or less of the total stock outstanding in any class if the stock is not listed on a stock exchange or owning stock that has a present market value of \$25,000.00 or less if the stock is listed on a stock exchange.
 - b. A corporation in which a trust, if the individual is a beneficiary under the trust, owns 1% or less of the total stock outstanding in any class if the stock is not listed on a stock exchange or owns stock that has a present market value of \$25,000.00 or less if the stock is listed on a stock exchange.
 - c. A professional limited liability company organized pursuant to the Michigan limited liability company act, if the individual is an employee but not a member of the company.
 2. A contract or other financial transaction between the Academy and any of the following:
 - a. A corporation in which the individual is not a director, officer, or employee.
 - b. A firm, partnership, or other unincorporated association, in which the individual is not a partner, member, or employee.
 - c. A corporation or firm that has an indebtedness owed to the individual.
 3. A contract awarded to the lowest qualified bidder, upon receipt of sealed bids pursuant to a published notice for bids if the notice does not bar, except as authorized by law, any qualified person, firm, corporation, or trust from bidding. This does not apply to any amendments or renegotiations of a contract or to additional payments under the contract that were not authorized by the contract at the time of award.
- D. The official minutes of the Board must disclose the name of each party involved in the contract, the nature of the financial interest, and the terms of the contract, including the duration; financial consideration between the parties; facilities or services of the Academy included in

the contract; and the nature and degree of assignment of school staff needed to fulfill the contract.

- E. A Board member with a conflict of interest in a contract may not participate in the discussion of nor vote on the contract.

Board members shall not solicit or accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts involved with Federal grant funds, except that a Board member may accept an unsolicited gift of nominal value.

0144.4 **Indemnification**
MCL 691.1408, 450.2561 – 2569

The Board may hold Directors and Officers harmless and may indemnify, pay, settle, or compromise a judgment against a Board member to the extent allowed under the law. The Board may also purchase Errors and Omissions insurance coverage for the Board of Directors.

0145 **Discriminatory Harassment**
MCL 37.1101 et seq., 37.2101 et seq.

The intent of the Board of Directors is to provide an environment that fosters the respect and dignity of each person. To this end, the Board is committed to the maintenance of an environment free of harassment and intimidation.

Harassment of students, persons providing services to the Academy, and employees on the basis of their race, color, national origin, sex, disability, age, religion, or any other legally protected characteristic in its educational programs or activities is prohibited and will not be tolerated. See Policy 5517.

The agenda shall list the various matters to come before the Board and shall serve as a guide for the order of procedure for the meeting. Individual Board members may include items on the agenda upon the concurrence of the Board President.

The agenda of the regular monthly meeting or special meetings shall be accompanied by a report from the Educational Service Provider on information relating to the Academy with such recommendations as s/he shall make.

Each agenda shall contain the following statement:

"This meeting is a meeting of the Board of Directors in public for the purpose of conducting the Academy's business and is not to be considered a public community meeting. There is a time for public participation during the meeting as indicated in agenda item ____."

Any person or group wishing to place an item on the agenda shall register their intent with the Educational Service Provider no later than five (5) days prior to the meeting and include:

1. name and address of the participant;
2. group affiliation, if and when appropriate;
3. topic to be addressed.

Such requests shall be subject to the final approval of the Board President.

Denial of the opportunity to have an item placed on the agenda will not preclude an individual or group from the opportunity to speak during the public participation portion of the meeting.

The agenda for each regular meeting shall be mailed or delivered to each Board member so as to provide proper time for the member to study the agenda. Generally, the agenda should be mailed no later than two (2) business days prior to the meeting, or delivered so as to provide time for

The Board of Directors may use a consent agenda to keep routine matters within a reasonable time frame.

No vote of the Board will be required to remove an item from the consent agenda. A single member's request shall cause it to be relocated as an action item eligible for discussion. Any item on the consent agenda may be removed and discussed as a nonaction item or be deferred for further study and discussion at a subsequent Board meeting if the Educational Service Provider or any Board member thinks the item requires further discussion.

0167

Conduct

0167.1

Voting

All regular and those special meetings of the Board at which the Board is authorized to perform business shall be conducted in public. No act shall be valid unless approved at a meeting of the Board by a majority vote of the members elected or appointed to and serving on the Board who are authorized to vote (see Voting as defined in Bylaw 0100) and a proper record made of the vote. Meetings of the Board shall be public and no person shall be excluded therefrom. M.C.L.A. 380.1201

Unless specifically authorized by Michigan conflict of interest laws, any Board member's decision to abstain shall be recorded and be deemed to

acquiesce in the action taken by the majority. Failure to vote, absent a statutory exception or other reasonable ethical basis, constitutes a breach of the Board member's duty as a public official. In situations in which a specified number of affirmative votes are required and abstentions have been noted, the motion shall fail if the specified number of affirmative votes have not been cast. In situations in which there is a tie vote and the abstention represents the deciding vote, the motion shall fail for lack of a majority. 184 Mich App 681, 684 (1990)

All actions requiring a vote may be conducted by voice, show of hands, or roll call provided that the vote of each member be recorded. Proxy voting shall not be permitted. If a vote is not conducted by roll call, any member may request a roll call vote.

0167.2

Closed Session

The Board may by means of a roll call vote meet in a closed session, one closed to the public, for the following purposes:

- A. to consider the dismissal, suspension, or disciplining of, or to hear complaints or charges brought against, or to consider a periodic evaluation of a public officer, the Educational Service Provider, staff member, or individual agent, if the named person requests a closed hearing (a majority vote is required)
- B. to consider the dismissal, suspension, or disciplining of a student only if the student or student's parents request a closed hearing (a majority vote is required) (Also see Bylaw 0169, Student Disciplinary Hearings)
- C. to consider the purchase or lease of real property up to the time an option to purchase or lease that real property is obtained (a two-thirds (2/3's) vote is required)
- D. to consult with its attorney regarding trial or settlement strategy in connection with specific pending litigation (a two-thirds (2/3's) vote is required)
- E. to consider materials exempt from discussion or disclosure under State or Federal statute, including by way of example only, written opinions of legal counsel, and school safety plans (a two-thirds (2/3's) vote is required)
- F. to consider security planning to address existing threats or prevent potential threats to the safety of the students or staff. (a majority vote is required)

0167.3

Public Participation at Board Meetings

In keeping with the confidential nature of closed sessions, no member of the Board shall disclose the content of discussions that take place during such sessions except as specifically permitted by law.

No Board member may record nor communicate by any means, electronic or otherwise, with party or parties outside such meetings regarding the substance of such meetings either during or after the course of such meetings.

MCL 15.267, 15.268

The Board of Directors recognizes the value of public comment on educational issues and the importance of allowing members of the public to express themselves on Academy matters.

To permit fair and orderly public expression, the Board shall provide a period for public participation at public meetings of the Board and publish rules to govern such participation in Board meetings and in Board committee meetings. The rules shall be administered and enforced by the presiding officer of the meeting.

The presiding officer shall be guided by the following rules:

- A. Public participation shall be permitted at a time as determined by the presiding officer.
- B. Anyone with concerns related to the operation of the school or to matters within the authority of the Board may participate during the public portion of a meeting.
- C. Attendees must register their intention to participate in the public portion of the meeting upon their arrival at the meeting.
- D. Participants must be recognized by the presiding officer and will be requested to preface their comments by an announcement of their name; address; group affiliation, if and when appropriate.
- E. Each statement made by a participant shall be limited to three (3) minutes duration.
- F. No participant may speak more than once.
- G. Participants shall direct all comments to the Board and not to staff or other participants.
- I. The presiding officer may:
 - 1. prohibit public comments which are frivolous, repetitive, or harassing;
 - 2. interrupt, warn, or terminate a participant's statement when the statement is too lengthy, personally directed, abusive, obscene, or irrelevant;
 - 3. request any individual to leave the meeting when that person behaves in a manner that is disruptive of the orderly conduct of the meeting;

4. request the assistance of law enforcement officers in the removal of a disorderly person when that person's conduct interferes with the orderly progress of the meeting;
 5. call for a recess or an adjournment to another time when the lack of public decorum so interferes with the orderly conduct of the meeting as to warrant such action;
 6. waive these rules with the approval of the Board when necessary for the protection of privacy or the administration of the Board's business.
- J. The portion of the meeting during which the participation of the public is invited shall be limited to ten (10) minutes, but the timeframe will be extended, if necessary, so that no one's right to address the Board will be denied.

Tape or video recordings are permitted subject to the following conditions:

- A. No obstructions are created between the Board and the audience.
- B. No interviews are conducted in the meeting room while the Board is in session.

MCL 15.263(4)(5)(6), 380.1808

0167.4 **Administrative Participation**

The Educational Service Provider and those administrators directed by the Educational Service Provider shall attend all meetings, when feasible. Administrative participation shall be by professional counsel, guidance, and recommendation - as distinct from deliberation, debate, and voting of Board members.

0167.5 **Use of Electronic Mail**

Since E-mail is a form of communication that could conflict with the Open-Meetings Law, it will be used to conduct business of the Board only for the purposes of communicating:

- A. messages between Board members or between a Board member and Educational Service Provider employee(s) which do not involve deliberating or rendering a decision on matters pending before the Board;

- B. possible agenda items between the Educational Service Provider/School Leader and the Board President;
- C. times, dates, and places of regular or special Board meetings;
- D. a Board meeting agenda or public record information concerning items on the agenda;
- E. requests for public record information from a member of the administration, school staff, or community pertaining to school operations;
- F. responses to questions posed by members of the public, administrators, or school staff.

Under no circumstances shall Board members use E-mail to discuss among themselves Board business that is only to be discussed in an open meeting of the Board, is part of an executive session, or could be considered an invasion of privacy if the message were to be monitored by another party.

There should be no expectation of privacy for any messages sent by E-mail. Messages that have been deleted may still be accessible on the hard drive, if the space has not been occupied by other messages. Messages, deleted or otherwise, may be subject to disclosure under the Freedom of Information Act, unless an exemption would apply.

0167.6 **Use of Social Media**

Social Media, as defined in Bylaw 0100, shall not be used to conduct any form of Board business.

0168 **Minutes**

0168.1 **Open Meeting**

The Secretary, or a temporary secretary appointed by the presiding officer, shall designate a person to keep minutes of each meeting showing the date, time, place, members present, members absent, any decisions made at a meeting open to the public, and the purpose or purposes for which a closed session is called. These minutes must be approved by the Board and endorsed by the Secretary at the next meeting. The minutes shall include all roll-call votes taken at the meeting. Proposed minutes shall be available for public inspection not later than eight (8) business days after the meeting to which the minutes refer. Approved minutes shall be available for public inspection not later than five (5) business days after the meeting at which the minutes are approved. The minutes shall be available for inspection at the School Leader's office and shall be available for purchase at a fee estimated by the business office to cover the cost of printing and copying.

The Board Secretary shall not include in or with its minutes any personally identifiable information on any student of the Academy which if released, would prevent the public body from complying with the Family Educational Rights and Privacy Act of 1974.

The official minutes shall be bound together by years and kept in the office of the Board of Directors, or kept by reasonably-appropriate electronic means.

Minutes of the preceding meetings shall be approved by the Board as its first order of business at its next meeting.

MCL 15.269, 380.1201

0168.2 **Closed Meeting**

The Board shall designate a person to keep separate minutes of each closed meeting of the Board. These minutes shall be retained by the Secretary of the Board, but shall not be available to the public. These minutes may be destroyed one (1) year and one (1) day after approval of the minutes of the regular meeting at which the closed session was approved.

MCL 15.267, 15.269, 15.270-71, 15.273

0168.3 **Committee Meetings**

Any Board committee, whether standing or appointed ad hoc, which exercises governmental or proprietary authority must comply with the Open Meetings provisions in 0168.1 and 0168.2, and Public Participation provisions in 0167.3. Committees that are empowered to take action, make recommendations or otherwise deliberate in place of the Board are subject to this requirement.

0169 **Student Disciplinary Hearings**

0169.1 **Closed Session Requested**

If a parent or student requests a closed hearing, a vote must be taken. The purpose of the closed session should be announced: "To consider a student disciplinary matter, pursuant to the request of the parent/guardian" **(NOTE: Do not use the name since that could identify the student)**. A majority vote is required to go into a closed session for this purpose.

Those invited into closed session should include the student, parent(s) and/or representative(s) and school administrator(s) bringing charges. Others may be admitted at Board discretion, if needed for the proceeding or at the request of student/parents.

Witnesses should be admitted when needed to testify. They should be asked to leave the closed session after testifying. Witnesses may be required to affirm that they will tell the truth.

The Administration should present a summary of the requested discipline and an overview of the incident(s) supporting discipline. The Administration may call and question witnesses as it determines appropriate. An administrator may testify as a witness to the results of his/her investigation of the incident and the student's past record.

The student, parent, or representative (only one (1)) should be allowed to ask the witness(es) questions related to issues reasonably related to the discipline. Additional questioning by the Administration, the student/representative and/or the Board may be allowed at the Board's discretion.

The student, parent, or representative may then present witnesses or statements to the Board. The Administration and/or the Board may ask questions of these individuals. The Board may allow additional questioning at its discretion.

When the presentation of evidence is concluded, the Board will deliberate. It may exclude both the Administration and the student and representatives, or allow both sides to remain. If the Board desires clarification of any testimony during its deliberation, it shall assure that both the Administration and the student and representatives are present to hear the information.

The Board shall not take any action in the closed session. To act on the discipline the Board must return to open session. This requires a majority vote.

During the open session the name of the student shall not be used in voting on the discipline, to protect student privacy under the Federal Family Educational Rights and Privacy Act. The student may be referred to by a Code Number or Pseudonym (i.e. Student A). Only the reference code shall be indicated in the Board minutes, NOT the student's actual name. The reference code shall be listed in the student's discipline file.

If, at any time during the hearing, the student, parent or authorized representative withdraws the request for a closed hearing, the matter shall proceed under the open hearing provisions.

0169.2

Open Hearing

If the student, parent or authorized representative does not request a closed hearing, the Board must still assure that the Family Educational Rights and Privacy Act is not violated.

The parents (or student if eighteen (18) or older) should sign an authorization to release student record information to allow discussion of the student's information in the public forum (Form 8330 F4). If the parents refuse to sign the authorization or information relating to other students must be presented at the hearing, it should be done anonymously by referring to students by Code Numbers or Pseudonyms. If this is not possible, then the Board may go into closed session to receive student identifiable information pursuant to a two-thirds (2/3's) roll call vote for the announced purpose of "Considering material exempt from discussion or disclosure by State or Federal law."

In all other respects the hearing shall proceed as outlined under the Closed Hearing.

The Board must deliberate and act on the discipline in open session. The student, parents, administration and public will be allowed to be present.

Students/parents who have not authorized disclosure to the public will not be mentioned by name during deliberations, but only by anonymous reference code. Any action must be by a vote of the Board in open session. If the student/parents have signed an authorization for public disclosure, then the student's name may be used in the motion and recorded in the Board minutes.

For the purposes of conducting annual year-end evaluations under the performance evaluation system, by the beginning of the 2016-2017 school year, the Educational Service Provider shall adopt and implement one (1) or more of the evaluation tools for teachers, or administrators, if available, that are included on the list established and maintained by the Michigan Department of Education. However, if the Educational Service Provider has one (1) or more local evaluation tools for administrators or modifications of an evaluation tool on the list, and the academy complies with G., below, the academy may conduct annual year-end evaluations for School Leaders or academy administrators using one (1) or more local evaluation tools or modifications. The evaluation tools shall be used consistently among the schools operated by the Academy so that all similarly situated academy administrators are evaluated using the same measures.
- G. The Board shall post on its public website all of the following information about the measures it uses for its performance evaluation system for school administrators:
1. The research base for the evaluation framework, instrument, and process or, if the Educational Service Provider adapts or modifies an evaluation tool from the MDOE list, the research base for the listed evaluation tool and an assurance that the adaptations or modifications do not compromise the validity of that research base.
 2. The identity and qualifications of the author or authors or, if the Educational Service Provider adapts or modifies an evaluation tool from the MDOE list, the identity and qualifications of a person with expertise in teacher evaluations who has reviewed the adapted or modified evaluation tool.
 3. Either evidence of reliability, validity, and efficacy or a plan for developing that evidence or, if the Educational Service Provider adapts or modifies an evaluation tool from the MDOE list, an assurance that the adaptations or modifications do not compromise the reliability, validity, or efficacy of the evaluation tool or the evaluation process.
 4. The evaluation frameworks and rubrics with detailed descriptors for each performance level on key summative indicators.

5. A description of the processes for conducting classroom observations, collecting evidence, conducting evaluation conferences, developing performance ratings, and developing performance improvement plans.
 6. A description of the plan for providing evaluators and observers with training.
- H. The Educational Service Provider shall also:
1. Provide training to school administrators on the measures used by the Academy in its performance evaluation system and on how each of the measures is used. This training may be provided by the Educational Service Provider or by a consortium consisting of 2 or more public school academies.
 2. Ensure that training is provided to all evaluators and observers. The training shall be provided by an individual who has expertise in the evaluation tool or tools used by the Educational Service Provider, which may include either a consultant on that evaluation tool or framework or an individual who has been trained to train others in the use of the evaluation tool or tools. The Educational Service Provider may provide the training in the use of the evaluation tool or tools if the trainer has expertise in the evaluation tool or tools.

The evaluation system shall ensure that if the School Leader or academy administrator is rated as minimally effective or ineffective, the person(s) conducting the evaluation shall develop and require the School Leader or academy administrator to implement an improvement plan to correct the deficiencies. The improvement plan shall recommend professional development opportunities and other measures designed to improve the rating of the School Leader or academy administrator on his/her next annual year-end evaluation. A School Leader or academy administrator rated as "ineffective" on three (3) consecutive year-end evaluations must be dismissed from employment with the academy.

The evaluation program shall aim at the early identification of specific areas in which the individual administrator needs help so that appropriate assistance may be provided or arranged for. A supervisor offering suggestions for improvement to an administrator shall not release that professional staff member from the responsibility to improve. If a School Leader or academy administrator, after receiving a reasonable degree of assistance, fails to perform his/her assigned responsibilities in a satisfactory manner, dismissal procedures may be invoked. In such an instance, all relevant evaluation documents may be used in the proceedings.

CRIMINAL HISTORY RECORD CHECK

Reference: M.C.L. 380.1230 et. seq., 380.1535, 380.1535a, 380.1809, 28.722

Before the Academy hires any employee (full or part-time) or allows any individual under contract to continuously and regularly work in the schools, a criminal history records check shall be conducted in accordance with State law.

"Under contract" shall apply to individuals, as well as owners and employees of entities, who contract directly with the Academy or with a third party vendor, management company, or similar contracting entity to provide food, custodial, transportation, counseling or administrative services on more than an intermittent or sporadic basis. It shall also apply to individuals or entities providing instructional services to students or related auxiliary services to special education students.

Prior to allowing an individual, who is subject to the criminal history record check requirement, to work in the Academy, the Academy shall submit a fingerprint-based check on the individual, using Michigan State Police (MSP) Form RI-030 (7/2012), regardless of whether the individual will work directly for the Academy or be contracted through a third-party vendor, management company or similar contracting entity ("Private Contractors"). Except as provided below, the report from the MSP must be received, reviewed and approved by the Academy prior to the individual commencing work.

Such Private Contractors cannot receive or retain criminal history record information ("CHRI").¹ Where the Academy will contract with a Private Contractor for the services of an individual, the Academy will notify the Private Contractor(s), after review of the MSP report, whether the individual has been approved to work within the Academy. The Academy may not give any details, including the fact that a criminal history check was run. Notice for approval to work in the Academy should use the Affidavit of Assignment or similar "red light/green light" procedure.

Should it be necessary to employ a person or contract for a person to maintain continuity of the program prior to receipt of the criminal history report, the School Leader may contract on a provisional basis until the report is received. Any such provisional hire requires that:

- A. the record check has been requested;
- B. the applicant has signed a disclosure of all convictions and acknowledges that employment may be terminated if there are discrepancies; and
- C. the hiring occurs during the school year or not more than thirty (30) days before the beginning of the school year.

¹ Individuals who submit and receive such criminal history record checks on behalf of the Academy must be direct employees of the Academy or, if such access is approved by the Board, ESP personnel who are provided view only access by the Local Agency Security Officer. Notwithstanding this, Information Technology contractors and vendors may be granted access to CHRI subject to successful completion of a national fingerprint-based criminal history record check as detailed in Policy 8321.

Individuals working in multiple Academies or districts may authorize the release of a prior criminal history records check with another Academy or district in lieu of an additional check for either direct employment or working regularly and consistently under contract in the schools.

Individuals who previously received a statutorily required criminal background check and who have been continuously employed by a school district, intermediate school district, public school academy or non-public school within the State, with no separation, may have their previous record check sent to the Academy in lieu of submitting to a new criminal background check. If this method is used, the School Leader must confirm that the record belongs to that individual and whether there have been any additional convictions by processing the individual's name, sex and date of birth through the Internet Criminal History Access Tool (ICHAT).

"No separation," for purposes of the preceding paragraph, means a lay off or leave of absence of less than twelve (12) months with the same employer; or the employee transfers without a break in service to another school district, intermediate school district, public school academy or non-public school within the State.

All CHRI received from the State Police or produced by the State Police and received by the Academy from another proper source, will be maintained pursuant to Policy 8321.

When the Academy receives a report that shows an individual has been convicted of a listed offense under State statutes or any felony, the School Leader shall take steps to verify that information using public records, in accordance with the procedures provided by the State Department of Education.

Verified convictions may result in termination of employment or rejection of an application. The Academy will not hire or continue to employ any individual, either directly or as a contracted employee to work regularly and continuously in the schools, who has been convicted of a "listed" offense as defined in M.C.L. 28.722. The Academy will not hire or continue to employ any individual, either directly or as a contracted employee to work regularly and continuously in the schools, who has been convicted of any felony unless both the School Leader and the Board provide written approval.

The Academy must report as directed by and to the State Department of Education the verified information regarding conviction for any listed offense or conviction for any felony and the action taken by the Academy with regard to such conviction. Such report shall be filed within sixty (60) days of receipt of the original report of the conviction.

The School Leader shall establish the necessary procedures for obtaining from the Criminal Records Division of the State Police any criminal history on the applicant maintained by the State Police. In addition, the School Leader shall request the State Police to obtain a criminal history records check from the Federal Bureau of Investigation.

An applicant must submit, at no expense to the Academy, a set of fingerprints, prepared by an entity approved by the Michigan State Police, as part of his/her employment application or as required by State law for continued employment.

Confidentiality

All information and records obtained from such criminal background inquiries and disclosures are to be considered confidential and shall not be released or disseminated to those who have not been given access to CHRI by the School Leader or the Board. Violation of confidentiality is considered a misdemeanor punishable by a fine up to \$10,000.

Any notification received from the Michigan Department of Education or Michigan State Police regarding Academy employees with criminal convictions shall be exempt from disclosure under the Freedom of Information Act (FOIA) for the first fifteen (15) days until the accuracy of the information can be verified. Thereafter, only information about felony convictions or misdemeanor convictions involving physical or sexual abuse may be disclosed in reference to a FOIA request.

CHRI may be released with the written authorization of the individual.

Records may also be released, in accordance with statute, upon the request of a school district, intermediate school district, public school academy or non-public school when the individual is an applicant for employment at such school and there has been no separation from service, as defined in this policy and by statute.

It is the expectation of the Board of Directors that the Educational Service Provider will prohibit discrimination on the basis of race, color, national origin, sex (including sexual orientation or transgender identity), disability, age, religion, height, weight, marital or family status, military status, ancestry, genetic information, in its programs and activities, including employment opportunities.

Academy Compliance Officers

The Board designates the following individuals to serve as the Academy's "Compliance Officers" (also known as "Civil Rights Coordinators") (hereinafter referred to as the "COs")

Superintendent
48 South Street
Ortonville, MI 48362
586-291-5856

Director of Student Services
48 South Street
Ortonville, MI 48362
810-348-2737

The names, titles, and contact information of these individuals will be published annually:

- A. in the staff handbooks.
- B. in the Annual Report to the public.

The COs are responsible for coordinating the Academy's efforts to comply with applicable Federal and State laws and regulations, including the Academy's duty to address in a prompt and equitable manner any inquiries or complaints regarding discrimination/retaliation or denial of equal access. The COs shall also verify that proper notice of nondiscrimination for Title II of the Americans with Disabilities Act (as amended), Title VI and Title VII of the Civil Rights Act of 1964, Title IX of the Education Amendment Act of 1972, Section 504 of the Rehabilitation Act of 1973 (as amended), and the Age Discrimination in Employment Act of 1975 is provided to staff members and the general public. Any sections of the Academy's collective bargaining agreements dealing with hiring, promotion, and tenure need to contain a statement of nondiscrimination similar to that in the Board's statement above. In addition, any gender-specific terms should be eliminated from such contracts. A copy of each of the Acts and regulations on which this notice is based may be found in the CO's office.

Reports and Complaints of Unlawful Discrimination and Retaliation

Employees are encouraged to promptly report incidents of unlawful discrimination and/or retaliation to an administrator, supervisor, or other Academy official so that the Board may

address the conduct. Any administrator, supervisor, or other Academy official or official who receives such a complaint shall file it with the CO within two (2) school days.

Employees who believe they have been unlawfully discriminated/retaliated against are entitled to utilize the complaint process set forth below. Initiating a complaint, whether formally or informally, will not adversely affect the complaining individual's employment. While there are no time limits for initiating complaints under this policy, individuals should make every effort to file a complaint as soon as possible after the conduct occurs while the facts are known and potential witnesses are available.

The COs will be available during regular school/work hours to discuss concerns related to unlawful discrimination/retaliation. COs shall accept complaints of unlawful discrimination/retaliation directly from any member of the Academy community or a visitor to the Academy, or receive complaints that are initially filed with a school building administrator. Upon receipt of a complaint, either directly or through a school building administrator, a CO will begin either an informal or formal process (depending on the request of the person alleging the discrimination/retaliation or the nature of the alleged discrimination/retaliation), or the CO will designate a specific individual to conduct such a process. The CO will provide a copy of this policy to any person who files a complaint. In the case of a formal complaint, the CO will prepare recommendations for the Educational Service Provider or oversee the preparation of such recommendations by a designee. All members of the Academy community must report incidents of discrimination/retaliation that are reported to them to the CO within two (2) business days of learning of the incident/conduct.

Any Board employee who directly observes unlawful discrimination/retaliation is obligated, in accordance with this policy, to report such observations to one of the COs within two (2) business days. Additionally, any Board employee who observes an act of unlawful discrimination/retaliation is expected to intervene to stop the misconduct, unless circumstances make such an intervention dangerous, in which case the staff member should immediately notify other Board employees and/or local law enforcement officials, as necessary, to stop the misconduct. Thereafter, the CO or designee must contact the employee within two (2) business days to advise him/her of the Board's intent to investigate the wrongdoing.

Investigation and Complaint Procedure (See Form 1422 F2)

Any employee who believes that s/he has been subjected to unlawful discrimination or retaliation may seek resolution of his/her complaint through the procedures described below. The formal complaint procedures involve an investigation of the individual's claims and a process for rendering a decision regarding whether the charges are substantiated.

Due to the sensitivity surrounding complaints of unlawful discrimination or retaliation, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) calendar days after the conduct occurs. Once the formal complaint process is begun, the investigation will be completed in a timely manner (ordinarily, within fifteen (15) business days of the complaint being received).

The procedures set forth below are not intended to interfere with the rights of any individual to pursue a complaint of unlawful discrimination or retaliation with the United States Department of Education Office for Civil Rights or Equal Employment Opportunity Commission ("EEOC").

Informal Complaint Procedure

The goal of the informal complaint procedure is to stop quickly inappropriate behavior and facilitate resolution through an informal means, if possible. The informal complaint procedure is provided as a less formal option for an employee who believes s/he has been unlawfully discriminated or retaliated against. This informal procedure is not required as a precursor to the filing of a formal complaint. The informal process is only available in those circumstances where the parties (the alleged target of the discrimination/retaliation and individual(s) alleged to have engaged in the discrimination) agree to participate in it.

Employees who believe that they have been unlawfully discriminated/retaliated against may proceed immediately to the formal complaint process and individuals who seek resolution through the informal procedure may request that the informal process be terminated at any time to move to the formal complaint process.

All complaints involving an Academy employee or any other adult member of the Academy community against a student will be formally investigated.

As an initial course of action, if an individual feels that s/he is being unlawfully discriminated/retaliated against and s/he is able and feels safe doing so, the individual should tell or otherwise inform the person who engaged in the allegedly discriminatory/retaliatory conduct that it is inappropriate and must stop. The complaining individual should address the alleged misconduct as soon after it occurs as possible. The COs are available to support and counsel individuals when taking this initial step or to intervene on behalf of the individual if requested to do so. An individual who is uncomfortable or unwilling to inform the person who allegedly engaged in the unlawful conduct of his/her concerns is not prohibited from otherwise filing an informal or a formal complaint. In addition, with regard to certain types of unlawful discrimination, such as sexual discrimination, the CO may advise against the use of the informal complaint process.

An individual who believes s/he has been unlawfully discriminated/retaliated against may make an informal complaint, either orally or in writing: (1) to a building administrator; (2) directly to one of the COs; and/or (3) to the School Leader or other Academy official.

All informal complaints must be reported to one of the COs who will either facilitate an informal resolution as described below, or appoint another individual to facilitate an informal resolution.

The Academy's informal complaint procedure is designed to provide employees who believe they are being unlawfully discriminated/retaliated against with a range of options aimed at bringing about a prompt resolution of their concerns. Depending upon the nature of the complaint and the wishes of the individual claiming unlawful discrimination/retaliation, informal resolution may involve, but not be limited to, one or more of the following:

- A. Advising the individual about how to communicate his/her concerns to the person who allegedly engaged in the discriminatory/retaliatory behavior.
- B. Distributing a copy of Policy 1422—Non-Discrimination as a reminder to the individuals in the school building or office where the individual whose behavior is being questioned works.

- C. If both parties agree, the CO may arrange and facilitate a meeting between the individual claiming discrimination/retaliation and the individual accused of engaging in the misconduct to work out a mutual resolution.

While there are no set time limits within which an informal complaint must be resolved, the CO or designee will exercise his/her authority to attempt to resolve all informal complaints within fifteen (15) business days of receiving the informal complaint. Parties who are dissatisfied with the results of the informal complaint process may proceed to file a formal complaint. And, as stated above, parties may request that the informal process be terminated at any time to move to the formal complaint process.

Formal Complaint Procedure

If a complaint is not resolved through the informal complaint process, if one of the parties requested that the informal complaint process be terminated to move to the formal complaint process, or if the individual elects to file a formal complaint initially, the formal complaint process shall be implemented.

An individual who believes s/he has been subjected to unlawful discrimination/retaliation (hereinafter referred to as the "Complainant"), may file a formal complaint, either orally or in writing, with a principal, the CO, School Leader, or other Academy official. Due to the sensitivity surrounding complaints of unlawful discrimination and retaliation, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) calendar days after the conduct occurs. If a Complainant informs a principal, School Leader, or other Academy official, either orally or in writing, about any complaint of discrimination/retaliation, that employee must report such information to the CO within two (2) business days.

Throughout the course of the process, the CO should keep the parties informed of the status of the investigation and the decision-making process.

All formal complaints must include the following information to the extent it is available: the identity of the individual believed to have engaged in, or be engaging in, the discriminatory/retaliatory conduct; a detailed description of the facts upon which the complaint is based; a list of potential witnesses; and the resolution sought by the Complainant.

If the Complainant is unwilling or unable to provide a written statement including the information set forth above, the CO shall ask for such details in an oral interview. Thereafter, the CO will prepare a written summary of the oral interview, and the Complainant will be asked to verify the accuracy of the reported charge by signing the document.

Upon receiving a formal complaint, the CO will consider whether any action should be taken in the investigatory phase to protect the Complainant from further discrimination or retaliation, including, but not limited to, a change of work assignment or schedule for the Complainant and/or the person who allegedly engaged in the misconduct. In making such a determination, the CO should consult the Complainant to assess his/her agreement to the proposed action. If the Complainant is unwilling to consent to the proposed change, the CO may still take whatever actions s/he deems appropriate in consultation with the Educational Service Provider.

Within two (2) business days of receiving the complaint, the CO or designee will initiate a formal investigation to determine whether the Complainant has been subjected to unlawful discrimination/retaliation.

Simultaneously, the CO will inform the individual alleged to have engaged in the discriminatory or retaliatory conduct (hereinafter referred to as the "Respondent"), that a complaint has been received. The Respondent will be informed about the nature of the allegations and provided with a copy of any relevant policies and/or administrative guidelines, including Policy 1422 - Non-Discrimination. The Respondent must also be informed of the opportunity to submit a written response to the complaint within five (5) business days.

Although certain cases may require additional time, the CO or a designee will attempt to complete an investigation into the allegations of discrimination/retaliation within fifteen (15) business days of receiving the formal complaint. The investigation will include:

- A. Interviews with the Complainant;
- B. Interviews with the Respondent;
- C. Interviews with any other witnesses who may reasonably be expected to have any information relevant to the allegations;
- D. Consideration of any documentation or other information presented by the Complainant, Respondent, or any other witness that is reasonably believed to be relevant to the allegations.

At the conclusion of the investigation, the CO or the designee shall prepare and deliver a written report to the Educational Service Provider that summarizes the evidence gathered during the investigation and provides recommendations based on the evidence and the definition of unlawful discrimination/retaliation as provided in Board policy and State and Federal law as to whether the Complainant has been subjected to unlawful discrimination/retaliation. The CO's recommendations must be based upon the totality of the circumstances. In determining if discrimination or retaliation occurred, a preponderance of evidence standard will be used. The CO may consult with the Board's legal counsel before finalizing the report to the Educational Service Provider.

Absent extenuating circumstances, within five (5) business days of receiving the report of the CO or the designee, the School Leader must either issue a final decision regarding whether the charges have been substantiated or request further investigation. A copy of the School Leader final decision will be delivered to both the Complainant and the Respondent.

If the School Leader requests additional investigation, the School Leader must specify the additional information that is to be gathered, and such additional investigation must be completed within five (5) business days. At the conclusion of the additional investigation, the School Leader must issue a final written decision as described above.

If the School Leader determines the Complainant was subjected to unlawful discrimination/retaliation, s/he must identify what corrective action will be taken to stop, remedy, and prevent the recurrence of the discrimination/retaliation. The corrective action should be reasonable, timely, age-appropriate and effective, and tailored to the specific situation.

The decision of the School Leader shall be final.

The Board reserves the right to investigate and resolve a complaint or report of unlawful discrimination/retaliation regardless of whether the employee alleging the unlawful discrimination/retaliation pursues the complaint. The Board also reserves the right to have

the formal complaint investigation conducted by an external person in accordance with this policy or in such other manner as deemed appropriate by the Board or its designee.

The Complainant may be represented, at his/her own cost, at any of the above-described meetings/hearings.

The right of a person to a prompt and equitable resolution of the complaint shall not be impaired by the person's pursuit of other remedies such as the filing of a complaint with the Office for Civil Rights or the filing of a court case. Use of this internal complaint procedure is not a prerequisite to the pursuit of other remedies.

Privacy/Confidentiality

The Academy will employ all reasonable efforts to protect the rights of the Complainant, the Respondent(s), and the witnesses as much as possible, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under the terms of this policy shall be maintained as confidential to the extent permitted by law. Confidentiality, however, cannot be guaranteed. All Complainants proceeding through the formal investigation process will be advised that their identities may be disclosed to the Respondent(s).

During the course of a formal investigation, the CO or designee will instruct each person who is interviewed about the importance of maintaining confidentiality. Any individual who is interviewed as part of an investigation is expected not to disclose to third parties any information that s/he learns and/or provides during the course of the investigation.

Sanctions and Monitoring

The Board shall vigorously enforce its prohibitions against unlawful discrimination by taking appropriate action reasonably calculated to stop and prevent further misconduct. While observing the principles of due process, a violation of this policy may result in disciplinary action up to and including the discharge of an employee. All disciplinary action will be taken in accordance with applicable State law and the terms of the relevant collective bargaining agreement(s). When imposing discipline, the School Leader shall consider the totality of the circumstances involved in the matter. In those cases where unlawful discrimination/retaliation is not substantiated, the Board may consider whether the alleged conduct nevertheless warrants discipline in accordance with other Board policies, consistent with the terms of the relevant collective bargaining agreement(s).

Where the Board becomes aware that a prior remedial action has been taken against an employee, all subsequent sanctions imposed by the Board and/or Educational Service Provider shall be reasonably calculated to end such conduct, prevent its recurrence, and remedy its effect.

Retaliation

Retaliation against a person who makes a report or files a complaint alleging unlawful discrimination/retaliation, or participates as a witness in an investigation is prohibited. Specifically, the Board will not retaliate against, coerce, intimidate, threaten or interfere with any individual because the person opposed any act or practice made unlawful by any Federal or State civil rights law, or because that individual made a charge, testified, assisted or participated in any manner in an investigation, proceeding, or hearing under those laws, or

because that individual exercised, enjoyed, aided or encouraged any other person in the exercise or enjoyment of any right granted or protected by those laws.

Education and Training

In support of this policy, the Board promotes preventative educational measures to create greater awareness of unlawful discriminatory practices. The Educational Service Provider or designee shall provide appropriate information to all members of the Academy community related to the implementation of this policy and shall provide training for Academy students and staff where appropriate. All training, as well as all information provided regarding the Board's policy and discrimination in general, will be age and content appropriate.

Retention of Investigatory Records and Materials

All individuals charged with conducting investigations under this policy shall retain all documents, electronically stored information ("ESI"), and electronic media (as defined in Policy 8315) created and/or received as part of an investigation, which may include but not be limited to:

- A. all written reports/allegations/complaints/grievances/statements/responses pertaining to an alleged violation of this policy;
- B. any narratives that memorialize oral reports/allegations/complaints/grievances/statements/responses pertaining to an alleged violation of this policy;
- C. any documentation that memorializes the actions taken by Academy personnel related to the investigation and/or the Academy's response to the alleged violation of this policy;
- D. written witness statements;
- E. narratives, notes from, or audio, video, or digital recordings of witness interviews/statements;
- F. e-mails, texts, or social media posts that directly relate to or constitute evidence pertaining to an alleged violation of this policy (i.e., not after-the-fact commentary about or media coverage of the incident);
- G. notes or summaries prepared contemporaneously by the investigator in whatever form made (e.g., handwritten, keyed into a computer or tablet, etc.), but not including transitory notes whose content is otherwise memorialized in other documents;
- H. written disciplinary sanctions issued to students or employees and other documentation that memorializes oral disciplinary sanctions issued to students or employees for violations of this policy;
- I. dated written determinations/reports (including summaries of relevant exculpatory and inculpatory evidence) and other documentation that memorializes oral notifications to the parties concerning the outcome of the investigation, including any consequences imposed as a result of a violation of this policy;

- J. documentation of any interim measures offered and/or provided to complainants and/or the alleged perpetrators, including no contact orders issued to both parties, the dates the no contact orders were issued, and the dates the parties acknowledged receipt of the no contact orders;
- K. documentation of all actions taken, both individual and systemic, to stop the discrimination or harassment, prevent its recurrence, eliminate any hostile environment, and remedy its discriminatory effects;
- L. copies of the Board policy and/or procedures/guidelines used by the Academy to conduct the investigation, and any documents used by the Academy at the time of the alleged violation to communicate the Board's expectations to students and staff with respect to the subject of this policy (e.g., Student and/or Employee Handbooks or Codes of Conduct);
- M. copies of any documentation that memorializes any formal or informal resolutions to the alleged discrimination or harassment;
- N. documentation of any training provided to Academy personnel related to this policy, including but not limited to, notification of the prohibitions and expectations of staff set forth in this policy and the role and responsibility of all Academy personnel involved in enforcing this policy, including their duty to report alleged violations of this policy and/or conducting an investigation of an alleged violation of this policy;

The documents, ESI, and electronic media (as defined in Policy 8315) retained may include public records and records exempt from disclosure under Federal (e.g., FERPA, ADA) and/or State law (e.g., R.C. 3319.321) – e.g., student records and confidential medical records.

The documents, ESI, and electronic media (as defined in Policy 8315) created or received as part of an investigation shall be retained in accordance with Policy 8310, Policy 8315, Policy 8320, and Policy 8330 for not less than three (3) years, but longer if required by the Academy's records retention schedule.

DRUG-FREE WORKPLACE

Reference: P.L. 101-126
Drug-Free Workplace Act of 1988, 41 U.S.C. 701, et seq.
20 U.S.C. 3224A

The Board of Directors believes that quality education is not possible in an environment affected by drugs. It will seek, therefore, to establish and maintain an educational setting which is not tainted by the use or evidence of use of any controlled substance.

The Board shall not permit the manufacture, possession, use, distribution, or dispensing of any controlled substance, alcohol, and any drug paraphernalia, by any member of the Academy's administration at any time while on Academy property or while involved in any Academy-related activity or event. Any administrator who violates this policy shall be subject to disciplinary action in accordance with Academy guidelines.

The School Leader shall establish guidelines that ensure compliance with this policy and that each administrator is given a copy of the standards regarding unlawful possession, use, or distribution of illicit drugs and alcohol and informed that compliance with this requirement is mandatory. Such guidelines shall provide for appropriate disciplinary actions, if and when needed.

Adopted 6/9/20

ADMINISTRATOR DISCIPLINE

Whenever it becomes necessary to discipline an Administrator, the Educational Service Provider shall utilize the following principles and procedures. The Board, or its designee, shall utilize the following principles and procedures if the School Leader is the subject of the disciplinary action.

The Educational Service Provider shall conduct an investigation of any alleged act or omission by an Administrator that could result in disciplinary action. The Administrator shall be provided with oral or written notice of the issue or incident being investigated.

The investigation shall include, at a minimum, interviews of appropriate persons and a meeting with the subject Administrator to allow the Administrator an opportunity to respond to the complaint. Prior notice of this meeting shall be provided to the Administrator for any discipline that may result in a suspension or loss of pay.

After completion of the investigation, if discipline is to be imposed, the Administrator shall receive written notice of the discipline and this notice shall also be placed in the Administrator's file.

Discipline may include, but is not limited to:

- A. written warning;
- B. written reprimand;
- C. suspension (paid or unpaid);
- D. discharge;
- E. financial penalty in accordance with Michigan law.

The Academy does not have to apply discipline in a progressive manner, but, rather, may impose discipline consistent with seriousness of the Administrator's conduct, as determined by the Academy. Additionally, nothing in this policy limits the Academy's right to take other appropriate action, such as placing an Administrator on administrative leave during the pendency of an investigation or issuing a counseling memorandum, which is considered instructional, not disciplinary.

If it appears that disciplinary action beyond written reprimand may be necessary, the Educational Service Provider should contact the Board to discuss the disciplinary action that is to be taken.

The Educational Service Provider decision to impose any disciplinary action that is not subject to Board review is final.

Discharge, demotion or non-renewal of an Administrator may only be imposed by the Board in adherence with the requirements of the Revised School Code.

PARENT AND FAMILY ENGAGEMENT

Reference: Sec. 1112, 1116 ESEA
MCL 380.1294

The Board of Directors recognizes and values parents and families as children's first teachers and decision-makers in education. The Board believes that student learning is more likely to occur when there is an effective partnership between the school and the student's parents and family. Such a partnership between the home and school and greater involvement of parents and family members in the education of their children generally result in higher academic achievement, improved student behavior, and reduced absenteeism. This policy shall serve as the Academy policy.

The Elementary and Secondary Education Act (ESEA), as amended by the Every Student Succeeds Act of 2015 (ESSA), defines the term "parent" to include a legal guardian or other person standing in loco parentis (such as a grandparent or stepparent with whom the child lives, or a person who is legally responsible for the child's welfare).

The term "family" is used in order to include a child's primary caregivers, who are not the biological parents, such as foster caregivers, grandparents, other family members and responsible adults who play significant roles in providing for the well-being of the child.

Family engagement is a collaborative relationship between families, educators, providers, and partners to support and improve the learning, development and health of every learner. The principles of family engagement include: relationships as the cornerstone; positive learning environments; efforts tailored to address all families, so all learners are successful; purposeful and intentional efforts that clearly identify learner outcomes; and engaging and supporting families as partners in their child's education.

Through this policy, the Board directs the establishment of a Parental and Family Engagement Plan by which a school-partnership can be established and provided to the parent of each child in the Academy. The plan must encompass parent participation, through meetings and other forms of communication. The Parental and Family Engagement Plan shall reflect the Board's commitment to the following:

A. Relationships with Families

1. cultivating school environments that are welcoming, supportive, and student-centered;
2. providing professional development for school staff that helps build partnerships between families and schools;^{1,2}
3. providing family activities that relate to various cultures, languages, practices, and customs, and bridge economic and cultural barriers;^{1,2}
4. providing coordination, technical support and other support to assist schools in planning and implementing family engagement activities.²

B. Effective Communication

1. providing information to families to support the proper health, safety, and well-being of their children;
2. providing information to families about school policies, procedures, programs, and activities; ^{1,2}
3. promoting regular and open communication between school personnel and students' family members;
4. communicating with families in a format and language that is understandable, to the extent practicable; ^{1,2}
5. providing information and involving families in monitoring student progress; ²
6. providing families with timely and meaningful information regarding Michigan's academic standards, State and local assessments, and pertinent legal provisions; ^{1,2}
7. preparing families to be involved in meaningful discussions and meetings with school staff. ^{1,2}

C. Volunteer Opportunities

1. providing volunteer opportunities for families to support their children's school activities; ²
2. supporting other needs, such as transportation and child care, to enable families to participate in school-sponsored family engagement events. ²

D. Learning at Home

1. offering training and resources to help families learn strategies and skills to support at-home learning and success in school; ^{1,2}
2. working with families to establish learning goals and help their children accomplish these goals;
3. helping families to provide a school and home environment that encourages learning and extends learning at home. ¹

E. Engaging Families in Decision Making and Advocacy

1. engaging families as partners in the process of school review and continuous improvement planning; ²
2. engaging families in the development of its Academy-wide parent and family engagement policy and plan, and distributing the policy and plan to families. ^{1,2}

F. Collaborating with the Community

1. building constructive partnerships and connecting families with community-based programs and other community resources;^{1,2}
2. coordinating and integrating parent and family engagement programs and activities with Academy initiatives and community-based programs that encourage and support families' participation in their children's education, growth, and development.^{1,2}

Implementation

The Educational Service Provider, will provide for a comprehensive plan to engage parents, families, and community members in a partnership in support of each student's academic achievement, the Academy's continuous improvement, and individual school improvement plans. The Academy's plan will be distributed to all parents and students through publication in the Student Handbook or other suitable means. The plan will provide for annual evaluation, with the involvement of parents and families, of the plan's content, effectiveness and identification of barriers to participation by parents and families with particular attention to parents who are economically disadvantaged, are disabled, have limited English proficiency, have limited literacy, or are of any racial or ethnic minority background; the needs of parents and family members to assist with the learning of their children (including engaging with school personnel and teachers); and the strategies to support successful school and family interaction. Each school plan will include the development of a written school-parent compact jointly with parents for all children participating in Title I, part A activities, services, and programs. The compact will outline how parents, the entire school staff, and students will share the responsibility for improved student academic achievement and the means by which the school and parents will build and develop a partnership to help children achieve the State's high standards. Evaluation findings will be used in the annual review of the Parent and Family Engagement policy and to improve the effectiveness of the Academy plan. This policy will be updated periodically to meet the changing needs of parents, families, and the schools.

The Academy will accommodate the use of certified service animals when there is an established need for such supportive aid in the school environment. Certain restrictions may be applied when necessary due to allergies, health, safety, disability or other issues of those in the classroom or school environment. Reports and Complaints of Unlawful Discrimination and Retaliation

Students and all other members of the Academy community and third parties are encouraged to promptly report incidents of unlawful discrimination and/or retaliation to a teacher, administrator, supervisor, or other Academy official so that the Board may address the conduct. Any teacher, administrator, supervisor, or other Academy employee or official who receives such a complaint shall file it with the CO within two (2) school days.

Members of the Academy community, which includes students or third parties, who believe they have been unlawfully discriminated/retaliated against are entitled to utilize the complaint process set forth below. Initiating a complaint, whether formally or informally, will not adversely affect the complaining individual's employment or participation in educational or extra-curricular programs. While there are no time limits for initiating complaints under this policy, individuals should make every effort to file a complaint as soon as possible after the conduct occurs while the facts are known and potential witnesses are available.

If, during an investigation of alleged bullying, aggressive behavior and/or harassment in accordance with Policy 5517.01 – Bullying and Other Forms of Aggressive Behavior, the Principal believes that the reported misconduct may constitute unlawful discrimination based on a Protected Class, the Principal shall report the act to one of the COs who shall investigate the allegation in accordance with this policy. While the CO investigates the allegation, the Principal shall suspend his/her Policy 5517.01 investigation to await the CO's written report. The CO shall keep the Principal informed of the status of the Policy 2260 investigation and provide him/her with a copy of the resulting written report.

The COs will be available during regular school/work hours to discuss concerns related to unlawful discrimination/retaliation. COs shall accept complaints of unlawful

discrimination/retaliation directly from any member of the Academy community or a visitor to the Academy, or receive complaints that are initially filed with a school building administrator. Upon receipt of a complaint either directly or through a school building administrator, a CO will begin either an informal or formal process (depending on the request of the person alleging the discrimination/retaliation or the nature of the alleged discrimination/retaliation), or the CO will designate a specific individual to conduct such a process. The CO will provide a copy of this policy to any person who files a complaint. In the case of a formal complaint, the CO will prepare recommendations for the Educational Service Provider or oversee the preparation of such recommendations by a designee. All members of the Academy community must report incidents of discrimination/retaliation that are reported to them to the CO within two (2) business days of learning of the incident/conduct.

Any Board employee who directly observes unlawful discrimination/retaliation of a student is obligated, in accordance with this policy, to report such observations to one of the COs within two (2) business days. Additionally, any Board employee who observes an act of unlawful discrimination/retaliation is expected to intervene to stop the misconduct, unless circumstances make such an intervention dangerous, in which case the staff member should immediately notify other Board employees and/or local law enforcement officials, as necessary, to stop the misconduct. Thereafter, the CO or designee must contact the student, if age eighteen (18) or older, or the student's parents if the student is under the age eighteen (18), within two (2) school days to advise s/he/them of the Board's intent to investigate the alleged wrongdoing.

Investigation and Complaint Procedure

Any student who believes that s/he has been subjected to unlawful discrimination or retaliation may seek resolution of his/her complaint through the procedures described below. The formal complaint procedures involve an investigation of the individual's claims and a process for rendering a decision regarding whether the charges are substantiated.

Due to the sensitivity surrounding complaints of unlawful discrimination or retaliation, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) calendar days after the conduct occurs. Once the formal complaint process is begun, the investigation will be completed in a timely manner (ordinarily, within fifteen (15) business days of the complaint being received).

The procedures set forth below are not intended to interfere with the rights of a student to pursue a complaint of unlawful discrimination or retaliation with the United States Department of Education Office for Civil Rights ("OCR"). The Cleveland Office of the OCR can be reached at 1350 Euclid Avenue, Suite 325, Cleveland, Ohio 44115; Telephone: (216) 522-4970; Fax: (216) 522-2573; TDD: (216) 522-4944; E-mail: ocr.cleveland@ed.gov; Web: <http://www.ed.gov/ocr>.

Informal Complaint Procedure

The goal of the informal complaint procedure is to quickly stop inappropriate behavior and facilitate resolution through an informal means, if possible. The informal complaint procedure is provided as a less formal option for a student who believes s/he has been unlawfully discriminated or retaliated against. This informal procedure is not required as a precursor to the filing of a formal complaint.

The informal process is only available in those circumstances where the parties (the alleged target of the discrimination and individual(s) alleged to have engaged in the discrimination) agree to participate in it.

Students who believe that they have been unlawfully discriminated/retaliated against may proceed immediately to the formal complaint process and individuals who seek resolution through the informal procedure may request that the informal process be terminated at any time to move to the formal complaint process.

All complaints involving an Academy employee or any other adult member of the Academy community against a student will be formally investigated.

As an initial course of action, if a student feels that s/he is being unlawfully discriminated/retaliated against and s/he is able and feels safe doing so, the individual should tell or otherwise inform the person who engaged in the allegedly discriminatory/retaliatory conduct that it is inappropriate and must stop. The complaining individual should address the alleged misconduct as soon after it occurs as possible. The COs are available to support and counsel individuals when taking this initial step or to intervene on behalf of the individual if requested to do so. An individual who is uncomfortable or unwilling to inform the person who allegedly engaged in the unlawful conduct of his/her concerns is not prohibited from otherwise filing an informal or a formal complaint. In addition, with regard to certain types of unlawful discrimination, such as sexual discrimination, the CO may advise against the use of the informal complaint process.

A student who believes s/he has been unlawfully discriminated/retaliated against may make an informal complaint, either orally or in writing: (1) to a teacher, other employee, or building administrator in the school the student attends; (2) to the School Leader or other Academy-level employee; and/or (3) directly to one of the COs.

All informal complaints must be reported to one of the COs who will either facilitate an informal resolution as described below, or appoint another individual to facilitate an informal resolution.

The Academy's informal complaint procedure is designed to provide students who believe they are being unlawfully discriminated/retaliated against with a range of options aimed at bringing about a prompt resolution of their concerns. Depending upon the nature of the complaint and the wishes of the student claiming unlawful discrimination/retaliation, informal resolution may involve, but not be limited to, one or more of the following:

- A. Advising the student about how to communicate his/her concerns to the person who allegedly engaged in the discriminatory/retaliatory behavior.
- B. Distributing a copy of Policy 2260 – Non-Discrimination as a reminder to the individuals in the school building or office where the individual whose behavior is being questioned works or attends.
- C. If both parties agree, the CO may arrange and facilitate a meeting between the student claiming discrimination/retaliation and the individual accused of engaging in the misconduct to work out a mutual resolution.

While there are no set time limits within which an informal complaint must be resolved, the CO or designee will exercise his/her authority to attempt to resolve all informal complaints within fifteen (15) business days of receiving the informal complaint. Parties who are

dissatisfied with the results of the informal complaint process may proceed to file a formal complaint. And, as stated above, parties may request that the informal process be terminated at any time to move to the formal complaint process.

Formal Complaint Procedure

If a complaint is not resolved through the informal complaint process, if one (1) of the parties requested that the informal complaint process be terminated to move to the formal complaint process, or if the student elects to file a formal complaint initially, the formal complaint process shall be implemented.

A student who believes s/he has been subjected to unlawful discrimination/retaliation (hereinafter referred to as the "Complainant") may file a formal complaint, either orally or in writing, with a teacher, Principal, or other employee at the student's school, the CO, School Leader, or another employee who works at another school or at the Academy level. Due to the sensitivity surrounding complaints of unlawful discrimination, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) calendar days after the conduct occurs. If a Complainant informs a teacher, Principal, or other employee at the student's school, School Leader, or other employee, either orally or in writing, about any complaint of discrimination/retaliation, that employee must report such information to the CO within two (2) business days.

Throughout the course of the process, the CO should keep the parties informed of the status of the investigation and the decision-making process.

All formal complaints must include the following information to the extent it is available: the identity of the individual believed to have engaged in, or be engaging in; the discriminatory/retaliatory conduct; a detailed description of the facts upon which the complaint is based; a list of potential witnesses; and the resolution sought by the Complainant.

If the Complainant is unwilling or unable to provide a written statement including the information set forth above, the CO shall ask for such details in an oral interview. Thereafter, the CO will prepare a written summary of the oral interview, and the Complainant will be asked to verify the accuracy of the reported charge by signing the document.

Upon receiving a formal complaint, the CO will consider whether any action should be taken in the investigatory phase to protect the Complainant from further discrimination or retaliation, including, but not limited to, a change of work assignment or schedule for the Complainant and/or the person alleged to have engaged in the misconduct. In making such a determination, the CO should consult the Complainant to assess his/her agreement to the proposed action. If the Complainant is unwilling to consent to the proposed change, the CO may still take whatever actions s/he deems appropriate in consultation with the Educational Service Provider.

Within two (2) business days of receiving the complaint, the CO or designee will initiate a formal investigation to determine whether the Complainant has been subjected to unlawful discrimination/retaliation.

Simultaneously, the CO will inform the individual alleged to have engaged in the discriminatory or retaliatory conduct (hereinafter referred to as the "Respondent") that a complaint has been received. The Respondent will be informed about the nature of the allegations and provided with a copy of any relevant policies and/or administrative guidelines,

including Policy 2260 - Nondiscrimination. The Respondent must also be informed of the opportunity to submit a written response to the complaint within five (5) business days.

Although certain cases may require additional time, the CO or designee will attempt to complete an investigation into the allegations of discrimination/retaliation within fifteen (15) business days of receiving the formal complaint. The investigation will include:

- A. interviews with the Complainant;
- B. interviews with the Respondent;
- C. interviews with any other witnesses who may reasonably be expected to have any information relevant to the allegations;
- D. consideration of any documentation or other information presented by the Complainant, Respondent, or any other witness that is reasonably believed to be relevant to the allegations.

At the conclusion of the investigation, the CO or designee shall prepare and deliver a written report to the Educational Service Provider that summarizes the evidence gathered during the investigation and provides recommendations based on the evidence and the definition of unlawful discrimination/retaliation as provided in Board policy and State and Federal law as to whether the Complainant has been subjected to unlawful discrimination/retaliation. The CO's recommendations must be based upon the totality of the circumstances, including the ages and maturity levels of those involved. In determining if unlawful discrimination or retaliation occurred, a preponderance of evidence standard will be used. The CO may consult with the Board's legal counsel before finalizing the report to the Educational Service Provider.

Absent extenuating circumstances, within five (5) business days of receiving the report of the CO or designee, the School Leader must either issue a final decision regarding whether the charges have been substantiated or request further investigation. A copy of the School Leader final decision will be delivered to both the Complainant and the Respondent.

If the School Leader requests additional investigation, the School Leader must specify the additional information that is to be gathered, and such additional investigation must be completed within five (5) days. At the conclusion of the additional investigation, the School Leader shall issue a final written decision as described above.

If the School Leader determines the Complainant was subjected to unlawful discrimination/retaliation, s/he must identify what corrective action will be taken to stop, remedy, and prevent the recurrence of the discrimination/retaliation. The corrective action should be reasonable, timely, age-appropriate and effective, and tailored to the specific situation.

The decision of the School Leader shall be final.

The Board reserves the right to investigate and resolve a complaint or report of unlawful discrimination/retaliation regardless of whether the student alleging the unlawful discrimination/retaliation pursues the complaint. The Board also reserves the right to have the formal complaint investigation conducted by an external person in accordance with this policy or in such other manner as deemed appropriate by the Board or its designee.

The Complainant may be represented, at his/her own cost, at any of the above described meetings/hearings.

The right of a person to a prompt and equitable resolution of the complaint shall not be impaired by the person's pursuit of other remedies such as the filing of a Complaint with the Office for Civil Rights or the filing of a court case. Use of this internal complaint procedure is not a prerequisite to the pursuit of other remedies.

Privacy/Confidentiality

The Academy will employ all reasonable efforts to protect the rights of the Complainant, the Respondent(s), and the witnesses as much as possible, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under the terms of this policy shall be maintained as confidential to the extent permitted by law. Confidentiality, however, cannot be guaranteed. All Complainants proceeding through the formal investigation process will be advised that their identities may be disclosed to the Respondent(s).

During the course of a formal investigation, the CO or designee will instruct each person who is interviewed about the importance of maintaining confidentiality. Any individual who is interviewed as part of an investigation is expected not to disclose to third parties any information that s/he learns and/or provides during the course of the investigation.

Sanctions and Monitoring

The Board shall vigorously enforce its prohibitions against unlawful discrimination/retaliation by taking appropriate action reasonably calculated to stop and prevent further misconduct. While observing the principles of due process, a violation of this policy may result in disciplinary action up to and including the discharge of an employee or the suspension/expulsion of a student. All disciplinary action will be taken in accordance with applicable State law and the terms of the relevant collective bargaining agreement(s). When imposing discipline, the School Leader shall consider the totality of the circumstances involved in the matter, including the ages and maturity levels of those involved. In those cases where unlawful discrimination/retaliation is not substantiated, the Board may consider whether the alleged conduct nevertheless warrants discipline in accordance with other Board policies, consistent with the terms of the relevant collective bargaining agreement(s).

Where the Board becomes aware that a prior remedial action has been taken against a member of the Academy community, all subsequent sanctions imposed by the Board and/or Educational Service Provider shall be reasonably calculated to end such conduct, prevent its reoccurrence, and remedy its effects.

Retaliation

Retaliation against a person who makes a report or files a complaint alleging unlawful discrimination, or participates as a witness in an investigation is prohibited. Specifically, the Board will not retaliate against, coerce, intimidate, threaten or interfere with any individual because the person opposed any act or practice made unlawful by any Federal or State civil rights law, or because that individual made a charge, testified, assisted or participated in any manner in an investigation, proceeding, or hearing under those laws, or because that individual exercised, enjoyed, aided or encouraged any other person in the exercise or enjoyment of any right granted or protected by those laws.

Education and Training

In support of this policy, the Board promotes preventative educational measures to create greater awareness of unlawful discriminatory practices. The Educational Service Provider or designee shall provide appropriate information to all members of the Academy community related to the implementation of this policy and shall provide training for Academy students and staff where appropriate. All training, as well as all information, provided regarding the Board's policy and discrimination in general, will be age and content appropriate.

The Academy will endeavor to assist the student and/or his/her parents in their access to Academy programs by providing notices to the parents and students in a language and format that they are likely to understand.

Materials approved by the State Department of Education describing the benefits of instruction in Braille reading and writing shall be provided to each blind student's individualized planning committee. The Academy shall not deny a student the opportunity for instruction in Braille, reading, and writing solely because the student has some remaining vision.

Retention of Investigatory Records and Materials

For facilities constructed or altered after June 3, 1977, the Academy will comply with applicable accessibility standards. For those existing facilities constructed prior to June 3, 1977, the Academy is committed to operating its programs and activities so that they are readily accessible to persons with disabilities. This includes, but is not limited to, providing accommodations to parents with disabilities who desire access to their child's educational program or meetings pertinent thereto. Programs and activities will be designed and scheduled so that the location and nature of the facility or area will not deny a student with a disability the opportunity to participate on the same basis as students without disabilities.

Education

The Board is committed to identifying, evaluating, and providing a free appropriate public education (FAPE) to students within its jurisdiction who have a physical or mental impairment that substantially limits one or more major life activities, regardless of the nature or severity of their disabilities.

The Board is committed to educating (or providing for the education of) each qualified person with a disability who is enrolled by the Academy to the maximum extent appropriate. Generally, the Academy will place a person with a disability in the regular educational environment unless it is demonstrated that the education of the person in the regular environment even with the use of supplementary aids and services cannot be achieved satisfactorily. If the Academy places a person in a setting other than the regular educational environment, it shall take into account the proximity of the alternate setting to the person's home.

The Academy will provide non-academic extracurricular services and activities in such a manner as is necessary to afford qualified persons with disabilities an equal opportunity for participation in such services and activities.

Notice

Notice of the Board's policy on nondiscrimination in education practices and the identity of the Compliance Officer(s) will be posted throughout the Academy, and published in the Academy's recruitment statements or general information publications.

The Educational Service Provider shall develop Administrative Procedures for the proper implementation of this policy.

Complaint Procedures

If a person believes that s/he has been discriminated against on the basis of his/her disability, the person may utilize the following complaint procedures as a means of reaching, at the lowest possible administrative level, a prompt and equitable resolution of the matter.

In accordance with Section 504 of the Rehabilitation Act of 1973 and its implementing regulations ("Section 504"), parents and students will be notified of their right to file an internal complaint regarding an alleged violation, misinterpretation or misapplication of Section 504. In addition, students and their parents will be notified of their right to file a complaint with the U.S. Department of Education's Office for Civil Rights. Finally, students and parents will be advised of their right to request a due process hearing before an Impartial Hearing Officer (IHO) regarding the identification, evaluation or educational placement of persons with disabilities, including the right to participation by the student's parents or guardian and representation of counsel, and their right to examine relevant education records.

Internal complaints and requests for due process hearings must be put in writing and must identify the specific circumstances or areas of dispute that have given rise to the complaint or the request for a hearing, and offer possible solutions to the dispute. The complaint or request for due process hearing must be filed with the Compliance Officer within specified time limits. The Compliance Officer is available to assist individuals in filing a complaint or request.

Internal Complaint Procedures

An internal complaint may be filed by a student and/or parent. A student and/or parent may initiate the internal complaint procedure when s/he/they believe that a violation, misapplication or misinterpretation of Section 504 has occurred. Additionally, the following procedure may be used for any disagreement with respect to actions regarding the identification, evaluation, or educational program or placement of students who are identified as disabled or believed to be disabled pursuant to Section 504, and are not eligible under the IDEIA, except in the case of disciplinary actions where the provisions of the Student Code of Conduct apply. Use of the internal complaint procedure is not a prerequisite to the pursuit of other remedies, including the filing of a complaint with the U.S. Department of Education's Office for Civil Rights or requesting a due process hearing.

- Step 1 Investigation by the Compliance Officer: A student or parent may initiate an investigation by filing a written internal complaint with the Compliance Officer. The complaint should fully describe the circumstances giving rise to the dispute and how the child is adversely affected. The complaint must be filed as soon as possible, but not longer than thirty (30) calendar days after disclosure of the facts giving rise to the complaint. The Compliance Officer shall conduct an impartial investigation of the complaint. As part of the investigation, the Compliance Officer shall permit the complainant to present witnesses and other evidence in support of the complaint. The investigation shall be completed within fifteen (15) school days of the written complaint being filed. The Compliance Officer will notify the complainant in writing of his/her decision.
- Step 2 If the complaint is not resolved satisfactorily at Step 1, the student or parent may request a due process hearing, provided the complaint involves an issue related to the identification, evaluation, or placement of the student.

If it is determined that the Complainant was subjected to unlawful discrimination, the Compliance Officer must identify what corrective action will be taken to stop, remedy, and prevent the recurrence of the discrimination/retaliation. The corrective action should be reasonable, timely, age-appropriate and effective, and tailored to the specific situation.

OCR Complaint

At any time, if a student or parent believes that s/he has been subjected to discrimination based upon his/her disability in violation of Section 504 or the ADA, the individual may file a complaint with the U.S. Department of Education's Office for Civil Rights ("OCR"). The OCR can be reached at:

Retaliation

Retaliation against a person who makes a report or files a complaint alleging unlawful discrimination, or participates as a witness in an investigation, is prohibited. Specifically, the Board will not retaliate against, coerce, intimidate, threaten or interfere with any individual because the person opposed any act or practice made unlawful by Section 504 or the ADA, or because that individual made a charge, testified, assisted or participated in any manner in an investigation, proceeding, or hearing under those laws, or because that individual exercised, enjoyed, aided or encouraged any other person in the exercise or enjoyment of any right granted or protected by those laws.

TITLE I SERVICES

Reference: 20 USC 6301 et seq.
34 C.F.R. Part 200, et seq.

The Board of Directors elects to augment the educational program of educationally disadvantaged students by the use of Federal funds and in accordance with Title I of the Elementary and Secondary Education Act of 1965, as amended.

The School Leader or designee shall prepare and present to the State Department of Education a plan for the delivery of services that meets the requirements of the law, including those described below. The plan shall be developed by appropriate staff members and parents of students who will be served by the plan. The Academy will periodically review and revise the plan, as necessary.

Assessment

The Academy shall annually assess the educational needs of eligible children, as determined by Federal and State criteria. This assessment shall include performance measures mandated by the Department of Education as well as those determined by the Academy's professional staff to assist in the diagnosis, teaching, and learning of the participating students.

Scope

The Academy shall determine if the funds will be used to upgrade the educational program of the entire Academy in Title I Academies that qualify as schoolwide schools and/or to establish or improve programs that provide services only for eligible students in greatest need of assistance. The schoolwide program, for the entire Academy and/or the Targeted Assistance School, shall include the components required by law as well as those agreed upon by participating staff and parents.

Participation

The Title I program shall be developed and evaluated in consultation with parents and professional staff members, including teachers, School Leaders, paraprofessionals, specialized instructional support personnel, administrators and other appropriate academy personnel involved in its implementation. Appropriate training will be provided to staff members who provide Title I services. Parent participation shall be in accord with Board Policy 2261.01 and shall meet the requirements of Section 1116 of the Act.

Comparability of Services

Title I funds will be used only to augment, not to replace, State and local funds. The Academy will document its compliance with the supplement not supplant provisions by using a written methodology that ensures State and local funds are allocated to each academy on the same basis, regardless of whether an academy receives Title I funding. The School Leader or designee shall use State and local funds to provide educational services in schools receiving Title I assistance that, taken as a whole, are at least comparable to services being provided in academies that are not receiving Title I assistance. The determination of the comparability of services may exclude State and local funds expended for language instruction educational programs and the excess costs of providing services to children with disabilities as determined by the Academy.

The determination of comparability of services will not take into account unpredictable changes in student enrollments or personnel assignments that occur after the beginning of the school year.

To achieve comparability of services, the School Leader or designee shall assign teachers, administrators, and auxiliary personnel and provide curriculum materials and instructional supplies in such a manner as to ensure equivalence throughout the Academy.

Professional Development

Members of the professional staff may participate in the design and implementation of staff development activities that:

- A. involve parents in the training, when appropriate;
- B. combine and consolidate other available Federal and public school funds;
- C. foster cooperative training with institutions of higher learning and other educational organizations, including other schools;
- D. include in the staff development curriculum the following strategies:
 - 1. creating and using performance-based student assessments;
 - 2. using technology in teaching and learning;
 - 3. working effectively with parents;
 - 4. understanding early childhood education;
 - 5. meeting children's special needs by using differentiated instruction;
 - 6. fostering gender-equitable education;
 - 7. (for paraprofessionals) working toward certification as professional educators.

The report shall contain the information called for on the form issued by the Michigan Department of Education in accordance with State and Federal law. The report must include 1) an overview section and 2) a detail section.

Report cards must begin with a clearly labeled overview section that is prominently displayed. The overview section of Academy report cards must include information on key metrics of State, District, and school performance and progress and is intended to help parents and other stakeholders quickly access and understand such information and provide context for the complete set of data included in the report.

The overview section of the annual report card must include for the Academy as a whole and each school, if appropriate:

- A. student achievement data (i.e., the number and percentage of students at each level of achievement on the State mathematics, reading/language arts, and science assessments), including how achievement in the Academy compares to State as a whole and, for each school in the Academy, how that school compares to the Academy and the State as a whole;
- B. English language proficiency of English learners (i.e., the number and percentage of English learners achieving English language proficiency as measured by Michigan's English proficiency assessment);
- C. performance on each measure within the Academic Progress indicator used by the State for elementary schools and secondary schools that are not high schools;
- D. high school graduation rates, including the four (4) year adjusted cohort and the extended-year adjusted cohort;
- E. performance on each measure within any School Quality or Student Success indicator used by the State;
- F. school identifying information, including student membership count and Title I participation status;
- G. summative determination for each school;
- H. whether the school was identified for comprehensive support and improvement or targeted support and improvement, and the reason(s) for such identification.

The overview section must include disaggregated data for specific student subgroups as required by the United States Department of Education (e.g., each major racial and ethnic group; children with disabilities; English learners; and economically disadvantaged students).

Report cards must include student achievement data overall and by grade, including the percentage of students at each level of achievement as determined by the State for all students and disaggregated by each major racial and ethnic group, gender, disability status, migrant status, English proficiency status, status as economically disadvantaged, status as a homeless student/youth, status as a child in foster care, and status as a student with a parent who is a member of the Armed Forces on active duty (which includes full-time National Guard duty). Data for these subgroups must be included in the detail section of report cards if it is not included in the overview section.

The details section of the School report card must include the remaining information required in the statute and applicable regulations. An Academy need not include information in the detail section of the report if it includes such information in the overview section. The annual report detail section must include, if appropriate:

- A. student achievement data (i.e., the number and percentage of students at each level of achievement on the State mathematics, reading/language arts, and science assessments), including how achievement in the Academy compares to State as a whole and, for each school in the Academy, how that school compares to the Academy and the State as a whole;
- B. percentages of students assessed and not assessed in each subject (i.e. participation rates on required assessments);
- C. extent alternate assessments aligned with alternate academic achievements standards were used for students with the most significant cognitive disabilities (i.e., the number and percentage of students assessed using alternate academic achievement standards, by grade and subject);
- D. as applicable, number and percentage of recently arrived English learners exempted from one administration of the reading/language arts assessments or whose results are excluded from certain State indicators;
- E. high school graduation rates, including the four (4) year adjusted cohort, and the extended-year adjusted cohort;
- F. postsecondary enrollment rates for each high school;
- G. information collected and reported in compliance with the Civil Rights Data Collection (CRDC) under 20 U.S.C. 3413(c)(1);
- H. progress toward State-designed long-term goals for academic achievement, graduation rates, and English learners achieving English language proficiency (including measurements of interim progress);
- I. level of performance on each indicator included in State accountability system including, as applicable, results on each individual measure within each indicator not already included in the school overview section
- J. information on educator qualifications;

- K. information on per-pupil expenditures (i.e., actual personnel and actual non-personnel; for the Academy as a whole and each school);
- L. State performance on the National Assessment of Educational Progress (NAEP) – math and reading, grades 4 and 8;
- M. description and Results of State accountability system (the Academy may provide the web address or URL of, or a direct link to, a State plan or other location on the Michigan Department of Education's web site to meet this requirement);
- N. additional information best-suited to convey the progress of each school;
- O. other information as required by the State Department of Education.

When presenting data on a report card, the Academy shall protect the privacy of individuals and the privacy of personally identifiable information contained in students' education records in accordance with the Family Educational Rights and Privacy Act (FERPA) and R.C. Section 3319.321.

The Academy's annual report card information must be made publicly available through such means as posting on the Academy's web site and distribution to local media and public agencies.

The Board will provide the school level overview directly to all parents in each school served by the Academy annually.

The data from the local report card is to be used by each of the schools and the Academy as a whole in revising and upgrading school and Academy improvement plans.

Introduction

The Board of Directors of the Michigan International Prep School (hereinafter referred to as “the Board” or “the Academy”) does not discriminate on the basis of sex (including sexual orientation or gender identity), in its education programs or activities, and is required by Title IX of the Education Amendments Act of 1972, and its implementing regulations, not to discriminate in such a manner. The requirement not to discriminate in its education program or activity extends to admission and employment. The Board is committed to maintaining an education and work environment that is free from discrimination based on sex, including sexual harassment.

The Board prohibits Sexual Harassment that occurs within its education programs and activities. When the Academy has actual knowledge of Sexual Harassment in its education program or activity against a person in the United States, it shall promptly respond in a manner that is not deliberately indifferent.

Pursuant to its Title IX obligations, the Board is committed to eliminating Sexual Harassment and will take appropriate action when an individual is determined responsible for violating this policy. Educational Service Provider employees, students, third-party vendors and contractors, guests, and other members of the Academy community who commit Sexual Harassment are subject to the full range of disciplinary sanctions set forth in this policy. The Board will provide persons who have experienced Sexual Harassment ongoing remedies as reasonably necessary to restore or preserve access to the Academy’s education programs and activities.

Coverage

This policy applies to Sexual Harassment that occurs within the Academy’s education programs and activities and that is committed by a member of the Academy community or a Third Party.

This policy does not apply to Sexual Harassment that occurs off school grounds, in a private setting, and outside the scope of the Academy’s education programs and activities; such Sexual Misconduct/Sexual Activity may be prohibited by the Student Code of Conduct if committed by a student, or by Board policies and administrative guidelines, applicable State and/or Federal laws if committed by an Educational Service Provider employee.

Consistent with the U.S. Department of Education’s implementing regulations for Title IX, this policy does not apply to Sexual Harassment that occurs outside the geographic boundaries of the United States, even if the Sexual Harassment occurs in the Academy’s education programs or activities. Sexual Harassment that occurs outside the geographic boundaries of the United States is governed by the Student Code of Conduct if committed by a student, or by Board policies and

administrative guidelines, applicable State and/or Federal laws if committed by an Educational Service Provider employee.

Definitions

Words used in this policy shall have those meanings defined herein; words not defined herein shall be construed according to their plain and ordinary meanings.

Sexual Harassment: "Sexual Harassment" means conduct on the basis of sex that satisfies one or more of the following:

- A. An Educational Service Provider employee conditioning the provision of an aid, benefit, or service of the Academy on an individual's participation in unwelcome sexual conduct (often called "*quid pro quo*" harassment);
- B. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, *and* objectively offensive that it effectively denies a person equal access to the Academy's education program or activity; or
- C. "Sexual assault" as defined in 20 U.S.C. 1092(f)(6)A(v), or "dating violence" as defined in 34 U.S.C. 12291(a)(10), "domestic violence" as defined in 34 U.S.C. 12291(a)(8), or "stalking" as defined in 34 U.S.C. 12291(a)(30).

"Sexual assault" means any sexual act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent. Sexual assault includes rape, sodomy, sexual assault with an object, fondling, incest, and statutory rape.

- 1. *Rape* is penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of age or because of temporary or permanent mental or physical incapacity. Attempted rape is included.
- 2. *Sodomy* is oral or anal sexual intercourse with another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of age or because of temporary or permanent mental or physical incapacity.
- 3. *Sexual Assault with an Object* is using an object or instrument to unlawfully penetrate, however slightly, the genital or anal opening of the body of another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of age or because of temporary or permanent mental or physical incapacity. An "object" or "instrument" is anything used by the offender other than the offender's genitalia.
- 4. *Fondling* is the touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of age or because of temporary or permanent mental or physical incapacity.
- 5. *Incest* is sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by State law.

6. *Statutory Rape* is sexual intercourse with a person who is under the statutory age of consent as defined by State law.
 7. *Consent* refers to words or actions that a reasonable person would understand as agreement to engage in the sexual conduct at issue. A person may be incapable of giving consent because of age or because of temporary or permanent mental or physical incapacity. A person who is incapacitated is not capable of giving consent.
 8. *Incapacitated* refers to the state where a person does not understand and/or appreciate the nature or fact of sexual activity due to the effect of drugs or alcohol consumption, medical condition, disability, or due to a state of unconsciousness or sleep.
- D. "Domestic violence" includes felony or misdemeanor crimes of violence committed by:
1. a current or former spouse or intimate partner of the victim;
 2. a person with whom the victim shares a child in common;
 3. a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner;
 4. a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime occurred; or
 5. any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction in which the crime occurred.
- E. "Dating violence" means violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be determined based on consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship.
- F. "Stalking" means engaging in a course of conduct directed at a specific person that would cause a reasonable person to – (1) fear for the person's safety or the safety of others; or (2) suffer substantial emotional distress.

Complainant: "Complainant" means an individual who is alleged to be the victim of conduct that could constitute Sexual Harassment.

Respondent: "Respondent" means an individual who has been reported to be the perpetrator of conduct that could constitute Sexual Harassment.

Formal Complaint: "Formal Complaint" means a document filed by a Complainant or signed by the Title IX Coordinator alleging Sexual Harassment against a Respondent and requesting that the Academy investigate the allegation(s) of Sexual Harassment. At the time of filing a Formal Complaint with the Academy, a Complainant must be participating in or attempting to participate in the Academy's education program or activity. A "document filed by a complainant" means a document or electronic submission (such as by electronic mail or through an online portal that the Board provides for this purpose) that contains the Complainant's physical or digital signature, or otherwise indicates that the Complainant is the person filing the Formal Complaint. Where the

Title IX Coordinator signs a Formal Complaint, the Title IX Coordinator is not a Complainant or a party to the Formal Complaint and must not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent.

Actual Knowledge: “Actual knowledge” means notice of Sexual Harassment or allegations of Sexual Harassment to the Academy’s Title IX Coordinator, or any Academy official who has authority to institute corrective measures on behalf of the Board, or any Educational Service Provider employee. The mere ability or obligation to report Sexual Harassment or to inform a student about how to report Sexual Harassment, or having been trained to do so, does not qualify an individual as one who has authority to institute corrective measures on behalf of the Academy. “Notice” includes, but is not limited to, a report of Sexual Harassment to the Title IX Coordinator. This standard is not met when the only Academy official with actual knowledge is the Respondent.

Supportive Measures: “Supportive measures” means non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the Complainant or the Respondent before or after the filing of a Formal Complaint or where no Formal Complaint has been filed. Such measures are designed to restore or preserve equal access to the Academy’s education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the Academy’s educational environment, or deter Sexual Harassment. Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, school/campus escort services, mutual restrictions of contact between the parties, changes in work locations), leaves of absence, increased security and monitoring of certain areas of the campus (including academy buildings and facilities), and other similar measures.

Education Program or Activity: “Education program or activity” refers to all operations of the Academy, including but not limited to in-person and online educational instruction, employment, extracurricular activities, athletics, performances, and community engagement and outreach programs. The term applies to all activity that occurs on academy grounds or on other property owned or occupied by the Board. It also includes locations, events and circumstances that take place off-academy property/grounds over which the Board exercises substantial control over both the Respondent and the context in which the Sexual Harassment occurs.

Academy community: “Academy community” refers to students and Educational Service Provider employees (i.e., administrators, and professional and classified staff), as well as Board members, agents, volunteers, contractors, or other persons subject to the control and supervision of the Board.

Third Parties: “Third Parties” include, but are not limited to, guests and/or visitors on Academy property (e.g., visiting speakers, participants on opposing athletic teams, parents), vendors doing business with, or seeking to do business with the Board, and other individuals who come in contact with members of the Academy community at academy-related events/activities (whether on or off Academy property).

Inculpatory Evidence: “Inculpatory evidence” is evidence that tends to establish a Respondent’s responsibility for alleged Sexual Harassment.

Exculpatory Evidence: “Exculpatory evidence” is evidence that tends to clear or excuse a Respondent from allegations of Sexual Harassment.

Day(s): Unless expressly stated otherwise, the term “day” or “days” as used in this policy means business day(s) (i.e., a day(s) that the Board office is open for normal operating hours, Monday – Friday, excluding State-recognized holidays),

Eligible Student: “Eligible Student” means a student who has reached eighteen (18) years of age or is attending an institution of postsecondary education.

Title IX Coordinator(s)

The Board of Directors designates and authorizes the following individual(s) to oversee and coordinate its efforts to comply with Title IX and its implementing regulations:

The Title IX Coordinator shall report directly to the Superintendent. Questions about this policy should be directed to the Title IX Coordinator.

The Superintendent shall notify applicants for admission and employment, students, parents or legal guardians of elementary and secondary school students, and Educational Service Provider employees, the following information:

The Board of Directors of the Michigan International Prep School does not discriminate on the basis of sex in its education program or activity, and is required by Title IX and its implementing regulations not to discriminate in such a manner. The requirement not to discriminate in its education program or activity extends to admission and employment.

The Academy's Title IX Coordinator(s) is/are:

Director of Business and HR
248-289-5521
48 South St.
Ortonville, MI 48462

Director of Program Advancement
248-289-5521
48 South St.
Ortonville, MI 48462

Any inquiries about the application of Title IX and its implementing regulations to the Academy may be referred to the Title IX Coordinator(s), the Assistant Secretary for the U.S. Department of Education's Office for Civil Rights, or both.

The Board has adopted a grievance process that provide for the prompt and equitable resolution of student and employee complaints alleging any action that is prohibited by Title IX and/or its implementing regulations. The grievance process is included in Policy

2266 – Nondiscrimination on the Basis of Sex in Education Programs or Activities, which is available at: <https://www.miprepschool.org/>. The grievance process specifically addresses how to report or file a complaint of sex discrimination, how to report or file a formal complaint of Sexual Harassment, and how the Academy will respond.

The School Leader or Educational Service Provider shall also prominently display the Title IX Coordinator's(s') contact information – including name(s) and/or title(s), phone number(s), office address(es), and e-mail address(es) – and this policy on the Academy's website and in each handbook or catalog that the Board makes available to applicants for admission and employment, students, parents or legal guardians of elementary and secondary school students, Board or Educational Service Provider employees.

Grievance Process

The Board is committed to promptly and equitably resolving student and employee complaints alleging Sexual Harassment. The Academy's response to allegations of Sexual Harassment will treat Complainants and Respondents equitably, including providing supportive measures to the Complainant and Respondent, as appropriate, and following this Grievance Process before imposition of any disciplinary sanctions or other actions, other than supportive measures, against the Respondent.

The Title IX Coordinator(s), along with any investigator(s), decision-maker(s), or any person(s) designated to facilitate an informal resolution process, shall not have a conflict of interest or bias for or against Complainants or Respondents generally or an individual Complainant or Respondent.

If a determination of responsibility for Sexual Harassment is made against the Respondent, the Board will provide remedies to the Complainant. The remedies will be designed to restore or preserve equal access to the Academy's education program or activity. Potential remedies include, but are not limited to, individualized services that constitute supportive measures. Remedies may also be disciplinary or punitive in nature and may burden the Respondent.

Report of Sexual Discrimination/Harassment

Any person may report sex discrimination, including Sexual Harassment (whether or not the person reporting is the person alleged to be the victim of conduct that could constitute sex discrimination or Sexual Harassment), in person, by mail, by telephone, or by electronic mail, using the Title IX Coordinator's(s') contact information listed above, or by any other means that results in the Title IX Coordinator receiving the person's oral or written report. Reports may be made at any time (including during non-business hours), by using the telephone number(s) or electronic mail address(es), or by mail to the office address(es), listed for the Title IX Coordinator(s).

Students, Board members, and Educational Service Provider employees are required, and other members of the Academy community, and Third Parties) are encouraged, to report allegations of sex discrimination or Sexual Harassment promptly to the/a Title IX Coordinator or to any Educational Service Provider employee, who will in turn notify the/a Title IX Coordinator. Reports can be made orally or in writing and should be as specific as possible. The person making the report should, to the extent known, identify the alleged victim(s), perpetrator(s), and witness(es), and describe in detail what occurred, including date(s), time(s), and location(s).

If a report involves allegations of Sexual Harassment by or involving the Title IX Coordinator, the person making the report should submit it to the Superintendent, or another Educational Service

Provider employee who, in turn, will notify the Superintendent of the report. The Superintendent will then serve in place of the Title IX Coordinator for purposes of addressing that report of Sexual Harassment.

The Board does business with various vendors, contractors, and other third-parties who are not students or employees of the Board. Notwithstanding any rights that a given vendor, contractor, or third-party Respondent may have under this policy, the Board retains the right to limit any vendor's, contractor's, or third-party's access to school grounds for any reason. The Board further retains all rights it enjoys by contract or law to terminate its relationship with any vendor, contractor, or third-party irrespective of any process or outcome under this policy.

A person may file criminal charges simultaneously with filing a Formal Complaint. A person does not need to wait until the Title IX investigation is completed before filing a criminal complaint. Likewise, questions or complaints relating to Title IX may be filed with the U.S. Department of Education's Office for Civil Rights at any time.

Any allegations of Sexual Misconduct/Sexual Activity not involving Sexual Harassment will be addressed through the procedures outlined in Board policies the applicable Student Code of Conduct, and/or Employee/Administrator Handbook.

Because the Board is considered to have actual knowledge of Sexual Harassment or allegations of Sexual Harassment if any Educational Service Provider employee has such knowledge, and because the Board must take specific actions when it has notice of Sexual Harassment or allegations of Sexual Harassment, an Educational Service Provider employee who has independent knowledge of or receives a report involving allegations of sex discrimination and/or Sexual Harassment must notify the/a Title IX Coordinator within two (2) days of learning the information or receiving the report. The Educational Service Provider employee must also comply with mandatory reporting responsibilities pursuant to M.C.L. 722.623 and Policy 8462 – Student Abuse and Neglect, if applicable. If the Educational Service Provider employee's knowledge is based on another individual bringing the information to the Educational Service Provider employee's attention and the reporting individual submitted a written complaint to the Educational Service Provider employee, the Educational Service Provider employee must provide the written complaint to the Title IX Coordinator.

If an Educational Service Provider employee fails to report an incident of Sexual Harassment of which the Educational Service Provider employee is aware, the Educational Service Provider employee may be subject to disciplinary action, up to and including termination.

When a report of Sexual Harassment is made, the Title IX Coordinator shall promptly (i.e., within two (2) days of the Title IX Coordinator's receipt of the report of Sexual Harassment) contact the Complainant (including the parent/guardian if the Complainant is under 18 years of age or under guardianship) to discuss the availability of supportive measures, consider the Complainant's wishes with respect to supportive measures, inform the Complainant of the availability of supportive measures with or without the filing of a Formal Complaint, and explain to the Complainant the process for filing a Formal Complaint. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures. Any supportive measures provided to the Complainant or Respondent shall be maintained as confidential, to the extent that maintaining such confidentiality will not impair the ability of the Academy to provide the supportive measures.

Emergency Removal: Subject to limitations and/or procedures imposed by State and/or Federal law, the Academy may remove a student Respondent from its education program or activity on an emergency basis after conducting an individualized safety and risk analysis. The purposes of

the individualized safety and risk analysis is to determine whether the student Respondent poses an immediate threat to the physical health or safety of any student or other individual arising from the allegations of Sexual Harassment that justifies removal. If the Academy determines the student Respondent poses such a threat, it will so notify the student Respondent and the student Respondent will have an opportunity to challenge the decision immediately following the removal. See Policy 5610 – Emergency Removal, Suspension, and Expulsion of Students and Policy 5611 – Due Process Rights

If the Respondent is a non-student employee, the Academy may place the Respondent on administrative leave during the pendency of the grievance process.

For all other Respondents, including other members of the Academy community and Third Parties, the Board retains broad discretion to prohibit such persons from entering onto its academy grounds and other properties at any time and for any reason, whether after receiving a report of Sexual Harassment or otherwise.

Formal Complaint of Sexual Harassment

A Formal Complaint may be filed with the Title IX Coordinator in person, by mail, or by electronic mail, by using the contact information set forth above. If a Formal Complaint involves allegations of Sexual Harassment by or involving the Title IX Coordinator, the Complainant should submit the Formal Complaint to the Superintendent, who will designate another person to serve in place of the Title IX Coordinator for the limited purpose of implementing the grievance process with respect to that Formal Complaint.

When the Title IX Coordinator receives a Formal Complaint or signs a Formal Complaint, the Academy will follow its Grievance Process, as set forth herein. Specifically, the Academy will undertake an objective evaluation of all relevant evidence – including both inculpatory and exculpatory evidence – and provide that credibility determinations will not be based on a person's status as a Complainant, Respondent, or witness.

It is a violation of this policy for a Complainant(s), Respondent(s), and/or witness(es) to knowingly making false statements or knowingly submitting false information during the grievance process, including intentionally making a false report of Sexual Harassment or submitting a false Formal Complaint. The Board will not tolerate such conduct, which is a violation of the Student Code of Conduct.

The Respondent is presumed not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process.

Timeline

The Academy will seek to conclude the grievance process, including resolving any appeals, within sixty (60) days of receipt of the Formal Complaint.

If the Title IX Coordinator offers informal resolution processes, the informal resolution processes may not be used by the Complainant or Respondent to unduly delay the investigation and determination of responsibility. The timeline, however, may be subject to a temporary delay of the grievance process or a limited extension for good cause with written notice to the Complainant and the Respondent of the delay or extension and the reasons for the action. Good cause may include considerations such as the absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; and the need for language assistance or accommodation of disabilities.

Upon receipt of a Formal Complaint, the Title IX Coordinator will provide written notice of the following to the parties who are known:

- A. Notice of the Board's grievance process, including any informal resolution processes;
- B. Notice of the allegations of misconduct that potentially constitutes Sexual Harassment as defined in this policy, including sufficient details known at the time and with sufficient time to prepare a response before any initial interview. Sufficient details include the identities of the parties involved in the incident, if known, the conduct allegedly constituting Sexual Harassment, and the date and location of the alleged incident, if known. The written notice must:
 - 1. include a statement that the Respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility will be made at the conclusion of the grievance process;
 - 2. inform the parties that they may have an advisor of their choice, who may be, but is not required to be, an attorney, and may inspect and review evidence.
 - 3. inform the parties of any provision in the Student Code of Conduct and this policy that prohibits knowingly making false statements or knowingly submitting false information during the grievance process.

If, during the course of the investigation, the investigator becomes aware of allegations about the Complainant or Respondent that are not included in the original notice provided to the parties, the investigator will notify the Title IX Coordinator and the Title IX Coordinator will decide whether the investigator should investigate the additional allegations; if the Title IX Coordinator decides to include the new allegations as part of the investigation, the Title IX Coordinator will provide notice of the additional allegations to the parties whose identities are known.

Dismissal of a Formal Complaint

The Academy shall investigate the allegations in a Formal Complaint, *unless* the conduct alleged in the Formal Complaint:

- A. would not constitute Sexual Harassment (as defined in this policy) even if proved;
- B. did not occur in the Academy's education program or activity; or
- C. did not occur against a person in the United States.

If one of the preceding circumstances exist, the Title IX Coordinator *shall* dismiss the Formal Complaint. If the Title IX Coordinator dismisses the Formal Complaint due to one of the preceding reasons, the Academy may still investigate and take action with respect to such alleged misconduct pursuant to another provision of an applicable code of conduct, Board policy, and/or Employee/Administrator Handbook.

The Title IX Coordinator *may* dismiss a Formal Complaint, or any allegations therein, if at any time during the investigation:

- A. a Complainant notifies the Title IX Coordinator in writing that the Complainant would like to withdraw the Formal Complaint or any allegations therein;

- B. the Respondent is no longer enrolled in the Academy or employed by the Board; or
- C. specific circumstances prevent the Academy from gathering evidence sufficient to reach a determination as to the Formal Complaint or allegations therein.

If the Title IX Coordinator dismisses a Formal Complaint or allegations therein, the Title IX Coordinator must promptly send written notice of the dismissal and the reason(s) therefor simultaneously to the parties.

Consolidation of Formal Complaints

The Title IX Coordinator may consolidate Formal Complaints as to allegations of Sexual Harassment against more than one Respondent, or by more than one Complainant against one or more Respondents, or by one party against the other party, where the allegations of Sexual Harassment arise out of the same facts or circumstances.

Where a grievance process involves more than one Complainant or more than one Respondent, references in this policy to the singular “party,” “Complainant,” or “Respondent” include the plural, as applicable.

Informal Resolution Process

Under no circumstances shall a Complainant be required as a condition of enrollment or continuing enrollment, or employment or continuing employment, or enjoyment of any other right, to waive any right to an investigation and adjudication of a Formal Complaint of Sexual Harassment. Similarly, no party shall be required to participate in an informal resolution process.

If a Formal Complaint is filed, the Title IX Coordinator may offer to the parties an informal resolution process. If the parties mutually agree to participate in the informal resolution process, the Title IX Coordinator shall designate a trained individual to facilitate an informal resolution process, such as mediation, that does not involve a full investigation and adjudication. The informal resolution process may be used at any time prior to the decision-maker(s) reaching a determination regarding responsibility.

If the Title IX Coordinator is going to propose an informal resolution process, the Title IX Coordinator shall provide to the parties a written notice disclosing:

- A. the allegations;
- B. the requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a Formal Complaint arising from the same allegations; and
- C. any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared.

Any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process with respect to the Formal Complaint.

Before commencing the informal resolution process, the Title IX Coordinator shall obtain from the parties their voluntary, written consent to the informal resolution process.

During the pendency of the informal resolution process, the investigation and adjudication processes that would otherwise occur have stayed and all related deadlines are suspended.

The informal resolution process is not available to resolve allegations that an Educational Service Provider employee or another adult member of the Academy community or Third Party sexually harassed a student.

The informal resolution process is not available to resolve allegations involving a sexual assault involving a student Complainant and a student Respondent.

Investigation of a Formal Complaint of Sexual Harassment

In conducting the investigation of a Formal Complaint and throughout the grievance process, the burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility is on the Academy, not the parties.

In making the determination of responsibility, the decision-maker(s) is(are) directed to use the preponderance of the evidence standard. The decision-maker(s) is charged with considering the totality of all available evidence, from all relevant sources.

The Academy is not permitted to access, consider, disclose, or otherwise use a party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party, unless the party provides the Academy with voluntary, written consent to do so; if a student party is not an Eligible Student, the Academy must obtain the voluntary, written consent of a parent.

Similarly, the investigator(s) and decision-maker(s) may not require, allow, rely upon or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege, unless the person holding such privilege has waived the privilege in writing.

As part of the investigation, the parties have the right to:

- A. present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence; and
- B. have others present during any grievance proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney. The Academy may not limit the choice or presence of an advisor for either the Complainant or Respondent in any meeting or grievance proceeding.

Neither party shall be restricted in their ability to discuss the allegations under investigation or to gather and present relevant evidence.

The Academy will provide to a party whose participation is invited or expected written notice of the date, time, location, participants, and purpose of all investigative interviews, or other meetings, with sufficient time for the party to prepare to participate. The investigator(s) and decision-maker(s) must provide a minimum of one (1) days' notice with respect to investigative interviews and other meetings.

Both parties shall have an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in the Formal Complaint, including the evidence upon which the Academy does not intend to rely in reaching a determination regarding responsibility and inculpatory or exculpatory evidence whether obtained from a party or other source, so that each party can meaningfully respond to the evidence prior to the conclusion of the investigation.

Prior to completion of the investigative report, the investigator or Title IX Coordinator will send to each party and the party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy, and the parties will have at least ten (10) calendar days to submit a written response, which the investigator will consider prior to completion of the investigative report.

At the conclusion of the investigation, the investigator shall create an investigative report that fairly summarizes relevant evidence and send the report to each party and the party's advisor, if any, for their review and written response. The investigator will send the investigative report in an electronic format or a hard copy, at least ten (10) calendar days prior to the decision-maker(s) issuing a determination regarding responsibility.

Determination of Responsibility

The Title IX Coordinator shall appoint a decision-maker(s) to issue a determination of responsibility. The decision-maker(s) cannot be the same person(s) as the Title IX Coordinator(s) or the investigator(s).

After the investigator sends the investigative report to the parties and the decision-maker(s), and before the decision-maker(s) reaches a determination regarding responsibility, the decision-maker(s) will afford each party the opportunity to submit written, relevant questions that a party wants asked of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions from each party. The decision-maker(s) must explain to the party proposing the questions any decision to exclude a question as not relevant.

Questions and evidence about the Complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the Complainant's prior sexual behavior are offered to prove that someone other than the Respondent committed the conduct alleged by the Complainant, or if the questions and evidence concern specific incidents of the Complainant's prior sexual behavior with respect to the Respondent and are offered to prove consent. The decision-maker(s) must explain to the party proposing the questions any decision to exclude a question as not relevant.

Determination regarding responsibility: The decision-maker(s) will issue a written determination regarding responsibility. To reach this determination, the decision-maker(s) must apply the preponderance of the evidence standard.

The written determination will include the following content:

- A. identification of the allegations potentially constituting Sexual Harassment pursuant to this policy;
- B. a description of the procedural steps taken from the receipt of the Formal Complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, [and] methods used to gather other evidence;

- C. findings of fact supporting the determination;
- D. Conclusions regarding the application of the applicable code of conduct to the facts;
- E. a statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the decision-maker(s) is recommending that the Academy impose on the Respondent(s), and whether remedies designed to restore or preserve equal access to the Academy's education program or activity should be provided by the Academy to the Complainant(s); and
- F. the procedures and permissible bases for the Complainant(s) and Respondent(s) to appeal.

The following disciplinary sanctions/consequences may be imposed on a student Respondent who is determined responsible for violating this policy (i.e., engaging in Sexual Harassment):

- A. Informal Discipline as determined by the Title IX coordinator
- B. Formal Discipline
 - 1. removal from co-curricular and/or extra-curricular activity(ies), including athletics;
 - 2. emergency removal;
 - 3. suspension for up to ten (10) school days;
 - 4. long-term suspension or expulsion;
 - 5. any other sanction authorized by the Student Code of Conduct.

If the decision-maker(s) determines the student Respondent is responsible for violating this policy (i.e., engaging in Sexual Harassment), the decision-maker(s) will recommend appropriate remedies, including disciplinary sanctions/consequences. The Title IX Coordinator will notify the Superintendent of the recommended remedies, so an authorized administrator can consider the recommendation(s) and implement an appropriate remedy(ies) in compliance with Policy 5600 – Student Discipline, Policy 5605 – Suspension/Expulsion of Students with Disabilities, Policy 5610 – Emergency Removal, Suspension, and Expulsion of Students, Policy 5610.02 - In-School Discipline, and Policy 5611 – Due Process Rights. Discipline of a student Respondent must comply with the applicable provisions of the Individuals with Disabilities Education Improvement Act (IDEA) and/or Section 504 of the Rehabilitation Act of 1972, and their respective implementing regulations.

The following disciplinary sanctions/consequences may be imposed on an employee Respondent who is determined responsible for violating this policy (i.e., engaging in Sexual Harassment):

- A. written reprimands;
- B. performance improvement plan;
- C. required counseling;
- D. required training or education;

- E. demotion;
- F. suspension with pay;
- G. suspension without pay;
- H. termination, and any other sanction

If the decision-maker(s) determines the employee Respondent is responsible for violating this policy (i.e., engaging in Sexual Harassment), the decision-maker(s) will recommend appropriate remedies, including disciplinary sanctions/consequences. The Title IX Coordinator will notify the Superintendent or Educational Service Provider of the recommended remedies, so an authorized administrator can consider the recommendation(s) and implement an appropriate remedy(ies) in compliance with applicable due process procedures, whether statutory or contractual.

Discipline of an employee will be implemented in accordance with Federal and State law, and Board policy.

The following disciplinary sanctions/consequences may be imposed on a non-student/non-employee member of the Academy community or Third Party who is determined responsible for violating this policy (i.e., engaging in Sexual Harassment):

- A. oral or written warning;
- B. suspension or termination/cancellation of the Board's contract with the third-party vendor or contractor;
- C. mandatory monitoring of the third-party while on academy property and/or while working/interacting with students;
- D. restriction/prohibition on the third-party's ability to be on academy property; and
- E. any combination of the same.

If the decision-maker(s) determines the third-party Respondent is responsible for violating this policy (i.e., engaging in Sexual Harassment), the decision-maker(s) will recommend appropriate remedies, including imposition of sanctions. The Title IX Coordinator will notify the Superintendent and/or Educational Service Provider of the recommended remedies, so appropriate action can be taken.

The decision-maker(s) will provide the written determination to the Title IX Coordinator who will provide the written determination to the parties simultaneously.

In ultimately, imposing a disciplinary sanction/consequence, the Superintendent or Educational Service Provider will consider the severity of the incident, previous disciplinary violations (if any), and any mitigating circumstances.

The Academy's resolution of a Formal Complaint ordinarily will not be impacted by the fact that criminal charges involving the same incident have been filed or that charges have been dismissed or reduced.

At any point in the grievance process, the Superintendent may involve local law enforcement and/or file criminal charges related to allegations of Sexual Harassment that involve a sexual assault.

The Title IX Coordinator is responsible for effective implementation of any remedies.

Appeal

Both parties have the right to file an appeal from a determination regarding responsibility, or from the Title IX Coordinator's dismissal of a Formal Complaint or any allegations therein, on the following bases:

- A. Procedural irregularity that affected the outcome of the matter (e.g., material deviation from established procedures);
- B. New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and
- C. The Title IX Coordinator, investigator(s), or decision-maker(s) had a conflict of interest or bias for or against Complainants or Respondents generally or the individual Complainant(s) or Respondent(s) that affected the outcome of the matter.
- D. The recommended remedies (including disciplinary sanctions/consequences) are unreasonable in light of the findings of fact (i.e., the nature and severity of the Sexual Harassment).

The Complainant(s) may not challenge the ultimate disciplinary sanction/consequence that is imposed.

Any party wishing to appeal the decision-maker(s)'s determination of responsibility, or the Title IX Coordinator's dismissal of a Formal Complaint or any allegations therein, must submit a written appeal to the Title IX Coordinator within five (5) days after receipt of the decision-maker(s)'s determination of responsibility or the Title IX Coordinator's dismissal of a Formal Complaint or any allegations therein.

Nothing herein shall prevent the Superintendent or Educational Service Provider from imposing any remedy, including disciplinary sanction, while the appeal is pending.

As to all appeals, the Title IX Coordinator will notify the other party in writing when an appeal is filed and implement appeal procedures equally for both parties.

The decision-maker(s) for the appeal shall not be the same person(s) as the decision-maker(s) that reached the determination regarding responsibility or dismissal, the investigator(s), or the Title IX Coordinator(s). The decision-maker(s) for the appeal shall not have a conflict of interest or bias for or against Complainants or Respondents generally or an individual Complainant(s) or Respondent(s) and shall receive the same training as required of other decision-makers.

Both parties shall have a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome.

The decision-maker(s) for the appeal shall determine when each party's written statement is due.

The decision-maker(s) for the appeal shall issue a written decision describing the result of the appeal and the rationale for the result. The original decision-maker(s)' determination of responsibility will stand if the appeal request is not filed in a timely manner or the appealing party fails to show clear error and/or a compelling rationale for overturning or modifying the original determination. The written decision will be provided to the Title IX Coordinator who will provide it simultaneously to both parties. The written decision will be issued within five (5) days of when the parties' written statements were submitted.

The determination of responsibility associated with a Formal Complaint, including any recommendations for remedies/disciplinary sanctions, becomes final when the time for filing an appeal has passed or, if an appeal is filed, at the point when the decision-maker(s) for the appeal's decision is delivered to the Complainant and the Respondent. No further review beyond the appeal is permitted.

Retaliation

Neither the Board nor any other person may intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title IX, its implementing regulations, or this policy, or because the individual made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing under this policy. Intimidation, threats, coercion, or discrimination, including charges against an individual for code of conduct violations that do not involve sex discrimination or Sexual Harassment, but arise out of the same facts or circumstances as a report or complaint of sex discrimination, or a report or Formal Complaint of Sexual Harassment, for the purpose of interfering with any right or privilege secured by Title IX, its implementing regulations, or this policy, constitutes retaliation. Retaliation against a person for making a report of Sexual Harassment, filing a Formal Complaint, or participating in an investigation is a serious violation of this policy that can result in imposition of disciplinary sanctions/consequences and/or other appropriate remedies.

Complaints alleging retaliation may be filed according to the grievance process set forth above.

The exercise of rights protected under the First Amendment of the United States Constitution does not constitute retaliation prohibited under this policy.

Charging an individual with a code of conduct violation for making a materially false statement in bad faith in the course of a grievance proceeding under this policy shall not constitute retaliation, provided, however, that a determination regarding responsibility, alone, is not sufficient to conclude that any party made a materially false statement in bad faith.

Confidentiality

The Academy will keep confidential the identity of any individual who has made a report or complaint of sex discrimination, including any individual who has made a report or filed a Formal Complaint of Sexual Harassment, any Complainant, any individual who has been reported to be the perpetrator of sex discrimination, any Respondent, and any witness, except as may be permitted by the Family Educational Rights and Privacy Act ("FERPA"), 20 U.S.C. 1232g, or FERPA regulations, 34 CFR part 99, or as required by law, or to carry out the purposes of 34 CFR part 106, including the conduct of any investigation, hearing, or judicial proceeding arising thereunder (i.e., the Academy's obligation to maintain confidentiality shall not impair or otherwise affect the Complainant's and Respondent's receipt of the information to which they are entitled related to the investigative record and determination of responsibility).

Application of the First Amendment

The Board will construe and apply this policy consistent with the First Amendment to the U.S. Constitution. In no case will a Respondent be found to have committed Sexual Harassment based on expressive conduct that is protected by the First Amendment.

Training

The Academy's Title IX Coordinator, along with any investigator(s), decision-maker(s), or person(s) designated to facilitate an informal resolution process, must receive training on:

- A. the definition of Sexual Harassment (as that term is used in this policy);
- B. the scope of the Academy's education program or activity;
- C. how to conduct an investigation and implement the grievance process, appeals and informal resolution processes, as applicable; and
- D. how to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interests, and bias.

All Educational Service Provider employees will be trained concerning their legal obligation to report Sexual Harassment to the Title IX Coordinator. This training will include practical information about how to identify and report Sexual Harassment.

Recordkeeping

As part of its response to alleged violations of this policy, the Academy shall create, and maintain for a period of seven (7) calendar years, records of any actions, including any supportive measures, taken in response to a report or Formal Complaint of Sexual Harassment. In each instance, the Academy shall document the basis for its conclusion that its response was not deliberately indifferent, and document that it has taken measures designed to restore or preserve equal access to the Academy's education program or activity. If the Academy does not provide a Complainant with supportive measures, then the Academy will document the reasons why such a response was not clearly unreasonable in light of the known circumstances. The documentation of certain bases or measures does not limit the Academy in the future from providing additional explanations or detailing additional measures taken.

The Academy shall maintain for a period of seven (7) calendar years the following records:

- A. each Sexual Harassment investigation including any determination regarding responsibility any disciplinary sanctions recommended and/or imposed on the Respondent(s), and any remedies provided to the Complainant(s) designed to restore or preserve equal access to the Academy's education program or activity
- B. any appeal and the result therefrom
- C. any informal resolution and the result therefrom, and
- D. all materials used to train Title IX Coordinators, investigators, decisionmakers, and any person who facilitates an informal resolution process.

The Academy will make its training materials publicly available on its website. If a person is unable to access the Academy's website, the Title IX Coordinator will make the training materials available upon request for inspection by members of the public.

Outside Appointments, Dual Appointments, and Delegations

The Board retains discretion to appoint suitably qualified persons who are not Educational Service Provider employees to fulfill any function of the Board under this policy, including, but not limited to, Title IX Coordinator, investigator, decision-maker, decision-maker for appeals, facilitator of informal resolution processes, and advisor.

The Board also retains discretion to appoint two or more persons to jointly fulfill the role of Title IX Coordinator, investigator, decision-maker, decision-maker for appeals, facilitator of informal resolution processes, and advisor.

The Superintendent or Educational Service Provider may delegate functions assigned to a specific Superintendent or Educational Service Provider employee under this policy, including but not limited to the functions assigned to the Title IX Coordinator, investigator, decision-maker, decision-maker for appeals, facilitator of informal resolution processes, and advisor, to any suitably qualified individual and such delegation may be rescinded by the Superintendent or Educational Service Provider at any time.

Discretion in Application

The Board retains discretion to interpret and apply this policy in a manner that is not clearly unreasonable, even if the Board's interpretation or application differs from the interpretation of any specific Complainant and/or Respondent.

Despite the Board's reasonable efforts to anticipate all eventualities in drafting this policy, it is possible unanticipated or extraordinary circumstances may not be specifically or reasonably addressed by the express policy language, in which case the Board retains discretion to respond to the unanticipated or extraordinary circumstance in a way that is not clearly unreasonable.

The provisions of this policy are not contractual in nature, whether in their own right, or as part of any other express or implied contract. Accordingly, the Board retains discretion to revise this policy at any time, and for any reason. The Board may apply policy revisions to an active case provided that doing so is not clearly unreasonable.

RELIGION IN THE CURRICULUM

Reference: U.S. Constitutional Amendment 1
M.C.L. 380.1187

Based on the First Amendment protection against the establishment of religion in the schools, no Board employee will promote religion in the classroom or in the Academy's curriculum, or compel or pressure any student to participate in devotional exercises. Displays of a religious character must conform with Policy 8800. Instructional activities shall not be permitted to advance or inhibit any particular religion or religion generally.

An understanding of religions and their effects on civilization is essential to the thorough education of young people and to their appreciation of a pluralistic society. To that end, curriculum may be developed to include instruction about the religions of the world, as appropriate to the various ages and attainment of the students.

The Board acknowledges the degree to which a religious consciousness has permeated the arts, literature, music, and issues of morality. The instructional and resource materials approved for use in the Academy frequently contain religious references or concern moral issues traditionally the focus of religious concern. That such materials may be religious in nature shall not, by itself, bar their use by the Academy. The Board directs that such materials be neutral in their approach and avoid using them to advance or inhibit religion in any way.

The Board recognizes that religious traditions vary in their perceptions and doctrines regarding the natural world and its processes. The curriculum is chosen for its place in the education of the Academy's students, not for its conformity to religious principles. Students should receive unbiased instruction in the Academy, so they may privately accept or reject the knowledge thus gained, in accordance with their own religious tenets.

Accordingly, no student shall be exempted from attendance in a required course of study on the grounds that the instruction therein interferes with the free exercise of his/her religion. However, if after careful, personal review of the program's lessons and/or materials, a parent indicates to the school that either the content or activities conflict with his/her religious beliefs or value system, the school will honor a written request for his/her child to be excused from a particular class periods for specified reasons. The student will be provided with alternate learning activities during the times of such parent requested absence.

No classroom teacher shall be prohibited from providing reasonable periods of time for activities of a moral, philosophical, or patriotic theme. No student shall be required to participate in such activities if they are contrary to the religious convictions of the student or his/her parents or guardians.

The Board acknowledges that it may not adopt any policy or rule respecting or promoting an establishment of religion or prohibiting any student from the free, individual, and voluntary exercise or expression of the student's religious beliefs. However, such exercise or expression may be limited to lunch periods or other non-instructional time periods when students are free to associate.

POSTSECONDARY (DUAL) ENROLLMENT OPTION PROGRAM

Reference: MCL 380.1279g, 380.1473, 380.1481, 388.1621(b), 388.513, 388.513a, 388.514, 388.1930a

The Board of Directors recognizes the value to students and to the Academy for students to participate in courses offered by accredited and degree-granting colleges and universities. Eligible postsecondary institutions shall include state universities, community colleges, and independent nonprofit degree-granting colleges or universities located in Michigan and that choose to comply with the Postsecondary Enrollment Options Act and out-of-state colleges satisfying the requirements of M.C.L. 388.513 that choose to comply with the Postsecondary Enrollment Options Act.

The Board will allow eligible high school students who meet the criteria established in guidelines/procedures to enroll in eligible postsecondary courses while in attendance at the Academy. The School Leader shall allow a student, upon written request of his/her parent to take approved readiness assessment(s) in order to establish eligibility for postsecondary enrollment. Any tests are to be administered free of charge in accordance with the Academy's testing schedule. Students will be eligible to receive appropriate credit for completing any of these courses providing they meet all requirements for the type of credit they wish to earn.

The Educational Service Provider shall establish the necessary administrative procedures to ensure that such courses are in accord with State law and are properly communicated to both the students and their parents. The Educational Service Provider shall also establish procedures/guidelines for the awarding of credit and the proper entry on a student's transcript and other records of his/her participation in a postsecondary program.

Upon receipt of a bill from the postsecondary institution itemizing the charges for a student's participation in a particular course, the Academy shall either pay the bill or the prorated percentage of the State portion of the foundation allowance for that student, whichever is lower. If charges exceed such payment, the student and his/her parents are responsible for the remaining charges.

If a student participating in the postsecondary (dual) enrollment program fails to successfully complete an eligible course, the student and his/her parents are responsible for reimbursing the Academy for such charges incurred by the Academy for such enrollment. In the event reimbursement is not made in a reasonable period of time, the Educational Service Provider is authorized to file claim against the student and/or his/her parents in Small Claims Court for collection.

The Educational Service Provider is to submit annually to the Board the following information:

- A. the amount of money paid to postsecondary institutions for this program
- B. the number of students in the high school and the number who participated in at least one (1) postsecondary program and received payment for all or part of the eligible charges under this program both in the aggregate and by grade level
- C. the percentage of the Academy's enrollment represented by eligible students both in the aggregate and by grade level

- D. the total number of postsecondary courses for which the Academy made payment, the number of courses for which postsecondary credit was granted, the number of courses for which high school credit was granted, and the number of courses that were not completed by eligible students

NEW POLICY FOR MICHIGAN INTERNATIONAL PREP SCHOOL

FIELD AND OTHER ACADEMY-SPONSORED TRIPS

Reference: MCL 380.502, 380.503

The Board of Directors recognizes that field trips, when used for teaching and learning integral to the curriculum, are an educationally sound and important ingredient in the instructional program of the Academy. Properly planned and executed field trips should accomplish the following:

- A. supplement and enrich classroom procedures by providing learning experiences in an environment outside the classroom;
- B. arouse new interests among students;
- C. help students relate classroom experiences to the reality of the world outside of school;
- D. bring the resources of the community - natural, artistic, industrial, commercial, governmental, and educational - within the student's learning experience;
- E. afford students the opportunity to study real things and real processes in their actual environment.

For purposes of this policy, a field trip shall be defined as any planned journey by one or more students away from the Academy premises that is under the supervision of a staff member and is an integral part of a course of study. Other Academy-sponsored trips shall be defined as any planned, student travel activity that is approved as part of the Academy's total educational program.

The Board shall approve those field trips and other Academy-sponsored trips which are planned to keep students out of the Academy overnight or longer or out of the State.

All other trips must be approved by the Superintendent.

Students may be charged fees for Academy-sponsored trips. Nonparticipation shall not be penalized academically.

Students on all Academy-sponsored trips remain under the supervision of this Board and are subject to the Administrative Procedures.

The Board does not endorse, support, or assume liability in any way for any staff member, volunteer, or parent of the Academy who takes students on trips not approved by the Board or the Superintendent. No staff member may solicit students of this Academy for such trips within the facilities or on the school grounds of the Academy without permission from the School Leader. Permission to solicit neither grants nor implies approval of the trip. Such approval must be obtained in accordance with the Administrative Procedures for Extended Trips.

The Superintendent shall prepare Administrative Procedures for the operation of both field and other Academy-sponsored trips, including athletic trips, which shall ensure the following:

- A. the safety and well-being of students is secure;
- B. parental permission is sought and obtained before any student leaves the Academy on a trip;
- C. each trip is properly planned and, if a field trip, is integrated with the curriculum, evaluated, and followed up by appropriate activities to enhance its usefulness;
- D. the effectiveness of field trip activities is judged in terms of demonstrated learning outcomes;
- E. each trip is properly monitored;
- F. student behavior while on all field trips complies with the Student Code of Conduct and on all other trips complies with an approved code of conduct for the trip;
- G. a copy of each student's Emergency Medical Authorization Form is in the possession of the staff member in charge.

A professional staff member shall not change a planned itinerary while the trip is in progress, except where the health, safety, or welfare of the students in his/her charge is imperiled or where changes or substitutions beyond his/her control have frustrated the purpose of the trip.

In any instance in which the itinerary of a trip is altered, the professional staff member in charge shall notify the administrative superior immediately.

PROHIBITION OF REFERRAL OR ASSISTANCE

Reference: M.C.L. 388.1766

In accordance with Michigan statute, any academy official, member of the Board of Directors, or employee of the Board who is not the parent or the legal guardian of the student involved is prohibited from referring a student for an abortion or assisting a student in obtaining an abortion. Any academy official, member of the Board, or employee of the Board who violates this policy is subject to disciplinary action.

Any alleged violation of this policy shall be reported to the Educational Service Provider, who shall follow the procedures set out in Policy 1439, staff handbook, or the current negotiated bargaining agreement, whichever is applicable, to investigate the allegation. If the allegation relates to an academy official, member of the Board, or employee of the Board to whom Policy 1439, staff handbook or a current negotiated bargaining agreement does not apply, the Educational Service Provider shall conduct an investigation, as appropriate to the situation, including providing the person with reasonable notice and the opportunity to respond. All disciplinary measures available under Board Policy 1439 or staff handbook may be utilized, as appropriate, if the Educational Service Provider determines that a violation of this policy occurred.

Reference: MCL 380.1169, 380.1507, 388.1766
AC Rule 388.273 et seq.

The Board of Directors directs that instruction be provided on the principal modes by which dangerous communicable diseases, including HIV and AIDS, are spread and the best methods for the restriction and prevention of these diseases. The instruction shall stress that abstinence from sex is the only protection that is 100% effective against unplanned pregnancy and sexually transmitted diseases, including HIV and AIDS, and that abstinence is a positive lifestyle for unmarried young people.

No person shall dispense or otherwise distribute in an Academy or on Academy property a family planning drug or device. Licensed health care professionals who have received training on human immunodeficiency virus infection and acquired immunodeficiency syndrome are exempt from this requirement.

The Academy shall notify parents, in advance of the instruction, about the content of the instruction, give the parents an opportunity, prior to instruction, to review the materials to be used (other than tests), and observe the instruction. The Academy shall further advise the parents of their right to have their child excused from the instruction.

Before any revisions to the curriculum on the subjects taught pursuant to M.C.L. 380.1169 are implemented, the Board shall hold at least two (2) public hearings on the proposed revisions. The hearings shall be held at least one (1) week apart and public notice of the hearings shall be given in the manner required for board meetings. A public hearing held pursuant to this section may be held in conjunction with a public hearing held pursuant to M.C.L. 380.1507.

Upon request, parents shall have the right to inspect a survey or evaluation created by a third party before the survey/evaluation is administered or distributed by the Academy to the student. The parent shall have access to the survey/evaluation within a reasonable period of time after the request is received by the School Leader.

To ensure the right of parents, the Board directs the Educational Service Provider, to perform the following:

The term does not include academic tests or assessments.

The Educational Service Provider, shall provide notice directly to parents of students enrolled in the Academy of the substantive content of this policy, at least annually at the beginning of the school year and within a reasonable period of time after any substantive change in this policy. In addition, the Educational Service Provider, shall notify parents of students in the Academy, at least annually at the beginning of the school year, of the specific or approximate dates during the school year when the following activities are scheduled or expected to be scheduled:

The Educational Service Provider shall develop Administrative Procedures for the implementation of this policy.

The Academy shall assume primary responsibility for the administration and delivery of special education programs and services to students with disabilities. The Academy is committed to the provision of a continuum of special education programs and services to disabled students in cooperation with the appropriate Intermediate School District. To that end, every attempt will be made to first serve disabled students in the context of a regular education classroom. Other more restrictive environments, such as resource rooms, self-contained categorical classrooms, or settings outside the Academy will be considered only after consideration has been given by the individual educational plan as to the feasibility of placement in the regular classroom.

The Educational Service Provider, shall adopt Administrative Procedures that are consistent with State laws and regulations to coordinate services for children with disabilities.

The Educational Service Provider shall take measurable steps to recruit, hire, train, and retain highly qualified personnel to provide special education and related services to children with disabilities.

PROGRAM ACCOUNTABILITY AND EVALUATION

The Board of Directors believes that effective education includes proper evaluation of the results produced from the educational resources provided by the community and the government. As the governing body of the Academy, the Board has the responsibility for assessing and evaluating the academic growth of its students. The Board shall fulfill this responsibility by establishing a means for the continued evaluation of results, which shall be systematic and specific.

The following elements shall be included in its accountability program:

- A. Achievement status to measure how well the Academy is educating all students.
- B. Achievement changes to measure if student achievement is improving or declining.
- C. Achievement growth to measure whether students are receiving at least one year of academic growth for each year of instruction.

The Educational Service Provider shall maintain a calendar of assessment activities and make periodic evaluation reports to the Board regarding the above categories within all curriculum content areas and grade levels. Findings of the assessment program may be used to evaluate the progress of students.

The Educational Service Provider shall recommend improvements in the educational program annually, based on the evaluation of the Academy's program. Such improvements shall reflect the plans for improvement of the educational program. The School Improvement Plan shall be based on staff's findings from program evaluations at each level and on the evaluations provided by the School improvement team (see Policy 2120).

The Board reserves the right to employ experts from outside the Academy to serve in the evaluation process.

Annually the Board will make available to the public the progress of the student body toward the educational goals of the Academy.

Assessment results obtained under this policy shall not be used for comparison purposes except as required by statute and Michigan Department of Education regulations or for internal evaluation, as authorized by the Educational Service Provider or Board.

CONFLICT OF INTEREST

Reference: 2 CFR 200.318

Staff members shall perform their official duties in a manner free from conflict of interest.

A. The maintenance of unusually high standards of honesty, integrity, impartiality, and professional conduct by Academy personnel is essential to ensure the proper performance of school business as well as to earn and keep public confidence in the Academy. To accomplish this, the Board of Directors has adopted procedures to assure that conflicts of interest do not occur. The following are not intended to be all inclusive or to substitute for good judgment on the part of all personnel:

1. No staff member shall engage in or have a financial interest, directly or indirectly, in any activity that conflicts or raises a reasonable question of conflict with his/her duties and responsibilities. When a staff member determines that the possibility of a personal interest conflict exists, he/she should disclose his/her interest prior to the matter being considered by the Board or administration. Such disclosure shall become a matter of record in the minutes of the Board.
2. No staff member shall use his/her position to benefit either himself/herself or any other individual or agency apart from the total interest of the Academy.
3. If the pecuniary interest pertains to a proposed contract with the Academy, the following requirements must be met:

The staff member shall disclose the direct pecuniary interest in the contract to the Board, with such disclosure made a part of the official Board minutes. If his/her direct pecuniary interest amounts to \$250 or more, or five percent (5%) or more of the contract cost to the Academy, the staff member shall make the disclosure in one (1) of two (2) ways:

- a. In writing, to the Board president, at least seven (7) days prior to the meeting at which the vote on the contract will be taken. The disclosure shall be made public in the same manner as the Board's notices of its public meetings. (See Bylaw 0165.)
 - b. By announcement, at a meeting, at least seven (7) days prior to the meeting at which a vote on the contract is to be taken. The staff member must use this method of disclosure if his/her pecuniary interest amounts to \$5,000 or more.
4. Staff members shall not engage in business, private practice of their profession, the rendering of services, or the sale of goods of any type where advantage is taken of any professional relationship they may have with any student, client, or parents of such students or clients in the course of their employment.

Included, by way of illustration rather than limitation, are the following:

- a. the provision of any private lessons or services for a fee;
 - b. the use, sale, or improper divulgence of any privileged information about a student or client gained in the course of the employment or through access to Academy records;
 - c. the referral of any student or client for lessons or services to any private business or professional practitioner, if there is any expectation of reciprocal referrals, sharing of fees, or other remuneration for such referrals;
 - d. the requirement of students or clients to purchase any private goods or services provided by a staff member or any business or professional practitioner with whom the staff member has a financial or other relationship, as a condition of receiving any grades, credits, promotions, approvals, or recommendations.
5. Staff members shall not make use of materials, equipment, or facilities of the Academy in private practice. Examples include using facilities before, during, or after regular business hours for service to private practice clients or checking out items from an instructional materials center for the purpose of private practice.
 6. Staff members may not participate in the selection, award, or administration of a contract supported by a Federal grant/award if the staff member has a real or apparent conflict of interest. Such a conflict of interest would arise when the staff member, any member of his/her immediate family, his/her partner, or an organization which employs or is about to employ the staff member, has a financial or other interest in or a tangible personal benefit from a firm considered for a contract.
 7. Staff members may not solicit or accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts. involved with Federal grant funds
- B. Staff members must disclose any potential conflict of interest which may lead to a violation of this policy to the Board. Upon discovery of any potential conflict of interest, the Board will disclose, in writing, the potential conflict of interest to the appropriate Federal awarding agency or, if applicable, the pass-through entity.
- The Academy will also disclose, in a timely manner, all violations of Federal criminal law involving fraud, bribery or gratuity that affect a Federal award to the appropriate Federal awarding agency or, if applicable, the pass-through entity.
- C. Should exceptions to this policy be necessary to provide services to students or clients of the Academy, all such exceptions will be made known to the immediate supervisor and will be disclosed to the Educational Service Provider before entering into any private relationship.

- D. Staff members found to be in violation of this conflict of interest policy will be subject to disciplinary action up to and including termination, as permitted by applicable Board policy.

CRIMINAL HISTORY RECORD CHECK

Reference: MCL 380.1230, et. seq., 380.1535, 380.1535a, 380.1809, 28.722

Before the Board of Directors hires any employee (full or part-time) or allows any individual under contract to continuously and regularly work in the schools, a criminal history records check shall be conducted in accordance with State law.

"Under contract" shall apply to individuals, as well as owners and employees of entities, who contract directly with the Board or with a third party vendor, management company, or similar contracting entity to provide food, custodial, transportation, counseling or administrative services on more than an intermittent or sporadic basis. It shall also apply to individuals or entities providing instructional services to students or related auxiliary services to special education students.

Prior to allowing an individual, who is subject to the criminal history record check requirement, to work in the Academy, the Academy shall submit a fingerprint-based check on the individual, using Michigan State Police (MSP) Form RI-030 (7/2012), regardless of whether the individual will work directly for the Academy or be contracted through a third-party vendor, management company or similar contracting entity ("Private Contractors"). Except as provided below, the report from the MSP must be received, reviewed and approved by the Academy prior to the individual commencing work.

Such Private Contractors cannot receive or retain criminal history record information ("CHRI").¹ Where the Academy will contract with a Private Contractor for the services of an individual, the Academy will notify the Private Contractor(s), after review of the MSP report, whether the individual has been approved to work in the Academy. The Academy may not give any details, including the fact that a criminal history check was run. Notice for approval to work in the Academy should use the Affidavit of Assignment or similar "red light/green light" procedure.

Should it be necessary to employ a person or contract for a person to maintain continuity of the program prior to receipt of the criminal history report, the Board may contract on a provisional basis until the report is received. Any such provisional hire requires that:

- A. the record check has been requested;
- B. the applicant has signed a disclosure of all convictions and acknowledges that employment may be terminated if there are discrepancies; and
- C. the hiring occurs during the school year or not more than thirty (30) days before the beginning of the school year.

For substitute teachers or substitute bus drivers currently working in another school, public school academy or non-public school in the State, the Board may use a report received from the State Police by such school to confirm the individual has no criminal history. Absent such confirmation, a criminal history record check shall be performed.

¹ Individuals who submit and receive such criminal history record checks on behalf of the Academy must be direct employees of the Academy or, if such access is approved by the Board, ESP personnel who are provided view only access by the Local Agency Security Officer. Notwithstanding this, Information Technology contractors and vendors may be granted access to CHRI subject to successful completion of a national fingerprint-based criminal history record check as detailed in Policy 8321.

Individuals working in multiple Schools/Academies or districts may authorize the release of a prior criminal history records check with another Academy or district in lieu of an additional check for either direct employment or working regularly and consistently under contract in the schools.

Individuals who previously received a statutorily required criminal background check and who have been continuously employed by a school, Intermediate School District, public school academy or non-public school within the State, with no separation, may have their previous record check sent to the Board in lieu of submitting to a new criminal background check. If this method is used, the Board must confirm that the record belongs to that individual and whether there have been any additional convictions by processing the individual's name, sex and date of birth through the Internet Criminal History Access Tool (ICHAT).

"No separation," for purposes of the preceding paragraph, means a lay off or leave of absence of less than twelve (12) months with the same employer; or the employee transfers without a break in service to another school, Intermediate School District, public school academy or non-public school within the State.

All CHRI received from the State Police or produced by the State Police and received by the Academy from another proper source, will be maintained pursuant to Policy 8321.

When the Board receives a report that shows an individual has been convicted of a listed offense under State statutes or any felony, the Board shall take steps to verify that information using public records, in accordance with the procedures provided by the State Department of Education.

Verified convictions may result in termination of employment or rejection of an application. The Board will not hire or continue to employ any individual, either directly or as a contracted employee to work regularly and continuously in the schools, who has been convicted of a "listed" offense as defined in MCL 28.722. The Board will not hire or continue to employ any individual, either directly or as a contracted employee to work regularly and continuously in the schools, who has been convicted of any felony unless both the Board provides written approval.

The Board must report as directed by and to the State Department of Education the verified information regarding conviction for any listed offense or conviction for any felony and the action taken by the Board with regard to such conviction. Such report shall be filed within sixty (60) days of receipt of the original report of the conviction.

All those employed by the Board, either directly or under contract to regularly and continuously work in the schools prior to January 1, 2006, must undergo a criminal history records check, regardless of whether they have previously had such a check prior to 2006. The School Leader shall determine a schedule that assures that all such required checks are completed prior to July 1, 2008. Alternatively, substitute teachers within this category may authorize release to the Board of a valid criminal history check conducted by another school after January 1, 2006.

The School Leader may confirm with the Department of Education from results it maintains that the current regular substitute teacher does not have a criminal history.

The School Leader shall establish the necessary procedures for obtaining from the Criminal Records Division of the State Police any criminal history on the applicant maintained by the State Police. In addition, the Board shall request the State Police to obtain a criminal history records check from the Federal Bureau of Investigation.

An applicant must submit, at no expense to the Board, a set of fingerprints, prepared by an entity approved by the Michigan State Police, as part of his/her employment application or as required by State law for continued employment.

Any employee on staff must submit, at no expense to the Board, a set of fingerprints, prepared by an entity approved by the Michigan State Police, as part of his/her employment application or as required by State law for continued employment.

Confidentiality

All information and records obtained from such criminal background inquiries and disclosures are to be considered confidential and shall not be released or disseminated to those who have not been given access to CHRI by the School Leader or the Board. Violation of confidentiality is considered a misdemeanor punishable by a fine up to \$10,000.

Any notification received from the Michigan Department of Education or Michigan State Police regarding Board employees with criminal convictions shall be exempt from disclosure under the Freedom of Information Act (FOIA) for the first fifteen (15) days until the accuracy of the information can be verified. Thereafter, only information about felony convictions or misdemeanor convictions involving physical or sexual abuse may be disclosed in reference to a Freedom of Information Act request.

CHRI may be released with the written authorization of the individual.

Records may also be released, in accordance with statute, upon the request of a school, Intermediate School District, public school academy or non-public school when the individual is an applicant for employment at such school and there has been no separation from service, as defined in this policy and by statute.

Academy Compliance Officers

The Board designates the following individuals to serve as the Academy's "Compliance Officers" (also known as "Civil Rights Coordinators") (hereinafter referred to as the "COs")

Andrew Hulbert
Superintendent
48 South Street
Ortonville, MI 48362
586-291-5856

Katherine Caron
Director of Student Services
48 South Street
Ortonville, MI 48362
810-348-2737

The names, titles, and contact information of these individuals will be published annually:

- A. in the staff handbooks.
- B. in the Annual Report to the public.

The COs are responsible for coordinating the Academy's efforts to comply with applicable Federal and State laws and regulations, including the Academy's duty to address in a prompt and equitable manner any inquiries or complaints regarding discrimination, retaliation or denial of equal access. The COs shall also verify that proper notice of nondiscrimination for Title II, of the Americans with Disabilities Act (as amended), Title VI and Title VII of the Civil Rights Act of 1964, Title IX of the Education Amendment Act of 1972, and Section 504 of the Rehabilitation Act of 1973 (as amended), and the Age Discrimination in Employment Act of 1975 is provided to staff members, and the general public. Any sections of the Academy's collective bargaining agreements dealing with hiring, promotion, and tenure need to contain a statement of nondiscrimination similar to that in the Board's statement above. In addition, any gender-specific terms should be eliminated from such contracts. A copy of each of the Acts and regulations on which this notice is based may be found in the CO's office.

Reports and Complaints of Unlawful Discrimination and Retaliation

Employees are encouraged to promptly report incidents of unlawful discrimination and/or retaliation to an administrator, supervisor, or other Academy Official so that the Board may

address the conduct. Any administrator, supervisor, or other Academy employee or official who receives such a complaint shall file it with the CO within two (2) school days.

Employees who believe they have been unlawfully discriminated/retaliated against are entitled to utilize the complaint process set forth below. Initiating a complaint, whether formally or informally, will not adversely affect the complaining individual's employment. While there are no time limits for initiating complaints under this policy, individuals should make every effort to file a complaint as soon as possible after the conduct occurs while the facts are known and potential witnesses are available.

The COs will be available during regular school/work hours to discuss concerns related to unlawful discrimination/retaliation. COs shall accept complaints of unlawful discrimination/retaliation directly from any member of the Academy community or a visitor to the Academy, or receive complaints that are initially filed with a school building administrator. Upon receipt of a complaint, either directly or through a school building administrator, a CO will begin either an informal or formal process (depending on the request of the person alleging the discrimination/retaliation or the nature of the alleged discrimination/retaliation), or the CO will designate a specific individual to conduct such a process. The CO will provide a copy of this policy to any person who files a complaint. In the case of a formal complaint, the CO will prepare recommendations for the Educational Service Provider or oversee the preparation of such recommendations by a designee. All members of the Academy community must report incidents of discrimination/retaliation that are reported to them to the CO within two (2) business days of learning of the incident/conduct.

Any Board employee who directly observes unlawful discrimination/retaliation is obligated, in accordance with this policy, to report such observations to one of the COs within two (2) business days. Additionally, any Board employee who observes an act of unlawful discrimination/retaliation is expected to intervene to stop the misconduct, unless circumstances make such an intervention dangerous, in which case the staff member should immediately notify other Board employees and/or local law enforcement officials, as necessary, to stop the misconduct. Thereafter, the CO or designee must contact the employee within two (2) business days to advise him/her of the Board's intent to investigate the alleged wrongdoing.

Investigation and Complaint Procedure (See Form 3122 F2)

Any employee who believes that s/he has been subjected to unlawful discrimination or retaliation may seek resolution of his/her complaint through the procedures described below. The formal complaint procedures involve an investigation of the individual's claims and a process for rendering a decision regarding whether the charges are substantiated.

Due to the sensitivity surrounding complaints of unlawful discrimination or retaliation, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) calendar days after the conduct occurs. Once the formal complaint process is begun, the investigation will be completed in a timely manner (ordinarily, within fifteen (15) business days of the complaint being received).

The procedures set forth below are not intended to interfere with the rights of any individual to pursue a complaint of unlawful discrimination or retaliation with the United States Department of Education Office for Civil Rights or Equal Employment Opportunity Commission ("EEOC").

Informal Complaint Procedure

The goal of the informal complaint procedure is to quickly stop inappropriate behavior and facilitate resolution through an informal means, if possible. The informal complaint procedure is provided as a less formal option for an employee who believes s/he has been unlawfully discriminated or retaliated against. This informal procedure is not required as a precursor to the filing of a formal complaint. The informal process is only available in those circumstances where the parties (the alleged target of the discrimination/retaliation and individual(s) alleged to have engaged in the discrimination) agree to participate in it.

Employees who believe that they have been unlawfully discriminated/ retaliated against may proceed immediately to the formal complaint process and individuals who seek resolution through the informal procedure may request that the informal process be terminated at any time to move to the formal complaint process.

All complaints involving a Academy employee or any other adult member of the School District community against a student will be formally investigated.

As an initial course of action, if an individual feels that s/he is being unlawfully discriminated/retaliated against and s/he is able and feels safe doing so, the individual should tell or otherwise inform the person who engaged in the allegedly discriminatory/retaliatory conduct that it is inappropriate and must stop. The complaining individual should address the alleged misconduct as soon after it occurs as possible. The COs are available to support and counsel individuals when taking this initial step or to intervene on behalf of the individual if requested to do so. An individual who is uncomfortable or unwilling to inform the person who allegedly engaged in the unlawful misconduct of his/her concerns is not prohibited from otherwise filing an informal or a formal complaint. In addition, with regard to certain types of unlawful discrimination, such as sexual discrimination, the CO may advise against the use of the informal complaint process.

An individual who believes s/he has been unlawfully discriminated/retaliated against may make an informal complaint, either orally or in writing: (1) to a building administrator; (2) directly to one of the COs; and/or (3) to the School Leader or other Academy employee.

All informal complaints must be reported to one of the COs who will either facilitate an informal resolution as described below, or appoint another individual to facilitate an informal resolution.

The Academy's informal complaint procedure is designed to provide employees who believe they are being unlawfully discriminated/retaliated against with a range of options aimed at bringing about a prompt resolution of their concerns. Depending upon the nature of the complaint and the wishes of the individual claiming unlawful discrimination/retaliation, informal resolution may involve, but not be limited to, one or more of the following:

- A. Advising the individual about how to communicate his/her concern to the person who allegedly engaged in the discriminatory/retaliatory behavior.
- B. Distributing a copy of Policy 3122 – Non-Discrimination as a reminder to the individuals in the school building or office where the individual whose behavior is being questioned works.
- C. If both parties agree, the CO may arrange and facilitate a meeting between the individual claiming discrimination/retaliation and the individual accused

of engaging in the misconduct to work out a mutual resolution.

While there are no set time limits within which an informal complaint must be resolved, the CO or designee will exercise his/her authority to attempt to resolve all informal complaints within fifteen (15) business days of receiving the informal complaint. Parties who are dissatisfied with the results of the informal complaint process may proceed to file a formal complaint. And, as stated above, parties may request that the informal process be terminated at any time to move to the formal complaint process.

Formal Complaint Procedure

If a complaint is not resolved through the informal complaint process, if one of the parties requested that the informal complaint process be terminated to move to the formal complaint process, or if the individual elects to file a formal complaint initially, the formal complaint process shall be implemented.

An individual who believes s/he has been subjected to unlawful discrimination/retaliation (hereinafter referred to as the "Complainant"), may file a formal complaint, either orally or in writing, with a Principal, the CO, School Leader, or other Academy employee. Due to the sensitivity surrounding complaints of unlawful discrimination and retaliation, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) calendar days after the conduct occurs. If a Complainant informs a Principal, School Leader, or other Academy employee, either orally or in writing, about any complaint of discrimination or retaliation, that employee must report such information to the CO within two (2) business days.

Throughout the course of the process, the CO should keep the parties informed of the status of the investigation and the decision-making process.

All formal complaints must include the following information to the extent it is available: the identity of the individual believed to have engaged in, or be engaging in; the discriminatory/retaliatory conduct; a detailed description of the facts upon which the complaint is based; a list of potential witnesses; and the resolution sought by the Complainant.

If the Complainant is unwilling or unable to provide a written statement including the information set forth above, the CO shall ask for such details in an oral interview. Thereafter, the CO will prepare a written summary of the oral interview, and the Complainant will be asked to verify the accuracy of the reported charge by signing the document.

Upon receiving a formal complaint, the CO will consider whether any action should be taken in the investigatory phase to protect the Complainant from further discrimination or retaliation, including, but not limited to, a change of work assignment or schedule for the Complainant and/or the person who allegedly engaged in the misconduct. In making such a determination, the CO should consult the Complainant to assess his/her agreement to the proposed action. If the Complainant is unwilling to consent to the proposed change, the CO may still take whatever actions s/he deem appropriate in consultation with the Educational Service Provider.

Within two (2) business days of receiving the complaint, the CO or designee will initiate a formal investigation to determine whether the Complainant has been subjected to unlawful discrimination/retaliation.

Simultaneously, the CO will inform the individual alleged to have engaged in the discriminatory or retaliatory conduct (hereinafter referred to as the "Respondent"), that a complaint has been received. The Respondent will be informed about the nature of the allegations and provided with a copy of any relevant policies and/or administrative guidelines, including Policy 3122 - Non-Discrimination. The Respondent must also be informed of the opportunity to submit a written response to the complaint within five (5) business days.

Although certain cases may require additional time, the CO or a designee will attempt to complete an investigation into the allegations of discrimination/retaliation within fifteen (15) business days of receiving the formal complaint. The investigation will include:

- A. interviews with the Complainant;
- B. interviews with the Respondent;
- C. interviews with any other witnesses who may reasonably be expected to have any information relevant to the allegations;
- D. consideration of any documentation or other information presented by the Complainant, Respondent, or any other witness that is reasonably believed to be relevant to the allegations.

At the conclusion of the investigation, the CO or the designee shall prepare and deliver a written report to the Educational Service Provider that summarizes the evidence gathered during the investigation and provide recommendations based on the evidence and the definition of unlawful discrimination/retaliation as provided in Board policy and State and Federal law as to whether the Complainant has been subjected to unlawful discrimination/retaliation. The CO's recommendations must be based upon the totality of the circumstances. In determining if discrimination or retaliation occurred, a preponderance of evidence standard will be used. The CO may consult with the Board's legal counsel before finalizing the report to the Educational Service Provider.

Absent extenuating circumstances, within five (5) business days of receiving the report of the CO or the designee, the School Leader must either issue a final decision regarding whether the charges have been substantiated or request further investigation. A copy of the School Leader's final decision will be delivered to both the Complainant and the Respondent.

If the School Leader requests additional investigation, the School Leader must specify the additional information that is to be gathered, and such additional investigation must be completed within five (5) business days. At the conclusion of the additional investigation, the School Leader must issue a final written decision as described above.

If the School Leader determines the Complainant was subjected to unlawful discrimination/retaliation, she/he must identify what corrective action will be taken to stop, remedy, and prevent the recurrence of the discrimination/retaliation. The corrective action should be reasonable, timely, age-appropriate and effective, and tailored to the specific situation.

The decision of the School Leader shall be final.

The Board reserves the right to investigate and resolve a complaint or report of unlawful discrimination/retaliation regardless of whether the employee alleging the misconduct pursues the complaint. The Board also reserves the right to have the formal complaint investigation

conducted by an external person in accordance with this policy or in such other manner as deemed appropriate by the Board or its designee.

The right of a person to a prompt and equitable resolution of the complaint shall not be impaired by the person's pursuit of other remedies such as the filing of a complaint with the Office for Civil Rights or the filing of a court case. Use of this internal complaint procedure is not a prerequisite to the pursuit of other remedies.

Privacy/Confidentiality

The Academy will employ all reasonable efforts to protect the rights of the Complainant, the Respondent(s), and the witnesses as much as possible, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under the terms of this policy shall be maintained as confidential to the extent permitted by law. Confidentiality, however, cannot be guaranteed. All Complainants proceeding through the formal investigation process will be advised that their identities may be disclosed to the Respondent(s).

During the course of a formal investigation, the CO or designee will instruct each person who is interviewed about the importance of maintaining confidentiality. Any individual who is interviewed as part of an investigation is expected not to disclose to third parties any information that s/he learns and/or provides during the course of the investigation.

Sanctions and Monitoring

The Board shall vigorously enforce its prohibitions against unlawful discrimination by taking appropriate action reasonably calculated to stop and prevent further misconduct. While observing the principles of due process, a violation of this policy may result in disciplinary action up to and including the discharge of an employee. All disciplinary action will be taken in accordance with applicable State law and the terms of the relevant collective bargaining agreement(s). When imposing discipline, the School Leader shall consider the totality of the circumstances involved in the matter. In those cases, where unlawful discrimination/retaliation is not substantiated, the Board may consider whether the alleged conduct nevertheless warrants discipline in accordance with other Board policies, consistent with the terms of the relevant collective bargaining agreement(s).

Where the Board becomes aware that a prior remedial action has been taken against an employee, all subsequent sanctions imposed by the Board and/or Educational Service Provider shall be reasonably calculated to end such conduct, prevent its recurrence, and remedy its effect.

Retaliation

Retaliation against a person who makes a report or files a complaint alleging unlawful discrimination/retaliation, or participates as a witness in an investigation is prohibited. Specifically, the Board will not retaliate against, coerce, intimidate, threaten or interfere with any individual because the person opposed any act or practice made unlawful by any Federal or State civil rights law, or because that individual made a charge, testified, assisted or participated in any manner in an investigation, proceeding, or hearing under those laws, or because that individual exercised, enjoyed, aided or encouraged any other person in the exercise or enjoyment of any right granted or protected by those laws.

Education and Training

In support of this policy, the Board promotes preventative educational measures to create greater awareness of unlawful discriminatory practices. The Educational Service Provider or designee shall provide appropriate information to all members of the Academy community related to the implementation of this policy and shall provide training for Academy students and staff where appropriate. All training, as well as all information provided regarding the Board's policy and discrimination in general, will be age and content appropriate.

Retention of Investigatory Records and Materials

All individuals charged with conducting investigations under this policy shall retain all documents, electronically stored information ("ESI"), and electronic media (as defined in Policy 8315) created and/or received as part of an investigation, which may include but not be limited to:

- A. all written reports/allegations/complaints/grievances/statements/responses pertaining to an alleged violation of this policy;

- I. dated written determinations/reports (including summaries of relevant exculpatory and inculpatory evidence) and other documentation that memorializes oral notifications to the parties concerning the outcome of the investigation, including any consequences imposed as a result of a violation of this policy;
- J. documentation of any interim measures offered and/or provided to complainants and/or the alleged perpetrators, including no contact orders

issued to both parties, the dates the no contact orders were issued, and the dates the parties acknowledged receipt of the no contact orders;

- K. documentation of all actions taken, both individual and systemic, to stop the discrimination or harassment, prevent its recurrence, eliminate any hostile environment, and remedy its discriminatory effects;
- L. copies of the Board policy and/or procedures/guidelines used by the Academy to conduct the investigation, and any documents used by the Academy at the time of the alleged violation to communicate the Board's expectations to students and staff with respect to the subject of this policy (e.g., Student and/or Employee Handbooks or Codes of Conduct);
- M. copies of any documentation that memorializes any formal or informal resolutions to the alleged discrimination or harassment;
- N. documentation of any training provided to Academy personnel related to this policy, including but not limited to, notification of the prohibitions and expectations of staff set forth in this policy and the role and responsibility of all Academy personnel involved in enforcing this policy, including their duty to report alleged violations of this policy and/or conducting an investigation of an alleged violation of this policy;

The documents, ESI, and electronic media (as defined in Policy 8315) retained may include public records and records exempt from disclosure under Federal (e.g., FERPA, ADA) and/or State law (e.g., R.C. 3319.321) – e.g., student records and confidential medical records.

SECTION 504/ADA PROHIBITION AGAINST DISABILITY DISCRIMINATION IN EMPLOYMENT

Reference: 29 C.F.R. Part 1630
29 U.S.C. 794, Section 504 Rehabilitation Act of 1973, as amended,
34 C.F.R. Part 104
42 U.S.C. 12101 et seq., Americans with Disabilities Act of 1990, as amended

The Board of Directors prohibits discrimination against any employee or applicant based upon his/her disability. As such, the Board of Directors will not engage in employment practices or adopt policies that discriminate on the basis of disability, or otherwise discriminate against qualified individuals with disabilities in regard to job application procedures, the hiring, advancement or discharge of employees, employee compensation, job training, or other terms, conditions and privileges of employment. The Board further will not limit, segregate or classify applicants or employees in any way that adversely affects their opportunities or status because of disability. Additionally, the Board of Directors will not participate in any contractual or other relationships that have the effect of subjecting qualified individuals with disabilities who are applicants or employees to discrimination on the basis of disability.

"An individual with a disability" means a person who has, had a record of, or is regarded as having, a physical or mental impairment that substantially limits one or more major life activities. Major life activities are functions such as caring for one's self, performing manual tasks, walking, seeing, hearing, eating, sleeping, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, sitting, reaching, interacting with others, and working.

Major life activities also include the operation of a major bodily function, including, but not limited to, functions of the immune system, special sense organs and skin, normal cell growth, and digestive, genitourinary, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, hemic, lymphatic, musculoskeletal and reproductive functions. The operation of a major bodily function includes the operation of an individual organ within a body system.

An impairment that is episodic in nature or in remission is considered a disability if it would substantially limit a major life activity when active.

The determination of whether an impairment substantially limits a major life activity must be made without regard to the ameliorative effects of mitigating measures such as medication, medical supplies, equipment or appliances, low-vision devices (defined as devices that magnify, enhance, or otherwise augment a visual image, but not including ordinary eyeglasses or contact lenses), prosthetics (including limbs and devices), hearing aid(s) and cochlear implant(s) or other implantable hearing devices, mobility devices, oxygen therapy equipment or supplies, use of assistive technology, reasonable accommodations or "auxiliary aides or services," learned behavioral or adaptive neurological modifications, psychotherapy, behavioral therapy, or physical therapy.

A qualified person with a disability means the individual satisfies the requisite skill, experience, education and other job-related requirements of the employment position such individual holds or desires and, with or without reasonable accommodation, can perform the essential functions of the job in question.

The Board of Directors will provide a reasonable accommodation to a qualified individual who has an actual disability or who has a record of a disability, unless the accommodation would impose an undue hardship on the operation of the Academy's program and/or activities. A

reasonable accommodation is not required for an individual who is merely regarded as having a disability.

For facilities constructed or altered after June 3, 1977, the Academy will comply with applicable accessibility standards. For those existing facilities constructed prior to June 3, 1977, the Academy is committed to operating its programs and activities so that they are readily accessible to persons with disabilities.

Complaint Procedures

If a person believes that s/he has been discriminated against on the basis of his/her disability, the person may utilize the following complaint procedures as a means of reaching, at the lowest possible administrative level, a prompt and equitable resolution of the matter.

In accordance with Section 504 of the Rehabilitation Act of 1973 and its implementing regulations ("Section 504"), employees will be notified of their right to file an internal complaint regarding an alleged violation, misinterpretation or misapplication of Section 504. In addition, employees will be notified of their right to file a complaint with the U.S. Department of Education's Office for Civil Rights.

Internal complaints must be put in writing and must identify the specific circumstances or areas of dispute that have given rise to the complaint, and offer possible solutions to the dispute. The complaint must be filed with an Academy Compliance Officer within the time limits specified below. The Academy's Compliance Officer is available to assist individuals in filing a complaint.

Internal Complaint Procedure

The following internal complaint procedure is available to employees for the prompt and equitable resolution of complaints alleging discrimination based upon disability. This complaint procedure is not available to unsuccessful applicants. Use of the internal complaint procedure is not a prerequisite to the pursuit of other remedies, including the filing of a complaint with the U.S. Department of Education's Office for Civil Rights.

- A. An employee with a complaint based on alleged discrimination on the basis of disability may first discuss the problem with the Academy Compliance Officer.
- B. If the informal discussion does not resolve the matter, or if the employee skips Step A, the individual may file a formal written complaint with the Academy Compliance Officer. The written complaint must contain the name and address of the individual or representative filing the complaint, be signed by the complainant or someone authorized to sign for the complainant, describe the alleged discriminatory action in sufficient detail to inform the Academy Compliance Officer of the nature and date of the alleged violation, and propose a resolution. The complaint must be filed within thirty (30) calendar days of the circumstances or event giving rise to the complaint, unless the time for filing is extended by the Academy Compliance Officer for good cause.
- C. The Academy Compliance Officer will conduct an independent investigation of the matter (which may or may not include a hearing). This complaint procedure contemplates informal, but thorough investigations, affording all interested persons and their representatives, if any, an opportunity to present witnesses and other evidence relevant to the complaint. The

Academy Compliance Officer will provide the complainant with a written disposition of the complaint within ten (10) work days. If no decision is rendered within ten (10) work days, or the decision is unsatisfactory in the opinion of the complainant, the employee may file, in writing, an appeal with the Educational Service Provider. The Academy Compliance Officer shall maintain the Academy's files and records relating to the complaint.

- D. The Educational Service Provider will, within ten (10) work days of receiving the written appeal, conduct a hearing with all parties involved in an attempt to resolve the complaint.

The Educational Service Provider will render his/her decision within ten (10) work days of the hearing.

- E. The employee may be represented, at his/her own cost, at any of the above-described meetings/hearings.
- F. The right of a person to a prompt and equitable resolution of the complaint shall not be impaired by the person's pursuit of other remedies such as the filing of a complaint with the Office for Civil Rights or the filing of a court case. Use of this internal complaint procedure is not a prerequisite to the pursuit of other remedies.

If it is determined that the complainant was subjected to unlawful discrimination, the CO must identify what corrective action will be taken to stop, remedy, and prevent the recurrence of the discrimination/retaliation. The corrective action should be reasonable, timely, age-appropriate and effective, and tailored to the specific situation.

OCR Complaint

At any time, if an employee believes that s/he has been subjected to discrimination based upon his/her disability in violation of Section 504 or the ADA, the individual may file a complaint with the U.S. Department of Education's Office for Civil Rights ("OCR"). The OCR can be reached at:

Retaliation

Retaliation against a person who makes a report or files a complaint alleging unlawful discrimination, or participates as a witness in an investigation, is prohibited. Specifically, the Board will not discriminate/retaliate against, coerce, intimidate, threaten or interfere with any individual because the person opposed any act or practice made unlawful by Section 504 or

TEACHER EVALUATION

Reference: MCL 380.1249 (as amended)

The Board of Directors shall ensure that its Educational Service Provider establishes and implements a rigorous, transparent, and fair performance evaluation system that does all of the following:

- A. Evaluates the employee's job performance at least annually in a year-end evaluation, while providing timely and constructive feedback. Teachers rated highly effective on three (3) consecutive year-end evaluations may be evaluated every other year, at the Board's discretion.
- B. Establishes clear approaches to measuring student growth and provides staff with relevant data on student growth based on the most recent three (3) consecutive school years of student growth data, or all available student growth data if less than three (3) years is available.
- C. Evaluates an employee's job performance, using rating categories of highly effective, effective, minimally effective and ineffective, which take into account data on student growth as a significant factor in the evaluation in accordance with State law student growth and assessment data. For the 2018-2019 school year twenty five (25) percent of the annual year-end evaluation shall be based on student growth and assessment data. Beginning with the 2019-2020 school year, forty (40) percent of the annual year-end evaluation shall be based on student growth and assessment data.

Evaluations must also comply with the following:

- 1. The portion of a teacher's annual year-end evaluation that is not based on student growth and assessment data shall be based primarily on a teacher's performance as measured by the Educational Service Provider as described below.
- 2. Beginning with the 2018 - 2019 school year, for core content areas in grades and subjects in which state assessments are administered, fifty (50) percent of student growth must be measured using the state assessments, and the portion of student growth not measured using state assessments must be measured using multiple research-based growth measures or alternative assessments that are rigorous. Student growth also may be measured by student learning objectives or nationally normed or locally adopted assessments that are aligned to state standards, or based on achievement of individualized education program goals.
- 3. The portion of a teacher's evaluation that is not measured using student growth and assessment data or using the evaluation tool developed or adopted by the Educational Service Provider shall incorporate criteria enumerated in section M.C.L. 380.1248(1)(b)(i) to (iii) that are not otherwise evaluated under the tool.
- 4. If there are student growth and assessment data available for a teacher for at least three (3) school years, the annual year-end evaluation shall

be based on the student growth and assessment data for the most recent three (3) consecutive-school-year period. If there are not student growth and assessment data available for a teacher for at least three (3) school years, the annual year-end evaluation shall be based on all student growth and assessment data that are available for the teacher.

D. uses the evaluations, at a minimum, to inform decisions regarding all of the following:

1. the effectiveness of employees, so that they are given ample opportunities for improvement
2. promotion, retention, and development of employees, including providing relevant coaching, instruction support, or professional development
3. removing ineffective employees after they have had ample opportunities to improve, and providing that these decisions are made using rigorous standards and streamlined, transparent, and fair procedures

E. provides a mid-year progress report for every teacher who has received a rating of minimally effective or ineffective on the last most recent annual year-end evaluation

This mid-year report shall not replace the annual year-end evaluation. The mid-year report shall:

1. be based, at least in part, on student achievement;
2. be aligned with the teacher's individualized development plan;
3. include specific performance goals and any recommended training for the remainder of the school year, as well as written improvement plan developed in consultation with the teacher that incorporates the goals and training.

F. includes classroom observations in accordance with the following:

1. must include review of the lesson plan, State curriculum standards being taught and student engagement in the lesson;
2. must include multiple observations unless the teacher has received an effective or higher rating on the last two (2) yearend evaluations;
3. observations need not be for an entire class period
4. at least one (1) observation must be unscheduled;
5. the school administrator responsible for the teacher's performance evaluation shall conduct at least one (1) of the observations;

Other observations may be conducted by other observers who are trained in the use of the evaluation tool as described below. These other observers may be teacher leaders;

6. the Educational Service Provider shall ensure that, within thirty (30) days after each observation, the teacher is provided with feedback from the observation.
- G. For the purposes of conducting annual year-end evaluations under the performance evaluation system, the Educational Service Provider will adopt and implement one (1) or more of the evaluation tools for teachers that are included on the list established and maintained by the Michigan Department of Education ("MDE").
- H. The Board will post on its public website all of the following information about the measures it uses for its performance evaluation system for teachers:
1. The research base for the evaluation framework, instrument, and process or, if the Educational Service Provider adapts or modifies an evaluation tool from the MDE list, the research base for the listed evaluation tool and an assurance that the adaptations or modifications do not compromise the validity of that research base.
 2. The identity and qualifications of the author or authors or, if the Educational Service Provider adapts or modifies an evaluation tool from the MDE list, the identity and qualifications of a person with expertise in teacher evaluations who has reviewed the adapted or modified evaluation tool.
 3. Either evidence of reliability, validity, and efficacy or a plan for developing that evidence or, if the Educational Service Provider adapts or modifies an evaluation tool from the MDE list, an assurance that the adaptations or modifications do not compromise the reliability, validity, or efficacy of the evaluation tool or the evaluation process.
 4. The evaluation frameworks and rubrics with detailed descriptors for each performance level on key summative indicators.
 5. A description of the processes for conducting classroom observations, collecting evidence, conducting evaluation conferences, developing performance ratings, and developing performance improvement plans.
 6. A description of the plan for providing evaluators and observers with training.
- I. The Educational Service Provider shall also:
1. Provide training to teachers on the evaluation tool(s) used by the Educational Service Provider in its performance evaluation system and how each evaluation tool is used. This training may be provided by the Educational Service Provider or by a consortium consisting of 2 or more public school academies.
 2. Ensure that training is provided to all evaluators and observers. The training shall be provided by an individual who has expertise in the evaluation tool or tools used by the Educational Service Provider, which may include either a consultant on that evaluation tool or framework or

an individual who has been trained to train others in the use of the evaluation tool or tools. The Educational Service Provider may provide the training in the use of the evaluation tool or tools if the trainer has expertise in the evaluation tool or tools.

The staff evaluation program shall aim at the early identification of specific areas in which the individual professional staff member needs help so that appropriate assistance may be provided or arranged for. A supervisor offering suggestions for improvement to a professional staff member shall not release that professional staff member from the responsibility to improve. If a professional staff member, after receiving a reasonable degree of assistance, fails to perform his/her assigned responsibilities in a satisfactory manner, dismissal, or non-renewal procedures may be invoked. A teacher rated as "ineffective" on three (3) consecutive year-end evaluations must be dismissed from employment as a teacher with the Board. In such an instance, all relevant evaluation documents may be used in the proceedings.

The Board shall not assign a student to be taught in the same subject area for two (2) consecutive years by a teacher who has been rated as ineffective on his/her two (2) most recent annual year-end evaluations. If the Board is unable to comply with this and plans to assign a student to be taught in the same subject area for two (2) consecutive years by a teacher who has been rated as ineffective on his/her two (2) most recent annual year-end evaluations, the Board will notify the student's parent or legal guardian in writing not later than July 15 immediately preceding the beginning of the school year for which the student is assigned to the teacher, that the Board is unable to comply and that the student has been assigned to be taught in the same subject area for a second consecutive year by a teacher who has been rated as ineffective on his/her two (2) most recent annual year-end evaluations. The notification shall include an explanation of why the Board is unable to comply.

THREATENING BEHAVIOR TOWARD STAFF MEMBERS

The Board directs the School Leader to create a work environment free of threatening speech or actions.

Threatening behavior is defined as behavior consisting of any words or deeds that intimidates a staff member or reasonably causes concern for his/her physical and/or psychological well-being. Such behavior is strictly forbidden. Examples of such behavior include: threats to cause bodily harm; stalking; bullying; threats to damage real or personal property at the workplace; unusual behavior that a reasonable person would consider threatening. Any student, parent, visitor, staff member, or agent of this Board found to have threatened a member of the staff will be subject to discipline, exclusion, and/or reported to the authorities.

The School Leader shall implement Administrative Procedures to establish procedures for prompt, effective action on any reported incidents and for notification of students, parents, employees, and others regarding this policy.

The Board shall pay the actual and necessary expenses of staff in the discharge of official duties or in the performance of functions as authorized by the administration or Board. The expenditure shall be a public record and shall be made available upon request.

The validity of payments for job-related expenses shall be determined by Director of Business.

The following categories of expenses shall not be reimbursable:

- A. Expenses of attending a community or Academy-related event, if the individual attends as a private citizen;
- B. entertainment expenses; and
- C. the purchase of alcoholic beverages.

A voucher detailing the amount and nature of each expense must be submitted to Director of Business for approval prior to reimbursement.

HOMELESS STUDENTS

References: 42 U.S.C. 11431 et seq. (McKinney - Vento Homeless Act)

Definitions

Children who are identified as meeting the Federal definition of "homeless" will be provided a free appropriate public education (FAPE) in the same manner as all other students of the Academy. To that end, homeless students will not be stigmatized or segregated on the basis of their status as homeless. The Academy shall establish safeguards that protect homeless students from discrimination on the basis of their homelessness. The Academy shall regularly review and revise its policies, including school discipline policies that may impact homeless students, including those who may be a member of any of the Protected Classes (Policy 2260).

Homeless children and youth are defined as individuals who lack a fixed, regular, and adequate nighttime residence, and include children and youth who meet any of the following criteria:

- A. share the housing of other persons due to loss of housing, economic hardship, or similar reason
- B. live in motels, hotels, trailer parks, or camping grounds due to a lack of alternative adequate accommodations
- C. live in emergency or transitional shelters
- D. are abandoned in hospitals
- E. have a primary night time residence that is a public or private place not designed for, or ordinarily used as, a regular sleeping accommodation for human beings, or
- F. live in a car, park, public space, abandoned building, substandard housing¹, bus or train station, or similar setting

Pursuant to the McKinney-Vento Act, an unaccompanied youth includes a homeless child or youth not in the physical custody of a parent or guardian.

¹ According to nonregulatory guidance from the U.S. Department of Education (ED), standards for adequate housing may vary by locality. Please see ED guidance for factors to consider when determining whether a child or youth is living in "substandard housing."

Education for Homeless Children and Youth Programs, Non-Regulatory Guidance, U.S. Department of Education (ED), Title VII-B of the McKinney-Vento Homeless Assistance Act, as amended by the Every Student Succeeds Act, at A-3 (July 27, 2016).

Services to Homeless Children and Youth

The Academy will provide services to homeless students that are comparable to other students in the Academy, including:

- A. transportation services;
- B. public preschool programs and other educational programs and services for which the homeless student meets eligibility criteria including:
 - 1. programs for children with disabilities;
 - 2. programs for English Learners (ELs) (i.e., students with Limited English Proficiency (LEP));
 - 3. programs in career and technical education;
 - 4. programs for gifted and talented students;
 - 5. school nutrition programs; and
 - 6. before - and after-school programs.

The Board will appoint a Liaison for Homeless Children who will perform the duties as assigned by the School Leader. Additionally, the Liaison will coordinate and collaborate with the State Coordinator for the Education of Homeless Children and Youth as well as with community and school personnel responsible for the provision of education and related services to homeless children and youths. For more information on the role of the Liaison, refer to AG 5111.01.

School Stability

Maintaining a stable school environment is crucial to a homeless student's success in school. To ensure stability, the Academy must make school placement determinations based on the "best interest" of the homeless child or youth based on student-centered factors. The Academy must:

- A. continue the student's education in the school of origin for the duration of homelessness when a family becomes homeless between academic years or during an academic year; and for the remainder of the academic year even if the child or youth becomes permanently housed during an academic year; or
- B. enroll the student in any public school that non-homeless students who live in the attendance area in which the child or youth is actually living are eligible to attend.

When determining a child or youth's best interest, the Academy must assume that keeping the homeless student in the school of origin is in that student's best interest, except when doing so is contrary to the request of the student's parent or guardian, or the student if he or she is an unaccompanied youth. The school of origin is the school the student attended or

enrolled in when permanently housed, including a public preschool. The school of origin also includes the designated receiving school at the next level for feeder school patterns, when the student completes the final grade level at the school of origin.

When determining the student's best interest, the Academy must also consider student-centered factors, including the impact of mobility on achievement, education, health, and safety of homeless students and give priority to the request of the student's parent or guardian, or youth (if an unaccompanied youth). The Academy also considers the school placement of siblings when making this determination.

If the Academy finds that it is not in the student's best interest to attend the school of origin or the school requested by the parent or guardian, or unaccompanied youth, the Academy must provide the individual with a written explanation and reason for the determination in a manner and form understandable to the parent, guardian or unaccompanied youth. This written explanation will include appeal rights and be provided in a timely manner.

Immediate Enrollment

The Academy has an obligation to remove barriers to the enrollment and retention of homeless students. A school chosen on the basis of a best interest determination must immediately enroll the homeless student, even if the student does not have the documentation typically necessary for enrollment, such as immunization and other required health records, proof of residency, proof of guardianship, birth certificate or previous academic records. The homeless student must also be enrolled immediately regardless of whether the student missed application or enrollment deadlines during the period of homelessness or has outstanding fines or fees.

The enrolling school must immediately contact the school last attended by the homeless student to obtain relevant academic or other records. If the student needs immunization or other health records, the enrolling school must immediately refer the parent, guardian or unaccompanied youth to the local liaison, who will help obtain the immunizations, screenings or other required health records. Records usually maintained by the school must be kept so that they are available in a timely fashion if the child enters a new school or Academy. These records include immunization or other required health records, academic records, birth certificates, guardianship records, and evaluations for special services or programs. Procedures for inter-State records transfer between schools should be taken into account in order to facilitate immediate enrollment.

In addition, the Academy will also make sure that, once identified for services, the homeless student is attending classes and not facing barriers to accessing academic and extracurricular activities, including magnet school, summer school, career and technical education, advanced placement, online learning, and charter school programs (if available). Additionally, the Academy should consider giving homeless children and youth's priority if there is a waitlist for these schools, programs, and activities.

Transportation

The Academy provides homeless students with transportation services that are comparable to those available to non-homeless students. The Academy also provides or arranges for transportation to and from the school of origin at the parent or guardian's request, or the liaison's request in the case of an unaccompanied youth. Transportation is arranged promptly

to allow for immediate enrollment and will not create barriers to a homeless student's attendance, retention, and success. The following procedures also apply subject to a determination of the student's best interest:

- A. If the homeless student moves but continues to live within the area covered by the Academy's charter the Academy is considered the school of origin and the school of residence and, therefore, transportation will be provided or arranged for the student's transportation to or from the school of origin by the Academy.
- B. If the homeless student moves to an area outside of the Academy's charter, though continuing his/her education at the school of origin, the Academy and the public school district in which the student resides must agree upon a method to apportion responsibility and costs for transportation to the school of origin. If the Academy and the public school district cannot agree upon such a method, the responsibility and costs will be shared equally.
- C. When the student obtains permanent housing, transportation shall be provided to and from the school of origin until the end of the school year.

The Academy determines the mode of transportation in consultation with the parent or guardian and based on the best interest of the student.

In accordance with Federal law, the above transportation requirements still apply during the resolution of any dispute. The Academy will work with the State to resolve transportation disputes with other Academies. If the disputing Academy is in another State, the Academy will turn to the State for assistance as Federal guidance says that both States should try to arrange an agreement for the Academies.

Dispute Resolution

Homeless families and youths have the right to challenge placement and enrollment decisions. If a dispute arises between a school and a parent, guardian or unaccompanied youth regarding eligibility, school selection, or enrollment of a homeless student, the Academy must follow its dispute resolution procedures, consistent with the State's procedures. If such a dispute occurs, the Academy will immediately enroll the homeless student in the school in which enrollment is sought pending final resolution of the dispute, including all appeals. The student will receive all services for which they are eligible until all disputes and appeals are resolved.

Pursuant to State, Academy and Board of Directors policies, the Academy will provide the parent, guardian or unaccompanied youth with a written explanation of all decisions regarding school selection and enrollment made by the Academy or State, along with a written explanation of appeal rights.

The Academy's notice and written explanation about the reason for its decision will include, at a minimum, an explanation of how the school reached its decision regarding eligibility, school selection, or enrollment, including 1) a description of the proposed or refused action by the school, 2) an explanation of why the action is proposed or refused, 3) a description of other options the school considered and why those options were rejected, 4) a description of any other relevant factors to the school's decision and information related to the eligibility or best

interest determination such as the facts, witnesses, and evidence relied upon and their sources, and 5) an appropriate timeline to ensure deadlines are not missed. The Academy must also include contact information for the Liaison and the State Coordinator, and a brief description of their roles. The Academy will also refer the parent, guardian or unaccompanied youth to the Liaison, who will carry out the dispute resolution process.

The Academy ensures that all decisions and notices are drafted in a language and format appropriate for low-literacy, limited vision readers, and individuals with disabilities. For children and youth and/or parents or guardians who are English learners or whose dominant language is not English, the Academy will provide translation and interpretation services in connection with all phases of the dispute resolution process pursuant to federal laws. The Academy will also provide electronic notices via email if the parent, guardian or unaccompanied youth has access to email followed by a written notice provided in person or sent by mail.

Homeless Children in Preschool

Homeless preschool-aged children and their families shall be provided equal access to the educational services for which they are eligible, including preschool programs, including Head Start programs, administered by the Academy. Additionally, the homeless child must remain in the public preschool of origin, unless a determination is made that it is not in the child's best interest. When making such a decision on the student's best interest, the Academy takes into account the same factors as it does for any student, regardless of age. It also considers preschool age specific factors, such as 1) the child's attachment to preschool teachers and staff; 2) the impact of school climate on the child, including school safety; the quality and availability of services to meet the child's needs, including health, developmental, and social-emotional needs; and 3) travel time to and from school.

The Academy must also provide transportation services to the school of origin for a homeless child attending preschool. It is the Academy's responsibility to provide the child with transportation to the school of origin even if the homeless preschooler who is enrolled in a public preschool in the Academy moves to another Academy that does not provide widely available or universal preschool.

Public Notice

In addition to notifying the parent or guardian of the homeless student or the unaccompanied youth of the applicable rights described above, the Academy shall post public notice of educational rights of children and youth experiencing homelessness in each school. In addition, the Academy shall post public notice of the McKinney-Vento rights in places that homeless populations frequent, such as shelters, soup kitchens, and libraries in a manner and form understandable to the parents and guardians and unaccompanied youths.

Records

The local liaison will assist the homeless students and their parent(s) or guardian(s) or unaccompanied homeless students in their efforts to provide documentation to meet State and local requirements for entry into school.

All records for homeless students shall be maintained, subject to the protections of the Family Educational Rights and Privacy Act (FERPA) and Policy 8330, and in such a manner so that

they are available in a timely fashion and can be transferred promptly to the appropriate parties, as required. Pursuant to the McKinney-Vento Act, information regarding a homeless student's living situation is not considered directory information and must be provided the same protections as other non-directory personally identifiable information (PII) contained in student education records under FERPA. The Academy shall incorporate practices to protect student privacy as described in AG 5111.01, AG 8330, and in accordance with the provisions of the Violence Against Women Act (VAWA) and the Family Violence Prevention and Services Act (FVPSA).

No Board policy, administrative procedure, or practice will be interpreted or applied in such a way as to inhibit the enrollment, attendance, or school success of homeless children.

- B. facilitating the on-time graduation of children of military families; and
- C. providing for the uniform collection and sharing of information between and among schools and military families.

The Educational Service Provider, shall develop Administrative Procedures for implementation of this policy which are consistent with the Compact and State law.

These procedures shall apply to children of military families within the state as well as between member states.

CHILDREN AND YOUTH IN FOSTER CARE

References: 45 C.F.R. 1355.20

The Board of Directors recognizes the importance of educational stability for children and youth in foster care. Further, the Board recognizes these children and youth as a vulnerable subgroup of students in need of safeguards and supports in order to facilitate a successful transition through elementary and secondary education and into college and/or careers. To that end, the Academy will collaborate with the Michigan Department of Education (MDE), other Academy's, and the appropriate child welfare agencies to provide educational stability for children and youth in foster care.

Definitions

Children who meet the Federal definition of "in foster care" will be provided a free appropriate public education (FAPE) in the same manner as all other students of the Academy. To that end, students in foster care will not be stigmatized or segregated on the basis of their status. The Academy shall establish safeguards that protect foster care students from discrimination on the basis of their foster care status or other of the recognized Protected Classes (Policy 2260). The Academy shall regularly review and revise its policies, including academy discipline policies that may impact students in foster care.

Consistent with the Fostering Connections Act, "foster care" means 24-hour substitute care for children placed away from their parents or guardians and for whom the child welfare agency has placement and care responsibility. This includes, but is not limited to, placements in:

- A. foster family homes;
- B. foster homes of relatives;
- C. group homes;
- D. emergency shelters;
- E. residential facilities;
- F. child care institutions; and
- G. preadoptive homes.

A child is in foster care in accordance with this definition regardless of whether the foster care facility is licensed and payments are made by the State, tribal or local agency for the care of the child, whether adoption subsidy payments are being made prior to the finalization of an adoption, or whether there is Federal matching of any payments that are made. (45 C.F.R. 1355.20 (a)).

Academy Stability

The Academy shall remove barriers to the enrollment and retention of children and youth in foster care in the Academy. Foster care students shall be enrolled immediately, even if they do not have the necessary enrollment documentation such as immunization and health records, proof of residency or guardianship, birth certificate, academy records, and other documentation.

The Academy shall meet the Title I requirements for educational stability for children and youth in foster care, including those awaiting foster care placement. The Academy shall identify which students are in foster care and shall collaborate with State and tribal child welfare agencies to provide educational stability for these children and youth. Academy staff will work closely with child welfare agency personnel to develop and implement processes and procedures that include these enrollment safeguards:

- A. a child/youth in foster care shall remain in his/her academy of origin, unless it is determined that remaining in the academy of origin is not in that child's best interest;
- B. if it is not in the child's best interest to stay in his/her academy of origin, the child shall be immediately enrolled in the determined new academy even if the child is unable to produce records normally required for enrollment; and
- C. the new (enrolling) academy shall immediately contact the academy of origin to obtain relevant academic and other records, including the student's Individualized Education Program (IEP) if applicable. (ESEA Section 1111(g)(1)(E)(i)-(iii)).

Academy of Origin

The Academy of origin is the academy in which a student is enrolled at the time of placement in foster care. If a student's foster care placement changes, the academy of origin would then be considered the academy in which the child is enrolled at the time of the placement change. A student in foster care shall remain in his/her academy of origin, if it is determined to be in the student's best interest, for the duration of the student's placement in foster care.

When a student exits foster care, the Academy will continue to prioritize the student's educational stability in determining placement, supports, and services deemed to be in the child's best interests.

A student who has exited foster care shall be permitted to remain in the academy of origin until the end of the academy year.

Best Interest Determination

In making the best interest determination, the Academy will follow the guidelines established by MDE and the State or tribal custodial agencies. The Academy shall utilize the prescribed process in conjunction with local custodial agencies in making best interest determinations, and shall make such determination within five (5) academy days of the child's placement in foster care or change in child's living arrangement. Once a determination is made the Academy shall provide the decision in writing to all relevant parties, in collaboration with the

appropriate custodial agency. When making decisions regarding educational placement of students with disabilities under IDEA and Section 504, the Academy shall provide all required special educational and related services and supports provided in the least restrictive placement where the child's unique needs, as described in the student's IEP or Section 504 plan, can be met.

If there is a dispute regarding whether the educational placement of a child in foster care is in the best interest of that child, the dispute resolution process established by the Michigan Department of Education (MDE) shall be used.

The Academy's representatives shall collaborate fully in this process, considering relevant information regarding academic programming and related service needs of the child, and advocating for what the Academy believes is in the best interest of the child.

To the extent feasible and appropriate, the child will remain in his/her academy of origin while disputes are being resolved in order to minimize disruption and reduce the possible number of moves between academies. (ESEA Section 1111(g)(1)(E)(i)).

Since the custodial agency holds ultimate legal responsibility for making the best interest determination for the foster child in their care, if the dispute cannot be resolved, the custodial agency will make the final determination. Such final determination will be made within five (5) academy days of the child's placement in foster care or change in the child's living arrangement.

All notifications and reports regarding foster care placement, changes in academy enrollment, transportation services, and changes in the child's living arrangements shall be provided to the affected parties, in writing, in accordance with the forms, procedures, and requirements of the MDE and the State or tribal custodial agencies.

Local Point of Contact

The School Leader shall designate and make public a local point of contact who will perform the duties as assigned by the School Leader. The point of contact shall serve as a liaison to coordinate with child protection agencies, lead the development of a process for making the best determination for a student, facilitate the transfer of records, and oversee the enrollment and regular academy attendance of students in foster care.

Records

The Academy shall provide privacy protections for children and families and shall facilitate appropriate data-sharing pertaining to children in foster care between child welfare and educational agencies, in accordance with the Family Educational Rights and Privacy Act (FERPA) and Policy 8330 – Student Records.

Services to Children and Youth in Foster Care

Foster care children and their families shall be provided equal access to the educational services for which they are eligible comparable to other students in the Academy including:

- A. educational services for which the student in foster care meets eligibility criteria including services provided under Title I of the Elementary and

Secondary Education Act or similar State and local programs, educational programs for children with disabilities, and educational programs for students with limited English proficiency;

- B. preschool programs;
- C. programs in vocational and technical education;
- D. programs for gifted and talented students;
- E. academy nutrition programs; and
- F. before - and after-academy programs.

Transportation Services

The Academy must ensure that transportation is provided for children in foster care consistent with the procedures developed by the Academy in collaboration with the State or local child welfare agency. These requirements apply whether or not the LEA already provides transportation for children who are not in foster care.

In order for a student in foster care in his/her academy of origin, when in his/her best interest, transportation services shall be provided, arranged, and funded for the duration of the child's placement in foster care. The Academy's transportation services will provide that:

- A. Children in foster care needing transportation to their academies of origin will promptly receive that transportation in a cost effective manner and in accordance with Section 475(4)(A) of the Social Security Act; and
- B. If there are additional costs incurred in providing transportation to the academy of origin, the Academy shall provide such transportation if 1) the local child welfare agency agrees to reimburse the Academy for the cost of such transportation; 2) the Academy agrees to pay for the cost; or 3) the Academy and the local child welfare agency agree to share the cost. (ESEA 1112(c)(5)(B)).

Additional costs incurred in providing transportation to the academy of origin should reflect the difference between what the Academy would otherwise spend to transport a student to his/her assigned academy and the cost of transporting the foster care student to the academy of origin. The Academy will collaborate with the State Education Agency (SEA), other LEAs, and child welfare agencies to pursue possible funding sources and arrangements to deal with transportation costs.

Since foster care placements may occur across Academy, county, or State boundary lines, coordination among multiple agencies may be necessary. The Academy will work with appropriate State and local agencies to address such placement and transportation issues that arise. The Academy shall provide or arrange for adequate and appropriate transportation to and from the academy of origin while any disputes are being resolved.

No Board policy, administrative procedure, or practice will be interpreted or applied in such a way as to inhibit the enrollment, attendance, or academy success of children and youth in foster care.

The Board shall establish student entrance age requirements which are consistent with Michigan Law and sound educational practices which ensure equitable treatment.

A child who turns six (6) years of age before December 1st must be enrolled on the first school day of the school year in which the child's sixth birthday occurs, and a child who turns six (6) years of age on or after December 1st must be enrolled on the first school day of the school year following the school year in which the child's sixth birthday occurs.

A. Prekindergarten

A child is eligible for entrance into the Academy's prekindergarten program if s/he attains the age of four (4) on or before December 1st of the year in which s/he applies for entrance and has not yet attained the age at which s/he will be admitted to kindergarten. ATTENDANCE

Reference: MCL 380.1561, 380.1561(3a-3c), 380.1586(3)
Pupil Accounting Manual 2019-2020, Michigan Department of Education

The Board of Directors shall enforce the regular attendance of students. The Board recognizes that the students' presence in the classroom enables them to participate in instruction, class discussions, and related learning activities. As such, regular attendance and classroom participation are integral to instilling incentives for students to excel.

Attendance shall be required of all students during the days and hours the Academy is in session.

A student may be considered a full-time equivalent student provided the student is enrolled in at least ten (10) units of instruction (courses), as defined by State law, per school year.

The Academy shall require a written statement or verbal confirmation, explaining the cause for any absence, from the parent/guardian of each student or from an adult student who has been absent. The School Leader is authorized to verify such statements and to investigate the cause of each absence.

The Board considers the following factors to be reasonable excuses for time missed:

- A. illness;
- B. recovery from accident;
- C. required court attendance;
- D. professional appointments;
- E. death in the immediate family;
- F. observation or celebration of a bona fide religious holiday; or
- G. such other good cause acceptable to the School Leader.

The Board shall consider each student assigned to a program of other guided learning experiences, authorized under Policy 2370, to be in regular attendance for the program provided that s/he reports weekly to such staff member s/he is assigned for guidance at the place in which s/he is conducting study, and regularly demonstrates progress toward the objectives of the course of study.

The School Leader shall develop Administrative Procedures for the attendance of students to which:

- A. ensure a school session in conformity with the requirements of the law;
- B. ensure the student absent for any excusable reason has an opportunity to make up the work missed;
- C. govern the keeping of attendance records in accordance with the rules of the State Board of Education and the Michigan Department of Education Pupil

Accounting Manual, including a written electronic attendance procedure, if applicable;

- D. identify the habitual truant, investigate the cause(s) of his/her behavior, and consider modification of his/her educational program to meet particular needs and interests;
- E. ensure any student with a specifically identifiable physical or mental impairment, who exceeds (or may exceed) the Academy's limit on excused absence, is referred for evaluation for eligibility either under the Individuals with Disabilities Education Act (IDEA) or Section 504 of the Rehabilitation Act of 1973.

Such procedures should provide that a student's grade in any course is based on his/her performance in the instructional setting and is not reduced for reasons of conduct. If a student violates the attendance or other rules of the Academy, he/she should be disciplined appropriately for the misconduct, but his/her grades should be based upon what the student can demonstrate he/she has learned.

Adopted 6/9/20

IMMUNIZATION

Reference: MCL 333.9201 et seq., 380.1177, 380.1177a
AC 325.176

The Board believes immunization is one of the most cost-effective measures to protect children from vaccine-preventable diseases. Accordingly, the Board requires that all students be properly immunized at the time of registration or not later than the first day of school pursuant to the provisions of the Department of Health and Human Services (DHHS) regulations.

However, students who do not meet the immunization requirements shall be admitted in accordance with Administrative Procedures. Transfer students shall not be admitted without proof of immunization as required by the State.

There are three (3) circumstances in which a required vaccine may be waived or delayed:

- A. A valid medical contraindication exists to receiving the vaccine. The child's physician must certify the contraindication.
- B. The parent(s)/guardian(s) hold religious or philosophical beliefs against receiving a vaccination. Any parent or guardian who wants to claim a nonmedical waiver must receive education regarding the benefits of vaccination and the risks of disease from a county health department before obtaining the certified nonmedical waiver form through the Local Health Department, and present same to the appropriate Academy personnel.
- C. The child has received at least one (1) dose of each immunizing agent and the next dose(s) are not due yet.

When the Academy provides information on immunizations, infectious disease, medications, or other school health issues to parents and guardians of pupils in at least grades 6, 9, and 12, then with that information the Board is required to include information about meningococcal meningitis and the vaccine for meningococcal meningitis as well as about the human papillomavirus and the vaccine for human papillomavirus. The information shall include at least the causes and symptoms of meningococcal meningitis, how it is spread, and the risks associated with human papillomavirus. In addition, the information shall include sources where parents and guardians may obtain additional information about both diseases and where they may obtain the associated vaccinations.

The Educational Service Provider shall develop Administrative Procedures to ensure the proper implementation of this policy.

USE OF MEDICATIONS

Reference: MCL 37.1211(a); 20 USC §§ 5812, 7114; 41 USC § 702; 42 USC §§ 12114, 12210; 28 CFR § 35.131; 29 CFR §§ 825.112, 1630.3; 49 CFR §§ 382.121, 382.401, 382.601

Neither the Board of Directors nor the School Leader shall be responsible for the diagnosis and treatment of student illness. The administration of prescribed medication and/or medically-prescribed treatments to a student during school hours will be permitted only when failure to do so would jeopardize the health of the student, the student would not be able to attend school if the medication or treatment were not made available during school hours, or the child is disabled and requires medication to benefit from his/her educational program.

For purposes of this policy, *medication* shall include all medicines including those prescribed by a physician and any non-prescribed (over-the-counter) drugs, preparations, and/or remedies and performance-enhancing drugs as defined in AG 2431C. *Treatment* refers both to the manner in which a medication is administered and to health-care procedures that require special training, such as catheterization.

Before any medication or treatment may be administered to any student during school hours, the Board shall require the written prescription from the child's physician, accompanied by the written authorization of the parent. These documents shall be kept on file in the administrative offices. No student is allowed to provide or sell any type of over-the-counter medication to another student. Violations of this rule will be considered violations of Policy 5530 - Drug Free Environment and of the Student Discipline Code/Code of Conduct.

Only medication in its original container that is labeled with the date (if a prescription), the student's name, and exact dosage may be administered. Parents, or students authorized in writing by their physician and parents, may administer medication or treatment.

Staff members are to administer medication or treatment only in the presence of another adult, except in the case of an emergency that threatens the life or health of the student. Staff licensed as professional registered nurses are exempt from this requirement.

All staff authorized to administer medication or treatment will receive training on appropriate procedures for administering the medication or treatment. This training shall be provided by qualified individuals with knowledge of the Academy's policy and procedures and knowledge of the administration of medications or treatment.

Students may possess and self-administer a metered dose or dry powder inhaler for relief of asthma (or before exercise to prevent onset of asthma symptoms), while at the Academy, on academy-sponsored transportation, or at any academy-sponsored activity in accordance with the Administrative Procedures, if all of the following conditions are met:

- A. There is written approval from the student's physician or other health care provider and the student's parent/guardian (if student is under eighteen (18) to possess and use the inhaler (Form 5330 F1c)

and

- B. The School Leader has received a copy of the written approvals from the physician and the parent/guardian.

and
- C. There is on file at the student's Academy a written emergency care plan prepared by a licensed physician in collaboration with the student and his/her parent/legal guardian. The plan shall contain specific instructions on the student's needs including what to do in the event of an emergency.

Students with a need for emergency medication may also be allowed to self possess and self administer such medication, provided that they meet the same conditions established above. Students who are prescribed epinephrine to treat anaphylaxis shall be allowed to self possess and administer the medication if they meet the conditions stated above.

Students shall be permitted to possess and self-administer U.S. Food and Drug Administration (FDA) approved, over-the-counter topical products while on academy property or at an academy-sponsored event provided the student has submitted prior written approval of his/her parent/guardian to the School Leader or other chief administrator of the student's academy.

This policy and the Administrative Procedures developed to establish appropriate procedures shall be implemented in such a manner to comply with Academy's obligations and the student's needs under any Individualized Education Plan, Section 504 Plan, or other legally required accommodation for individuals with disabilities.

The School Leader shall prepare Administrative Procedures to ensure the proper implementation of this policy.

Michigan Department of Education, Model Policy and Guidelines for Administering
Medications to Pupils at School

Students who are prescribed epinephrine to treat anaphylaxis shall be allowed to self-possess and self-administer the medication if they meet the conditions as stated in Policy 5330.

Commencing with the 2014-15 school year, the Academy shall have at least two (2) epinephrine auto-injectors (Epi-Pens) available at the school site. It shall be the responsibility of Directors of Teaching and Learning to be sure that the supply of Epi-Pens is maintained at the appropriate level and they have not expired. The Directors of Teaching and Learning shall also be responsible for coordinating the training of employees to administer Epi-Pen injections and to maintain the list of employees authorized to administer such injections.

Individuals Qualified to Administer

Only a licensed, registered professional nurse employed or contracted by the Academy or a school employee who has successfully passed the required training shall be allowed to possess and administer Epi-Pen injections to students. The persons authorized to use the Academy maintained Epi-Pens will be maintained in each school by the Principal, and shall be available on an electronically accessible site for employees' reference.

Each school shall have at least one person trained in the appropriate use and administration of an Epi-Pen injection. In each school with ten (10) or more combined instructional and administrative staff, at least two (2) employees at that site shall be appropriately trained in the use of an Epi-Pen.

Training of employees on the appropriate use and administration of an Epi-Pen injection shall be done in accordance with any guidelines provided by the Michigan Department of Education, and shall be conducted under the supervision of a licensed registered professional nurse. The training shall include an evaluation by the nurse of the employees' understanding of the protocols for administering an Epi-Pen injection.

Students to Whom Injections May Be Administered

A licensed, registered, professional nurse or trained and authorized employees under this policy may administer Epi-Pen injections to 1) any student who has a prescription on file with the Academy, in accordance with the directives in such prescription, and 2) any individual on school grounds who is believed to be having an anaphylactic reaction.

Reporting of Injections

Any person who administers an Epi-Pen injection to a student shall promptly notify the student's parent/guardian and 911, who shall be responsible for promptly notifying the student's parent/guardian that an injection has been administered.

All Epi-Pen injections by employees to students shall be reported in writing to School Leader. The report shall include whether the school's or student's Epi-Pen was used, and whether the student was previously known to be subject to severe allergic reaction (anaphylaxis).

The School Leader shall at least annually report to the Department of Education, in the form and manner determined by the Department, information on the number of injections provided to students, the number of injections with Academy Epi-Pens and the number of incidents where students were not known to be subject to severe allergic reactions.

CARE OF STUDENTS WITH CHRONIC HEALTH CONDITIONS

Students with chronic health conditions will be provided with a free appropriate public education. If their impairment does not require specially designed instruction for them to benefit educationally, they will be eligible for accommodations, modifications, interventions of the regular classroom, curriculum, or activity (in the school setting) so that they have the same access to an education as students without disabilities. Such accommodations/modifications/interventions will be provided pursuant to a Section 504 Plan (Form 2260.01 F13).

Chronic health conditions, for the purposes of this policy, shall include:

- A. "peanut" and other food allergies;
- B. allergies;
- C. asthma; and
- D. diabetes.

All information regarding student identification, health care management, and emergency care shall be safeguarded as personally identifiable information in accordance with Policy 8330 and Policy 8350.

The Academy will coordinate academy health practices for management of a chronic health condition and shall provide for:

- A. identification of individuals with chronic health conditions;
- B. development of individual health care action plans;
- C. coordination of health care management activities by academy staff;
- D. communication among academy staff who interact with children with chronic health conditions;
- E. development of protocols to prevent exposure/episodic reactions; and
- F. awareness and training of academy staff regarding Board policy on acute and routine management of chronic health conditions, information on signs and treatment of chronic health conditions, medication and administration, and emergency protocols for dealing with reactions in "unusual" situations such as field trips.

Academy health practices shall provide students with chronic health conditions the opportunity for:

- A. full participation in physical activities when students are well;
- B. modified activities as indicated by the student's health care action plan, 504 plan, or Individualized Education Plan (IEP);
- C. access to preventative medications before activity (as prescribed by their medical providers) and immediate access to emergency medications during activity; and

- D. communication regarding student health status between parents, physicians, teachers (particularly physical education teachers), and coaches.

Healthcare management activities shall include:

- A. procedures to obtain, maintain, and utilize written health care action plans, signed by the child's parents and physician, for each student with a chronic health condition;
- B. a standard emergency protocol in place for students experiencing a distress reaction if they do not have a written health care action plan on site;
- C. established communication strategies for students to use to tell an adult they may be having a health-related problem;
- D. procedures for students to have immediate access to medications in accordance with Policy 5330 and AG 5330 that allow students to self-care and self-administer medications, inhalers, and Epi-pens, as prescribed by a medical professional and approved by parents/guardians;

PROMOTION, PLACEMENT, AND RETENTION

The Board of Directors recognizes the personal, social, physical, and educational growth of children vary, so they should be placed in the educational setting most appropriate to their needs at the various stages of their growth.

It shall be the policy of the Board for each student to be moved forward through the grades in a continuous pattern of achievement and growth in harmony with his/her own development.

A student will be promoted to the next grade level when he/she has achieved the instructional objectives set for the present grade, in the opinion of the professional staff;

The Educational Service Provider shall develop Administrative Procedures for promotion, placement, and retention of students that accomplish the following:

- A. ensure students who are falling seriously behind their peers, or who may not be promoted, receive the special assistance needed to achieve the academic outcomes of the Academy's core curriculum;
- B. require the recommendation of the relevant staff members for promotion, placement, or retention;
- C. require Academy staff to inform parents, well in advance, regarding the possibility of retention of a student at the present grade level;
- D. ensure efforts are made to remediate the student's difficulties before he/she is retained;
- E. assign to the School Leader the final responsibility for determining the promotion, placement, or retention of each student.

Adopted 10/10/17

REPORTING STUDENT PROGRESS

The Board of Directors believes that the cooperation of the Academy and home is a vital ingredient to the growth and education of the whole child. The Board recognizes its responsibility to keep parents informed of student welfare and progress in school.

The Board directs the establishment of a system of reporting student progress that includes written reports and parent conferences with teachers and requires all appropriate staff members to comply with such a system as part of their professional responsibility.

The Educational Service Provider shall develop Administrative Procedures for reporting student progress to parents to achieve the following:

- A. ensure both student and parent receive ample warning of a pending grade of "failure" (F) or a grade that would adversely affect the student's status;
- B. require parent-teacher conferences to be scheduled at times and in places that ensure the greatest degree of convenience to and participation by parents;
- C. specify the time period for report cards to be issued (e.g., every 6 weeks).

Adopted 10/10/17

GRADING

The Board of Directors recognizes its responsibility for providing a system of grading student achievement to help the student, teachers, and parents judge properly how well the student is achieving the expected learning outcomes for his/her grade and the goals of the Academy's program.

The Board believes the Academy's grading system should be a reliable system that ensures each student's grades signify accurately his/her degree of accomplishment of those expected learning outcomes stated for each program at every grade level, kindergarten through twelfth.

The Board directs the Educational Service Provider to develop Administrative Procedures for grading that includes the following:

- A. develop clear, consistent criteria and standards;
- B. in each course of program, help each student understand what behavior and/or achievement is needed to earn each grade and what will result in a failing grade;
- C. provide frequent opportunities for each student to obtain information regarding his/her progress toward the expected learning outcomes of his/her courses or programs;
- D. provide for a pass/fail grade in appropriate programs;
- E. allow and encourage students to assess both their own achievements and their areas of difficulty.

The grading system should not inhibit the professional staff member from learning the strengths and weaknesses of each student on an individual basis.

The grading system should be subject to continual review by staff, students, and parents. Revisions should be made only when such changes will assure a clearer, more valid, and/or more reliable system of grading.

The teacher responsible for a student's instruction in a particular course or program shall determine the student's grade. That grade may not be changed without the permission of the School Leader.

Adopted 10/10/17

The Board authorizes the School Leader to develop a plan for recognizing outstanding student achievement based on well-defined, consistent criteria and standards.

The Board shall annually notify each of its students and a parent or legal guardian of each of its high school students that all students are entitled to a personal curriculum. The annual notice shall include an explanation of what a personal curriculum is and state that if a personal curriculum is requested, the Academy will grant that request. The Academy shall provide this annual notice to parent and legal guardians by sending a written notice to each high school student's home or by including the notice in a newsletter, student handbook, or similar communication that is sent to a student's home, and also shall post the notice on the Academy's website.

Credit towards a high school diploma may be earned by:

- A. traditional course work;
- B. demonstrating mastery of subject area content expectations or guidelines for the credit;
- C. related course work in which content standards are embedded;
- D. non-traditional course work;
- E. independent teacher-guided study;

If a student successfully completes all of the following credit requirements while in grades 7 to 12, the Academy may notate on the student's transcript or diploma that the student has earned a STEM endorsement:

- A. All applicable requirements of the Michigan merit standard for a high school diploma under sections M.C.L. 380.1278a and 1278b.
- B. At least six (6) credits in mathematics. At least five (5) of these credits must be in courses that are either listed in section M.C.L. 380.1278a(1)(a)(i) or that cover the same content standards as a course listed in section 1278a(1)(a)(i), including a credit for pre-calculus or calculus.
- C. At least six (6) credits in science. At least 4 of these credits must be in courses that are either listed in section M.C.L. 380.1278b(1)(b) or that cover the same content standards as a course listed in section 1278b(1)(b).
- D. At least one-half (1/2) credit featuring significant course work involving technology activities and at least 1/2 credit featuring significant course work involving engineering activities. These credits may be gained through separate technology and engineering course work or in conjunction with course work associated with the credits required under subdivisions (b) and (c).

High school special education students who properly complete the programs specified in their I.E.P., or in a personal curriculum, and meet the requirements for a high school diploma, and have received the recommendation of the I.E.P.C. may participate in graduation activities as recommended by the student's I.E.P.C. Reasonable accommodation shall be made for students with disabilities, as defined under State or Federal law, to assist them in taking any required tests or assessments for graduation.

For State-mandated curriculum requirements, a high school student shall be granted credit toward graduation if s/he successfully completes the subject area content expectations or guidelines developed by the department that apply to the credit. A high school student may also receive credit if s/he earns a qualifying score, as determined by the State on the assessments developed or selected for the subject area by the State or the student earns a qualifying score, as determined by the Academy on one or more assessments developed or selected by the Academy that measure a student's understanding of the subject area content expectations or guidelines that apply to the credit. For subject areas and courses in which a final examination is used as the assessment for successful attainment of the subject area content, a grade of C+ or better is required.

The Board shall grant credit toward high school graduation for any student who successfully completes, prior to entering high school, a State-mandated curriculum requirement, provided s/he completes the same content requirements as the high school subject area, and the student has demonstrated the same level of proficiency on the material as required of the high school students.

Such credit shall be counted toward the required number of credits needed for high school graduation. Mastery credits shall be counted toward any subject area requirement and any course sequence requirement. Once mastery credit is earned in a subject area, a student may not receive further credit for a lower sequence course in the same subject area.

A high school student shall be granted credit in any foreign language not offered by the Academy providing the student meets the competency criteria established by the School Leader.

A high school student shall be granted credit for completion of an internship or work experience that meets all of the requirements of MCL 380.1279h, subject to the Board's right to deny credit for the reasons and in the manner set out in MCL 380.1279h. The appeal rights set out in this statute apply in the event of a denial.

A student engaging in an internship or work experience under M.C.L. 380.1279h must complete a reflection projection. The reflection project shall include an appropriate documentation.

Many high school credit requirements may be fulfilled through state approved career and technical education programs (see AG 5460.01). The career and technical education credits may include work-based learning by a student working at a business or other work setting with appropriate oversight by the Academy over the student's experience and learning in the work setting in which the work-based learning occurs.

Commencement exercises will include only those students who have successfully completed requirements as certified by the School Leader. No student who has completed the requirements for graduation shall be denied a diploma as a disciplinary measure. A student may be denied participation in the ceremony of graduation, however, when personal conduct so warrants.

CREDITS FROM NONPUBLIC SCHOOLS

In recognizing its responsibility to uphold the minimum educational standards of the State of Michigan, the Board of Directors establishes the following policy and criteria regarding the acceptance of credits from nonpublic schools whether they are State-approved, non-approved, or home schools.

For credit or course-work to be accepted for courses taken in such schools, assurance of compliance with minimum requirements established by the State must be provided.

Recognition of credits or course-work shall be granted when the proper assurance and the student's transcript has been received. The Academy reserves the right to assess such transfer students in order to determine proper placement and to be assured the student can demonstrate the learnings which are prerequisite to a placement.

Although credits from nonpublic schools may be granted and placed on a student's transcript, no grades will be entered on the transcript or considered for class ranking. Only grades awarded for courses taken at the Academy or at a school approved by a State education agency shall be considered in class ranking and for entering on the transcript.

The School Leader shall develop Administrative Procedures to ensure proper implementation of this policy.

Adopted 10/10/17

EARLY GRADUATION

The Board of Directors acknowledges that some students are pursuing educational goals which include graduation from high school at an earlier date than their designated class.

Application for early graduation will be submitted to the School Leader in accordance with school regulations. The Board may honor this request if all conditions for graduation are met and the student fulfills the graduation requirements.

The student may participate in the graduation ceremonies with his/her designated class.

Policies on Bullying, Michigan State Board of Education, 7-19-01
Model Anti-Bullying Policy, Michigan State Board of Education, 09-2006
National School Boards Association Inquiry and Analysis – May 2008

General Policy Statement

It is the policy of the Board of Directors to maintain an education and work environment that is free from all forms of unlawful harassment, including sexual harassment. This commitment applies to all Academy operations, programs, and activities. All students, administrators, teachers, staff, and all other school personnel share responsibility for avoiding, discouraging, and reporting any form of unlawful harassment. This policy applies to unlawful conduct occurring on Academy property, or at another location if such conduct occurs during an activity sponsored by the Board.

The Board will vigorously enforce its prohibition against discriminatory harassment based on race, color, national origin, sex (including sexual orientation and transgender identity), disability, age (except as authorized by law), religion, height, weight, marital or family status, military status ancestry, or genetic information (collectively, "Protected Classes") that are protected by Federal civil rights laws (hereinafter referred to as unlawful harassment), and encourages those within the Academy community as well as third parties, who feel aggrieved to seek assistance to rectify such problems. The Board will investigate all allegations of harassment and in those cases where unlawful harassment is substantiated, the Board will take immediate steps to end the harassment, prevent its recurrence, and remedy its effects. Individuals who are found to have engaged in unlawful harassment will be subject to appropriate disciplinary action.

For purposes of this policy, "Academy community" means students, administrators, and professional and support staff, as well as Board members, agents, volunteers, contractors, or other persons subject to the control and supervision of the Board.

For purposes of this policy, "third parties" include, but are not limited to, guests and/or visitors on Academy property (e.g., visiting speakers, participants on opposing athletic teams, parents), vendors doing business with, or seeking to do business with, the Board, and other individuals who come in contact with members of the Academy community at academy-related events/activities (whether on or off Academy property).

Other Violations of the Anti-Harassment Policy

The Board will also take immediate steps to impose disciplinary action on individuals engaging in any of the following prohibited acts:

- A. Retaliating against a person who has made a report or filed a complaint alleging unlawful harassment, or who has participated as a witness in a harassment investigation.
- B. Filing a malicious or knowingly false report or complaint of unlawful harassment.
- C. Disregarding, failing to investigate adequately, or delaying investigation of allegations of unlawful harassment, when responsibility for reporting and/or investigating harassment charges comprises part of one's supervisory duties.

Definitions

Bullying

Bullying rises to the level of unlawful harassment when one or more persons systematically and chronically inflict physical hurt or psychological distress on one (1) or more students or employees and that bullying is based upon one (1) or more Protected Classes, that is, characteristics that are protected by Federal civil rights laws. It is defined as any unwanted and repeated written, verbal, or physical behavior, including any threatening, insulting, or dehumanizing gesture, by an adult or student, that is severe or pervasive enough to create an intimidating, hostile, or offensive educational or work environment; cause discomfort or humiliation; or unreasonably interfere with the individual's school or work performance or participation; and may involve:

- A. teasing;
- B. threats;
- C. intimidation;
- D. stalking;
- E. cyberstalking
- F. cyberbullying;
- G. physical violence;
- H. theft;
- I. sexual, religious, or racial harassment;
- J. public humiliation; or
- K. destruction of property.

Harassment

"Harassment" means any threatening, insulting, or dehumanizing gesture, use of technology, or written, verbal or physical conduct directed against a student or Academy employee that:

- A. places a student or Academy employee in reasonable fear of harm to his/her person or damage to his/her property;
- B. has the effect of substantially interfering with a student's educational performance, opportunities, or benefits, or an employee's work performance; or
- C. has the effect of substantially disrupting the orderly operation of the Academy.

Sexual Harassment

Pursuant to Title VII of the Civil Rights Act of 1964 and Title IX of the Educational Amendments of 1972, "sexual harassment" is defined as:

Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature, when:

- A. Submission to such conduct is made either implicitly or explicitly a term or condition of an individual's employment, or status in a class, educational program, or activity;
- B. Submission or rejection of such conduct by an individual is used as the basis for employment or educational decisions affecting such individual;
- C. Such conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working, and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity.

Sexual harassment may involve the behavior of a person of either gender against a person of the same or opposite gender.

Prohibited acts that constitute sexual harassment may take a variety of forms. Examples of the kinds of conduct that may constitute sexual harassment include, but are not limited to:

- A. Unwelcome sexual propositions, invitations, solicitations, and flirtations.
- B. Unwanted physical and/or sexual contact.
- C. Threats or insinuations that a person's employment, wages, academic grade, promotion, classroom work or assignments, academic status, participation in athletics or extra-curricular programs or events, or other conditions of employment or education may be adversely affected by not submitting to sexual advances.
- D. Unwelcome verbal expressions of a sexual nature, including graphic sexual commentaries about a person's body, dress, appearance, or sexual activities; the unwelcome use of sexually degrading language, jokes or innuendoes; unwelcome suggestive or insulting sounds or whistles;

obscene telephone calls.

- E. Sexually suggestive objects, pictures, videotapes, audio recordings or literature, placed in the work or educational environment, which may embarrass or offend individuals.
- F. Unwelcome and inappropriate touching, patting, or pinching; obscene gestures.
- G. A pattern of conduct, which can be subtle in nature, that has sexual overtones and is intended to create or has the effect of creating discomfort and/or humiliation to another.
- H. Remarks speculating about a person's sexual activities or sexual history, or remarks about one's own sexual activities or sexual history.
- I. Inappropriate boundary invasions by a employee or other adult member of the Academy community into a student's personal space and personal life.
- J. Verbal, nonverbal or physical aggression, intimidation, or hostility based on sex or sex-stereotyping that does not involve conduct of a sexual nature.

Not all behavior with sexual connotations constitutes unlawful sexual harassment. Sex-based or gender-based conduct must be sufficiently severe, pervasive, and persistent such that it adversely affects, limits, or denies an individual's employment or education, or such that it creates a hostile or abusive employment or educational environment, or such that it is intended to, or has the effect of, denying or limiting a student's ability to participate in or benefit from the educational program or activities.

Race/Color Harassment

Prohibited racial harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's race or color and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working, and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's race or color, such as racial slurs, nicknames implying stereotypes, epithets, and/or negative references relative to racial customs.

Religious (Creed) Harassment

Prohibited religious harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's religion or creed and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's religious tradition, clothing, or surnames, and/or involves religious slurs.

National Origin Harassment

Prohibited national origin/ancestry harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's national origin or ancestry and when the

conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's national origin or ancestry, such as negative comments regarding customs, manner of speaking, language, surnames, or ethnic slurs.

Disability Harassment

Prohibited disability harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's disability and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's disabling condition, such as negative comments about speech patterns, movement, physical impairments or defects/appearances, or the like. Such harassment may further occur where conduct is directed at or pertains to a person's genetic information.

Reports and Complaints of Harassing Conduct

Students and other members of the Academy community and third parties are encouraged to promptly report incidents of harassing conduct to a teacher, administrator, supervisor or other Academy official so that the conduct may be addressed before it becomes severe, pervasive, or persistent. Any teacher, administrator, supervisor, or other Academy employee or official who receives such a complaint shall file it with the Academy's Anti-Harassment Compliance Officer within two (2) school days.

Members of the Academy community, which includes students, or third parties who believe they have been unlawfully harassed are entitled to utilize the Board's complaint process that is set forth below. Initiating a complaint, whether formally or informally, will not adversely affect the complaining individual's employment or participation in educational or extra-curricular programs. While there are no time limits for initiating complaints of harassment under this policy, individuals should make every effort to file a complaint as soon as possible after the conduct occurs while the facts are known and potential witnesses are available.

If, during an investigation of alleged bullying, aggressive behavior and/or harassment in accordance with Policy 5517.01 – Bullying and Other Forms of Aggressive Behavior, the School Leader believes that the reported misconduct may have created a hostile work environment and may have constituted unlawful discriminatory harassment based on a Protected Class, the School Leader will report the act of bullying, aggressive behavior and/or harassment to one of the Anti-Harassment Compliance Officers who shall investigate the allegation in accordance with this policy. While the Compliance Officer investigates the allegation, the School Leader shall suspend his/her 5517.01 investigation to await the Compliance Officer's written report. The Compliance Officer shall keep the School Leader informed of the status of the 3362 investigation and provide him/her with a copy of the resulting written report.

Anti-Harassment Compliance Officers

The Board designates the following individuals to serve as "Anti-Harassment Compliance Officers" for the Academy. They are hereinafter referred to as the "Compliance Officers".

Superintendent
48 South Street
Ortonville, MI 48362
586-291-5856

Director of Student Services
48 South Street
Ortonville, MI 48362
810-348-2737

The names, titles, and contact information of these individuals will be published annually:

- A. in the parent and staff handbooks.
- B. in the Academy Annual Report to the public.

The Compliance Officers will be available during regular school/work hours to discuss concerns related to unlawful harassment, to assist students, other members of the Academy community, and third parties who seek support or advice when informing another individual about "unwelcome" conduct, or to intercede informally on behalf of the student, other member of the Academy community or third party in those instances where concerns have not resulted in the filing of a formal complaint and where all parties are in agreement to participate in an informal process.

Compliance Officers shall accept complaints of unlawful harassment directly from any member of the Academy community or a visitor to the Academy, or receive complaints that are initially filed with a school building administrator. Upon receipt of a complaint either directly or through a school building administrator, a Compliance Officer will begin either an informal or formal process (depending on the request of the person alleging the harassment or the nature of the alleged harassment), or the Compliance Officer will designate a specific individual to conduct such a process. In the case of a formal complaint, the Compliance Officer will prepare recommendations for the Educational Service Provider or will oversee the preparation of such recommendations by a designee. All members of the Academy community must report incidents of harassment that are reported to them to the Compliance Officer within two (2) business days of learning of the incident.

Academy personnel who directly observe unlawful harassment of a student is obligated, in accordance with this policy, to report such observations to one of the Compliance Officers within two (2) business days. Additionally, any Academy employee who observes an act of unlawful harassment is expected to intervene to stop the harassment, unless circumstances make such an intervention dangerous, in which case the staff member should immediately notify other Academy employees and/or local law enforcement officials, as necessary, to stop the harassment. Thereafter, the Compliance Officer or designee must contact the student, if age eighteen (18) or older, or the student's parents if under the age eighteen (18), within two (2) school days to advise s/he/them of the Board's intent to investigate the alleged misconduct, including the obligation of the Compliance Officer or designee to conduct an investigation following all the procedures outlined for a formal complaint.

Investigation and Complaint Procedure

Any student who believes that s/he has been subjected to unlawful harassment may seek resolution of his/her complaint through either the informal or formal procedures as described below. Further, a process for investigating claims of harassment or retaliation and a process for rendering a decision regarding whether the claim of legally prohibited harassment or retaliation was substantiated are set forth below.

Due to the sensitivity surrounding complaints of unlawful harassment or retaliation, time lines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) calendar days after the conduct occurs while the facts are

known and potential witnesses are available. Once the formal complaint process is begun, the investigation will be completed in a timely manner (ordinarily, within fifteen (15) business days of the complaint being received).

The informal and formal procedures set forth below are not intended to interfere with the rights of a student to pursue a complaint of unlawful harassment or retaliation with the United States Department of Education Office for Civil Rights.

Informal Complaint Procedure

The goal of the informal complaint procedure is to stop inappropriate behavior and to investigate and facilitate resolution through an informal means, if possible. The informal complaint procedure is provided as a less formal option for a student who believes s/he has been unlawfully harassed or retaliated against. This informal procedure is not required as a precursor to the filing of a formal complaint.

Students who believe that they have been unlawfully harassed may initiate their complaint through this informal complaint process, but are not required to do so. The informal process is only available in those circumstances where the parties (alleged target of harassment and alleged harasser(s)) agree to participate in the informal process.

Students who believe that they have been unlawfully harassed or retaliated may proceed immediately to the formal complaint process and individuals who seek resolution through the informal procedure may request that the informal process be terminated at any time to move to the formal complaint process.

However, all complaints of harassment involving an Academy employee or any other adult member of the Academy community against a student will be formally investigated. Similarly, any allegations of sexual violence will be formally investigated.

As an initial course of action, if a student feels that s/he is being unlawfully harassed and s/he is able and feels safe doing so, the individual should tell or otherwise inform the harasser that the conduct is unwelcome and must stop. Such direct communication should not be utilized in circumstances involving sexual violence. The complaining individual should address the allegedly harassing conduct as soon after it occurs as possible. The Compliance Officers are available to support and counsel individuals when taking this initial step or to intervene on behalf of the individual if requested to do so. An individual who is uncomfortable or unwilling to inform the harasser of his/her complaint is not prohibited from otherwise filing an informal or a formal complaint. In addition, with regard to certain types of unlawful harassment, such as sexual harassment, the Compliance Officer may advise against the use of the informal complaint process.

A student who believes s/he has been unlawfully harassed may make an informal complaint, either orally or in writing: (1) to a teacher, other employee, or building administrator in the school the student attends; (2) to the School Leader; and/or (3) directly to one of the Compliance Officers.

All informal complaints must be reported to one of the Compliance Officers who will either facilitate an informal resolution as described below on his/her own, or appoint another individual to facilitate an informal resolution.

The Academy's informal complaint procedure is designed to provide students who believe they are being unlawfully harassed with a range of options designed to bring about a resolution of their concerns. Depending upon the nature of the complaint and the wishes of

the student claiming unlawful harassment, informal resolution may involve, but not be limited to, one or more of the following:

- A. Advising the student about how to communicate the unwelcome nature of the behavior to the alleged harasser.
- B. Distributing a copy of the anti-harassment policy as a reminder to the individuals in the school building or office where the individual whose behavior is being questioned works or attends.
- C. If both parties agree, the Compliance Officer may arrange and facilitate a meeting between the student claiming harassment and the individual accused of harassment to work out a mutual resolution. Such a meeting is not appropriate in circumstances involving sexual violence.

While there are no set time limits within which an informal complaint must be resolved, the Compliance Officer or designee will exercise his/her authority to attempt to resolve all informal complaints within fifteen (15) business days of receiving the informal complaint. Parties who are dissatisfied with the results of the informal complaint process may proceed to file a formal complaint. And, as stated above, parties may request that the informal process be terminated at any time to move to the formal complaint process.

Formal Complaint Procedure

If a complaint is not resolved through the informal complaint process, if one of the parties has requested that the informal complaint process be terminated to move to the formal complaint process, or if the student elects to file a formal complaint initially, the formal complaint process shall be implemented.

A student who believes s/he has been subjected to offensive conduct/harassment/retaliation hereinafter referred to as the "Complainant", may file a formal complaint, either orally or in writing, with a teacher, principal, or other Academy employee at the student's school, the Compliance Officer, School Leader, or another Academy employee who works at another school. Due to the sensitivity surrounding complaints of unlawful harassment and retaliation, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) calendar days after the conduct occurs while the facts are known and potential witnesses are available. If a Complainant informs a teacher, principal, School Leader, or other Academy employee, either orally or in writing, about any complaint of harassment or retaliation, that employee must report such information to the Compliance Officer or designee within two (2) business days.

Throughout the course of the process, the Compliance Officer should keep the parties informed of the status of the investigation and the decision-making process.

All formal complaints must include the following information to the extent it is available: the identity of the individual believed to have engaged in, or be engaging in, offensive conduct/harassment/retaliation; a detailed description of the facts upon which the complaint is based; a list of potential witnesses; and the resolution sought by the Complainant.

If the Complainant is unwilling or unable to provide a written statement including the information set forth above, the Compliance Officer shall ask for such details in an oral interview. Thereafter, the Compliance Officer will prepare a written summary of the oral interview, and the Complainant will be asked to verify the accuracy of the reported charge by signing the document.

Upon receiving a formal complaint, the Compliance Officer will consider whether any action should be taken in the investigatory phase to protect the Complainant from further harassment or retaliation, including, but not limited to, a change of work assignment or schedule for the Complainant and/or the alleged harasser. In making such a determination, the Compliance Officer should consult the Complainant to assess his/her agreement to the proposed action. If the Complainant is unwilling to consent to the proposed change, the Compliance Officer may still take whatever actions s/he deem appropriate in consultation with the Educational Service Provider.

Within two (2) business days of receiving the complaint, the Compliance Officer or a designee will initiate a formal investigation to determine whether the Complainant has been subjected to offensive conduct/harassment/retaliation. The Educational Service Provider will not conduct an investigation unless directed to do so by the Compliance Officer.

Simultaneously, the Compliance Officer will inform the individual alleged to have engaged in the harassing or retaliatory conduct, hereinafter referred to as the "Respondent", that a complaint has been received. The Respondent will be informed about the nature of the allegations and provided with a copy of any relevant administrative guidelines, including the Board's Anti-Harassment policy. The Respondent must also be informed of the opportunity to submit a written response to the complaint within five (5) business days.

Although certain cases may require additional time, the Compliance Officer or a designee will attempt to complete an investigation into the allegations of harassment/retaliation within fifteen (15) business days of receiving the formal complaint. The investigation will include:

- A. interviews with the Complainant;
- B. interviews with the Respondent;
- C. interviews with any other witnesses who may reasonably be expected to have any information relevant to the allegations;
- D. consideration of any documentation or other information presented by the Complainant, Respondent, or any other witness that is reasonably believed to be relevant to the allegations.

At the conclusion of the investigation, the Compliance Officer or the designee shall prepare and deliver a written report to the Educational Service Provider that summarizes the evidence gathered during the investigation and provides recommendations based on the evidence and the definition of unlawful harassment as provided in Board policy and State and Federal law as to whether the Complainant has been subjected to unlawful harassment. The Compliance Officer's recommendations must be based upon the totality of the circumstances, including the ages and maturity levels of those involved. In determining if discriminatory harassment or retaliation occurred, a preponderance of evidence standard will be used. The Compliance Officer may consult with the Board's legal counsel before finalizing the report to the Educational Service Provider.

Absent extenuating circumstances, within ten (10) school days of receiving the report of the Compliance Officer or the designee, the School Leader must either issue a final decision regarding whether the complaint of harassment has been substantiated or request further investigation. A copy of the School Leader final decision will be delivered to both the Complainant and the Respondent.

If the School Leader requests additional investigation, the School Leader must specify the additional information that is to be gathered, and such additional investigation must be completed within ten (10) school days. At the conclusion of the additional investigation, the School Leader shall issue a final written decision as described above.

The decision of the School Leader shall be final.

In an attempt to resolve the complaint, the Board shall meet with the concerned parties and their representatives within twenty (20) business days of the receipt of such an appeal. A copy of the Board's disposition of the appeal shall be sent to each concerned party within ten (10) business days of this meeting. The decision of the Board will be final.

The Board reserves the right to investigate and resolve a complaint or report of unlawful harassment/retaliation regardless of whether the student alleging the unlawful harassment/retaliation pursues the complaint. The Board also reserves the right to have the formal complaint investigation conducted by an external person in accordance with this policy or in such other manner as deemed appropriate by the Board or its designee.

Privacy/Confidentiality

The Academy will employ all reasonable efforts to protect the rights of the complainant, the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under the terms of this policy and its related Administrative Procedures shall be maintained as confidential to the extent permitted by law. Confidentiality, however, cannot be guaranteed. All Complainants proceeding through the formal investigation process will be advised that their identities may be disclosed to the Respondent.

During the course of a formal investigation, the Compliance Officer or his/her designee will instruct all members of the Academy community and third parties who are interviewed about the importance of maintaining confidentiality. Any individual who is interviewed as part of a harassment investigation is expected not to disclose any information that s/he learns or that s/he provides during the course of the investigation.

Sanctions and Monitoring

The Board shall vigorously enforce its prohibitions against unlawful harassment by taking appropriate action reasonably calculated to stop the harassment and prevent further such harassment. While observing the principles of due process, a violation of this policy may result in disciplinary action up to and including the discharge of an employee or the suspension/expulsion of a student. All disciplinary action will be taken in accordance with applicable State law and the terms of the relevant collective bargaining agreement(s). When imposing discipline, the School Leader shall consider the totality of the circumstances involved in the matter, including the ages and maturity levels of those involved. In those cases where unlawful harassment is not substantiated, the Board may consider whether the alleged conduct nevertheless warrants discipline in accordance with other Board policies, consistent with the terms of the relevant collective bargaining agreement(s).

Where the Board becomes aware that a prior remedial action has been taken against a member of the Academy community, all subsequent sanctions imposed by the Board and/or Educational Service Provider, shall be reasonably calculated to end such conduct, prevent its reoccurrence, and remedy its effects.

Retaliation

Any act of retaliation against a person who has made a report or filed a complaint alleging unlawful harassment, or who has participated as a witness in a harassment investigation is prohibited.

Allegations Constituting Criminal Conduct: Child Abuse/Sexual Misconduct

State law requires any Academy teacher or Academy employee who knows or suspects that a student under the age of eighteen (18) or that a person with a disability receiving services as a student from the academy regardless of age has suffered or faces a threat of suffering a physical or mental wound, disability or condition of a nature that reasonably indicates abuse or neglect of a child to immediately report that knowledge or suspicion to the county children's services agency. If, during the course of a harassment investigation, the Compliance Officer or a designee has reason to believe or suspect that the alleged conduct reasonably indicates abuse or neglect of the Complainant, a report of such knowledge must be made in accordance with State law and Board Policy.

Any reports made to a county children's services agency or to local law enforcement shall not terminate the Compliance Officer or a designee's obligation and responsibility to continue to investigate a complaint of harassment. While the Compliance Officer or a designee may work cooperatively with outside agencies to conduct concurrent investigations, in no event shall the harassment investigation be inhibited by the involvement of outside agencies without good cause after consultation with the School Leader.

Education and Training

In support of this Anti-Harassment Policy, the Board promotes preventative educational measures to create greater awareness of unlawful discriminatory practices. The Educational Service Provider, or designee shall provide appropriate information to all members of the Academy community related to the implementation of this policy and shall provide training for Academy students and staff where appropriate. All training, as well as information provided regarding the Board's policy and harassment in general, will be age and content appropriate.

Retention of Investigatory Records and Materials

All individuals charged with conducting investigations under this policy shall retain all documents, electronically stored information ("ESI"), and electronic media (as defined in Policy 8315) created and/or received as part of an investigation, which may include but not be limited to:

- A. all written reports/allegations/complaints/grievances/statements/responses pertaining to an alleged violation of this policy;
- B. any narratives that memorialize oral reports/allegations/complaints/grievances/statements/responses pertaining to an alleged violation of this policy;

- I. dated written determinations/reports (including summaries of relevant exculpatory and inculpatory evidence) and other documentation that memorializes oral notifications to the parties concerning the outcome of the investigation, including any consequences imposed as a result of a violation of this policy;
- J. documentation of any interim measures offered and/or provided to complainants and/or the alleged perpetrators, including no contact orders issued to both parties, the dates the no contact orders were issued, and the dates the parties acknowledged receipt of the no contact orders;
- K. documentation of all actions taken, both individual and systemic, to stop the discrimination or harassment, prevent its recurrence, eliminate any hostile environment, and remedy its discriminatory effects;
- L. copies of the Board policy and/or procedures/guidelines used by the Academy to conduct the investigation, and any documents used by the Academy at the time of the alleged violation to communicate the Board's expectations to students and staff with respect to the subject of this policy (e.g., Student and/or Employee Handbooks or Codes of Conduct);
- M. copies of any documentation that memorializes any formal or informal resolutions to the alleged discrimination or harassment;
- N. documentation of any training provided to Academy personnel related to this policy, including but not limited to, notification of the prohibitions and expectations of staff set forth in this policy and the role and responsibility of all Academy personnel involved in enforcing this policy, including their duty to report alleged violations of this policy and/or conducting an investigation of an alleged violation of this policy;

8320, and Policy 8330 for not less than three (3) years, but longer if required by the Academy's records retention schedule.

BULLYING

Reference: The Matt Epling Safe School Law, Public Act 241 of 2011, as amended by Public Act 478 of 2014 (MCL § 380.1310b).

The Board believes that a safe and nurturing educational environment in school is necessary for students to learn and achieve high academic standards. Therefore, it is the policy of the Academy to provide a safe and nurturing environment for all of its students. Appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment or bullying is expected of students, as well as administrators, faculty, staff, visitors, and volunteers.

BULLYING AND CYBERBULLYING ARE PROHIBITED

Bullying and cyberbullying of a student, whether by other students, staff, visitors, Board members, parents, guests, contractors, vendors and volunteers, is prohibited. All pupils are protected under this policy, and bullying and cyberbullying are prohibited without regard to its subject matter or motivating animus.

DEFINITION OF BULLYING

“Bullying” means any written, verbal, or physical act, or any electronic communication, including, but not limited to, cyberbullying, that is intended or that a reasonable person would know is likely to harm one (1) or more pupils either directly or indirectly by doing any of the following:

- A. Substantially interfering with the educational opportunities, benefits, or programs of one (1) or more pupils.
- B. Adversely affecting the ability of a pupil to participate in or benefit from the school district's or public school's educational programs or activities by placing the pupil in reasonable fear of physical harm or by causing substantial emotional distress.
- C. Having an actual and substantial detrimental effect on a pupil's physical or mental health.
- D. Causing substantial disruption in, or substantial interference with, the orderly operation of the school.

“Cyberbullying” means any electronic communication that is intended or that a reasonable person would know is likely to harm one (1) or more pupils either directly or indirectly by doing any of the following:

- A. Substantially interfering with the educational opportunities, benefits, or programs of one (1) or more pupils.
- B. Adversely affecting the ability of a pupil to participate in or benefit from the school district's or public school's educational programs or activities by placing the pupil in reasonable fear of physical harm or by causing substantial emotional distress.
- C. Having an actual and substantial detrimental effect on a pupil's physical or mental health.

- D. Causing substantial disruption in, or substantial interference with, the orderly operation of the school.

Since “bullying” also includes “cyberbullying,” any reference in this policy to “bullying” shall also be deemed to refer to “cyberbullying.”

Bullying and cyberbullying are prohibited at school. “At school” is defined as on school premises, at school- sponsored activities or events, in a school-related vehicle, or using telecommunications access device or a telecommunications service provider if the telecommunications access device or telecommunications service provider is owned by or under the control of the school district. “Telecommunications access device” and “telecommunications service provider” mean those terms as defined in Section 219a of the Michigan Penal Code (MCL § 750.219a).

Bullying and cyberbullying that does not occur “at school,” as defined above, but that causes a substantial disruption to the educational environment may be subject to disciplinary action in accordance with this policy and applicable law.

REPORTING AND INVESTIGATING REPORTS OF BULLYING

Every student is encouraged to report any situation that he or she believes to be bullying behavior directed toward a student to a teacher, a counselor, administrator, or other staff member. Staff members shall report any reports made by students or situations that they believe to be bullying behavior directed toward a student to the School Leader. Complaints against the School Leader and Educational Service Provider shall be reported to the Board.

Under state law, a school employee, school volunteer, student, or parent or guardian who promptly reports in good faith an act of bullying to the appropriate school official designated in this policy and who makes this report in compliance with the procedures set forth in this policy is immune from a cause of action for damages arising out of the reporting itself or any failure to remedy the reported incident. This immunity does not apply to a school official responsible for implementing this policy or for remedying the bullying, when acting in that capacity.

Retaliation or false accusation against a target of bullying, a witness, or another person with information about an act of bullying is prohibited. Suspected retaliation should be reported in the same manner as suspected bullying behavior. Making intentionally false accusations of bullying is likewise prohibited. Retaliation and making intentionally false accusations of bullying may result in disciplinary action up to and including expulsion.

All complaints about bullying that may violate this policy shall be promptly investigated and documented. The School Leader or designee is responsible for the investigation. If the investigation results in a finding that bullying has occurred, it shall result in prompt and appropriate disciplinary action, up to and including expulsion for students, up to and including discharge for employees, and up to and including exclusion from school property for parents, guests, volunteers, and contractors. Individuals may also be referred to law enforcement officials.

The Board may utilize restorative practices that emphasize repairing the harm to the victim and school community in the correction of bullying behavior, which may include victim-offender conferences that:

- A. Are initiated by the victim;

- B. Are approved by the victim's parent or legal guardian or, if the victim is at least 15, by the victim;
- C. Are attended voluntarily by the victim, a victim advocate, the offender, members of the school community, and supporters of the victim and the offender (the "restorative practices team"); and
- D. Would provide an opportunity for the offender to accept responsibility for the harm caused to those affected, and to participate in setting consequences to repair the harm, such as requiring the student to apologize; participate in community service, restoration of emotional or material losses, or counseling; pay restitution; or any combination of these. The selected consequences and time limits for their completion will be incorporated into an agreement to be signed by all participants. Where the investigation results in a finding that bullying has occurred, both the parent or legal guardian of a victim of bullying and the parent or legal guardian of a perpetrator of the bullying shall be notified promptly in writing. In addition, administrators investigating alleged bullying may notify parents of the victim or perpetrator of bullying sooner than the conclusion of the investigation if circumstances dictate such earlier notification.

The Academy shall document any prohibited incident that is reported and shall document all verified incidents of bullying and the resulting consequences, including the required notification of parents or guardians and any discipline and referrals.

The School Leader is the school official responsible for ensuring that this policy is implemented.

CONFIDENTIALITY

The Academy will comply with all applicable laws regarding confidentiality of personally identifiable information within education records. In addition, the identity of an individual who reports an act of bullying or cyberbullying shall be and remain confidential. The School Leader, or the School Leader's designee, shall ensure that the name of an individual who reports an act of bullying or cyberbullying is withheld from the alleged perpetrator and the perpetrator's parent(s), legal guardian(s) and representative(s), and is redacted from any report of bullying or cyberbullying that is publically disclosed.

NOTIFICATION

This policy will be annually circulated to parents and students, and shall be posted on the Academy website.

REPORTING

As required by state statute, the Academy shall provide a report of all verified incidents of bullying and other required information to the Michigan Department of Education on an annual basis, according to the form and procedures established by the Department.

As required by state statute, the Academy's procedures with respect to bullying are contained within this policy, and thus no administrative guidelines accompany this policy.

INTERROGATION OF STUDENTS

Reference: MCL 722.627
Attorney General's Opinion No 6869, September 6, 1995

The Board of Directors is committed to protecting students from harm that may or may not be directly associated with the academy environment but also recognizes its responsibility to cooperate with law enforcement State's child protection agency. This policy shall generally govern student interrogations-however the specific directives of law enforcement personnel shall in all cases control.

Whenever it has been determined that an agency has a legitimate purpose in interrogating a student within the confines of the Academy, the School Leader or representative shall be present throughout the proceedings. S/He should also verify that the student(s) has been informed of his/her rights to refuse to answer questions, to be informed that anything s/he says may be used against him/her in court, and to consult with and be advised by legal counsel.

Such agencies should be encouraged to investigate alleged violations of the law off academy property if at all possible. An investigation can take place immediately on academy property at the request of the School Leader or building administrator if the alleged violation of law took place on academy property or in emergency situations.

When police or other authorities arrive at the Academy and wish to interview a student or investigate an alleged violation of law, they must contact the School Leader or building administrator indicating the nature of their investigation and their desire to question a student or students.

The School Leader shall ask the investigator whether s/he may contact the parents prior to the interview and document the response. Unless the investigator specifically requests that s/he not contact the parents, the School Leader or building administrator shall attempt to contact the parents prior to questioning.

Before the student(s) is (are) questioned as a witness to or suspect in an alleged violation of law, the building administrator shall attempt to contact the parent prior to questioning and shall request to remain in the room during the questioning.

If the student is the subject of a child abuse/neglect investigation, the School Leader shall attempt to contact the parent prior to questioning, and s/he or a designated guidance counselor will make every effort to remain in the room during questioning. If an agency investigating child abuse/neglect indicates that the parent or a family member is believed to be the perpetrator, the School Leader or building administrator will not contact either parent prior to the interview if so requested by the investigator. All attempts to notify the parents should be documented.

When an authorized law enforcement officer or child protection agency removes a student, the School Leader will record the name of the investigator, the public agency involved and the destination of the student if possible. S/he shall also notify the parent.

No Academy official may release personally identifiable student information in education records to the police or children's services agency without prior written permission of the parent, a lawfully-issued subpoena, or a court order, unless it is an emergency situation

involving the health or safety of the involved student or other students. Proper directory information may be disclosed upon request. (See Board Policy 8330).

EMERGENCY REMOVAL, SUSPENSION, AND EXPULSION OF STUDENTS

Reference: M.C.L. 380.1301, 380.1309, 380.1310d, 380.1311
20 U.S.C. 3351
State Board of Education, Resolution to Address School Discipline Issues
Impacting Student Outcomes, Adopted June 12, 2012

The Board of Directors is continually concerned about the safety and welfare of Academy students and staff and, therefore, will not tolerate behavior that creates an unsafe environment, a threat to safety or undue disruption of the educational environment.

Factors to be Considered Before Suspending or Expelling a Student

The Board of Directors also recognizes that exclusion from the educational program of the academy's is a severe sanction that should only be imposed after careful and appropriate consideration. Except as otherwise noted below with respect to possession of a firearm in a weapon free school zone, if suspension or expulsion of a student is considered, the School Leader shall consider the following factors prior to making a determination of whether to suspend or expel:

- A. the student's age
- B. the student's disciplinary history
- C. whether the student has a disability
- D. the seriousness of the violation or behavior
- E. whether the violation or behavior committed by the student threatened the safety of any student or staff member
- F. whether restorative practices will be used to address the violation or behavior
- G. whether a lesser intervention would properly address the violation or behavior

The School Leader will exercise discretion over whether or not to suspend or expel a student. In exercising that discretion for a suspension of more than ten (10) days or expulsion, there is a rebuttable presumption that a suspension or expulsion is not justified unless the School Leader can demonstrate that it considered each of the factors listed above. For a suspension of ten (10) days or fewer, there is no rebuttable presumption, but the School Leader will still consider these factors in making the determination.

Restorative Practices

The School Leader shall consider using restorative practices as an alternative to or in addition to suspension or expulsion. If the Academy determines that it will utilize restorative practices in addition to or as an alternative to suspension or expulsion of a student, it will engage in restorative practices which emphasize repairing the harm to the victim and academy community caused by the student's misconduct.

Restorative practices should be the first consideration to remediate offenses such as interpersonal conflicts, bullying, verbal and physical conflicts, theft, damage to property, class disruption and harassment and cyberbullying.

If the School Leader decides to utilize restorative practices as an alternative to or in addition to suspension or expulsion, the restorative practices may include victim-offender conferences that:

- A. are initiated by the victim;
- B. are approved by the victim's parent or legal guardian or, if the victim is at least fifteen (15), by the victim;
- C. are attended voluntarily by the victim, a victim advocate, the offender, members of the academy community, and supporters of the victim and the offender (the "restorative practices team");
- D. would provide an opportunity for the offender to accept responsibility for the harm caused to those affected, and to participate in setting consequences to repair the harm, such as requiring the student to apologize; participate in community service, restoration of emotional or material losses, or counseling; pay restitution; or any combination of these.

The selected consequences and time limits for their completion will be incorporated into an agreement to be signed by all participants.

Due Process

The Board recognizes exclusion from the educational programs of the Academy, whether by suspension or expulsion, is the most severe sanction that can be imposed on a student and is one that cannot be imposed without appropriate due process, since exclusion deprives a child of the right to an education. The Board also recognizes that it may be necessary for a teacher to remove a student from class for conduct disruptive to the learning environment, and that such removals are not subject to a prior hearing, provided the removal is for a period of less than twenty-four (24) hours. However, if an emergency removal may result in a suspension, then due process must be ensured.

In all cases resulting in short-term suspension, long-term suspension or expulsion, appropriate due process rights described in Policy 5611 and AG 5610 must be observed. The Student Services Director shall check to make sure the student is not classified as disabled under Section 504. Students with disabilities under IDEA or Section 504 shall be expelled only in accordance with their rights under Federal law.

For purposes of this policy, suspension shall be either short-term (not more than ten (10) days) or long-term (for more than ten (10) days but less than permanent expulsion) removal of a student from a regular Academy program. The School Leader may suspend a student for a period not to exceed 10 school days.

For purposes of this policy, unless otherwise defined in Federal and/or State law, expulsion is defined as the permanent exclusion of a student from the Academy. Students who are expelled may petition for reinstatement as provided below.

Emergency Removal or Short-Term Suspension

A student may be removed from a class, subject, or activity for one (1) day by his/her teacher for certain conduct as specified in the Code of Conduct, or he/she may be given a short-term suspension by the School Leader. A student so removed may be allowed to attend other classes taught by other teachers during the term of the one (1) day removal. A student removed from the same class for ten (10) days will be entitled to the process for short-term suspensions outlined in AG 5610. A student removed from the same class for more than ten (10) days will be entitled to the process for long-term suspensions outlined in AG 5610. The Board designates the School Leader as its representative at any hearings regarding the appeal of a suspension.

Long-Term Suspension or Expulsion

Due process set out in Policy 5611 and AG 5610 shall be followed in all circumstances in which a student may be expelled or suspended for a period of more than ten (10) days.

The School Leader may recommend to the Board a long-term suspension or that a student be expelled.

In all cases resulting in short-term suspension, long-term suspension, or expulsion, appropriate due process rights must be observed. In determining whether a student is to be suspended or expelled, the School Leader shall use a preponderance of evidence standard.

The School Leader shall develop procedures to implement this policy that shall include the following:

- A. strategies for providing special assistance to students in danger of being expelled and not achieving the academic outcomes of the Academy's core curriculum;
- B. standards of behavior for all students in accordance with Academy Board policy on student discipline;
- C. procedures that ensure due process; and
- D. provision for make-up work at home, when appropriate.

When making a determination whether or not a student will be expelled or permanently excluded under this policy, the School Leader shall retain all documents, electronically stored information ("ESI"), and electronic media (as defined in Policy 8315 - Information Management (i.e. "Litigation Hold")) created and/or received as part of an investigation.

The documents, ESI, and electronic media (as defined in Policy 8315) retained may include public records and records exempt from disclosure under Federal (e.g., FERPA, ADA) and/or State law – e.g., student records and confidential medical records.

The documents, ESI, and electronic media (as defined in Policy 8315) shall be retained in accordance with Policy 8310, Policy 8315, Policy 8320, and Policy 8330 for not less than three (3) years, but longer if required by the Academy's records retention schedule.

Persistent Disobedience or Gross Misconduct/CSC Against Another Academy Student

Any student may be removed from the classroom, and/or, after consideration of the factors identified above, suspended or expelled for persistent disobedience or gross misconduct or if the student commits criminal sexual conduct against another student enrolled in the Academy regardless of the location of the conduct. A student may not be expelled or excluded from the regular academy program based on pregnancy status.

In recognition of the negative impact on a student's education, the Board encourages the Academy's administrators to view suspensions, particularly those over ten (10) days, and permanent expulsions as discipline of last resort, except where these disciplines are required by law. Alternatives to avoid or to improve undesirable behaviors should be explored when possible prior to implementing or requesting a suspension or expulsion.

Physical and Verbal Assault

Unless a different determination is made after consideration of the factors identified above, the Academy shall permanently expel a student in grade six or above if that student commits physical assault at the Academy against a staff member, a volunteer, or a contractor.

Unless a different determination is made after consideration of the factors identified above, the Academy shall suspend or expel a student in grade six or above for up to 180 school days if the student commits physical assault at the Academy against another student.

Physical assault is defined as "intentionally causing or attempting to cause physical harm to another through force or violence."

Unless a different determination is made after consideration of the factors identified above, the Academy shall suspend or expel a student in grade six or above and may discipline, suspend or expel a student in grade five and below for a period of time as determined at the Board's discretion if the student commits verbal assault at the Academy against a Academy employee, volunteer, or contractor or makes a bomb threat or similar threat directed at an academy building, property, or at an academy-related activity.

Verbal assault is a communicated intent to inflict physical or other harm on another person, with a present intent and ability to act on the threat.

"At the Academy" means in a classroom, elsewhere on academy premises, on an academy bus or other academy-related vehicle, or at an academy-sponsored activity or event whether or not it is held on academy premises.

Weapons, Arson, Criminal Sexual Conduct

In compliance with State and Federal law, and unless a different determination is made after consideration of the factors identified above, the Academy shall expel any student who possesses a dangerous weapon, other than a firearm, in the Academy's weapon-free school zone (except as noted below), commits either arson or criminal sexual conduct in an academy building or on academy property, including academy buses and other Academy transportation, or pleads to, is convicted of or is adjudicated of criminal sexual conduct against another student enrolled in the Academy.

In compliance with State and Federal law, the Academy shall expel any student who possesses a firearm in the Academy's weapon-free school zone in violation of State law, unless the student

can establish the mitigating factors relating to possession of a dangerous weapon set out below, by clear and convincing evidence.

For purposes of this policy, a “dangerous weapon” is defined by law as a firearm, dagger, dirk, stiletto, knife with a blade over three (3) inches in length, pocket knife opened by a mechanical device, iron bar, or brass knuckles. This definition also includes other devices designed to (or likely to) inflict bodily harm, including, but not limited to, air guns and explosive devices. The term “firearm” is defined as any weapon (including a starter gun) that will, is designed to, or may readily be converted to expel a projectile by the action of the explosive, the frame, or the bearer of any such weapon, as well as a firearm muffler, firearm silencer, or any such destructive device.

The Academy need not expel a student for possession of a dangerous weapon, including a firearm, if the student can establish in a clear and convincing manner the following mitigating factor(s) to the satisfaction of the Board the:

- A. object or instrument was not possessed for use as a weapon, or for direct (or indirect) delivery to another person for use as a weapon; or
- B. weapon was not knowingly possessed; or
- C. student did not know (or have reason to know) that the object or instrument in his/her possession constituted a dangerous weapon; or
- D. weapon was possessed at the suggestion, request, direction of, or with the express permission of the School Leader or the police.

There is a rebuttable presumption that expulsion for possessing the weapon is not justified if the School Leader determines in writing that the student has established that he or she fits under one of the exceptions above by clear and convincing evidence, and that the student has no previous history of suspension or expulsion.

For expulsions for dangerous weapons, arson, criminal sexual conduct or assault upon an employee, volunteer or contractor, the School Leader shall provide that the expulsion is duly noted in the student's record, the student is referred to the Department of Human Services or Department of Community Health within three (3) school days after the expulsion, and the parents are informed of the referral. Furthermore, if a student who is expelled is below the age of sixteen (16), the School Leader shall ensure notification of the expulsion is given to the Juvenile Division of the Probate Court. In compliance with Federal law, the School Leader shall also refer any student (regardless of age) expelled for possession of a dangerous weapon to the criminal justice or juvenile delinquency system serving the Academy. In addition, the School Leader shall send a copy of this policy to the State Department of Education and shall include a description of the circumstances surrounding the expulsion of the student for possessing a firearm or weapon in the Academy's weapon-free school zone, together with the name of the Academy, the number of students so expelled, and the types of firearms or weapons brought into the weapon-free school zone.

A student expelled under this policy for dangerous weapons, arson, criminal sexual conduct or assault upon an employee, volunteer or contractor may apply for reinstatement in accordance with the following guidelines:

- A. If the student is in grade five (5) or below at the time of the expulsion and was expelled for possessing a firearm or threatening another person with a

dangerous weapon, the parents, legal guardian, adult student, or emancipated minor may submit a request for reinstatement after sixty (60) school days from the date of expulsion, but the student may not be reinstated before ninety (90) school days from the expulsion date.

- B. If the student is in grade five (5) or below at the time of the expulsion and was expelled for a reason other than possessing a firearm or threatening another person with a dangerous weapon, the parents, legal guardian, or emancipated minor may submit a request for reinstatement at any time, but the student may not be reinstated before ten (10) school days from the expulsion date.
- C. If the student is in grade six (6) or above at the time of the expulsion, the parents, legal guardian, adult student, or emancipated minor may submit a request for reinstatement after one hundred and fifty (150) school days from the date of the expulsion, but the student may not be reinstated before one hundred eighty (180) school days from the expulsion date.
- D. The parent, adult student, or emancipated minor shall submit the request for reinstatement to the School Leader.
- E. Within ten (10) school days after receiving the petition, the Board shall appoint a committee consisting of two (2) Board members, an academy administrator, a teacher, and an academy-parent representative. During this time period, the School Leader shall prepare and submit for consideration by the committee information concerning the circumstances of the expulsion and any factors mitigating for or against reinstatement.
- F. Within ten (10) school days after being appointed, the committee shall review all pertinent information and submit its recommendation to the Board. The recommendation may be for unconditional reinstatement, conditional reinstatement, or non-reinstatement, based on the committee's consideration of the following:
 - 1. extent to which reinstatement would create a risk of harm to students or academy staff;
 - 2. extent to which reinstatement would create a risk of academy or individual liability for the Board or academy staff;
 - 3. age and maturity of the student;
 - 4. student's academy record before the expulsion incident;
 - 5. student's attitude concerning the expulsion incident;
 - 6. student's behavior since the expulsion and the prospects for remediation;
 - 7. The degree of cooperation and support the parent has provided and will provide if the student is reinstated (if the request was filed by a parent), including, but not limited to the parent's receptiveness toward any conditions placed on the reinstatement. Such conditions, for

example, might include a written agreement by the student and/or a parent who filed the reinstatement request to accomplish the following:

- a. abide by a behavior contract involving the student, his/her parents, and an outside agency;
 - b. participate in an anger management program or other counseling activities;
 - c. cooperate in processing and discussing periodic progress reviews;
 - d. meet other conditions deemed appropriate by the committee;
 - e. accept the consequences for not fulfilling the agreed upon conditions.
8. student's behavior since the expulsion and the prospects for remediation.

The Board shall make its decision no later than the next regular Board meeting following the committee's submission of its recommendations. The Board's decision shall be final and is not subject to appeal.

In the event a student who has been permanently expelled from another academy requests admission to this Academy, in making its decision, the Board shall follow the same procedure it has established in paragraphs A-F, above, for the reinstatement of a student.

Students expelled for reasons other than dangerous weapons, arson, criminal sexual conduct or assault upon an employee, volunteer or contractor may also petition the Board for reinstatement. The Board may, at its discretion, consider the petition in accordance with the procedures set forth above or upon any standards and with any procedures it determines appropriate under the circumstances.

The School Leader shall ensure Board policies and procedures regarding a student's rights to due process are followed when dealing with a possible suspension or expulsion under this policy.

In-School Discipline

The purpose of this policy is to provide an alternative to out of school suspension. The availability of in-school discipline options is dependent upon the financial ability of the Board to support such a program.

In-school discipline will only be offered at the discretion of the School Leader for offenses found in the Student Code of Conduct.

The School Leader is to establish procedures for the proper operation of such a program and to ensure appropriate due-process procedures are followed as applicable. (See Policy 5630.01)

Due Process Rights

The Board recognizes the importance of safeguarding a student's constitutional rights, particularly when subject to the Academy's disciplinary procedures.

To better ensure appropriate due-process is provided a student, the Board establishes the following:

A. Students Subject to Short-Term Suspension

Except when emergency removal is warranted, a student must be given at least oral notice of the charges against him/her and the opportunity to respond prior to the implementation of a suspension. When emergency removal has been implemented, notice and opportunity to respond shall occur as soon as reasonably possible. The School Leader or other designated administrator shall provide the opportunity to be heard and shall be responsible for making the suspension decision. An appeal may be addressed to the School Leader whose decision will be final.

B. Students Subject to Long-Term Suspension and Expulsion

A student and his/her parent or guardian must be given written notice of the intention to suspend or expel and the reasons therefore, and must also be given an opportunity to appear before the Board with a representative to answer the charges. The student and/or his/her guardian must also be provided a brief description of the student's rights and the hearing procedure, a list of the witnesses who will provide testimony to the Board, and a summary of the facts to which the witnesses will testify. At the student/parent's request, the hearing shall be held in closed session, but the Board must act publicly. The Board shall act by providing a written decision on any appeal of an expulsion, a request for reinstatement, or a request for admission after permanent expulsion from another academy.

Corporal Punishment

While recognizing that students may require disciplinary action in various forms, the Board does not condone the use of unreasonable force and fear as an appropriate procedure in student discipline.

Staff shall not use physical force or violence to compel obedience. If all other means fail, staff members may always resort to the removal of the student from the classroom or Academy through suspension or expulsion procedures.

Within the scope of their employment, all staff may use reasonable force and apply restraint to accomplish the following:

- A. restrain or remove a student who refuses to comply with a request to behave or report to the office;
- B. quell a disturbance threatening physical injury to self or others;
- C. obtain possession of weapons or other dangerous objects within the control of the student, for either self-defense; or

D. the protection of persons or property.

In accordance with State law, corporal punishment shall not be permitted. If any staff member (full-time, part-time, or substitute) deliberately inflicts, or causes to be inflicted, physical pain upon the student (by hitting, paddling, spanking, slapping or any other kind of physical force) as a means of discipline, the staff member may be subject to discipline and possibly criminal assault charges. This prohibition also applies to volunteers and those with whom the Academy contracts for services.

Removal, Suspension, and Expulsion of Students with Disabilities

The Academy shall abide by Federal and State laws in matters relating to discipline, suspension, and expulsion of disabled students.

DUE PROCESS RIGHTS

The Board of Directors recognizes the importance of safeguarding a student's constitutional rights, particularly when subject to the Academy's disciplinary procedures.

To better ensure appropriate due-process is provided a student, the Board establishes the following guidelines which the School Leader shall use when dealing with students:

A. Students subject to short-term suspension:

Except when emergency removal is warranted, a student must be given oral or written notice of the charges against him/her and the opportunity to respond prior to the implementation of a suspension. When emergency removal has been implemented, notice and opportunity to respond shall occur as soon as reasonably possible. The School Leader or other designated administrator shall provide the opportunity to be heard and shall be responsible for making the suspension decision. An appeal may be addressed to the School Leader whose decision will be final.

B. Students subject to long-term suspension and expulsion:

A student and his/her parent or guardian must be given written notice of the intention to suspend or expel and the reasons therefore, and an opportunity to appear with a representative before the Board to answer the charges. The student and/or his/her guardian must also be provided a brief description of the student's rights and of the hearing procedure, a list of the witnesses who will provide testimony to the Board, and a summary of the facts to which the witnesses will testify. At the student's request, the hearing may be private, but the Board must act publicly. The Board shall act on any appeal, which must be submitted in writing, to an expulsion, to a request for reinstatement, or to a request for admission after being permanently expelled from another district (Policy 5610).

In determining whether disciplinary action set forth in this policy is to be implemented, the School Leader shall use a preponderance of evidence standard. Further, any individual charged with making a disciplinary determination under this policy shall retain all documents, electronically stored information ("ESI"), and electronic media (as defined in Policy 8315 - Information Management (i.e. "Litigation Hold")) created and/or received as part of an investigation.

The documents, ESI, and electronic media (as defined in Policy 8315) retained may include public records and records exempt from disclosure under Federal (e.g., FERPA, ADA) and/or State law (e.g., R.C. 3319.321) – e.g., student records and confidential medical records.

The documents, ESI, and electronic media (as defined in Policy 8315) shall be retained in accordance with Policy 8310, Policy 8315, Policy 8320, and Policy 8330 for not less than three (3) years, but longer if required by the Academy's records retention schedule.

STUDENT SECLUSION AND RESTRAINT

This policy is intended to provide the framework for organizational supports that result in effective interventions based on team-based leadership, data-based decision-making, continuous monitoring of student behavior, regular universal screening and effective on-going professional development. The Academy is committed to investing in prevention efforts and to teach, practice and reinforce behaviors that result in positive academic and social outcomes for students.

In the event that staff members need to restrain and/or seclude students, it must be done in accordance with this policy, which is intended to:

- A. promote the care, safety, welfare and security of the academy community and the dignity of each student;
- B. encourage the use of proactive, effective, evidence and research based strategies and best practices to reduce the occurrence of challenging behaviors, eliminate the use of seclusion and restraint, and increase meaningful instructional time for all students; and
- C. ensure that seclusion and restraint are used only as a last resort in an emergency situation and are subject to diligent assessment, monitoring, documentation and reporting by trained personnel.

In furtherance of these objectives, the Academy will utilize Positive Behavioral Interventions and Supports (PBIS) to enhance academic and social behavior outcomes for all students. PBIS implemented by the Academy will include socially valued and measurable outcomes, empirically validated and practical practices, systems that efficiently and effectively support implementation of these practices, and continuous collection and use of data for decision-making.

EMERGENCY SECLUSION

A. Prohibited Practices and Limitations on Use

The following practices are prohibited under all circumstances, including emergency situations:

- 1. confinement of students who are severely self-injurious or suicidal
- 2. corporal punishment, as defined in M.C.L. 380.1312(1) of the revised school code, 1976 PA 451
- 3. the deprivation of basic needs
- 4. anything constituting child abuse
- 5. seclusion of pre-school children
- 6. seclusion that is used for the convenience of academy personnel
- 7. seclusion as a substitute for an educational program

8. seclusion as a form of discipline or punishment
9. seclusion as a substitute for less restrictive alternatives, adequate staffing or academy personnel training in PBIS
10. when contraindicated based on (as documented in a record or records made available to the academy) a student's disability, health care needs, or medical or psychiatric condition

B. Definition of Emergency Seclusion

Seclusion means the confinement of a student in a room or other space from which the student is physically prevented from leaving. Seclusion does not include the general confinement of students if that confinement is an integral part of an emergency lockdown drill required under Section 19(5) of the Fire Prevention Code, 1941 PA 207, M.C.L. 29.19, or of another emergency security procedure that is necessary to protect the safety of students.

Emergency seclusion is a last resort emergency safety intervention involving seclusion that is necessitated by an ongoing emergency situation and that provides an opportunity for the student to regain self-control while maintaining the safety of the student and others.

To qualify as emergency seclusion, there must be continuous observation by academy personnel of the student and the room or area used for confinement:

1. must not be locked
2. must not prevent the student from exiting the area should staff become incapacitated or leave that area
3. must provide for adequate space, lighting, ventilation, viewing, and the safety of the student
4. must comply with State and local fire and building codes

C. Time and Duration Emergency seclusion should not be used any longer than necessary, based on research and evidence, to allow a student to regain control of his/her behavior to the point that the emergency situation necessitating the use of emergency seclusion is ended, but generally no longer than:

1. fifteen (15) minutes for an elementary school student;
2. twenty (20) minutes for a middle school or high school student

If an emergency seclusion lasts longer than the suggested maximum times above, the following are required:

- a. additional support (which may include change of staff, introducing a nurse or specialist, or additional key identified personnel)

- b. documentation to explain the extension beyond the time limit

Additional procedures and requirements applicable to both seclusion and restraint are set out below.

A. Prohibited Practices

The following procedures are prohibited under all circumstances, including emergency situations:

1. mechanical restraint
2. chemical restraint
3. corporal punishment as defined in 380.1312(1) of the revised school code, 1976 PA 451, otherwise known as the Corporal Punishment Act
4. the deprivation of basic needs
5. anything constituting child abuse
6. restraint that is used for the convenience of academy personnel
7. restraint as a substitute for an educational program
8. restraint as a form of discipline or punishment
9. restraint as a substitute for less restrictive alternatives, adequate staffing or academy personnel training in PBIS
10. when contraindicated based on (as documented in a record or records made available to the academy) a student's disability, health care needs, or medical or psychiatric condition
11. any restraint that negatively impacts breathing, including any positions, whether on the floor, facedown, seated or kneeling, in which the student's physical position (e.g., bent over) is such that it is difficult to breathe, including situations that involve sitting or lying across an individual's back or stomach
12. prone restraint (the restraint of a person face down)

NOTE: Academy personnel who find themselves involved in the use of a prone restraint as the result of responding to an emergency must take immediate steps to end the prone restraint.

13. the intentional application of any noxious substance(s) or stimuli that results in physical pain or extreme discomfort

A noxious substance or stimuli can either be generally acknowledged or specific to the student.

14. physical restraint, other than emergency physical restraint
15. any other type of restraint not expressly allowed

B. Definition of Restraint

Restraint means an action that prevents or significantly restricts a student's movement. Physical restraint is intended for the purposes of emergency situations only, in which a student's behavior poses imminent risk to the safety of the individual student or to the safety of others. An emergency situation requires an immediate intervention.

Emergency physical restraint is a last resort emergency safety intervention involving physical restraint that is necessitated by an ongoing emergency situation and that provide an opportunity for the student to retain self-control while maintaining the safety of the student and others. An emergency situation requires an immediate intervention. Emergency physical restraint may not be used in place of appropriate less restrictive interventions.

There are three (3) types of restraint: physical, chemical, and mechanical.

1. Physical restraint involves direct physical contact.

Restraint does not include actions undertaken for the following reasons:

- a. to break up a fight
- b. to take a weapon away from a student
- c. to briefly hold the student (by an adult) in order to calm or comfort him/her
- d. to have the minimum contact necessary to physically escort a student from one area to another
- e. to assist a student in completing a task/response if the student does not resist or if resistance is minimal in intensity or duration
- f. to hold a student for a brief time in order to prevent an impulsive behavior that threatens the student's immediate safety (e.g., running in front of a car)
- g. to stop a physical assault as defined in M.C.L. 380.1310
- h. actions that are an integral part of a sporting event, such as a referee pulling football players off from a pile or similar action

2. Chemical Restraint is the administration of medication for the purpose of restraint.

Restraint does not include administration of medication prescribed by and administered in accordance with the directions of a physician.

3. Mechanical Restraint means the use of any device, article, garment, or material attached to or adjacent to a student's body to perform restraint.

Restraint does not include the following:

- a. an adaptive or protective device recommended by a physician or therapist (when it is used as recommended)
- b. safety equipment used by the general student population as intended (e.g., seat belts, safety harness on academy transportation)

C. Time and Duration

Restraint should not be used:

1. any longer than necessary, based on research and evidence, to allow students to regain control of their behavior to the point that the emergency situation necessitating the use of emergency physical restraint is ended; and
2. generally no longer than ten (10) minutes.

If an emergency restraint lasts longer than ten (10) minutes, all of the following are required:

1. additional support, which may include a change of staff, or introducing a nurse, specialist, or additional key identified personnel
2. documentation to explain the extension beyond the time limit

Additional procedures and requirements applicable to both seclusion and restraint are set out below.

USE OF EMERGENCY SECLUSION/RESTRAINT

A. When to Use Emergency Seclusion/Restraint

Seclusion/restraint must be used only under emergency situations and if essential. Emergency situation means a situation in which a student's behavior poses imminent risk to the safety of the individual student or to the safety of others. An emergency situation requires an immediate intervention.

B. General Procedures for Emergency Seclusion/Restraint:

1. An emergency seclusion/restraint may not be used in place of appropriate, less restrictive interventions.

2. Emergency seclusion/restraint shall be performed in a manner that is:
 - a. safe;
 - b. appropriate; and
 - c. proportionate to and sensitive to the student's:
 - 1) severity of behavior;
 - 2) chronological and developmental age;
 - 3) physical size;
 - 4) gender;
 - 5) physical condition;
 - 6) medical condition;
 - 7) psychiatric condition; and
 - 8) personal history, including any history of physical or sexual abuse or other trauma.
3. Academy personnel shall call key identified personnel for help from within the academy building either immediately at the onset of an emergency situation or, if it is reasonable under the particular circumstances for academy personnel to believe that diverting their attention to calling for help would increase the risk to the safety of the student or to the safety of others, as soon as possible once the circumstances no longer support such a belief.
4. While using emergency seclusion/restraint, staff must do all of the following:
 - a. involve key identified personnel to protect the care, welfare, dignity, and safety of the student
 - b. continually observe the student in emergency seclusion for indications of physical distress and seek medical assistance if there is a concern
 - c. document observations
 - d. ensure to the extent practicable, in light of the ongoing emergency situation, that the emergency seclusion/restraint does not interfere with the student's ability to communicate using the student's primary mode of communication
 - e. ensure that at all times during the use of emergency seclusion/restraint there are academy personnel present who

can communicate with the student using the student's primary mode of communication

5. Each use of an emergency seclusion/restraint and the reason for each use shall be documented and reported according to the following procedures:
 - a. document in writing and report in writing or orally to the building administration immediately
 - b. report in writing or orally to the parent or guardian immediately
 - c. a report shall be written for each use of seclusion/restraint (including multiple uses within a given day) and the written report(s) provided to the parent or guardian within the earlier of one (1) school day or seven (7) calendar days
6. After any use of an emergency seclusion/restraint, staff must make reasonable efforts to debrief and consult with the parent or guardian, or the parent or guardian and the student (as appropriate) regarding the determination of future actions.

C. Students Exhibiting a Pattern of Behavior

1. If a student exhibits a pattern of behavior that poses a substantial risk of creating an emergency situation in the future that could result in the use of emergency seclusion/restraint, academy personnel should do the following:
 - a. conduct a functional behavioral assessment
 - b. develop or revise a PBIS plan to facilitate the reduction or elimination of the use of seclusion/restraint
 - c. develop an assessment and planning process conducted by a team knowledgeable about the student, including at least:
 - 1) the parent or guardian
 - 2) the student (if appropriate)
 - 3) people who are responsible for implementation of the PBIS plan
 - 4) people who are knowledgeable in PBIS
 - d. develop a written emergency intervention plan ("EIP") to protect the health, safety, and dignity of the student. An EIP may not expand the legally permissible use of emergency seclusion/restraint.

The EIP should be developed by a team in partnership with
© National Charter Schools Institute

the parent or guardian. The team shall include:

- 1) a teacher;
- 2) an individual knowledgeable about legally permissible use of seclusion/restraint; and
- 3) an individual knowledgeable about the use of PBIS to eliminate the use of seclusion/restraint.

The EIP should be developed and implemented by taking all of the following documented steps:

- a. describe in detail the emergency intervention procedures
- b. describe in detail the legal limits on the use of emergency seclusion/restraint, including examples of legally permissible and prohibited uses

1. The building administrator shall develop a system of data collection, collect the data and forward all incident reports and data regarding the use of seclusion/restraint to the School Leader.

The data must:

Training Framework

A comprehensive training framework will be implemented which includes the following:

- A. awareness training for all academy personnel who have regular contact with students; and
- B. comprehensive training for key identified personnel.

All substitute teachers must be informed of and understand the procedures regarding the use of emergency seclusion and emergency restraint. This requirement may be satisfied using online training developed or approved by MDE and online acknowledgement of understanding and completion of the training by the substitute teacher.

Comprehensive Training for Identified Personnel

Each building administrator will identify sufficient key personnel to ensure that trained personnel are generally available for an emergency situation. Before using emergency seclusion or emergency physical restraint with students, key identified personnel who may have to respond to an emergency safety situation must be trained in all of the following:

- T. ways to obtain appropriate medical assistance

GLOSSARY OF TERMS

"Academy Personnel" includes all individuals employed in a public school or assigned to regularly and continuously work under contract or under agreement in a public school, or public school personnel providing service at a nonpublic school. Except for the obligations set out above to document seclusion or restraint, report to/consult with parents, undertake the required actions if a student shows a pattern of behavior, and collect and report data to the state, academy personnel does not include a law enforcement officer (as defined above) assigned to regularly and continuously work under contract or under agreement in a public school.

"Chemical Restraint" means the administration of medication for the purpose of restraint.

"De-escalation Techniques" means evidence- and research-based strategically employed verbal or nonverbal interventions used to reduce the intensity of threatening behavior before, during, and after a crisis situation occurs.

"Documentation" means documentation developed by the Michigan Department of Education that is uniform across the State.

"Emergency Situation" means a situation in which a student's behavior poses imminent risk to the safety of the individual student or to the safety of others. An emergency situation requires an immediate intervention.

"Functional Behavioral Assessment" means an evidence- and research-based systematic process for identifying the events that trigger and maintain problem behavior in an educational setting. A functional behavioral assessment shall describe specific problematic behaviors, report the frequency of the behaviors, assess environmental and other setting conditions where problematic behaviors occur, and identify the factors that are maintaining the behaviors over time.

"Key Identified Personnel" means those individuals who have received the mandatory training described in M.C.L. 380.1307G(B)(I) to (XVI), listed under Comprehensive Training for Identified Personnel above.

"Physical Restraint" means restraint involving direct physical contact.

"Positive Behavioral Intervention and Support (PBIS)" means a framework to assist academy personnel in adopting and organizing evidence-based behavioral interventions into an integrated continuum of intensifying supports based on student need that unites examination of the function of the problem behavior and the teaching of alternative skill repertoires to enhance academic and social behavior outcomes for all students.

"Positive Behavioral Intervention and Support Plan" means a student-specific support plan composed of individualized, functional behavioral assessment-based intervention strategies, including, as appropriate to the student, guidance or instruction for the student to use new skills as a replacement for problem behaviors, some rearrangement of the antecedent

environment so that problems can be prevented and desirable behaviors can be encouraged, and procedures for monitoring, evaluating, and modifying the plan as necessary.

"Prone Restraint" means the restraint of an individual face down.

"Regularly and Continuously Work Under Contract" means that term as defined in section M.C.L. 380.1230.

Restraint does not include the brief holding of a student in order to calm or comfort, the minimum contact necessary to physically escort a student from one area to another, the minimum contact necessary to assist a student in completing a task or response if the student does not resist or resistance is minimal in intensity or duration, or the holding of a student for a brief time in order to prevent an impulsive behavior that threatens the student's immediate safety, such as running in front of a car. Restraint does not include the administration of medication prescribed by and administered in accordance with the directions of a physician, an adaptive or protective device recommended by a physician or therapist when it is used as recommended, or safety equipment used by the general student population as intended, such as a seat belt or safety harness on academy transportation. Restraint does not include necessary actions taken to break up a fight, to stop a physical assault, as defined in M.C.L. 380.1310, or to take a weapon from a student. Restraint does not include actions that are an integral part of a sporting event, such as a referee pulling football players off of a pile or a similar action.

Restraint that negatively impacts breathing means any restraint that inhibits breathing, including floor restraints, facedown position, or any position in which an individual is bent over in such a way that it is difficult to breathe. This includes a seated or kneeling position in which an individual being restrained is bent over at the waist and restraint that involves sitting or lying across an individual's back or stomach.

"Seclusion" means the confinement of a student in a room or other space from which the student is physically prevented from leaving. Seclusion does not include the general confinement of students if that confinement is an integral part of an emergency lockdown drill required under Section 19(5) of the Fire Prevention Code, 1941 PA 207, M.C.L. 29.19, or of another emergency security procedure that is necessary to protect the safety of student.

The Board further authorizes Academy staff to create, generate, send, communicate, receive, store, process, use, and rely upon electronic records and electronic signatures. GRANT FUNDS

Reference: 2 CFR 200.112, 200.302, 200.310, 200.403, 200.404 and 200.406
Compliance Supplement for Single Audits of State and Local Governments
20 U.S.C. 7906

It is the objective of the Board of Directors to provide equal educational opportunities for all students at the Academy. Government agencies, as well as foundations, businesses, and individuals, periodically offer both human and material resources to the Academy that would benefit students and the educational program. Therefore, it is the intent of the Board to consider grant proposals and applications for their potential to enhance educational opportunities, the educational environment, and the physical and mental growth for each student.

The School Leader shall review new Federal education legislation and prepare proposals for programs deemed to be of aid to the students of this Academy. The Board shall approve all grants resulting from such proposals.

The Board regards available Federal funds of aid to local school districts, public school academies, and communities as a public trust. It forbids the use of Federal monies for partisan political activities and for any use that would not be in accordance with Federal regulations and guidelines.

No Federal funds received by the Academy shall be used (1) to develop or distribute materials, or operate programs or courses of instruction directed at youth, that are designed to promote or encourage sexual activity, whether homosexual or heterosexual; (2) to distribute or to aid in the distribution by any organization of legally obscene materials to minors on school grounds; (3) to provide sex education or HIV-prevention education in schools unless that instruction is age appropriate and includes the health benefits of abstinence; or (4) to operate a program of contraceptive distribution in schools.

Grant Proposal Development

- A. All grant proposals must support at least one (1) Academy goal or priority.
- B. For projects where grant funds will not cover the entire cost of project implementation, additional fund sources must be identified, documented, and approved during the internal review process.
- C. Each grant proposal shall be reviewed and approved by the School Leader prior to submission to the funding source.

Grant Administration

- A. The administration of grants will adhere to all applicable Federal, State, local, and grantor rules and regulations, including the terms and conditions of the Federal awards, as well as Academy policies and administrative procedures/guidelines.
- B. The School Leader is responsible for the efficient and effective administration of grant awards through the application of sound

management practices.

- C. The School Leader is responsible for administering grant funds in a manner consistent with underlying agreements, applicable statutes, regulations, and program objectives, and the terms and conditions of the grant award.
- D. The Educational Service Provider, in recognition of its unique combination of staff, facilities, and experience, shall employ internal controls and the organizational and management strategies necessary to assure proper and efficient administration of grant awards.
- E. All Federal funds received by the Academy will be used in accordance with the applicable Federal law and regulations and the terms and conditions of the Federal award. The School Leader shall require that each draw of Federal monies be aligned with the Academy's payment process (whether reimbursement, cash advance or a combination). If funds are permitted to be drawn in advance, all draws will be as close as administratively feasible to the related program expenditures and that, when restricted, such monies are used to supplement programs and funding and not to supplant or replace existing programming or current funding.

Financial Management

The financial management of grant funds shall be in compliance with all applicable Federal, State, local, and grantor rules, regulations, and assurances as well as Academy policies and administrative procedures/guidelines.

At a minimum, the Academy shall provide for the following:

- A. Identification, in Academy accounts, of all grant awards received and expended and the programs under which they were received. For Federal programs and awards, identification shall include the Catalog of federal Domestic Assistance (CFDA) title and number, Federal award identification number and year, name of the Federal agency and name of the pass-through entity, as applicable.
- B. The Academy shall develop a procurement policy (or revise its current procurement policy) to comply with all grants which it is awarded. Further, to the extent applicable, the Academy shall adhere to the requirements of the Education Department General Administrative Regulations.
- C. Accurate, current, and complete disclosure of the financial results of each Federal award or program in accordance with the reporting requirements of the grant.
- D. Records that adequately identify the source and application of funds provided for Federally-funded activities. These records must contain information pertaining to Federal awards, authorizations, obligations, unobligated balances, assets, expenditures, income and interest and be supported by source documentation.

- E. Effective control over, and accountability for, all funds, property, and other assets. The Academy must adequately safeguard all assets and assure that they are used solely for authorized purposes.

Further, the Academy must:

1. establish and maintain effective internal control over the Federal award that provides reasonable assurance that the Academy is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award;
 2. comply with Federal statutes, regulations and the terms and conditions of the Federal award;
 3. evaluate and monitor the Academy's compliance with statutes, regulations and the terms and conditions of the Federal award;
 4. take prompt action when instances of noncompliance are identified including noncompliance identified in audit findings;
 5. take reasonable measures to safeguard protected personally identifiable information and other information the Federal awarding agency or pass-through entity designates as sensitive consistent with applicable Federal, State, local, and tribal laws regarding privacy and obligations of confidentiality.
- F. Comparison of expenditures with budget amounts for each Federal award.
- G. Recordkeeping and written procedures to the extent required by Federal, State, local, and grantor rules and regulations pertaining to the grant award and accountability, including but not limited to, the following areas:
- 1.cash management
 - 2.allowability
 - 3.conflict of interest
 - 4.procurement
 - 5.equipment management
 - 6.conducting technical evaluations of proposals and selecting recipients
 - 7.compensation and fringe benefits
 - 8.travel
- H. Disclosure of any potential conflict of interest and all mandatory violation disclosures potentially affecting the Federal award/grant to the Federal awarding agency or pass-through agency in accordance with applicable

Federal policy.

- I. Insurance coverage for real property and equipment, if applicable, equivalent to such property owned by the Academy.

Unless it has received prior approval to use a different method or the terms and conditions of the grant authorize a different method, the Academy uses the deduction method of accounting for program income. Under the deduction method, program income is deducted from total allowable costs to determine the net allowable costs. Program income will only be used for current costs unless the Academy is otherwise directed by the Federal awarding agency or pass-through entity.

Adopted 10/10/17

INTERNAL CONTROLS

The School Leader shall establish and maintain effective internal control over financial grants and awards that provide reasonable assurance that the program and funds are managed in compliance with applicable statutes, regulations and the terms and conditions of the awards.

The internal controls must provide reasonable assurance that transactions are properly recorded and accounted for in order to permit the preparation of reliable financial statements and Federal reports; maintain accountability over assets; and demonstrate compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. The internal controls must also provide reasonable assurance that these transactions are executed in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award that could have a direct and material effect on a Federal award, as well as any other Federal statutes and regulations that are identified in the Compliance Supplement. Finally, the internal controls must provide reasonable assurance that all Federal funds, property, and other assets are safeguarded against loss from unauthorized use or disposition.

The Academy shall:

- A. comply with Federal statutes, regulations, and the terms and conditions of the Federal awards;
- B. evaluate and monitor its compliance with statutes, regulations, and the terms and conditions of the award;
- C. take prompt action when instances of noncompliance are identified including noncompliance identified in audit findings; and

CASH MANAGEMENT OF GRANTS

Reference: 2 CFR 200.305

In order to provide reasonable assurance that all assets, including Federal, State, and local funds, are safeguarded against waste, loss, unauthorized use, or misappropriation, the School Leader shall implement internal controls in the area of cash management.

The Academy's payments methods shall minimize the time elapsing between the transfer of funds from the United States Treasury or the Michigan Department of Education (MDE) (pass-through entity) and disbursement by the Academy, regardless of whether the payment is made by electronic fund transfer, or issuance or redemption of checks, warrants, or payment by other means.

The Academy shall use forms and procedures required by the grantor agency or pass through entity to request payment. The Academy shall request grant funds payments in accordance with the provisions of the grant. Additionally, the Academy's financial management systems shall meet the standards for fund control and accountability as established by the awarding agency.

The School Leader is authorized to submit requests for advance payments and reimbursements at least monthly when electronic fund transfers are not used, and as often as deemed appropriate when electronic transfers are used, in accordance with the provisions of the Electronic Fund Transfer Act (15 U.S.C. 1693-1693r).

When the Academy uses a cash advance payment method, the following standards shall apply:

- A. The timing and amount of the advance payment requested will be as close as is administratively feasible to the actual disbursement for direct program or project costs and the proportionate share of any allowable indirect costs.
- B. The Academy shall make timely payment to contractors in accordance with contract provisions.
- C. To the extent available, the Academy shall disburse funds available from program income (including repayments to a revolving fund), rebates, refunds, contract settlements, audit recoveries, and interest earned on such funds before requesting additional cash payments.
- D. The Academy shall account for the receipt, obligation and expenditure of funds.
- E. Advance payments will be deposited and maintained in insured accounts whenever possible.
- F. Advance payments will be maintained in interest bearing accounts unless the following apply:
 - 1. The Academy receives less than \$120,000 in Federal awards per year.
 - 2. The best reasonably available interest-bearing account would not be

expected to earn interest in excess of \$500 per year on Federal cash balances.

3. The depository would require an average or minimum balance so high that it would not be feasible within the expected Federal and non-Federal cash resources.
- G. Pursuant to Federal law and regulations, the Academy may retain interest earned in an amount up to \$500 per year for administrative costs. Any additional interest earned on Federal advance payments deposited in interest-bearing accounts must be remitted annually to the Department of Health and Human Services Payment Management System ("PMS") through an electronic medium using either Automated Clearing House ("ACH") network or a Fedwire Funds Service payment. Remittances shall include pertinent information of the payee and nature of payment in the memo area (often referred to as "addenda records" by Financial Institutions) as that will assist in the timely posting of interest earned on Federal funds. Pertinent details include the Payee Account Number ("PAN") if the payment originated from PMS, or Agency information if the payment originated from Automated Standard Application for Payment ("ASAP"), National Science Foundation ("NSF") or another Federal agency payment system.

COST PRINCIPLES - SPENDING FEDERAL FUNDS

Reference: 2 CFR. 200.403-.406, 200.413(a)-(c), 200.430(a), 200.431(a), 200.458, 2 CFR 200.474(b)

The School Leader is responsible for the efficient and effective administration of grant funds through the application of sound management practices. Such funds shall be administered in a manner consistent with all applicable Federal, State and local laws, the associated agreements/assurances, program objectives and the specific terms and conditions of the grant award.

Cost Principles

Except where otherwise authorized by statute, costs shall meet the following general criteria in order to be allowable under Federal awards:

- A. Be necessary and reasonable for proper and efficient performance and administration of the Federal award and be allocable thereto under these principles.

To determine whether a cost is reasonable, consideration shall be given to:

1. whether a cost is a type generally recognized as ordinary and necessary for the operation of the Academy or the proper and efficient performance of the Federal award;
2. the restraints or requirements imposed by such factors as sound business practices, arm's length bargaining, Federal, State, local, tribal and other laws and regulations;
3. market prices for comparable goods or services for the geographic area;
4. whether the individuals concerned acted with prudence in the circumstances considering their responsibilities; and
5. whether the cost represents any significant deviation from the established practices or Board policy which may increase the expense.

While Federal regulations do not provide specific descriptions of what satisfies the "necessary" element beyond its inclusion in the reasonableness analysis above, whether a cost is necessary is determined based on the needs of the program. Specifically, the expenditure must be necessary to achieve an important program objective. A key aspect in determining whether a cost is necessary is whether the Academy can demonstrate that the cost addresses an existing need, and can prove it.

When determining whether a cost is necessary, consideration may be given to whether:

1. the cost is needed for the proper and efficient performance of the grant program;

2. whether the cost is identified in the approved budget or application;
3. whether there is an educational benefit associated with the cost;
4. whether the cost aligns with identified needs based on results and findings from a needs assessment;
5. whether the cost addresses program goals and objectives and is based on program data.

A cost is allocable to the Federal award if the goods or services involved are chargeable or assignable to the Federal award in accordance with the relative benefit received.

- B. Conform to any limitations or exclusions set forth as cost principles in Part 200 or in the terms and conditions of the Federal award.
- C. Be consistent with policies and procedures that apply uniformly to both Federally-financed and other activities of the Academy.
- D. Be afforded consistent treatment. A cost cannot be assigned to a Federal award as a direct cost if any other cost incurred for the same purpose in like circumstances has been assigned as an indirect cost under another award.
- E. Be determined in accordance with generally accepted accounting principles.
- F. Be representative of actual cost, net of all applicable credits or offsets.

The term “applicable credits” refers to those receipts or reductions of expenditures that operate to offset or reduce expense items allocable to the Federal award. Typical examples of such transactions are: purchase discounts; rebates or allowances; recoveries or indemnities on losses; and adjustments of overpayments or erroneous charges. To the extent that such credits accruing to or received by the State relate to the Federal award, they shall be credited to the Federal award, either as a cost reduction or a cash refund, as appropriate.

- G. Be not included as a match or cost-share, unless the specific Federal program authorizes Federal costs to be treated as such.
- H. Be adequately documented:
 1. in the case of personal services, the School Leader shall implement a system for Academy personnel to account for time and efforts expended on grant funded programs to assure that only permissible personnel expenses are allocated;
 2. in the case of other costs, all receipts and other invoice materials shall be retained, along with any documentation identifying the need and purpose for such expenditure if not otherwise clear.

Selected Items of Cost

The Academy shall follow the rules for selected items of cost at 2 C.F.R. Part 200, Subpart E when charging these specific expenditures to a Federal grant. When applicable, Academy staff shall check costs against the selected items of cost requirements to ensure the cost is allowable. In addition, State, Academy and program-specific rules, including the terms and conditions of the award, may deem a cost as unallowable and Academy personnel shall follow those rules as well.

Cost Compliance

The School Leader shall require that grant program funds are expended and are accounted for consistent with the requirements of the specific program and as identified in the grant application. Compliance monitoring includes accounting for direct or indirect costs and reporting them as permitted or required by each grant.

Determining Whether a Cost is Direct or Indirect:

- A. Direct costs are those costs that can be identified specifically with a particular final cost objective, such as a Federal award, or other internally or externally funded activity, or that can be directly assigned to such activities relatively easily with a high degree of accuracy.

These costs may include: salaries and fringe benefits of employees working directly on a grant-funded project; purchased services contracted for performance under the grant; travel of employees working directly on a grant-funded project; materials, supplies, and equipment purchased for use on a specific grant; and infrastructure costs directly attributable to the program (such as long distance telephone calls specific to the program, etc.).

- B. Indirect costs are those that have been incurred for a common or joint purpose benefitting more than one cost objective, and not readily assignable to the cost objectives specifically benefitted, without effort disproportionate to the results achieved. Costs incurred for the same purpose in like circumstances shall be treated consistently as either direct or indirect costs.

These costs may include: general data processing, human resources, utility costs, maintenance, accounting, etc.

Federal education programs with supplement not supplant provisions must use a restricted indirect cost rate. In a restricted rate, indirect costs are limited to general management costs. General management costs do not include divisional administration that is limited to one component of the Academy, the Board, compensation of the School Leader (employed by the Board), compensation of the chief executive officer of any component of the Academy, and operation of the immediate offices of these officers.

The salaries of administrative and clerical staff should normally be treated as indirect costs. Direct charging of these costs may be appropriate only if all of the following conditions are met:

1. Administrative or clerical services are integral to a project or activity.
2. Individuals involved can be specifically identified with the project or activity.
3. Such costs are explicitly included in the budget or have the prior written approval of the Federal awarding agency.
4. The costs are not also recovered as indirect costs.

Where a Federal program has a specific cap on the percentage of administrative costs that may be charged to a grant, that cap shall include all direct administrative charges as well as any recovered indirect charges.

Effort should be given to identify costs as direct costs whenever practical, but allocation of indirect costs may be used where not prohibited and where indirect cost allocation is approved ahead of time by the Michigan Department of Education (MDE) or the pass-through entity (Federal funds subject to 2 C.F.R. Part 200 pertaining to determining indirect cost allocation).

Timely Obligation of Funds

Obligations are orders placed for property and services, contracts and subawards made, and similar transactions during a given period that require payment by the non-Federal entity during the same or a future period.

The following list illustrates when funds are determined to be obligated under the U.S. Department of Education ("USDOE") regulations:

If the obligation is for:

- A. Acquisition of property - on the date which the Academy makes a binding written commitment to acquire the property.
- B. Personal services by an employee of the Academy or Educational Service Provider - when the services are performed.
- C. Personal services by a contractor who is not an employee of the Academy on the date which the Academy makes a binding written commitment to obtain the services.
- D. Public utility services - when the Academy receives the services.
- E. Travel - when the travel is taken.
- F. Rental of property - when the Academy uses the property.
- G. A pre-agreement cost that was properly approved by the Secretary (USDOE) under the cost principles in 2 C.F.R. Part 200, Subpart E - Cost Principles - on the first day of the project period.

Period of Performance

All obligations must occur on or between the beginning and ending dates of the grant project. This period of time is known as the period of performance. The period of performance is dictated by statute and will be indicated in the grant award notification ("GAN"). As a general rule, State-administered Federal funds are available for obligation within the year that Congress appropriates the funds for. However, given the unique nature of educational institutions, for many Federal education grants, the period of performance is twenty-seven (27) months. This maximum period includes a fifteen (15) month period of initial availability, plus a twelve (12) month period for carryover. For direct grants, the period of performance is generally identified in the GAN.

In the case of a State-administered grant, obligations under a grant may not be made until the grant funding period begins or all necessary materials are submitted to the granting agency, whichever is later. In the case of a direct grant, obligations may begin when the grant is, unless an agreement exists with MDE or the pass-through entity to reimburse for pre-approval expenses.

For both State-administered and direct grants, regardless of the period of availability, the Academy shall liquidate all obligations incurred under the award not later than ninety (90) days after the end of the funding period unless an extension is authorized. Any funds not obligated within the period of performance or liquidated within the appropriate timeframe are said to lapse and shall be returned to the awarding agency. Consequently, the Academy shall closely monitor grant spending throughout the grant cycle.

INVESTMENTS

P.A. 22 of 2009

The Academy's policy is to use investments to maximize the returns on the Academy's excess cash balances, while reasonably controlling the risk of loss and maintaining an acceptable level of liquidity in those investments to meet the Academy's operating needs.

To this end, the Academy will track, through its financial reports and investment authorizations, the credit risk, concentration of credit risk, interest rate risk and foreign currency risks related to its investments.

The Board of Directors authorizes the Superintendent or Director of Business to make investments of available monies from the several funds of the Academy in:

- A. bonds, bills, or notes of the United States; obligations, the principal and interest of which are fully guaranteed by the United States; or obligations of the State;

 - 3. the financial institution acting as custodian for the Academy is insured by an agency of the United States
 - 4. the financial institution acts as custodian for the Academy with respect to each certificate of deposit
 - 5. at the same time that the funds are deposited and the certificate or certificates of deposit are issued, the financial institution receives an amount of deposits from customers of other insured depository institutions equal to or greater than the amount of the funds initially invested by the Academy through the financial institution
- D. commercial paper rated prime 1 or prime 2 at the time of purchase and maturing not more than 270 days after the date of purchase;

- G. bankers' acceptances issued by a bank that is a member of the Federal deposit insurance corporation;
- H. mutual funds composed entirely of investment vehicles that are legal for direct investment by an Academy;
- I. investment pools, as authorized by the surplus funds investment pool act, Act. No. 367 of the Public Acts of 1982, being sections 129.11 to 129.118 of the Michigan Compiled Laws, composed entirely of instruments that are legal for direct investment by a Academy.

When there is a possibility that interest rate changes could adversely affect the fair value of a Academy's investment, as determined under Generally Accepted Accounting Principles (GAAP) standards, the Investment Officer's shall determine which of the following method(s) will be used to assess and control such risks:

- A. segmented time distribution
- B. specific identification
- C. weighted average maturity
- D. duration
- E. simulation model

These methods shall be implemented as defined by the Government Accountability Standards Board. The Board may apply different methods to different investment.

Investments in U.S. Treasury securities and those other securities completely guaranteed by the Treasury as to payment of principal and interest may be purchased in any dollar amount or up to 100% of the available reserves.

Investments in securities shall be with authorized investment institutions and dealers that must establish eligibility by meeting all of the following requirements.

- A. primary and regional dealers that qualify under Securities and Exchange Commission Rule 15C3-1 (uniform net capital rule)
- B. capital of no less than \$10,000,000
- C. registered as a dealer under the Securities and Exchange Act of 1934
- D. a member of the National Association of Securities Dealers (NASD)
- E. registered to sell securities in Michigan

Money in the several funds of the Academy shall not be commingled for the purpose of making an investment authorized by Section 380.1223. The Board, however, may establish and maintain one common debt retirement fund for bond issues of like character.

Earnings on an investment shall become a part of the fund from which the investment was made.

The School Leader may request, no more often than four (4) times per year, that each public depository report the amount of monies deposited by him/her and the total value of the pool of securities pledged to secure the monies of this Academy held by the depository.

The Board also requires the School Leader or Director of Business to report to the Board monthly:

- A. the types and amounts of each investment and the interest earned on each;
- B. the transactions occurring since the last report.

The Board may adopt a resolution at its annual organizational meeting, authorizing electronic fund transfers and the Treasurer or the Electronic Transfer Officer (ETO) as authorized agent(s) to complete such transactions on behalf of the Board. The Board will strive to maintain both short and long range projections of the Academy's financial requirements.

Accordingly, the Board directs the School Leader to accomplish the following:

- A. prepare a long range plan for the cost of maintaining the alignment of the Academy's curriculum with the Michigan Curriculum Frameworks, including the costs of textbooks, computer software, computer replacement, and professional development.
- B. include cost estimates in all ongoing financial requirements;
- C. prepare a long range, year-by-year plan for the maintenance and replacement of facilities and equipment;
- D. report to the Board any serious financial implications that emerge from the Academy's ongoing fiscal planning.

In addition, the Board directs the School Leader to maintain annually a detailed two (2) year forecast of estimated expenditures and revenues.

BUDGET PREPARATION

Reference: MCL 141.434 et. seq.

The Academy's operational and educational plans are reflected in its budgets. Each year, the Board of Directors will have prepared, then review and approve the following Fund budgets:

A. General Fund

Each budget shall be designed to carry out Academy operations in a thorough and efficient manner, to maintain Academy facilities properly, and to honor the continuing obligations of the Board.

The Board shall ensure that adequate funds are reserved for the General Fund to maintain a secure financial position whereby the fund equity shall not fall below 3% of the preceding year's expenditures.

A proposed budget requires the critical analysis of every member of the Board prior to approval. Once adopted, the budget deserves the support of all members of the Board, regardless of their position before its adoption.

The Board directs the School Leader to present the budgets to the Board, along with all available information associated with each budget, in sufficient time to allow for proper analysis and discussion prior to the budget hearing.

When presented to the Board for review and/or adoption, the information shall include the following items, as appropriate:

- A. the number and category of staff members for the current and the ensuing year;
- B. the proposed expenditure and revenue in each financial category for the ensuing year;
- C. the anticipated expenditure and revenue in each financial category for the current year;
- D. the actual expenditure, the approved budget, and the revenue in each financial category for the previous year;
- E. an estimate of the student enrollment by grades for the ensuing year;
- F. the amount of fund equity anticipated at the end of the current year;
- G. an appropriations resolution.

Adopted 10/10/17

BUDGET HEARING

Reference: MCL 141.411 et. seq.

The annual budget adopted by the Board of Directors represents the Board's position on the allocation of resources required to operate an appropriate system of education. All reasonable means shall be employed by the Board to present and explain that position to all interested parties. The public budget hearing will be conducted in accordance with law.

Each member of the Board School Leader shall be sufficiently acquainted with the budget and its underlying purposes to answer questions from members of the public.

The budget approved by this Board will be made available to the public in the form and places required by law. A simplified form of the budget may also be prepared annually and may be sent to appropriate parties and/or distributed to persons attending the annual budget hearing.

A simplified budget may include the expenditures and the anticipated receipts in each major category for the current and the coming years. Such a budget may also provide a brief explanation of significant increases and decreases from the previous year.

The final adoption of the proposed annual budget shall be made by the Board after completion of the public hearing, but in no case later than June 30th.

Adopted 10/10/17

BUDGET IMPLEMENTATION

Reference: MCL 141.436 et. seq.

The Board of Directors places the responsibility of administering the budget, once adopted, with the School Leader. As the budget is being implemented, the School Leader shall keep the Board informed regarding budgetary problems or concerns.

The School Leader shall be authorized to proceed with financial commitments, purchases, and other expenditures, within the limits provided in the budget, stated in Board policies, and expressed in State statutes.

Lists of expenditures, appropriate financial reports, and budget comparison reports shall be submitted monthly to the Board to keep members informed as to the status of the budget and overall financial condition of the Academy.

During the fiscal year, if the School Leader deems that actual revenues are less than estimated revenues (including the available equity upon which the appropriations from the fund were based), the School Leader shall recommend to the Board amendments to the General Appropriations Act in order to prevent expenditures from exceeding revenues.

Adopted 10/10/17

PURCHASING

Reference: MCL 380.1267, 380.1274 et seq.

Procurement of all supplies, materials, equipment, and services paid for from Academy funds shall be made in accordance with all applicable federal and State statutes, Board policies, and administrative procedures. Standards of conduct covering conflicts of interest and governing the actions of its employees engaged in the selection, award, and administration of contracts are established in Policy 1130, Policy 3110, and Policy 4110 (as applicable) – Conflict of Interest.

All procurement transactions shall be conducted in a manner that encourages full and open competition and in accordance with good administrative practice and sound business judgment.

Each year the State of Michigan informs the School of the legal amount for purchases which require a formal bidding process of a single item.

It is the policy of the Board that the School Leader adhere to the following:

- A. Seek informal price quotations on purchases that are under 50% percent [fifty percent (50%) recommended] of the amount allowed by State statute for a single item, except in cases of emergency or when the materials purchased are of such a nature that price negotiations would not result in a savings to the Academy.
- B. When the purchase of, and contract for, single items of supplies, materials, or equipment is in excess of 50% percent but less than the amount allowed by State statute the School Leader shall whenever possible, require three (3) competitive price quotations.

Purchases in a single transaction that are in excess of the dollar amount permitted by State statute shall require competitive bids and, whenever possible, have at least three (3) such bids for substantiation of purchase and shall require approval of the Board prior to purchase.

Competitive Bids

Competitive bids are not required for items purchased through the cooperative bulk purchasing program operated by the Michigan Department of Management and Budget pursuant to M.C.L.A. 18.1263.

Competitive bids are not required for food purchases, unless food purchased in a single transaction costs \$100,000 or more.

Bids shall be sealed and shall be opened by the Carol Mitchell in the presence of at least one (1) witness. All orders or contracts should be awarded to the lowest responsible bidder; however, consideration can be given to:

- A. the quality of the item(s) to be supplied;
- B. its conformity with specifications;
- C. suitability to the requirements of the Academy;

- D. delivery terms;
- E. past performance of vendor.

In addition to the factors above, the Board may consider and provide a preference to bidders

- A. which use a Michigan-based business as the primary contractor.
- B. which use one (1) or more Michigan-based business as subcontractors.

For purposes of this preference a Michigan-based business means a business that would qualify for a Michigan preference for procurement contracts under M.C.L.A. 18.1268, which requires that the businesses certify that since inception or during the last twelve (12) months it has done one of the following:

- A. have filed a Michigan business tax return showing an allocation of income tax base to Michigan
- B. have filed a Michigan income tax return showing income generated in or attributed to Michigan
- C. withheld Michigan income tax from compensation paid to the bidder's owners and remitted the tax to the Michigan Department of Treasury

This preference shall not apply to any procurement or project using Federal funds, nor shall it be used if it would violate any Federal law or requirements.

The Board reserves the right to reject any and all bids.

Bid Protest

A bidder who wishes to file a bid protest must file such notice and follow procedures prescribed by the Request For Proposals (RFP) or the individual bid specifications package, for resolution. Bid protests must be filed in writing with the School Leader within seventy-two (72) hours of the opening of the bids in protest.

Within five (5) days of receipt of a protest, the School Leader shall review the protest as submitted and render a decision regarding the merits of the protest and any impact on the acceptance and rejection of bids submitted. Notice of the filing of a bid protest shall be communicated to the Board and shall be so noted in any subsequent recommendation for the acceptance of bids and awarding of contracts.

Failure to file a notice of intent to protest, or failure to file a formal written protest within the time prescribed, shall constitute a waiver of proceedings.

General Provisions

The School Leader is authorized to purchase all items within budget allocations.

The Board should be advised, for prior approval, of all purchases of equipment, materials, and services when the purchase was not contemplated during the budgeting process.

The School Leader is authorized to make emergency purchases, without prior approval, of those goods and/or services needed to keep the school in operation. Such purchases shall be brought to the Board's attention at the next regular meeting.

In order to promote efficiency and economy in the operation of the school, the Board requires that the School Leader periodically estimate requirements for standard items or classes of items and make quantity purchases on a bid basis to procure the lowest cost consistent with good quality.

Whenever storage facilities or other conditions make it impractical to receive total delivery at any one time, the total quantity to be shipped but with staggered delivery dates, shall be made a part of the bid specifications.

Before placing a purchase order, the School Leader shall check as to whether the proposed purchase is subject to bid, whether sufficient funds exist in the budget, and whether the material might be available elsewhere in the school. All purchase orders shall be numbered consecutively.

The School Leader shall determine the amount of purchase which shall be allowed without a properly signed purchase order. Employees may be held personally responsible for anything purchased without a properly signed purchase order or authorization.

The Board may acquire office equipment as defined in law by lease, by installment payments, by entering into lease-purchase agreements, or by lease with an option to purchase, provided the contract sets forth the terms of such a purchase.

Procurement – Federal Grants

The School Leader shall maintain a procurement and contract administration system in accordance with the United States Department of Education requirements (34 CFR 80.36) for the administration and management of Federal grants and federally-funded programs. The Academy shall maintain a compliance system that requires contractors to perform in accordance with the terms, conditions, and specifications of their contracts or purchase orders. Except as otherwise noted, procurement transactions shall conform to the provisions of this policy and administrative guidelines (AG 6320).

Adopted 10/10/17

NEW SCHOOL CONSTRUCTION, RENOVATION

References: MCL 380.1267
M.C.L. 380.1264

Before commencing construction of any new academy building or the major renovation of an existing academy building, the Board shall consult on the plans for construction or major renovation regarding academy safety issues with the law enforcement agency that is the first responder for the academy building at issue. For purposes of this paragraph, academy building means any building intended to be used to provide instruction to students and any recreational or athletic structure or field intended to be used by students.

Before beginning construction of a new academy building, or an addition, repair or renovation of an existing academy building, except emergency repairs, the Board of Education, shall obtain competitive bids on all the material and labor required for the complete construction of a proposed new building or addition to or repair or renovation of an existing academy building which exceeds the State statutory limit (\$20,959 for 2009).

This policy does not apply to buildings, renovations, or repairs costing less than the statutory limit or to repair work normally performed by Academy employees.

The Board shall advertise for the bids required under subsection:

- A. By placing an advertisement for bids at least once in a newspaper of general circulation in the area where the building or addition is to be constructed or where the repair or renovation of an existing building is to take place and by posting an advertisement for bids for at least two (2) weeks on the Department of Management and Budget website on a page on the website maintained for this purpose or on a website maintained by an academy organization and designated by the Department of Management and Budget for this purpose.
- B. By submitting the request for bids for placement on the Michigan Department of Management and Budget's website for academy organizations, including a link to the Academy's website.
- C. The advertisement for bids shall do all of the following:
 - 1. specify the date and time by which all bids must be received by the Board at a designated location;
 - 2. state that the Board will not consider or accept a bid received after the date and time specified for bid submission;
 - 3. identify the time, date, and place of a public meeting at which the Board or its designee will open and read aloud each bid received by the Board by the date and time specified in advertisement;
 - 4. state that the bid shall be accompanied by a sworn and notarized statement disclosing any familial relationship that exists between the owner or any employee of the bidder and any member of the Board or the Administrator of the Academy. A Board shall not accept a bid that does not include this sworn and notarized disclosure statement.

- D. The Board shall require each bidder for a contract under this policy, to file with the Board security in an amount not less than 1/20 of the amount of the bid conditioned to secure the Academy from loss or damage by reason of the withdrawal of the bid or by the failure of the bidder to enter a contract for performance, if the bid is accepted by the Board.
- E. The Board shall not open, consider, or accept a bid that the Board receives after the date and time specified for bid submission in the advertisement for bids as described in subsection C of this policy.
- F. At a public meeting identified in the advertisement for bids described in subsection C of this policy, the Board or its designee shall open and read aloud each bid that the Board received at or before the time and date for bid submission specified in the advertisement for bids. The Board may reject any or all bids, and if all bids are rejected, shall re-advertise in the manner required by this policy.

The Board may consider and provide a preference to bidders:

- 1. which use a Michigan-based business as the primary contractor.
- 2. which use one (1) or more Michigan-based business(es) as subcontractors.

For purposes of this preference a Michigan-based business means a business that would qualify for a Michigan preference for procurement contracts under M.C.L.A. 18.1268, which requires that the businesses certify that since inception or during the last twelve (12) months it has done one of the following:

- 1. have filed a Michigan business tax return showing an allocation of income tax base to Michigan
- 2. have filed a Michigan income tax return showing income generated in or attributed to Michigan
- 3. withheld Michigan income tax from compensation paid to the bidder's owners and remitted the tax to the Michigan Department of Treasury

This preference shall not apply to any procurement or project using Federal funds, nor shall it be used if it would violate any Federal law or requirements.

- G. The competitive bid threshold amount specified in this policy (\$24,459 for 2019) is adjusted each year by multiplying the amount for the immediately preceding year by the percentage by which the average consumer price index for all items for the twelve (12) months ending August 31st of the year in which the adjustment is made differs from that index's average for the twelve (12) months ending on August 31st of the immediately preceding year and adding that product to the maximum amount that applied in the immediately preceding year, rounding to the nearest whole dollar. The current exempt

amount must be confirmed with the Michigan Department of Education prior to issuing contracts for construction, renovation, or repairs which exceed the amount listed in this policy.

PROCUREMENT – FEDERAL GRANTS/FUNDS

Reference: 2 C.F.R. 200.317 - .326

Procurement of all supplies, materials, equipment, and services paid for from Federal funds or Academy matching funds shall be made in accordance with all applicable Federal, State, and local statutes and/or regulations, the terms and conditions of the Federal grant, Board policies, and administrative procedures.

The School Leader shall maintain a procurement and contract administration system in accordance with the USDOE requirements (2 CFR 200.317-.326), including affirmative steps for small and minority businesses and women's business enterprises, for the administration and management of Federal grants and Federally-funded programs. The Academy shall maintain a contract administration system that requires contractors to perform in accordance with the terms, conditions, and specifications of their contracts or purchase orders. Except as otherwise noted, procurement transactions shall conform to the provisions of the Academy's documented general purchasing Policy 6320 and AG 6320.

All Academy employees, whether employed by the Board or by an Educational Service Provider, all officers of the Academy, and all agents of the Academy who have purchasing authority shall abide by the standards of conduct covering conflicts of interest and governing the actions of its employees, whether employed by the Board or by an Educational Service Provider, officers, and agents engaged in the selection, award, and administration of contracts as established in Policy 1130 and Policy 3110– Conflict of Interest.

The Academy will avoid acquisition of unnecessary or duplicative items. Additionally, consideration shall be given to consolidating or breaking out procurements to obtain a more economical purchase. And, where appropriate, an analysis shall be made of lease versus purchase alternatives, and any other appropriate analysis to determine the most economical approach. These considerations are given as part of the process to determine the allowability of each purchase made with Federal funds.

To foster greater economy and efficiency, the Academy may enter into State and local intergovernmental agreements where appropriate for procurement or use of common or shared goods and services.

Competition

All procurement transactions paid for from Federal funds or Academy matching funds shall be conducted in a manner that encourages full and open competition and that is in accordance with good administrative practice and sound business judgement. In order to promote objective contractor performance and eliminate unfair competitive advantage, the Academy shall exclude any contractor that has developed or drafted specifications, requirements, statements of work, or invitations for bids or requests for proposals from competition for such procurements.

Some of the situations considered to be restrictive of competition include, but are not limited to, the following:

- A. unreasonable requirements on firms in order for them to qualify to do business;
- B. unnecessary experience and excessive bonding requirements;

- C. noncompetitive contracts to consultants that are on retainer contracts;
- D. organizational conflicts of interest;
- E. specification of only a “brand name” product instead of allowing for an “*or equal*” product to be offered and describing the performance or other relevant requirements of the procurement; and
- F. any arbitrary action in the procurement process.

Further, the Academy does not use statutorily or administratively imposed State, local, or tribal geographical preferences in the evaluation of bids or proposals, unless (1) an applicable Federal statute expressly mandates or encourages a geographic preference; or (2) the Academy is contracting for architectural and engineering services, in which case geographic location may be a selection criterion provided its application leaves an appropriate number of qualified firms, given the nature and size of the project, to compete for the contract.

To the extent that the Academy uses a pre-qualified list of persons, firms or products to acquire goods and services that are subject to this policy, the pre-qualified list includes enough qualified sources as to ensure maximum open and free competition. The Academy allows vendors to apply for consideration to be placed on the list continuously.

Solicitation Language

The Academy shall require that all solicitations made pursuant to this policy incorporate a clear and accurate description of the technical requirements for the material, product, or service to be procured. Such description shall not, in competitive procurements, contain features which unduly restrict competition. The description may include a statement of the qualitative nature of the material, product or service to be procured and, when necessary, shall set forth those minimum essential characteristics and standards to which it shall conform if it is to satisfy its intended use. Detailed product specifications should be avoided if at all possible.

When it is impractical or uneconomical to make a clear and accurate description of the technical requirements, a “brand name or equivalent” description may be used as a means to define the performance or other salient requirements of procurement. The specific features of the named brand which shall be met by offers shall be clearly stated; and identify all requirements which the offerors shall fulfill and all other factors to be used in evaluating bids or proposals.

The Academy will not approve any expenditure for an unauthorized purchase or contract.

Procurement Methods

The Academy shall utilize the following methods of procurement:

- A. Small Purchases

Small purchase procedures provide for relatively simple and informal procurement methods for securing services, supplies, and other property that does not exceed the competitive bid threshold of \$ 24,459. Small purchase procedures require that price or rate quotations shall be obtained from an adequate number of qualified sources.

B. Sealed Bids

Sealed, competitive bids shall be obtained when the purchase of, and contract for, single items of supplies, materials, or equipment which amounts more than to the amount allowed by Michigan statute and when the Board determines to build, repair, enlarge, improve, or demolish an academy building/facility the cost of which will exceed the amount allowed by Michigan statute.

In order for sealed bidding to be feasible, the following conditions shall be present:

1. a complete, adequate, and realistic specification or purchase description is available;
2. two (2) or more responsible bidders are willing and able to compete effectively for the business; and
3. the procurement lends itself to a firm fixed price contract and the selection of the successful bidder can be made principally on the basis of price.

When sealed bids are used, the following requirements apply:

1. Bids shall be solicited in accordance with the provisions of State law and Policy 6320. Bids shall be solicited from an adequate number of qualified suppliers, providing sufficient response time prior to the date set for the opening of bids. The invitation to bid shall be publicly advertised.
2. The invitation for bids will include product/contract specifications and pertinent attachments and shall define the items and/or services required in order for the bidder to properly respond.
3. All bids will be opened at the time and place prescribed in the invitation for bids; bids will be opened publicly.
4. A firm fixed price contract award will be made in writing to the lowest responsible bidder. Where specified in bidding documents, factors such as discounts, transportation cost, and life cycle costs shall be considered in determining which bid is lowest. Payment discounts may only be used to determine the low bid when prior experience indicates that such discounts are usually taken.
5. The Board reserves the right to reject any or all bids for sound documented reason.

C. Competitive Proposals

Procurement by competitive proposal, normally conducted with more than one source submitting an offer, is generally used when conditions are not appropriate for the use of sealed bids or in the case of a recognized exception to the sealed bid method. (See Policy 6320 for competitive bid

procedures.)

If this method is used, the following requirements apply:

1. Requests for proposals shall be publicized and identify all evaluation factors and their relative importance. Any response to the publicized requests for proposals shall be considered to the maximum extent practical.
2. Proposals shall be solicited from an adequate number of sources.
3. The Academy shall use its written method for conducting technical evaluations of the proposals received and for selecting recipients.
4. Contracts shall be awarded to the responsible firm whose proposal is most advantageous to the program, with price and other factors considered.

The Academy may use competitive proposal procedures for qualifications-based procurement of architectural/engineering (A/E) professional services whereby competitors' qualifications are evaluated and the most qualified competitor is selected, subject to negotiation of fair and reasonable compensation. The method, where price is not used as a selection factor, can only be used in procurement of A/E professional services. It cannot be used to purchase other types of services though A/E that firms are a potential source to perform the proposed effort.

D. Noncompetitive Proposals

Procurement by noncompetitive proposals allows for solicitation of a proposal from only one source and may be used only when one or more of the following circumstances apply:

1. the item is available only from a single source
2. the public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation
3. the Federal awarding agency or pass-through entity expressly authorizes noncompetitive proposals in response to a written request from the Academy
4. after solicitation of a number of sources, competition is determined to be inadequate

Contract/Price Analysis

The Academy shall perform a cost or price analysis in connection with every procurement action in excess of \$250,000, including contract modifications. A cost analysis generally means evaluating the separate cost elements that make up the total price, while a price analysis means evaluating the total price, without looking at the individual cost elements.

The method and degree of analysis is dependent on the facts surrounding the particular procurement situation; however, the Academy shall come to an independent estimate prior to receiving bids or proposals.

When performing a cost analysis, the Academy shall negotiate profit as a separate element of the price. To establish a fair and reasonable profit, consideration is given to the complexity of the work to be performed, the risk borne by the contractor, the contractor's investment, the amount of subcontracting, the quality of its record of past performance, and industry profit rates in the surrounding geographical area for similar work.

Time and Materials Contracts

The Academy uses a time and materials type contract only (1) after a determination that no other contract is suitable; and (2) if the contract includes a ceiling price that the contractor exceeds at its own risk. Time and materials type contract means a contract whose cost to the Academy is the sum of the actual costs of materials, and direct labor hours charged at fixed hourly rates that reflect wages, general and administrative expenses, and profit.

Since this formula generates an open-ended contract price, a time-and-materials contract provides no positive profit incentive to the contractor for cost control or labor efficiency. Therefore, the Academy sets a ceiling price for each contract that the contractor exceeds at its own risk. Further, the Academy shall assert a high degree of oversight in order to obtain reasonable assurance that the contractor is using efficient methods and effective cost controls.

Suspension and Debarment

The Academy will award contracts only to responsible contractors possessing the ability to perform successfully under the terms and conditions of the proposed procurement. All purchasing decisions shall be made in the best interests of the Academy and shall seek to obtain the maximum value for each dollar expended. When making a purchasing decision, the Academy shall consider such factors as (1) contractor integrity; (2) compliance with public policy; (3) record of past performance; and (4) financial and technical resources.

The Chief Financial Officer shall have the authority to suspend or debar a person/corporation, for cause, from consideration or award of further contracts. The Academy is subject to and shall abide by the nonprocurement debarment and suspension regulations implementing Executive Orders 12549 and 12689, 2 CFR Part 180.

Suspension is an action taken by the Academy that immediately prohibits a person from participating in covered transactions and transactions covered under the Federal Acquisition Regulation (48 CFR chapter 1) for a temporary period, pending completion of an agency investigation and any judicial or administrative proceedings that may ensue. A person so excluded is suspended. (2 CFR Part 180 Subpart G)

Debarment is an action taken by the Chief Financial Officer to exclude a person from participating in covered transactions and transactions covered under the Federal Acquisition Regulation (48 CFR chapter 1). A person so excluded is debarred. (2 CFR Part 180 Subpart H)

The Academy shall not subcontract with or award subgrants to any person or company who is debarred or suspended. For contracts over \$25,000, the Academy shall confirm that the vendor is not debarred or suspended by either checking the Federal Government's System for Award Management, which maintains a list of such debarred or suspended vendors at

www.sam.gov; collecting a certification from the vendor; or adding a clause or condition to the covered transaction with that vendor. (2 CFR Part 180 Subpart C)

A bidder who wishes to file a bid protest shall file such notice and follow procedures prescribed by the Request For Proposals (RFPs) or the individual bid specifications package, for resolution. Bid protests shall be filed in writing with the Chief Financial Officer within seventy-two (72) hours of the opening of the bids in protest.

Within five (5) days of receipt of a protest, the Chief Financial Officer shall review the protest as submitted and render a decision regarding the merits of the protest and any impact on the acceptance and rejection of bids submitted. Notice of the filing of a bid protest shall be communicated to the Board and shall be so noted in any subsequent recommendation for the acceptance of bids and awarding of contracts.

Failure to file a notice of intent to protest, or failure to file a formal written protest within the time prescribed, shall constitute a waiver of proceedings.

Maintenance of Procurement Records

These records will include, but are not necessarily limited to the following: rationale for the method of procurement, selection of contract type, contractor selection or rejection, and the basis for the contract price (including a cost or price analysis).

USE OF CREDIT/DEBIT CARDS

The Board of Directors recognizes the value of an efficient method of payment and recordkeeping for certain expenses.

The Board, therefore, authorizes the use of Academy credit/debit cards. The authorization, handling, and use of credit/debit cards have been established to provide a convenient and efficient means to purchase goods and services. Credit/Debit cards, however, shall not be used in order to circumvent the general purchasing procedures established by State law and Board policy. The Board affirms credit/debit cards shall be used only for those expenditures incurred for Board-approved or Academy-related activities or for those expenditures that serve the benefit of the Academy and a valid public purpose. Under no circumstances shall credit/debit cards be used for personal purchases or the purchase of alcoholic beverages, even if the purchase of such beverages is made in connection with a meal.

The Educational Service Provider shall develop Administrative Procedures that specify persons authorized to use Academy credit/debit cards, the types of expenses that can be paid by credit/debit cards, and the proper supervision and use of such cards. Inappropriate or illegal use of the credit/debit card and/or failure to strictly comply with the limitations and requirements set forth in the Administrative Procedures may result in a loss of credit/debit card privileges; disciplinary action, up to, and including, termination; personal responsibility to reimburse any and all inappropriate charges (including finance charges and interest) assessed in connection with the purchase; and/or possible referral to law enforcement authorities for prosecution.

The Educational Service Provider shall annually request the Board to approve the position titles authorized to use Academy credit/debit cards in the conduct of Academy business.

The Educational Service Provider shall be responsible for supervising and giving direction to employees authorized to use Academy credit/debit cards.

NEW POLICY FOR MICHIGAN INTERNATIONAL PREP SCHOOL **PURCHASING CARDS**

The Board recognizes that bank credit cards ("purchasing cards") offer an alternative to existing procurement processes and provide a convenient, efficient method of purchasing goods and services. Employees authorized by the Superintendent may use purchasing cards only for Academy-related purposes in accordance with this policy and administrative guidelines to be developed by the Educational Service Provider in conjunction with academy administration. Purchasing cards shall not be used to circumvent the general purchasing procedures required by State law and Board policy.

All approved cardholders must abide by purchasing card procedures and regulations set forth in this policy and relevant administrative guidelines. All transactions must be made by the individual to whom the card is issued.

To obtain a purchasing card, approved employees must provide the bank issuing the card with all personal information required by the bank to issue a card.

The Director of Business shall conduct independent regular reviews of each cardholder's activity to verify that the purchasing card is being used in accordance with this policy and administrative guidelines. Card holders must keep receipts from all purchases made and provide receipts upon request. Prices for commonly priced items should be periodically verified to prevent schemes of purposeful price inflation.

Cardholders must use common sense and good judgement when using Academy resources. This policy and related administrative guidelines cannot cover every issue, exception, or contingency that may arise during the cardholder's use of the purchasing card.

Cardholders will immediately surrender their cards upon request of Superintendent and shall surrender their cards upon separation from employment. Cardholders are required to take reasonable prudent measures to protect the use and custody of the card and shall immediately notify the Director of Business if the card is lost or stolen.

The purchasing card may never be used to purchase alcohol or personal items or services. The personal gain of credit card rewards such as bonus points, frequent flyer miles, or any other affinity program reward by the employee/cardholder is prohibited under any circumstances.

Misuse of the purchasing card may result in disciplinary action, including termination.

TRAVEL PAYMENT & REIMBURSEMENT

Reference: 2 CFR 200.474

Travel expenses incurred for official business travel on behalf of the Board of Directors shall be limited to those expenses reasonably and necessarily incurred by the employee in the performance of a public purpose authorized, in advance, in accordance with any applicable administrative guidelines.

Payment and reimbursement rates for per diem meals, lodging, and mileage shall be approved by the Board annually. The Board shall utilize the Federal IRS prescribed mileage rate.

Employees are expected to exercise the same care incurring travel expenses that a prudent person would exercise if traveling on personal business and expending personal funds. Unauthorized costs and additional expenses incurred for personal preference or convenience will not be reimbursed.

Unauthorized expenses include but are not limited to alcohol, movies, fines for traffic violations, and the entertainment/meals/lodging of spouses or guests.

Travel payment and reimbursement provided from Federal funds must be authorized in advance by the Federal awarding agency or pass-through entity and must be reasonable and consistent with the Academy's travel policy and administrative guidelines. For travel authorized by and paid for with Federal funds, the travel authorization must include documentation that demonstrates that (1) the participation in the event by the individual traveling is necessary to the Federal award; and (2) the costs are reasonable and consistent with the Academy's travel policy.

All costs incurred with Federal funds must meet the Academy's cost allowability standards.

To the extent that the Academy's policy does not establish the allowability of a particular type of travel cost, the rates and amounts established under 5 U.S.C. 5701-11, ("Travel and Subsistence Expenses; Mileage Allowances"), or by the Administrator of General Services, or by the President (or his/her designee), must apply to travel under Federal awards.

A.C. Rule R340.351 et seq.
GASB #34
GASB #54

It is the policy of the Board of Directors that a chart of accounts be established in accordance with the requirements of the State Department of Education for the accounting of all Academy funds. The Educational Service Provider is responsible for an accounting of all capital assets to protect the financial investment of the Academy against catastrophic loss. Further, the Educational Service Provider will establish procedures and regulations necessary to properly account for capital assets and comply with generally accepted accounting principles (GAAP) and ensure that the Academy's capital assets are properly insured.

GASB 84

The Academy's system of accounting shall comply with all applicable requirements of the Governmental Accounting Standards Board, Statement No. 84 (GASB 84). In accordance with GASB 84, the Academy will report applicable fiduciary activities as identified in either the private purpose trust fund or the custodial fund. Typically, these activities include recognized student and academy-related activity funds held in a bank account maintained by the Academy. These funds shall be subject to the accounting and requirements specified in the Michigan Public Schools Accounting Manual. An activity not identified as a fiduciary activity under GASB 84 will be deemed a governmental activity and will be reported in a governmental fund.

GASB 54

The Academy's system of accounting shall comply with all requirements of the Governmental Accounting Standards Board, Statement No. 54 (GASB 54). In accordance with GASB 54, the Academy will report its fund balances in the following categories:

- A. *Nonspendable fund balance*—amounts that are not in a spendable form (such as inventory) or are required to be maintained intact (such as the corpus of an endowment fund)
- B. *Restricted fund balance*—amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation
- C. *Committed fund balance*—amounts constrained to specific purposes by the Board; to be reported as committed, amounts cannot be used for any other purpose unless the Board takes action to remove or change the constraint
- D. *Assigned fund balance*—amounts the Board *intends* to use for a specific purpose; intent can be expressed by the Board or by an official or committee to which the Board delegates the authority
- E. *Unassigned fund balance*—amounts that are available for any purpose; these amounts are reported only in the general fund.

The Board authorizes the auditors and directs its Educational Service Provider to take all steps necessary to comply with the requirements of GASB 54. All revenue and funds will be designated to one of the above categories.

The Educational Service Provider shall be responsible for the proper accounting of all Academy funds. The Educational Service Provider shall ensure that expenditures are budgeted under and charged against those accounts which most accurately describe the purpose for which such monies are to be or have been spent. Wherever appropriate and practicable, salaries of individual employees, expenditures for single pieces of equipment, and the like shall be prorated under the several accounts which most accurately describe the purposes for which such monies are to be or have been spent.

The Director of Business is responsible to implement procedures and practices that will determine:

- A. Capitalization policies for Academy assets (i.e., which assets will be capitalized and depreciated over their estimated useful life versus which assets will be expensed in year of purchase);
- B. Methods for calculating annual and accumulated depreciation expense for assets including estimates for asset lives, residual asset values, and depreciation methodology;
- C. Procedures for recording gain or loss on sale of capital assets and proceeds from the sale of capital assets in compliance with GAAP Reporting of estimated cash values or replacement values to Academy insurance providers.

A report of the revenues and expenditures in the fund reporting categories established above shall be made to the Board on a monthly basis by the Educational Service Provider.

The Board's annual financial statements will include information such as: 1) beginning and ending balances of capital assets; 2) beginning and ending balances of accumulated depreciation, 3) total depreciation expense for the fiscal year.

Such reporting shall include description of significant capital asset activity during the fiscal year including: acquisitions through purchase or donation, sales or dispositions including the proceeds and gains or losses on the sale, changes in methods of calculating depreciation expense or accumulated depreciation, such as, estimates of useful life, residual values, depreciation methodology (e.g. straight line or other method).

Before implementing procedures or changing procedures, the Educational Service Provider will review the proposed procedure with the CPA appointed by the Board of Directors to conduct the Board's financial audit. The procedures established shall comply with all statutorily required standards and generally accepted accounting procedures.

The Educational Service Provider shall promulgate Administrative Procedures to ensure the proper implementation of this policy in accordance with law.

20 USC 6081 et seq.
USDOE. Memorandum, 1995
MDE Board Policy on 24/7 Tobacco-Free Schools

The Board of Directors believes that the right of persons to use tobacco must be balanced against the right of those who do not use tobacco to breathe air untainted by tobacco.

The use of tobacco products of any kind, including but not limited to cigarettes, cigars, pipes, and chewing tobacco, and by any person, is prohibited on academy property (including grounds, buildings, and vehicles) and during any academy-sponsored activity or event.

In order to protect students and staff who choose not to use tobacco from an environment noxious to them and potentially damaging to their health, the Board prohibits the use of tobacco products on academy premises (owned or leased), in academy vehicles, at all academy sponsored events and in all academy buildings owned and/or operated by the Academy.

For purposes of this policy,

- A. "tobacco product" means a preparation of tobacco to be inhaled, chewed, or placed in a person's mouth.
- B. "use of a tobacco product" means any of the following:
 - 1. the carrying by a person of a lighted cigar, cigarette, pipe, or other lighted smoking device
 - 2. the inhaling or chewing of a tobacco product
 - 3. the placing of a tobacco product within a person's mouth
 - 4. and/or the smoking of electronic, "vapor," or other substitute forms of cigarettes, clove cigarettes or other lighted smoking devices for burning tobacco or any other substance.

The term "tobacco" includes any product that contains tobacco, is derived from tobacco, contains nicotine, or e-cigarettes and other electronic smoking devices (including but not limited to "JUUL's"), but does not include any cessation product approved by the United States Food and Drug Administration for use as a medical treatment to reduce or eliminate nicotine or tobacco dependence.

In order to protect students and staff who choose not to use tobacco from an environment noxious to them, and because the Board does not condone smoking and/or the use of tobacco, the Board prohibits the use of tobacco or tobacco substitute products at all times within any enclosed facility owned or leased or contracted for by the Board, and in the areas directly or indirectly under the control of the Board immediately adjacent to locations of ingress or egress to such facilities. This prohibition extends to any Board-owned and/or

operated vehicles used to transport students and to all other Board-owned and/or operated vehicles. Such prohibition also applies to:

- A. academy grounds,
- B. any academy-related event,

Tobacco may not be advertised or promoted on academy property or at academy-controlled events. Therefore, signs, clothing, bags, accessories, and other items promoting tobacco or containing tobacco branding are prohibited on academy property and at academy-controlled events.

Tobacco companies/products may not sponsor any academy activity or project.

Tobacco advertising or promotion is prohibited on signs, clothing (including hats or bags), or sponsorship of Academy events.

The School Leader shall:

- A. Communicate the Academy's Tobacco-Free Policy to students, staff, family members, and visitors, at Academy events, through signage, and in the student code of conduct;
- B. Develop and implement procedures for consistent and fair enforcement;
- C. Develop educational alternatives to suspension;
- D. Treat violators who are students or staff with disciplinary action in the same magnitude and manner as violations of other Academy policies;
- E. Ensure that visitors who violate the policy discontinue using the tobacco product or leave the premises;
- F. Include the expectation that the prohibition will be enforced in contracts with outside groups who use the building; and
- G. Coordinate with local law enforcement agencies on enforcement of the Youth Tobacco Act and the Michigan Penal Code related to tobacco use.

The Academy may provide access to developmentally-appropriate tobacco cessation programs or information about community cessation programs.

Violations of this policy may result in removal from academy property or the academy activity in accordance with Policy 9150 – Academy Visitors.

The Educational Service Provider shall designate the individuals and the methods to monitor compliance with this policy.

TECHNOLOGY

Content may communicate information about the plans, policies and operations of the Academy to members of the public and other persons who may be affected by Academy matters.

The information contained on the Board's website(s) should reflect and support the Board's Mission Statement, Educational Philosophy, and the School Improvement Process.

When the content includes a photograph or personally identifiable information relating to a student, the Board will abide by the provisions of Policy 8330 - Student Records.

Under no circumstances is Academy-created content, apps and services, to be used for commercial purposes, advertising, political lobbying or to provide financial gains for any individual. Included in this prohibition is the fact no web content contained on the Academy's website may:

1. include statements or other items that support or oppose a candidate for public office, the investigation, prosecution or recall of a public official, or passage of a tax levy or bond issue;
2. link to a website of another organization if the other website includes such a message; or
3. communicate information that supports or opposes any labor organization or any action by, on behalf of, or against any labor organization.
4. Under no circumstances is staff member-created content, apps and services, including personal web pages/sites, to be used to post student progress reports, grades, class assignments, or any other similar class-related material. Employees are required to use the Board-specified website, app or service for the purpose of conveying information to students and/or parents.
5. Staff members are prohibited from requiring students to go to the staff member's personal web pages/sites (including, but not limited to, their Facebook, Instagram, Pinterest pages) to check grades, obtain class assignments and/or class-related materials, and/or to turn in assignments.
6. If a staff member creates content, apps and services, related to his/her class, it must be hosted on the Board's server or an Academy-affiliated server.
7. Unless the content, apps and services contains student personally-identifiable information, Board websites, apps and web services that are created by students and/or staff members that are posted on the Internet should not be password protected or otherwise contain restricted access features, whereby only employees, student(s), or other limited groups of people can access the site. Community members, parents, employees, staff, students, and other website users will generally be given full access to the Board's website(s), apps and web services.

Web content, apps and web services should reflect an understanding that both internal and external audiences will be viewing the information.

School web pages/sites, apps and web services must be located on Board-owned or Academy-affiliated servers.

The Educational Service Provider shall prepare administrative guidelines defining the rules and standards applicable to the use of the Board's website and the creation of web content, apps and web services by staff.

The Board retains all proprietary rights related to the design of web content, apps and web services that are hosted on Board-owned or Academy-affiliated servers, absent written agreement to the contrary.

Students who want their class work to be displayed on the Board's website must have written parent permission and expressly license its display without cost to the Board.

Prior written parent permission is necessary for a student to be identified by name on the Board's website.

C. Website Accessibility

The Academy is committed to providing persons with disabilities an opportunity equal to that of persons without disabilities to participate in the Academy's programs, benefits, and services, including those delivered through electronic and information technology, except where doing so would impose an undue burden or create a fundamental alteration. The Academy is further committed to ensuring persons with disabilities are able to acquire the same information, engage in the same interactions, and enjoy the same benefits and services within the same timeframe as persons without a disability, with substantially equivalent ease of use; that they are not excluded from participation in, denied the benefits of, or otherwise subjected to discrimination in any Academy programs, services, and activities delivered online, as required by Section 504 and Title II of the ADA and their implementing regulations; and that they receive effective communication of the Academy's programs, services, and activities delivered online.

The Academy adopts this policy to fulfill this commitment and affirm its intention to comply with the requirements of Section 504 of the Rehabilitation Act of 1973, 29 U.S.C. Section 794, 34 C.F.R. Part 104, and Title II of the Americans With Disabilities Act of 1990, 42 U.S.C. Section 12131 and 28 C.F.R. Part 35 in all respects.

1. Technical Standards

The Academy will adhere to the technical standards of compliance identified at miprepschool.org. The Academy measures the accessibility of online content and functionality according to the World Wide Web Consortium's Web Content Accessibility Guidelines ([WCAG](#)) [2.0](#) Level AA, and the Web Accessibility Initiative - Accessible Rich Internet Applications Suite ([WAI-ARIA 1.1](#)) for web content..

2. Web Accessibility Coordinator

The Board designates its Section 504/ADA Compliance Coordinator(s) as the Academy's Web Accessibility Coordinator(s). That

individual(s) is responsible for coordinating and implementing this policy.

See Board Policy 2260.01 for the Section 504/ADA Compliance Coordinator(s)' contact information.

3. Third Party Content

Links included on the Board's website(s) or web services and apps that pertain to its programs, benefits and/or services must also meet the above criteria and comply with State and Federal law (e.g. copyright laws, CIPA, Section 504, ADA, SOPPA and COPPA). While the Academy strives to provide access through its website to online content provided or developed by third parties (including vendors, video-sharing websites, and other sources of online content) that is in an accessible format, that is not always feasible. The Academy's administrators and staff, however, are aware of this requirement with respect to the selection of online content provided to students. The Academy's Web Accessibility Coordinator or his/her designees will vet online content available on its website that is related to the Academy's programs, benefits and/or services for compliance with this criteria for all new content placed on the Academy's website after adoption of this policy.

Nothing in the preceding paragraph, however, shall prevent the Academy from including links on the Board's website(s) to:

- a. recognized news/media outlets (e.g., local newspapers' websites, local television stations' websites), or
- b. websites, services and/or apps that are developed and hosted by outside vendors or organizations that are not part of the Academy's program, benefits, or services.

The Board recognizes that such third party websites may not contain age-appropriate advertisements that are consistent with the requirements of Policy 9700.01, AG 9700B, and State and Federal law.

4. Regular Audits

The Academy, under the direction of the Web Accessibility Coordinator(s) or his/her/their designees, will, at regular intervals, audit the Academy's online content and measure this content against the technical standards adopted above.

If problems are identified through the audit, such problems will be documented, evaluated, and, if necessary, remediated within a reasonable period of time.

5. Reporting Concerns or Possible Violations

If any student, prospective student, employee, guest, or visitor believes that the Academy has violated the technical standards in its online content, s/he may contact the Web Accessibility Coordinator with any accessibility concerns. S/he may also file a formal complaint utilizing the procedures set out in Board Policies 2260 and 2260.01 relating to Section 504 and Title II.

D. Instructional Use of Apps and Web Services

The Board authorizes the use of apps and web services to supplement and enhance learning opportunities for students either in the classroom or for extended learning outside the classroom.

A teacher who elects to supplement and enhance student learning through the use of apps and/or web services is responsible for verifying/certifying to the Educational Service Provider that the app and/or web service has a FERPA-compliant privacy policy, and it complies with all requirements of the Children's Online Privacy Protection Act (COPPA), Student Online Personal Protection Act (SOPPA) and the Children's Internet Protection Act (CIPA).

The Board further requires the use of a Board-issued e-mail address in the login process.

E. Training

The Academy will provide periodic training for its employees who are responsible for creating or distributing information with online content so that these employees are aware of this Policy and understand their roles and responsibilities with respect to web design, documents and multimedia content.

F. One-Way Communication Using Academy Web Content, Apps and Services

The Academy is authorized to use web pages/sites, apps and services to promote school activities and inform stakeholders and the general public about Academy news and operations.

Such communications constitute public records that will be archived.

When the Board or Educational Service Provider designates communications distributed via Academy web pages/sites, apps and web services to be one-way communication, public comments are not solicited or desired, and the web site, app or web service is to be considered a nonpublic forum.

If the Academy uses an apps and web service that does not allow the Academy to block or deactivate public comments (e.g., Facebook, which does not allow comments to be turned-off, or Twitter, which does not permit users to disable private messages or mentions/replies), the Academy's use of that apps and web service will be subject to Policy 7544 – Use of Social Media, unless the Academy is able to automatically withhold all public comments.

If unsolicited public comments can be automatically withheld, the Academy will retain the comments in accordance with its adopted record retention schedule, but it will not review or consider those comments.

47 C.F.R. 54.520

Technology has fundamentally altered the ways in which information is accessed, communicated, and transferred in society. As a result, educators are continually adapting their means and methods of instruction, and the way they approach student learning, to incorporate the vast, diverse, and unique resources available through the Internet. The Board of Directors provides Technology Resources (as defined by Bylaw 0100) to support the educational and professional needs of its students and staff. With respect to students, Academy Technology Resources afford them the opportunity to acquire the skills and knowledge to learn effectively and live productively in a digital world. The Board of Directors provides students with access to the Internet for limited educational purposes only and utilizes online educational services/apps to enhance the instruction delivered to its students. The Academy's computer network and system does not serve as a public access service or a public forum, and the Board imposes reasonable restrictions on its use consistent with its limited educational purpose.

The Board regulates the use of Academy Technology Resources by principles consistent with applicable local, State, and Federal laws, the Academy's educational mission, and articulated expectations of student conduct as delineated in the Student Code of Conduct. This policy and its related administrative guidelines and the Student Code of Conduct govern students' use of Academy Technology Resources and students' personal communication devices when they are connected to the Academy computer network, Internet connection, and/or online educational services/apps, or when used while the student is on Board-owned property or a Board-sponsored activity (see Policy 5136).

Users are required to refrain from actions that are illegal (such as libel, slander, vandalism, harassment, theft, plagiarism, inappropriate access, and the like) or unkind (such as personal attacks, invasion of privacy, injurious comment, and the like). Because its Technology Resources are not unlimited, the Board has also instituted restrictions aimed at preserving these resources, such as placing limits on use of bandwidth, storage space, and printers.

Users have no right or expectation to privacy when using Academy Technology Resources (including, but not limited to, privacy in the content of their personal files, e-mails, and records of their online activity when using the Academy's computer network and/or Internet connection).

First, the Board may not be able to technologically limit access through its Technology Resources, to only those services and resources that have been authorized for the purpose of instruction, study and research related to the curriculum. Unlike in the past when educators and community members had the opportunity to review and screen materials to assess their appropriateness for supporting and enriching the curriculum according to adopted procedures and reasonable selection criteria (taking into account the varied instructional needs, learning styles, abilities, and developmental levels of the students who would be exposed to them), access to the Internet, because it serves as a gateway to any publicly available file server in

the world, opens classrooms and students to electronic information resources that may not have been screened by educators for use by students of various ages.

Pursuant to Federal law, the Board has implemented technology protection measures that protect against (e.g., filter or block) access to visual displays/depictions/materials that are obscene, constitute child pornography, and/or are harmful to minors, as defined by the Children's Internet Protection Act. At the discretion of the Board or the School Leader, the technology protection measures may be configured to protect against access to other material considered inappropriate for students to access. The Academy also utilizes software and/or hardware to monitor online activity of students to restrict access to child pornography and other material that is obscene, objectionable, inappropriate and/or harmful to minors. However, the Board is cognizant of the fact that such software and/or hardware is not perfect and relies on students to self-police (and immediately cease viewing) online activity that would otherwise be in conflict with these policies and to immediately report such to the Directors of Teaching and Learning. The technology protection measures may not be disabled at any time that students may be using Academy Technology Resources, if such disabling will cease to protect against access to materials that are prohibited under the Children's Internet Protection Act. Any student who attempts to disable the technology protection measures will be subject to discipline.

The School Leader may temporarily or permanently unblock access to websites or online educational services/apps containing appropriate material, if access to such sites has been inappropriately blocked by the technology protection measures. The determination of whether material is appropriate or inappropriate shall be based on the content of the material and the intended use of the material, not on the protection actions of the technology protection measures.

Parents are advised that a determined user may be able to gain access to services and/pr resources on the Internet that the Board has not authorized for educational purposes. In fact, it is impossible to guarantee students will not gain access through the Internet to information and communications that they and/or their parents may find inappropriate, offensive, objectionable or controversial. Parents of minors are responsible for setting and conveying the standards that their children should follow when using the Internet.

The Educational Service Provider, is directed to prepare procedures which address students' safety and security while using e-mail, chat rooms and other forms of direct electronic communications, and prohibit disclosure of personal identification information of minors and unauthorized access (e.g., "hacking"), cyberbullying and other unlawful or inappropriate activities by minors online.

Pursuant to Federal law, students shall receive education about the following:

- A. safety and security while using e-mail, chat rooms, social media, and other forms of direct electronic communications;
- B. the dangers inherent with the online disclosure of personally identifiable information;

- C. the consequences of unauthorized access (e.g., "hacking", "harvesting", "digital piracy", "data mining", etc.), cyberbullying and other unlawful or inappropriate activities by students online, and
- D. unauthorized disclosure, use, and dissemination of personally-identifiable information regarding minors.

The Board directs staff members to provide instruction for their students the Educational Service Provider to implement procedures regarding the appropriate use of technology and online safety and security as specified above. Furthermore, staff members will monitor the Educational Service Provider will implement monitoring procedures for the online activities while students are at school.

Monitoring may include, but is not necessarily limited to, visual observations of online activities during class sessions; or use of specific monitoring tools to review browser history and network, server, and computer logs.

The Educational Service Provider, is responsible for providing training so that Internet users under their supervision are knowledgeable about this policy and its accompanying procedures. The Board expects that staff members will provide guidance and instruction to students in the appropriate use of Academy Technology Resources. Such training shall include, but not be limited to, education concerning appropriate online behavior, including interacting with other individuals on social media, including in chat rooms, and cyberbullying awareness and response. All users of Academy Technology Resources. (and their parents if they are minors) are required to sign a written agreement to abide by the terms and conditions of this policy and its accompanying procedures.

Students will be assigned a school email account that they are required to utilize for all Academy-related electronic communications, including those to staff members, peers, and individuals and/or organizations outside the Academy with whom they are communicating for Academy-related projects and assignments. Further, as directed and authorized by their teachers, they shall use their Academy-assigned email account when signing up/registering for access to various online educational services, including mobile applications/apps that will be utilized by the student for educational purposes.

Students are responsible for good behavior when using Academy Technology Resources – i.e., behavior comparable to that expected of students when they are in classrooms, school hallways, and other school premises and school sponsored events. Communications on the Internet are often public in nature. General school rules for behavior and communication apply. The Board does not approve any use of its Technology Resources that is not authorized by or conducted strictly in compliance with this policy and its accompanying procedures.

Students may only use Academy Technology Resources to access or use social media if it is done for educational purposes in accordance with their teacher's approved plan for such use.

Users who disregard this policy and its accompanying procedures may have their use privileges suspended or revoked, and disciplinary action taken against them. Users are personally responsible and liable, both civilly and criminally, for uses of Academy Technology Resources that are not authorized by this policy and its accompanying procedures.

The Board designates the School Leader as the persons responsible for initiating, implementing, and enforcing this policy and its accompanying procedures as they apply to students' use of Academy Technology Resources.

Technology has fundamentally altered the ways in which information is accessed, communicated, and transferred in society. As a result, educators are continually adapting their means and methods of instruction, and the way they approach student learning, to incorporate the vast, diverse, and unique resources available through the Internet. The Board of Directors provides Technology and Information Resources (as defined by Bylaw 0100) to support the educational and professional needs of its staff and students. The Board provides staff with access to the Internet for limited educational purposes only and utilizes online educational services/apps to enhance the instruction delivered to its students and to facilitate the staff's work. The Academy's computer network and Internet system does not serve as a public access service or a public forum, and the Board imposes reasonable restrictions on its use consistent with its limited educational purpose.

The Board regulates the use of Academy Technology and Information Resources by principles consistent with applicable local, State, and Federal laws, and the Academy's educational mission. This policy and its related administrative guidelines, Policy 7544 and any applicable employment contracts and collective bargaining agreements govern the staffs' use of the Academy's Technology and Information Resources and staff's personal communication devices when they are connected to the Academy's computer network, Internet connection and/or online educational services/apps, or when used while the staff member is on Board-owned property or at a Board-sponsored activity (see Policy 7530.02).

Users are required to refrain from actions that are illegal (such as libel, slander, vandalism, harassment, theft, plagiarism, inappropriate access, and the like) or unkind (such as personal attacks, invasion of privacy, injurious comment, and the like). Because its Technology Resources are not unlimited, the Board has also instituted restrictions aimed at preserving these resources, such as placing limits on use of bandwidth, storage space, and printers.

Users have no right or expectation to privacy when using Academy's Technology and Information Resources (including, but not limited to, privacy in the content of their personal files, e-mails, and records of their online activity when using the Academy's computer network and/or Internet connection).

Staff are expected to utilize Academy Technology and Information Resources in order to promote educational excellence in our schools by providing students with the opportunity to develop the resource sharing, innovation, and communication skills and tools that are essential to both life and work. The Board encourages the faculty to develop the appropriate skills necessary to effectively access, analyze, evaluate, and utilize these resources in enriching educational activities. The instructional use of the Internet and online educational services will be guided by Board Policy 2521 – Selection of Instructional Materials and Equipment.

The Internet is a global information and communication network that brings incredible education and information resources to our students. The Internet connects computers and

users in the Academy with computers and users worldwide. Through the Internet, students and staff can access relevant information that will enhance their learning and the education process. Further, Academy Technology Resources provide students and staff with the opportunity to communicate with other people from throughout the world. Access to such an incredible quantity of information and resources brings with it, however, certain unique challenges and responsibilities.

The Board may not be able to technologically limit access over its Technology Resources, to only those services and resources that have been authorized for the purpose of instruction, study and research related to the curriculum. Unlike in the past when educators and community members had the opportunity to review and screen materials to assess their appropriateness for supporting and enriching the curriculum according to adopted procedures and reasonable selection criteria (taking into account the varied instructional needs, learning styles, abilities, and developmental levels of the students who would be exposed to them), access to the Internet, because it serves as a gateway to any publicly available file server in the world, opens classrooms and students to electronic information resources that may not have been screened by educators for use by students of various ages.

Pursuant to Federal law, the Board has implemented technology protection measures, that protect against (e.g., filter or block) access to visual displays/depictions/materials that are obscene, constitute child pornography, and/or are harmful to minors, as defined by the Children's Internet Protection Act. At the discretion of the Board or School Leader, the technology protection measures may also be configured to protect against access to other material considered inappropriate for students to access. The Board also utilizes software and/or hardware to monitor online activity of staff members to restrict access to child pornography and other material that is obscene, objectionable, inappropriate and/or harmful to minors. However, the Board is cognizant of the fact that such software and/or hardware is not perfect and relies on Staff members to self-police (and immediately cease viewing) online activity that would otherwise be in conflict with these policies and to immediately report such to the School Leader. The technology protection measures may not be disabled at any time that students may be using the Academy Technology Resources, if such disabling will cease to protect against access to materials that are prohibited under the Children's Internet Protection Act. Any staff member who attempts to disable the technology protection measures without express written consent of an appropriate administrator will be subject to disciplinary action, up to and including termination.

The School Leader may temporarily or permanently unblock access to websites or online educational services/apps containing appropriate material, if access to such sites has been inappropriately blocked by the technology protection measures. The determination of whether material is appropriate or inappropriate shall be based on the content of the material and the intended use of the material, not on the protection actions of the technology protection measures. The School Leader may also disable the technology protection measures to enable access for bona fide research or other lawful purposes.

The Educational Service Provider, is directed to prepare procedures which address students' safety and security while using e-mail, chat rooms and other forms of direct electronic communication, and prohibit disclosure of personal identification information of minors and unauthorized access (e.g., "hacking"), cyberbullying and other unlawful or inappropriate activities by minors online. Staff members are reminded that personally identifiable student information is confidential and may not be disclosed without prior written parental permission.

The Board directs the Educational Service Provider to initiate professional development programs in accordance with the provisions of law and this policy. Training shall include:

- A. the safety and security of students while using e-mail, chat rooms, social media and other forms of direct electronic communications;
- B. the inherent danger of students disclosing personally identifiable information online;
- C. the consequences of unauthorized access (e.g., "hacking", "harvesting", "digital piracy", "data mining", etc.), cyberbullying and other unlawful or inappropriate activities by students or staff online; and
- D. unauthorized disclosure, use, and dissemination of personally-identifiable information regarding minors.

Furthermore, the Board directs staff members to provide instruction for their students to cause to provide instruction for students regarding the appropriate use of technology and online safety and security as specified above, and staff members will monitor will implement monitoring procedures for the online activities while students are at school.

Monitoring may include, but is not necessarily limited to, visual observations of online activities during class sessions; or use of specific monitoring tools to review browser history and network, server, and computer logs.

The disclosure of personally identifiable information about students online is prohibited.

The Educational Service Provider, is responsible for providing training so that Internet users under their supervision are knowledgeable about this policy and its accompanying procedures. The Board expects that guidance will be provided and instruction offered to students in the appropriate use of the Academy Technology Resources. Such training shall include, but not be limited to, education concerning appropriate online behavior, including interacting with other individuals on social media including in chat rooms, and cyberbullying awareness and response. All users of Academy Technology Resources are required to sign a written agreement to abide by the terms and conditions of this policy and its accompanying procedures.

Staff will be assigned a school e-mail address that they are required to utilize for all school-related electronic communications, including those to students, parents and other constituents, fellow staff members, and vendors or individuals seeking to do business with the Academy.

With prior approval from the School Leader staff may direct students who have been issued Academy-assigned email accounts to use those accounts when signing up/registering for access to various online educational services including mobile applications/apps that will be utilized by the students for educational purposes under the teacher's supervision.

The Board expects all Academy personnel to be responsible for good behavior on when using Academy Technology and Information Resources – i.e., behavior comparable to that expected when in classrooms, school hallways, and other school premises and school sponsored events. Communications on the Internet are often public in nature. The Board does not approve any use of its Technology and Information Resources that is not authorized by or conducted strictly in compliance with this policy and its accompanying guidelines and Policy 7544 and its accompanying procedure.

Staff members may only use Academy Technology Resources to access or use social media if it is done for educational or business-related purposes.

Staff members use of Academy Technology Resources to access or use social media is to be consistent with Policy 7544 and its accompanying procedure.

An employee's personal or private use of social media may have unintended consequences. While the Board respects its employees' First Amendment rights, those rights do not include permission to post inflammatory comments that could compromise the Academy's mission, undermine staff relationships, or cause a substantial disruption to the school environment. This warning includes staff members' online conduct that occurs off school property including from the employee's private computer. Postings to social media should be done in a manner sensitive to the staff member's professional responsibilities.

General Academy rules for behavior and communication apply.

Users who disregard this policy and its accompanying guidelines may have their use privileges suspended or revoked, and disciplinary action taken against them. Users are personally responsible and liable, both civilly and criminally, for uses of Academy Technology and Information Resources that are not authorized by this policy and its accompanying guidelines.

The Board designates the Educational Service Provider as the administrators responsible for initiating, implementing, and enforcing this policy and its accompanying guidelines as they apply to staff members' use of Academy Technology and Information Resources.

In addition, Federal and State confidentiality laws forbid schools and Academy employees from using or disclosing student education records without parental consent. See Policy 8330. Education records include a wide variety of information; posting personally identifiable information about students is not permitted. Academy personnel who violate State and Federal confidentiality laws or privacy laws related to the disclosure of confidential employee information may be disciplined.

ACADEMY-ISSUED STAFF E-MAIL ACCOUNT

Staff

The Board of Directors is committed to the effective use of electronic mail ("e-mail") by all school staff and Board members in the conduct of their official duties. This policy and any corresponding procedures are intended to establish a framework for the proper use of e-mail for conducting official business and communicating with colleagues, students, parents and community members.

When available, the Academy's e-mail system must be used by Board employees for any official Academy e-mail communications. Personal e-mail accounts on providers other than the Academy's e-mail system may be blocked at any time if concerns for network security, SPAM, or virus protection arise. Furthermore, school staff are expected to exercise reasonable judgment and prudence and take appropriate precautions to prevent viruses from entering the Academy's network when opening or forwarding any e-mails or attachments to e-mails that originate from unknown sources.

Academy staff shall not send or forward mass e-mails, even if the e-mails concern Academy business, without prior approval of the School Leader.

Academy staff may join list serves or other e-mail services (e.g. RSS feeds) that pertain to their responsibilities in the Academy. The School Leader is authorized to block e-mail from list serves or e-mail services if the e-mails received by the staff member(s) become excessive.

Staff members are encouraged to keep their inbox and folders organized by regularly reviewing e-mail messages, appropriately saving e-mails that constitute a public record or student record and e-mails that are subject to a litigation hold (see Policy 8315 – Information Management), and purging all other e-mails that have been read. If the staff member is concerned that his/her e-mail storage allotment is not sufficient, s/he should contact the Academy's School Leader.

Public Records

The Academy complies with all Federal and State laws pertaining to electronic mail. Accordingly, e-mails written by or sent to school staff and Board members may be public records if their content concerns Academy business, or education records if their content includes personally identifiable information about a student. E-mails that are public records are subject to retention and disclosure, upon request, in accordance with Policy 8310 – Public Records. E-mails that are student records must be maintained pursuant to Policy 8330 – Student Records. Finally e-mails may constitute electronically stored information ("ESI") that may be subject to a litigation hold pursuant to Policy 8315 – Information Management.

State and Federal law exempt certain documents and information within documents from disclosure, no matter what their form. Therefore, certain e-mails may be exempt from disclosure or it may be necessary to redact certain content in the e-mails before the e-mails are released pursuant to a public records request, the request of a parent or eligible student to review education records, or a duly served discovery request involving ESI.

E-mails written by or sent to school staff and Board members by means of their private e-mail account may be public records if the content of the e-mails concerns Academy business, or education records if their content includes personally identifiable information about a student.

Consequently, staff shall comply with an Academy request to produce copies of e-mail in their possession that are either public records or education records, or that constitute ESI that is subject to a litigation hold, even if such records reside on a computer owned by an individual staff member, or are accessed through an e-mail account not controlled by the Academy.

Retention

Pursuant to State and Federal law, e-mails that are public records or education records, and e-mails that are subject to a litigation hold shall be retained.

E-mail retention is the responsibility of the individual e-mail user. Users must comply with Academy guidelines for properly saving/archiving e-mails that are public records, student education records, and/or subject to a litigation hold. E-mails sent or received using the Academy's e-mail service are automatically retained on the server. This retention is for disaster recovery and not to provide for future retrieval. The Academy does not maintain a central or distributed e-mail archive of e-mail sent and/or received. Any questions concerning e-mail retention should be directed to the School Leader.

Unauthorized E-mail

The Board does not authorize the use of its Technology Resources, including its computer network ("network") to accept, transmit, or distribute unsolicited bulk e-mail sent through the Internet to network e-mail accounts. In addition, Internet e-mail sent, or caused to be sent, to or through the network that makes use of or contains invalid or forged headers, invalid or non-existent domain names, or other means of deceptive addressing will be deemed to be counterfeit. Any attempt to send or cause such counterfeit e-mail to be sent to or through the network is unauthorized. Similarly, e-mail that is relayed from any third party's e-mail servers without the permission of that third party, or which employs similar techniques to hide or obscure the source of the e-mail, is also an unauthorized use of the network. The Board does not authorize the harvesting or collection of network e-mail addresses for the purposes of sending unsolicited e-mail. The Board reserves the right to take all legal and technical steps available to prevent unsolicited bulk e-mail or other unauthorized e-mail from entering, utilizing, or remaining within the network. Nothing in this policy is intended to grant any right to transmit or send e-mail to, or through, the network. The Board's failure to enforce this policy in every instance in which it might have application does not amount to a waiver of its rights.

Unauthorized use of the network in connection with the transmission of unsolicited bulk e-mail, including the transmission of counterfeit e-mail, may result in civil and criminal penalties against the sender and/or possible disciplinary action.

Authorized Use and Training

USE OF SOCIAL MEDIA

Reference: 20 U.S.C. 1232g
34 C.F.R. Part 99
Protecting Children in the 21st Century Act, Pub. L. No. 110-385, Title II, Stat. 4096 (2008)
Children's Internet Protection Act (CIPA), Pub. L. No. 106-554 (2001)

Technology is a powerful tool to enhance education, communication, and learning.

The Board of Directors authorizes the use of social media to promote community involvement and facilitate effective communication with students, parents/guardians, staff (including Academy-approved volunteers), and the general public. Social media is defined in Bylaw 0100.

The Educational Service Provider is charged with designating the Academy-approved social media platforms/sites, which shall be listed on the Academy's website.

In designating Academy-approved social media platforms/sites, the Educational Service Provider shall specify which platforms/sites are appropriate for use at the Academy-level, the building or department level, for extra-curricular activities, and at the individual level by employees for professional purposes.

It is critical that students be taught how to use social media platforms safely and responsibly. Social media (as defined in Bylaw 0100) are a powerful and pervasive technology that affords students and employees the opportunity to communicate for school and work purposes, and to collaborate in the delivery of a comprehensive education. Federal law mandates that the Academy provide for the education of students regarding appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms, and regarding cyberbullying awareness and response. See School Board Policy 7540.03 – Student Technology Acceptable Use and Safety.

The Academy recognizes that employees may use social media for personal, as well as professional reasons. The Academy neither encourages nor discourages employees' use of social media for personal purposes. The Academy regulates employees' use of social media for purposes related to their Academy assignment to the same extent as it regulates any other form of employee communication in that regard.

The Academy uses approved social media platforms/sites as interactive forms of communication.

Each Academy-approved social media account/site must contain a statement that specifies its purpose(s) and limits those who access the social media account/site to use of the account/site only for that/those purpose(s), and in accordance with any specified procedures, and applicable terms of service. Users are personally responsible for the content of their posts.

Social Media for Instructional and School-Sponsored Activities

Staff (including Academy-approved volunteers) may, with prior approval/authorization from the Educational Service Provider, use social media platforms/sites for classroom instruction or school-sponsored activities. When a staff member uses a Academy-approved social media platform/site for an educational purpose, it will be considered an educational activity and will not be considered a limited public forum. Students' use of Academy-approved social media

platforms/sites must be consistent with the Student Code of Conduct, Policy 5722 and Policy 7540.03, the instructor's directions/procedures, and the platform/site's applicable terms of service. Students are prohibited from posting or releasing personally identifiable information about students, employees, and volunteers through Academy-approved social media without appropriate consent.

Staff members (including Academy-approved volunteers) must provide parents of students involved in a school-sponsored activity the ability to opt-out of having their child use social media platforms/sites for communication purposes associated with that activity, and arrange for an alternative method of communicating with the participating student concerning the school-sponsored activity.

Expected Standards of Conduct on Academy-Approved Social Media

Employees and Academy-approved volunteers who access Academy-approved social media platforms are expected to conduct themselves in a respectful, courteous, and professional manner. Students, parents, and members of the general public who access Academy-approved social media platforms are similarly expected to conduct themselves in a respectful, courteous, and civil manner.

Academy-approved social media sites shall not contain content that is obscene; is vulgar and lewd such that it undermines the school's basic educational mission; is libelous or defamatory; constitutes hate speech; promotes illegal drug use; is aimed at inciting an individual to engage in unlawful acts or to cause a substantial disruption or material interference with Academy operations; or interferes with the rights of others. The Academy may exercise editorial control over the style and content of student speech on Academy-approved social media, if reasonably related to legitimate pedagogical concerns. Staff or students who post prohibited content shall be subject to appropriate disciplinary action.

The Academy is committed to protecting the privacy rights of students, parents/guardians, staff, volunteers, Board members, and other individuals on Academy-approved social media sites. Academy employees and volunteers are prohibited from posting or releasing confidential information about students, employees, volunteers, or Academy operations through social media, without appropriate consent (i.e., express written consent from the parent of a student, the affected employee or volunteer, or the Educational Service Provider concerning Academy operations).

Retention of Public/Student Records

Academy communications that occur through the use of Academy-approved social media platforms/sites – including staff members'/volunteers' use of social media with school-sponsored activities, and comments, replies, and messages received from the general public – may constitute public records or student records, and all such communications will be maintained (i.e., electronically archived) in accordance with the Board's adopted record retention schedule and all applicable State statutes. Records that are not part of the performance of an official function do not become public records by mere retention by the Academy under this policy.

If a staff member uses Academy-approved social media platforms/sites in the classroom for educational purposes (i.e., classroom instruction), the staff member must consult with the Principal concerning whether such use may result in the creation of public and/or education records that must be maintained (i.e., electronically archived) for a specific period of time.

Employees and Academy-approved volunteers are permitted to use Academy Technology Resources (as defined in Bylaw 0100) to access social media for personal use during breaks, mealtimes, and before and after scheduled work hours.

They are reminded that the Academy may monitor their use of Academy technology resource.

Employees' Use of Personal Communication Devices at Work to Access Social Media for Personal Use

Employees are permitted to use personal communication devices to access social media for personal use during breaks and mealtimes.

Employees and Academy-approved volunteers are prohibited from posting or engaging in communication that violates State or Federal law, Board policies, or administrative procedures. If an employee/volunteer's communication interferes with his/her ability to effectively perform his/her job, or violates State or Federal law, Board policies, or administrative procedures, the Academy may impose disciplinary action and/or refer the matter to appropriate law enforcement authorities.

This policy and its corresponding administrative procedure will be reviewed and updated as necessary.

CRIMINAL HISTORY RECORD CHECK

Reference: M.C.L. 380.1230 et. seq., 380.1535, 380.1535a, 380.1809, 28.722

Before the Academy hires any employee (full or part-time) or allows any individual under contract to continuously and regularly work in the schools, a criminal history records check shall be conducted in accordance with State law.

"Under contract" shall apply to individuals, as well as owners and employees of entities, who contract directly with the Academy or with a third-party vendor, management company, or similar contracting entity, to provide food, custodial, transportation, counseling or administrative services on more than an intermittent or sporadic basis. It shall also apply to individuals or entities providing instructional services to students or related auxiliary services to special education students.

Prior to allowing an individual, who is subject to the criminal history record check requirement, to work in the Academy, the Academy shall submit a fingerprint-based check on the individual, using Michigan State Police (MSP) Form RI-030 (7/2012), regardless of whether the individual will work directly for the Academy or be contracted through a third-party vendor, management company or similar contracting entity ("Private Contractors"). Except as provided below, the report from the MSP must be received, reviewed and approved by the Academy prior the individual commencing work.

Such Private Contractors cannot receive or retain criminal history record information ("CHRI").¹ Where the Academy will contract with a Private Contractor for the services of an individual, the Academy will notify the Private Contractor(s), after review of the MSP report, whether the individual has been approved to work within the Academy. The Academy may not give any details, including the fact that a criminal history check was run. Notice for approval to work in the Academy should use the Affidavit of Assignment or similar "red light/green light" procedure.

Should it be necessary to employ a person or contract for a person to maintain continuity of the program prior to receipt of the criminal history report, the School Leader may contract on a provisional basis until the report is received. Any such provisional hire requires that:

- A. the record check has been requested;
- B. the applicant has signed a disclosure of all convictions and acknowledges that employment may be terminated if there are discrepancies; and
- C. the hiring occurs during the school year or not more than thirty (30) days before the beginning of the school year.

For substitute teachers or substitute bus drivers currently working in another district, public school academy or non-public school in the State, the School Leader may use a report

¹ Individuals who submit and receive such criminal history record checks on behalf of the Academy must be direct employees of the Academy or, if such access is approved by the Board, ESP personnel who are provided view only access by the Local Agency Security Officer. Notwithstanding this, Information Technology contractors and vendors may be granted access to CHRI subject to successful completion of a national fingerprint-based criminal history record check as detailed in Policy 8321.

received from the State Police by such school to confirm the individual has no criminal history. Absent such confirmation, a criminal history record check shall be performed.

Individuals working in multiple districts or Academies may authorize the release of a prior criminal history records check with another district or Academy in lieu of an additional check for either direct employment or working regularly and consistently under contract in the schools.

Individuals who previously received a statutorily required criminal background check and who have been continuously employed by a school district, intermediate school district, public school academy or non-public school within the State, with no separation, may have their previous record check sent to the Academy in lieu of submitting to a new criminal background check. If this method is used, the School Leader must confirm that the record belongs to that individual and whether there have been any additional convictions by processing the individual's name, sex and date of birth through the Internet Criminal History Access Tool (ICHAT).

"No separation," for purposes of the preceding paragraph, means a lay-off or leave of absence of less than twelve (12) months with the same employer; or the employee transfers without a break in service to another school district, intermediate school district, public school academy or non-public school within the State.

All criminal history record check reports received from the State Police or produced by the State Police and received by the Academy from another proper source will be maintained in the individual's personnel record.

When the Academy receives a report that shows an individual has been convicted of a listed offense under state statutes or any felony, the School Leader shall take steps to verify that information using public records, in accordance with the procedures provided by the State Department of Education.

Verified convictions may result in termination of employment or rejection of an application. The Academy will not hire or continue to employ any individual, either directly or as a contracted employee to work regularly and continuously in the schools, who has been convicted of a "listed" offense as defined in M.C.L. 28.722. The Academy will not hire or continue to employ any individual, either directly or as a contracted employee to work regularly and continuously in the schools, who has been convicted of any felony unless both the School Leader and the Board provide written approval.

The Academy must report as directed by and to the State Department of Education the verified information regarding conviction for any listed offense or conviction for any felony and the action taken by the Academy with regard to such conviction. Such report shall be filed within sixty (60) days or receipt of the original report of the conviction.

The School Leader shall establish the necessary procedures for obtaining from the Criminal Records Division of the State Police any criminal history on the applicant maintained by the State Police. In addition, they shall request the State Police to obtain a criminal history records check from the Federal Bureau of Investigation.

An applicant must submit, at no expense to the Academy, a set of fingerprints, prepared by an entity approved by the Michigan State Police, upon receiving an offer of employment, or as required by State law for continued employment.

Confidentiality

All information and records obtained from such criminal background inquiries and disclosures are to be considered confidential and shall not be released or disseminated to those who have not been given access to the CHRI by the School Leader or the Board. Records involving misdemeanor convictions for sexual or physical abuse or any felony are not subject to these restrictions. Violation of confidentiality is considered a misdemeanor punishable by a fine up to \$10,000.

Any notification received from the Michigan Department of Education or Michigan State Police regarding Academy employees with criminal convictions shall be exempt from disclosure under the Freedom of Information Act (FOIA) for the first fifteen (15) days until the accuracy of the information can be verified. Thereafter, only information about felony convictions or misdemeanor convictions involving physical or sexual abuse may be disclosed in reference to a FOIA request.

Criminal history reports may be released with the written authorization of the individual.

Records may also be released, in accordance with statute, upon the request of a school district, intermediate school district, public school academy or non-public school when the individual is an applicant for employment at such school and there has been no separation from service, as defined in this policy and by statute.

Implementation with the Educational Service Provider

The State Police require, with the limited exception set forth in footnote 1, that the School Leader, if he/she meets the criteria of footnote 1, shall be empowered to administer this policy as the Designee of the Academy Board.

"Under contract" shall apply to individuals, as well as owners and employees of entities, who contract directly with the Academy or with a third-party vendor, Educational Service Provider, or similar contracting entity, to provide staffing, educational, food, custodial, transportation, counseling or administrative services to the Academy. It shall also apply to individuals or entities providing instructional services to students or related auxiliary services to special education students.

The Academy may also take other action against the individual and/or his/her employer, including, but not limited to, requiring that the individual not be allowed to provide services to the Academy in the future and/or terminating any contractual relationship with the individual and/or the employer.

Individuals under contract shall immediately report knowledge of dangerous weapons and/or threats of violence by students, staff members, or other individuals to the School Leader.

- C. health records
- D. custodial arrangements

In all cases, permitted, narrative information in student records shall be objectively-based on the personal observation or knowledge of the originator.

Student records shall be available only to students and their parents, eligible students, and designated Academy officials who have a legitimate educational interest in the information, or to other individuals or organizations as permitted by law. The term “parents” includes legal guardians or other persons standing in loco parentis (such as a grandparent or stepparent with whom the child lives, or a person who is legally responsible for the welfare of the child). The term “eligible student” refers to a student who is eighteen (18) years of age or older or a student of any age who is enrolled in a postsecondary institution.

In situations in which a student has both a custodial and a noncustodial parent, both shall have access to the student’s educational records unless stipulated otherwise by court order. In the case of eligible students, parents will be allowed access to the records without the student’s consent, provided the student is considered a dependent under section 152 of the Internal Revenue Code.

An Academy official is a person employed by the Educational Service Provider as an administrator, supervisor, teacher/instructor (including substitutes), or support staff member (including health or medical staff and law enforcement unit personnel); and a person serving on the Board. The Board further designates the following individuals as entities as “school officials” for the purpose of FERPA:

- A. persons or companies with whom the Board has contracted to perform a specific task (such as an attorney, auditor, insurance representative, or medical consultant);
- B. contractors, consultants, volunteers or other parties to whom the Board has outsourced a service or function otherwise performed by the Board employees (e.g. a therapist, authorized information technology (IT) staff, and approved online Educational Service Providers).

The above-identified outside parties must (a) perform institutional services or functions for which the Board would otherwise use its employees, (b) be under the direct control of the Board with respect to the use and maintenance of education records, and (c) be subject to the requirements of 34 CFR 99.33(a) governing the use and re-disclosure of PII from education records.

Finally, a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his/her tasks (including volunteers) is also considered an “Academy official” for purposes of FERPA provided s/he meets the above-referenced criteria applicable to other outside parties.

“Legitimate educational interest” shall be defined as a “direct or delegated responsibility for helping the student achieve one (1) or more of the educational goals of the Academy” or if the record is necessary in order for the Academy official to perform an administrative, supervisory or instructional task or to perform a service or benefit for the student or the student’s family. The Board directs that reasonable and appropriate methods (including but not limited to physical and/or technological access controls) are utilized to control access to student records and to make certain that Academy officials obtain access to only those education records in which they have legitimate educational interest.

The Board authorizes the administration to:

- A. forward student records, including any suspension and expulsion action against the student, on request to a school or school district in which a student of this

Academy seeks or intends to enroll upon condition that the student's parents be notified of the transfer, receive a copy of the record if desired, and have an opportunity for a hearing to challenge the content of the record;

- B. forward student records, including disciplinary records with respect to suspensions and expulsions, upon request to a public school or school Board in which a student in foster care is enrolled. Such records shall be transferred within one (1) school day of the enrolling school's request;
- C. provide "personally-identifiable" information to appropriate parties, including parents of an eligible student, whose knowledge of the information is necessary to protect the health or safety of the student or other individuals, if there is an articulable and significant threat to the health or safety of a student or other individuals, considering the totality of the circumstances;
- D. report a crime committed by a child with or without a disability to appropriate authorities and, with respect to reporting a crime committed by a student with a disability, to transmit copies of the student's special education records and disciplinary records including any suspension and expulsion action against the student to the authorities and Academy officials for their consideration;
- E. release de-identified records and information in accordance with Federal regulations;
- F. disclose personally identifiable information from education records, without consent, to organizations conducting studies "for, or on behalf of" the Academy for purposes of developing, validating or administering predictive tests, administering student aid programs, or improving instructions;

Information disclosed under this exception must be protected so that students and parents cannot be personally identified by anyone other than representative of the organization conducting the study, and must be destroyed when no longer needed for the study. In order to release information under this provision, the Academy will enter into a written agreement with the recipient organization that specifies the purpose of the study. (See Form 8330 F14.) Further, the following personally identifiable information will not be disclosed to any entity: a student or his/her family member's social security number(s); religion; political party affiliation; voting history; or biometric information.

This written agreement must include:

- 1. specification of the purpose, scope, duration of the study, and the information to be disclosed;
- 2. a statement requiring the organization to use the personally identifiable information only to meet the purpose of the study;
- 3. a statement requiring the organization to prohibit personal identification of parents and students by anyone other than a representative of the organization

4. a requirement that the organization destroy all personally identifiable information when it is no longer needed for the study, along with a specific time period in which the information must be destroyed.

While the disclosure of personally identifiable information (other than social security numbers, religion, political party affiliation, voting record, or biometric information) is allowed under this exception, it is recommended that de-identifiable information be used whenever possible. This reduces the risk of unauthorized disclosure.

- G. disclose personally identifiable information from education records without consent, to authorized representatives of the Comptroller General, the Attorney General, and the Secretary of Education, as well as state and local educational authorities. The disclosed records must be used to audit or evaluate a federal or state supported education program, or to enforce or comply with Federal requirements related to those education programs. A written agreement between the parties is required under this exception. (See Form 8330 F16)

The Academy will verify that the authorized representative complies with FERPA regulations.

- H. request each person or party requesting access to a student's record to abide by the Federal regulations concerning the disclosure of information.

The Board will comply with a legitimate request for access to a student's records within a reasonable period of time but not more than forty-five (45) days after receiving the request or within such shorter period as may be applicable to students with disabilities. Upon the request of the viewer, a record shall be reproduced, unless said record is copyrighted, and the viewer may be charged a fee equivalent to the cost of handling and reproduction. Based upon reasonable requests, viewers of education records will receive explanation and interpretation of the records.

The Board shall maintain a record of those persons to whom information about a student has been disclosed. Such disclosure records will indicate the student, person viewing the record, information disclosed, date of disclosure, and date parental/eligible student consent was obtained (*if required*).

Upon written request by a student's parent or legal guardian, the Academy shall disclose to the parent or legal guardian any personally identifiable information concerning the student that is collected or created by the Academy as part of the student's education records.

If the Academy provides any personally identifiable information concerning the student that is collected or created by the Academy as part of the student's education records to any person, agency, or organization, then the Academy shall disclose to the student's parent or legal guardian upon his or her written request:

- A. The specific information that was disclosed.
- B. The name and contact information of each person, agency, or organization to which the information has been disclosed.

- C. The legitimate reason that the person, agency, or organization had in obtaining the information.

This information shall be provided without charge within 30 days after the Academy receives the written request and without charge to the parent or legal guardian.

The Academy is not required to disclose to the parent or legal guardian, even upon written request, any personally identifiable information concerning the student that is collected or created by the Academy as part of the student's education records and is provided to any person, agency, or organization in any of the following situations:

- A. Provision of such information to the Michigan Department of Education or CEPI.
- B. Provision of such information to the student's parent or legal guardian.
- C. Provision of such information to its authorizing body or to an educational management organization with which it has a management agreement.
- D. Provision of such information to or from its intermediate school board or to another intermediate school board providing services to the Academy or its students pursuant to a written agreement.
- E. Provision of such information to a person, agency, or organization with written consent from the student's parent or legal guardian or, if the student is at least age 18, the student.
- F. Provision of such information to a person, agency, or organization seeking or receiving records in accordance with an order, subpoena, or ex parte order issued by a court of competent jurisdiction.
- G. Provision of such information as necessary for standardized testing that measures the student's academic progress and achievement.
- H. Provision of such information that is covered by the opt-out form described above, unless the student's parent or legal guardian or, if the student is at least age 18 or is an emancipated minor, the student has signed and submitted the opt-out form referenced below.

Armed Forces Recruiting

The Board shall provide United States Armed Forces recruiters with at least the same access to the high school campus and to student directory information (names, addresses, and telephone listings of secondary students) as is provided to other entities offering educational or employment opportunities to those students. "Armed forces of the United States" means the armed forces of the United States and their reserve components and the United States Coast Guard.

If a student or the parent or legal guardian of a student submits a signed, written request to the Board that indicates that the student or the parent or legal guardian does not want the student's directory information to be accessible to official recruiting representatives, then the officials of the school shall not allow that access to the student's directory information. The Board shall ensure

that students and parents and guardians are notified of the provisions of the opportunity to deny release of directory information.

Public notice shall be given regarding the right to refuse disclosure of any or all “directory information” including to the armed forces of the United States and the service academies of the armed forces of the United States.

A fee, not to exceed the actual costs incurred by the high school, for copying and mailing student directory information under this section, may be charged an official recruiting representative.

Directory information received under armed services authorization request shall be used only to provide information to students concerning educational and career opportunities available in the armed forces of the United States or the service academies of the armed forces of the United States. An official recruiting representative who receives student directory information under this section shall not release that information to a person who is not involved in recruiting students for the armed forces of the United States or the service academies of the armed forces of the United States.

Annually, the Board will notify male students age eighteen (18) or older that they are required to register for the selective service.

Requests to the Academy Records Officer shall be presented on a standardized form developed by the armed forces of the United States requesting access to a high school campus and a time for the access. Requests should bear the signature of the ranking recruiting officer of the armed service making the request.

Whenever consent of the parent(s)/eligible student is required for the inspection and/or release of a student’s education records or for the release of “directory information”, either parent may provide such consent unless stipulated otherwise by court order. If the student is under the guardianship of an institution, the School Leader shall appoint a person who has no conflicting interest to provide such written consent.

The Board may disclose “directory information” on former students without student or parental consent, unless the parent or eligible student previously submitted a request that such information not be disclosed without their prior written consent.

The Academy shall not sell or otherwise provide to a for-profit business entity any personally identifiable information that is part of a student’s education records. This does not apply to any of the following situations:

- A. Providing the information to an educational management organization with which the Academy has a management agreement.
- B. Providing the information as necessary for standardized testing that measures the student’s academic progress and achievement.
- C. Providing the information as necessary to a person that is providing educational or educational support services to the student under a contract with the Academy.

The parent of a student or an eligible student has the right to inspect upon request any instrument used in the collection of personal information before the instrument is administered or distributed

to a student. Personal information for this section is defined as individually identifiable information including a student or parent's first and last name, a home or other physical address (including street name and the name of the city or town), a telephone number, or a Social Security identification number. In order to review the instrument, the parent or eligible students, must submit a written request to the building principal at least ten (10) work days before the scheduled date of the activity. The instrument will be provided to the parent within ten (10) business days of the principal receiving the request.

The School Leader shall directly notify the parent(s) of a student and eligible students, at least annually at the beginning of the school year, of the specific or approximate dates during the school year when such activities are scheduled or expected to be scheduled.

This section does not apply to the collection, disclosure or use of personal information collected from students from the exclusive purpose of developing, evaluating, or providing educational products or service for, or to, students or educational institutions, such as the following:

- A. college or other postsecondary education recruitment, or military recruitment;
- B. book clubs, magazines, and programs providing access to low-cost literary products;
- C. curriculum and instructional materials used by elementary and secondary schools;
- D. tests and assessments used by elementary and secondary schools to provide cognitive, evaluative, diagnostic, clinical, aptitude, or achievement information about students (or to generate other statistically useful data for the purpose of securing such tests and assessments) and the subsequent analysis and public release of the aggregate data from such tests and assessments;
- E. the sale by students of products or services to raise funds for school-related or education-related activities; and
- F. student recognition programs.

The Board may establish online access for the parents or the eligible student to the student's confidential academic and attendance record. To authorize such access, the parents or the eligible student must sign a release (see Form 8330 F10). This release shall remind the parents or eligible student that the account and confidential information about the student is only as secure as they keep their account information. Neither the Board and/or the Educational Service Provider nor its employees will be held responsible for any breach of this policy by the parent/eligible student or any unauthorized party.

The Educational Service Provider shall prepare Administrative Procedures to ensure that students and parents are adequately informed each year regarding their rights to:

- A. inspect and review the student's education records;
- B. request amendments if the record is inaccurate, misleading, or otherwise in violation of the student's rights;

- C. consent to disclosures of personally-identifiable information contained in the student's education records, except to unauthorized disclosures allowed by the law;
- D. challenge the Board's noncompliance with a parent's request to amend the records through a hearing;
- E. file a complaint with the United States Department of Education;
- F. obtain a copy of the Board's policy and Administrative Procedures on student records;

The Educational Service Provider shall also develop procedural guidelines for:

- A. the proper storage and retention of records including a list of the type and location of records;
- B. informing employees of the Federal and State laws concerning student records.

The Board authorizes the use of the microfilm process or electromagnetic processes of reproduction for the recording, filing, maintaining, and preserving of records.

No liability shall attach to any member, officer, or Educational Service Provider employees of this Academy specifically as a consequence of permitting access or furnishing student records in accordance with this policy and regulations.

Any entity receiving personally identifiable information pursuant to a study, audit, evaluation or enforcement/compliance activity must comply with all FERPA regulations. Further, such an entity must enter into a written contract with the Board of Directors delineating its responsibilities in safeguarding the disclosed information. Specifically, the entity must demonstrate the existence of a sound data security plan or data stewardship program, and must also provide assurances that the personally identifiable information will not be re-disclosed without prior authorization from the Board. Further, the entity conducting the study, audit, evaluation or enforcement/compliance activity is required to destroy the disclosed information once it is no longer needed or when the timeframe for the activity has ended, as specified in its written agreement with the Board of Directors. See Form 8330 F14 and Form 8330 F16 for additional contract requirements.

LETTERS OF REFERENCE

Reference: MCL 423.452, 380.1230(b)
Section 8546 of the Every Student Succeeds Act (ESSA)

The Board of Directors recognizes any current or former Educational Service Provider employee's request to an administrator for a letter of reference is an opportunity to share information about the staff member's performance with a prospective employer. The Board, however, does not require such references to be provided. A current or former staff member should not expect a letter of reference will be written upon request. The decision to comply with such a request shall be solely at the discretion of the administrator and the Educational Service Provider.

However, if an administrator decides to prepare such a letter, the Board expects that administrator to provide specific and truthful comments concerning the employee's actual performance, which can be substantiated by the individual's personnel file. The letter must be reviewed by the Educational Service Provider before it may be released.

In accordance with State law, an administrator who provides such a letter of reference is entitled to at least a qualified privilege for statements made in the letter, provided such statements were made in good faith, without malice.

All Academy employees, including but not limited to an administrator who prepares a letter of reference or provides an employment reference pursuant to this policy, are prohibited from assisting an Academy employee, contractor or agent in obtaining a new job if s/he knows or has reasonable cause to believe that such Academy employee, contractor or agent engaged in sexual misconduct regarding a minor or student in violation of State or Federal law. "Assisting" does not include the routine transmission of administrative and personnel files. The only exceptions permitted are those authorized by the Every Student Succeeds Act, such as where the matter has been investigated by law enforcement and the matter was officially closed due to lack of probable cause or where the individual was acquitted or otherwise exonerated of the alleged misconduct.

This policy does not excuse the Academy from providing responses to requests for information about unprofessional conduct, as required by State law.

ACADEMY SAFETY INFORMATION

Reference: Title IX, Section 9532 of the Elementary and Secondary Education Act, as amended
MCL 380.1241, 380.1308, 380.1308a, 380.1310a, 752.913, 771.2a

The Board of Directors is committed to maintaining a safe academy environment. The Board believes crime and violence at the Academy are potential, multifaceted problems that need to be addressed by utilizing the best resources and coordinated efforts of Academy personnel, law enforcement agencies, and families. The Board further believes the Academy and local law enforcement officials must work together to provide for the safety and welfare of students while at the academy, at an academy-sponsored activity or while en route to or from the academy or an academy-sponsored activity. The Board also believes the first step in addressing academy crime and violence is to assess the extent and nature of the problem(s) or threat, and then plan and implement strategies that promote safety and minimize the likelihood of crime and violence at the Academy.

In furtherance of its commitment to a safe academy environment, the Board has prohibited weapons on academy property and at academy-sponsored events, except in very limited circumstances. See Board Policy 5772. This prohibition is reasonably related to legitimate educational concerns, including the ability to provide a safe and secure learning and social environment for its students and controlling and minimizing disruptions to the educational process. The presence of dangerous weapons on academy property or at academy-sponsored events, except under very controlled circumstances, creates a potentially dangerous situation for students, staff and visitors, and may trigger precautionary safety responses, which disrupt the educational process and learning environment for students.

Federal law establishes a "Student Safety Zone" that extends 1,000 feet from the boundary of any academy property in relation to weapons, drugs and registered sex offenders. Individuals are prohibited from engaging in these activities at any time on academy property, within the Student Safety Zone, or at any academy-related event.

The Academy will work with local officials in arranging signage defining the 1,000-foot boundary.

The School Leader shall hold a meeting for the purpose of conferring regarding the *School Safety Information Policy Agreement* and making modifications deemed necessary and proper; discussing additional training that might be needed; and, discussing any other such related matters as may be deemed to be necessary by the participants. Participants in this meeting shall include the School Leader, members of the Board of Directors, the County Prosecutor or his/her designee, and representatives from the local law enforcement agencies. Others may also be invited to participate in the meeting.

The School Leader shall make a report to the Board about all such reviews and recommend the approval and adoption of any proposed revisions or additions.

Academy Contact Person

Furthermore, in accordance with state law, the Board hereby designates the School Leader as the Academy contact person who shall receive information from law enforcement officials, prosecutors and the court officials, including receipt of information provided from the Michigan State Police relating to the student safety act hotline ("OK2Say"). The current contact

information for School Leader shall be provided to the Michigan State Police in the manner and frequency required by law.

The Academy contact person shall notify the School Leader of the academy of attendance of a student about whom information is received from law enforcement officials, prosecutors, or court officials within twenty-four (24) hours of the receipt of that information. The School Leader shall, in turn, notify the building staff members who s/he determines have a need to know the information that has been received within twenty-four (24) hours of receipt of that information.

The School Leader shall notify the appropriate law enforcement officials when an eligible student commits any offense listed as a reportable incident in the *School Safety Information Policy Agreement* and shall report all information that is required to be reported to State or local law enforcement agencies and prosecutors. Reporting such information is subject to 20 USC 1232g, commonly referred to as the Family Educational Rights and Privacy Act of 1974.

If a student is involved in an incident that is reported to law enforcement officials pursuant to the Academy's *School Safety Information Policy Agreement*, then, upon request by academy officials, the student's parent or legal guardian shall execute any waivers or consents necessary to allow academy officials access to academy, court, or other pertinent records of the student concerning the incident and action taken as a result of the incident.

Required Reporting

The School Leader shall submit a report at least annually to the Superintendent of Public Instruction, in the form prescribed by the Superintendent of Public Instruction, stating the number of students expelled from the Academy during the preceding school year and the reason for the expulsion.

The School Leader shall post a report on the Academy website, at least annually, in the form prescribed by the Superintendent of Public Instruction, stating the incidents of crime occurring at the Academy. At least once annually, a copy of the most recent report of incidents of crime, disaggregated by academy building, shall be made available to the parent or legal guardian of each student enrolled in the Academy. This report will minimally include crimes involving any of the following:

- A. physical violence;
- B. gang related acts;
- C. illegal possession of a controlled substance, controlled substance analogue or other intoxicant;
- D. trespassing;
- E. property crimes, including, but not limited to, theft and vandalism, as well as an estimate of the cost to the Academy that results from the property crime.

The School Leader shall collect weekly and keep current the information required for the report on incidents of crime, and must provide that information, within seven (7) days, upon request.

Each Academy building shall collect and keep current on a weekly basis the information required from the report of incidents of crime, and must provide that information, within seven (7) days, upon request.

Additionally, the Academy shall report all incidents of and attempted commissions of the crimes listed above to the Michigan State Police, in the form and manner prescribed by the Michigan State Police, within twenty-four (24) hours after the incident occurs.

Law Enforcement Information Network (LEIN)

The Board authorizes the School Leader to request vehicle registration information for suspicious vehicles within 1,000 feet of academy property through the Law Enforcement Information Network (LEIN).

Persistently Dangerous Schools

The Board recognizes that State and Federal law required that the Academy report annually incidents which meet the statutory definition of violent criminal offenses that occur in the Academy, on school grounds, on an academy conveyance, or at an academy-sponsored activity. It is further understood that the State Department of Education will then use this data to determine whether or not an academy is considered “persistently dangerous,” as defined by State policy.

Pursuant to the Board’s stated intent to provide a safe academy environment, Academy administrators are expected to respond appropriately to any and all violations of the Student Code of Conduct, especially those of a serious, violent nature. In any year where the number of reportable incidents of violent criminal offenses in the Academy exceed the threshold number established in State policy, the School Leader shall discuss this at the annual meeting, for the purpose of reviewing the School Safety Plan, so that a plan of corrective action can be developed and implemented to reduce the number of these incidents in the subsequent year.

The School Leader shall make a report to the Board about this plan of corrective action and shall recommend approval and adoption of it.

References: M.C.L.380.1308a

By no later than January 1, 2020, each Academy shall 1) develop an emergency operations plan or 2) adapt its statewide academy information policy (referred to as the "Plan" throughout the remainder of this Policy) to comply with the requirements of this Policy. This action shall be taken with input from the public. Academy building means any building intended to be used to provide instruction to students and any recreational or athletic structure or field intended to be used by students.

Beginning in the 2019-2020 school year, and at least biennially thereafter, the Academy shall conduct a review of its Plan, including a review of the vulnerability assessment, with at least one law enforcement agency that has jurisdiction over the Academy.

The Plan must include guidelines and procedures that address all of the following:

- A. academy violence and attacks
- B. threats of academy violence and attacks

- D. fire
- E. weather-related emergencies
- F. intruders
- G. parent and pupil reunification
- H. threats to an academy-sponsored activity or event whether or not it is held on academy premises
- I. a plan to train teachers on mental health and pupil and teacher safety
- J. a plan to improve academy building security
- K. an active violence protocol
- L. continuity of operations after an incident
- M. a vulnerability assessment

The Academy shall notify the Michigan Department of Education not later than thirty (30) days after it adopts its Plan and after each biennial review in the form and manner prescribed by the Department.

Adopted 6/9/20

ENVIRONMENTAL HEALTH AND SAFETY ISSUES

The Board of Directors recognizes its responsibility relative to student, staff, and visitor health and safety and to the need for the development of a comprehensive program designed to provide a healthy, safe, and secure environment on school property and at school-sponsored activities. To achieve this, the Board intends for the Academy to take advantage of the most current, proven technologies in the fields of health, safety, and environmental sciences.

Student, Employee, and Visitor Health and Safety

The Educational Service Provider shall develop and implement a positive, proactive environmental health and safety program that integrates responsibilities within the Academy and promotes and incorporates the following:

- A. Procedures that describe a hazard identification and abatement program requiring the following: periodic inspection of school facilities; the implementation of immediate and programmed corrective actions, when deemed necessary by such inspections; and the development of a Academy-wide hazard reporting procedure that enables employee/parent/school community participation. This program should also provide procedures for identifying and responding to hazards created by outside entities, inspecting activities of contractors, and inspecting new facilities to determine if appropriate requirements for environmental health and safety have been met.
- B. Procedures that promote environmental health and safety awareness among employees, students, parents and community. These procedures shall include, but not be limited to, the establishment of Academy safety committees and the establishment of a program of regular communication with students, employees, and parents about pertinent safety and health issues through available mediums in the Academy.
- C. Procedures that address the safety and health of students during transportation to the school, in the school, on school property, and during participation in school-related activities. These procedures shall include, but not be limited to, promoting bus safety for students; assessing the safety of school traffic patterns; operating school clinics; administering medication and medical treatment; promoting laboratory and shop safety; promoting safety in sports and other outdoor activities; inspecting playground equipment and promoting safety on playgrounds; and assessing environmental exposure.
- D. Procedures that relate to employees' health and safety issues, including, but not limited to, provision of work areas free from recognized hazards; OSHA-related programs required by Federal and State law (e.g., employee safety and health training and training in hazard recognition); and definition of employer and employee responsibilities and expectations related to health and safety.
- E. Procedures that establish a system for reporting and investigating accidents, including identification of root causes, determination of remedial and programmed corrective actions, and communication about accidents to employees, parents and members of the Academy community.
- F. Procedures that detail plans for foreseeable emergencies and fire prevention.

Phase-out/Banned Products

The Educational Service Provider shall immediately ban the use, on Board property, of any chemicals, insecticides, or other materials, which the Federal government is phasing out and/or banning by a certain date.

Indoor Environmental Quality (IEQ)

The Board recognizes that excessive moisture levels within the Academy can lead to conditions optimum for the development of biological contaminants (e.g., mold and fungi on building surfaces). The Board further recognizes the presence of these contaminants can be harmful on contact with respiratory tissue.

Contributing factors to excessive moisture levels include the following:

- A. roof leaks;
- B. structural defects in the building;
- C. improperly controlled humidity levels;
- D. faulty HVAC systems.

As preventive measures, the Academy shall do the following:

- A. address prevention of water intrusion as a priority IEQ issue and implement strategies toward its elimination;
- B. maintain environmental conditions in occupied areas in compliance with applicable regulations and strive to conform to industry standards;
- C. implement a preventative maintenance program for HVAC systems that includes, but is not be limited to, periodic filter replacement; inspection; cleaning and disinfecting processes; and procedures to eliminate the contribution to indoor air quality problems caused by this equipment;
- D. implement a system to ensure materials used (and purchased for use) in the construction, furnishing and maintenance (including cleaning), do not contribute to health hazards for employees and students by degrading the quality of indoor air. In addition, activities that create indoor air quality health hazards shall not be permitted.

In addition, the Educational Service Provider shall develop Administrative Procedures for properly monitoring factors that contribute to excessive moisture and for developing mitigation plans when, and if, problems with IEQ are identified.

Pollution Control and Prevention

In an effort to comply with environmental policy and applicable regulations, the Academy shall develop and implement procedures designed to prevent air and water pollution; minimize or eliminate waste streams, where possible; and identify possible sources of air and water pollution.

INTEGRATED PEST MANAGEMENT

Reference: MCL 324.8316 [This policy applies to all pest control activities and pesticide use in the school building and related facilities including grounds. Recipients of this policy include faculty, other staff, or any employees or independent contractors monitoring or treating pest problems. Each recipient is required to follow this policy.]

Purpose

The goal of this integrated pest management policy is to provide a safe and healthy learning environment that is relatively pest-free with the least possible use of pesticides. To achieve this goal, it is the policy of the Academy to develop, implement and maintain an integrated pest management program for the control of pests and minimize pesticide exposure to children, faculty, and staff. This policy is consistent with MCL 324.8316, which encourages schools to adopt an IPM strategy.

Sanitizers, germicides, disinfectants, or antimicrobials are exempt from the IPM notification requirements. This policy adheres to the principles of IPM and is conducted in accordance with all federal and state laws and regulations and local ordinances.

Pests are controlled to protect the health and safety of students and staff, maintain a productive learning environment and maintain the integrity of the school building and grounds. IPM is a pest management system that uses all suitable techniques in a total management system to prevent pests from reaching unacceptable levels or to reduce existing pest populations to acceptable levels while balancing the risk of the pest with the potential risk of the management technique.

Development of IPM program

The Academy's IPM program written under this policy states the Academy's goals regarding the management of pests and the use of pesticides. It reflects the Academy's site-specific needs and includes the following elements as required by law:

- A. Site evaluation, including site description, inspection, and monitoring and the concept of threshold levels;
- B. Consideration of the relationship between pest biology and pest management methods;
- C. Consideration of all available pest management methods, including population reduction techniques, such as mechanical, biological, and chemical techniques and pest prevention techniques, such as habitat modification;
- D. Pest controls methods selection, including consideration of the impact on human health, especially for children, and the environment; and

M.C.L. 380.1347, 380.1347a, 380.1565

Decisions of the United States Supreme Court have determined that public schools must neither advance nor inhibit religious beliefs or practices. Under the First and Fourteenth Amendments to the Constitution, this remains the inviolate province of the individual and the church of his/her choice. The rights of any minority, no matter how small, must be protected. Staff members shall not use prayer, religious readings, or religious symbols as a devotional exercise or in an act of worship or celebration. The Academy shall not function as a disseminating agent for any person or outside agency for any religious or anti-religious document, book, or article. However, such exercise or expression may be limited to lunch periods or other non-instructional time periods when individuals are free to associate.

Observance of religious holidays through devotional exercises or acts of worship is also prohibited. However, acknowledgement, explanation, and instruction about the special holidays of various religions are encouraged. Celebration activities, involving nonreligious decorations and use of secular works, are permitted. Nonetheless, faculty members have the responsibility to ensure that such activities are strictly voluntary, do not place an atmosphere of social compulsion or ostracism on minority groups or individuals, and do not interfere with the educational program of the Academy.
